PREFACE

Rules and Regulations Manual

The purpose of this Rules and Regulations Manual is to guide the employees of the Durango Police Department in carrying out their assigned duties and responsibilities in a professional, ethical, legal and safe manner. The efficiency of the Police Department depends largely on the conduct and orderly disciplined performance of its members. To that end, this document represents our collective agreement to follow current, consistent, and excellent principles and practices.

This manual is not intended to supersede the City of Durango's Personnel Rules and Regulations, but to add specific departmental guidance and requirements. Nothing in this manual shall limit the authority or discretion of the City Manager or Police Chief, as provided by ordinance, charter and law.

This manual is critically important to our overall success as a Police Department, and its contents reflect our official position on a variety of issues relevant to our operations. Every employee is expected to use their education, training, community policing skills, and personal attributes to the best of their ability, in furtherance of effective law enforcement services to the Durango community. Every effort has been made to provide department employees with the most thorough and updated information available, as an up-to-date and utilized Rules and Regulations Manual is fundamental to a quality organization.

It is imperative that this manual be read, understood and accepted by personnel within this organization. As such, each and every employee shall sign an acknowledgment of the provisions of this manual and participate in all subsequent and ongoing training designed to further both individual and collective knowledge, skills and abilities. This manual should be reviewed often to maintain proficiency and understanding.

The command staff at the Durango Police Department extends their gratitude to Lexipol and the Department's Policy Review Committee for their dedication and commitment to the development of this comprehensive Rules and Regulations Manual.
LAW ENFORCEMENT CODE OF ETHICS
As a law enforcement officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice. I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty. I will never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities. I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession - Law Enforcement.

Each member will be held accountable for the appropriate application of that delegated authority.

200.5 PATROL STAFFING
The Operations Bureau Commander should conduct a workload assessment to determine patrol-staffing needs. In conducting the assessment, the Bureau Commander should consider:

(a) The number and types of incidents (e.g., calls for service, investigation of criminal and non-criminal acts, apprehension of criminal offenders) handled by patrol personnel during the specified period (e.g., an eight-hour shift).

(b) The average time required to handle an incident at the patrol level.

The Training Committee shall be composed of at least three members, with the senior ranking member of the committee acting as the chairperson. Members should be selected based on their abilities at post-incident evaluation and at assessing related training needs. The Training Manager may remove or replace members of the committee at the Training Manager's discretion.

The Training Committee should review certain incidents to determine whether training would likely improve future outcomes or reduce or prevent the recurrence of the undesirable issues related to the incident. Specific incidents the Training Review Board should review include but are not limited to:

(a) Any incident involving the death or serious injury of an employee.
(b) Incidents involving a high risk of death, serious injury, or civil liability.
(c) Incidents identified by the Department to determine possible training needs.

The Training Committee should convene on a regular basis as determined by the Training Manager to review the identified incidents. The committee shall determine by consensus whether a training need exists and then submit written recommendations of its findings to the Training Manager. The recommendation should not identify specific facts of any incidents, such as identities of members involved or the date, time, and location of the incident, but should focus on the type of training being recommended.
Training

The Training Manager will consider the recommendations of the committee and determine what training should be addressed, taking into consideration the mission of the Department and available resources. Training recommendations as determined by the Training Manager shall be submitted to the command staff for review.

208.6 DAILY TRAINING BULLETINS

The Lexipol Daily Training Bulletins (DTBs) are contained in a web-accessed system that provides training on the Durango Police Department Policy Manual and other important topics. Generally, one training bulletin is available for each day of the month. However, the number of DTBs may be adjusted by the Training Manager.

Members assigned to participate in DTBs shall only use login credentials assigned to them by the Training Manager. Members should not share their password with others and should frequently change their password to protect the security of the system. After each session, members should log off the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of the Department.

Members who are assigned to participate in the DTB program should complete each DTB at the beginning of their shifts or as otherwise directed by their supervisor. Members should not allow uncompleted DTBs to build up over time and may be required to complete DTBs missed during extended absences (e.g., vacation, medical leave) upon returning to duty. Although the DTB system can be accessed from any internet-enabled computer, members shall only take DTBs as part of their on-duty assignment, unless directed otherwise by a supervisor.

Supervisors will be responsible for monitoring the progress of personnel under their command to ensure compliance with this policy.
Training

The Police Chief shall designate a Training Manager who is responsible for developing, reviewing, updating, and maintaining the department training plan so that required training is completed. The Training Manager should review the training plan annually.
Electronic Mail

212.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the proper use and application of the electronic mail (email) system provided by the Department. Email is a communication tool available to employees to enhance efficiency in the performance of job duties. It is to be used in accordance with generally accepted business practices and current law. Messages transmitted over the email system must only be those that involve official business activities or that contain information essential to employees for the accomplishment of business-related tasks and/or communications directly related to the business, administration or practices of the Department.

212.2 EMAIL RIGHT OF PRIVACY
All email messages, including attachments, transmitted over the department networks or through a web browser accessing the department system are considered department records and therefore are the property of the Department. The Department reserves the right to access, audit and disclose for any lawful reason, all messages, including attachments, transmitted or received through its email system or placed into its storage.

The email system is not a confidential system and therefore is not appropriate for confidential communications. If a communication must be confidential, an alternate method to communicate the message should be used. Employees using the department email system shall have no expectation of privacy concerning communications transmitted over the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

212.3 RESTRICTIONS ON USE OF EMAIL
Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the email system is prohibited and may result in discipline.

Email messages addressed to the entire department are only to be used for official business-related items that are of particular interest to all users. All email is subject to review and scrutiny with regard to appropriate content or violation of any prohibitions. In the event that a user has questions about sending a particular email communication, the user should seek prior approval from the Police Chief or a Bureau Commander. Personal advertisements or announcements are not permitted.

It is a violation of this policy to transmit a message under another user’s name or email address or to use the password of another to log into the system. Users are required to log off the network or secure the workstation when the computer is unattended. This added security measure would minimize the misuse of an individual’s email, name and/or password.
212.4 EMAIL RECORD MANAGEMENT

Email may, depending upon the individual content, be a record under the Colorado Criminal Justice Records Act (CRS § 24-72-301 et seq.) and must be managed in accordance with the established records retention schedule and in compliance with state law.

The Custodian of Records shall ensure that email messages are retained and recoverable as outlined in the Records Maintenance and Release Policy.
BUILDING SECURITY/VISITOR BADGES

213.1 PURPOSE AND SCOPE
To control access to the Police Department facilities to law enforcement visitors, community members, other city employees and various contract service providers. The need for greater security in the police facilities is of critical importance and police employees are encouraged to identify unfamiliar individuals on the premises.

To establish and maintain appropriate levels of security in the Police Department facilities for the safety of employees and visitors.

213.2 VISITOR ACCESSIBILITY AND BADGES

   5. Juveniles who are touring the Police Department (however, their adult guardians must be issued badges)
   6. Prisoners

B. All others must obtain a visitor's badge prior to entry. The following -- although not all encompassing -- are examples of visitors: Police applicants, investigative interviewees, sexual offender registrants, victims, and people getting fingerprints or viewing property. People not wearing a badge should be identified and brought to the attention of a supervisor immediately.

C. To obtain a visitor's badge, one must check in with the Records personnel at the front window during office hours, sign in, and display the badge during the duration of his/her visit. To sign in, the visitor needs to present a picture identification (unless vouched for by a family member or other employee). His/her name and address will then be logged. Before exiting the building, visitor’s must return their badge to the Records Department and sign out on the log.

D. After hours, the log will be available to patrol officers who will need to log the person in. The log will remain at the Records Department front window. The badge will then be presented to the person for display.

213.3 EMPLOYEES
A. Employees must wear identification while in the building.
B. Sworn personnel can either display their badge or city-issued identification card.

C. Non-sworn personnel must display their badge issued to them by the City of Durango. These badges can be worn suspended by a lanyard or be affixed by a clip but must be visible at all times.

Staffing Levels

216.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that proper supervision and adequate staffing is available for all shifts. The Department intends to balance the employee’s needs against its need and inherent managerial right to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the need to meet the operational requirements of the Department.

216.2 MINIMUM STAFFING LEVELS
Staffing levels should result in scheduling at least one regular supervisor on-duty and an adequate number of personnel to fulfill the anticipated workload of the shift. Patrol Sergeants will ensure that at least one shift supervisor is deployed during each shift.

216.2.1 SUPERVISION DEPLOYMENTS
In order to accommodate training and other unforeseen circumstances, and with prior authorization from the Operations Bureau Commander or higher ranking member, an officer may be used as a patrol supervisor in place of a patrol sergeant for a limited period of time.

Chapter 3 - General Operations
Use of Force

300.1 PURPOSE AND SCOPE
This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner.

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

300.1.1 DEFINITIONS
Definitions related to this policy include:

**Deadly force** - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

**Feasible** - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person.

**Force** - The application of physical techniques or tactics, chemical agents or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

**Imminent** - Ready to take place; impending. Note that imminent does not mean immediate or instantaneous.

**Serious bodily injury** - An injury that presents a substantial risk of death, a substantial risk of serious permanent disfigurement, a substantial risk of protracted loss or impairment of the function of any part or organ of the body, or breaks, fractures, or burns of the second or third degree.

**Totality of the circumstances** - All facts and circumstances known to the officer at the time, taken as a whole, including the conduct of the officer and the subject leading up to the use of force.

300.2 POLICY
The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.
Use of Force

The Durango Police Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE AND REPORT
Any officer present and observing another law enforcement officer or a member using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force.

Any officer who observes another law enforcement officer or a member use force that is potentially beyond that which is objectively reasonable under the circumstances should report these observations to a supervisor, as soon as feasible.

300.2.2 ADDITIONAL INTERVENTION AND REPORTING
An officer shall also intervene to prevent or stop another peace officer from using physical force that exceeds the degree of force permitted by CRS § 18-1-707.

An on-duty officer who witnesses another peace officer using force in excess of that permitted by CRS § 18-1-707 shall report such use of force in writing to the officer's immediate supervisor. Such report shall be within 10 days of the occurrence and include the date, time, and place of the occurrence; the identities, if known, and description of the participants; a description of the events and the force used; and must be included with all other reports of the incident (CRS § 18-8-802).

An officer shall intervene to prevent or stop another peace officer from using or directing the use of ketamine to effect an arrest, detention, restraint, transport, or punishment; to prevent the escape from custody; or to facilitate ease and convenience in the law enforcement encounter and report the intervention as required by CRS § 18-8-805 and 4 CCR 901-1:17.

300.2.3 PERSPECTIVE
When observing or reporting force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject.

300.3 USE OF FORCE
Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving. When it is objectively reasonable that a subject is fully in law enforcement's control, then the force must terminate.
Use of Force

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons, or methods provided by this department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST
An officer should apply nonviolent means, when possible, and may use physical force only if nonviolent means would be ineffective to effect an arrest, prevent an escape, or prevent an imminent threat of injury to officers or others (CRS § 18-1-707).

Officers should only use that degree of force consistent with the minimization of injury to others (CRS § 18-1-707).

Officers shall not apply force in excess of the force permitted by CRS § 18-1-707 to a person who has been rendered incapable of resisting arrest (CRS § 18-8-803).

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE
When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

(a) Immediacy and severity of the threat to officers or others.
(b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
(c) Officer/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
(d) The effects of suspected drug or alcohol use.
(e) The individual's mental state or capacity.
(f) The individual’s ability to understand and comply with officer commands.
(g) Proximity of weapons or dangerous improvised devices.
(h) The degree to which the individual has been effectively restrained and his/her ability to resist despite being restrained.
(i) The availability of other reasonable and feasible options and their possible effectiveness.
Use of Force

(j) Seriousness of the suspected offense or reason for contact with the individual.
(k) Training and experience of the officer.
(l) Potential for injury to officers, suspects and others.
(m) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
(n) The risk and reasonably foreseeable consequences of escape.
(o) The apparent need for immediate control of the individual or a prompt resolution of the situation.
(p) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
(q) Prior contacts with the individual or awareness of any propensity for violence.
(r) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES
Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

(a) The degree to which the application of the technique may be controlled given the level of resistance.
(b) Whether the individual can comply with the direction or orders of the officer.
(c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 USE OF FORCE TO SEIZE EVIDENCE
In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Durango Police Department for this specific purpose.

300.3.5 ALTERNATIVE TACTICS - DE-ESCALATION
When circumstances reasonably permit, officers should use non-violent strategies and techniques to decrease the intensity of a situation, improve decision-making, improve communication, reduce the need for force, and increase voluntary compliance (e.g., summoning additional resources, formulating a plan, attempting verbal persuasion).
Use of Force

300.3.6 PROHIBITION ON CHOKEHOLDS
An officer is prohibited from using a chokehold upon another person. A chokehold is defined as a method by which a person applies sufficient pressure to a person to make breathing difficult or impossible. It also includes pressure to stop the flow of blood to the brain via the carotid arteries (CRS § 18-1-707).

300.4 DEADLY FORCE APPLICATIONS
When reasonable, the officer shall, prior to the use of deadly force, make efforts to identify him/herself as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts or that doing so would unduly place officers or other persons at risk of injury or death (CRS § 18-1-707).

Use of deadly force is justified in the following circumstances involving imminent threat or imminent risk:

(a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes is an imminent threat of death or serious bodily injury.

(b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the individual has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the individual is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes that the individual has a weapon or is attempting to access one and intends to use it against the officer or another person. An imminent danger may also exist if the individual is capable of causing serious bodily injury or death without a weapon, and the officer believes the individual intends to do so.

300.4.1 MOVING VEHICLES
Shots fired at or from a moving vehicle involve additional considerations and risks, and are rarely effective.

When feasible, officers should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.
Use of Force

300.5 REPORTING THE USE OF FORCE
Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

300.5.1 NOTIFICATIONS TO SUPERVISORS
Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

(a) The application caused a visible injury.
(b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
(c) The individual subjected to the force complained of injury or continuing pain.
(d) The individual indicates intent to pursue litigation.
(e) Any application of the conducted energy device or control device.
(f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
(g) The individual subjected to the force was rendered unconscious.
(h) An individual was struck or kicked.
(i) An individual alleges unreasonable force was used or that any of the above has occurred.

300.5.2 REPORTING TO COLORADO DIVISION OF CRIMINAL JUSTICE
Statistical data regarding all qualifying incidents shall be reported to the Colorado Division of Criminal Justice as required by CRS § 24-31-903 (see the Records Unit Procedures Policy). For the purposes of this section, a qualifying incident means any (CRS § 24-31-903):

(a) Incident involving the use of force by an officer that results in death or serious bodily injury.
(b) Incident involving the use of force by an officer that involved the use of a weapon.
(c) Contact with the public conducted by officers, including entries into a residence.
(d) Instance of unannounced entry into a residence.

300.6 MEDICAL CONSIDERATIONS
Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until the individual can be medically treated.
Use of Force

assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe.

Based upon the officer’s initial assessment of the nature and extent of the individual’s injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain, or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away.

See the Medical Aid and Response Policy for additional guidelines.

300.7 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to a reported application of force resulting in visible injury, if reasonably available. When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

(a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.

(b) Ensure that any injured parties are examined and treated.

(c) When possible, separately obtain a recorded interview with the individual upon whom force was applied. If this interview is conducted without the individual having voluntarily waived his/her Miranda rights, the following shall apply:

1. The content of the interview should not be summarized or included in any related criminal charges.

2. The fact that a recorded interview was conducted should be documented in a property or other report.

3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
Use of Force

(d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.

1. These photographs should be retained until all potential for civil litigation has expired.

(e) Identify any witnesses not already included in related reports.

(f) Review and approve all related reports.

(g) Determine if there is any indication that the individual may pursue civil litigation.

1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.

(h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy noncompliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 SHIF'T SUPERVISOR RESPONSIBILITY
The Shift Supervisor shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.8 TRAINING
Officers will receive periodic training on this policy and demonstrate their knowledge and understanding.

Subject to available resources, officers should receive periodic training on:

(a) Guidelines regarding vulnerable populations, including but not limited to children, elderly, pregnant persons, and individuals with physical, mental, or intellectual disabilities.

(b) De-escalation tactics, including alternatives to force.

300.9 USE OF FORCE ANALYSIS
At least annually, the Operations Bureau Commander should prepare an analysis report on use of force incidents. The report should be submitted to the Police Chief or authorized designee. The report should not contain the names of officers, suspects or case numbers, and should include:

(a) The identification of any trends in the use of force by members.

(b) Training needs recommendations.

(c) Equipment needs recommendations.

(d) Policy revision recommendations.
Use of Force Review Boards

302.1 PURPOSE AND SCOPE
This policy establishes a process for the Durango Police Department to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

302.2 POLICY
The Durango Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

302.3 REMOVAL FROM LINE DUTY ASSIGNMENT
Generally, whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Police Chief or authorized designee may exercise discretion and choose not to place an employee in an administrative assignment in any case.

302.4 REVIEW BOARD
The Use of Force Review Board will be convened when the use of force by a member results in very serious injury or death to another.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training, recreational use or dispatching a seriously injured animal.

The Police Chief or authorized designee may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Operations Bureau Commander will convene the Use of Force Review Board as necessary. It will be the responsibility of the Operations Bureau Commander or supervisor of the involved employee to notify the Operations Bureau Commander of any incidents requiring board review. The involved employee's Operations Bureau Commander or supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

302.4.1 COMPOSITION OF THE BOARD
The Operations Bureau Commander should select five Use of Force Review Board members from the following, as appropriate:

- A supervisor not involved in the incident
- Bureau Commander
- A peer officer, chosen by the involved officer
Use of Force Review Boards

- Subject matter expert (SME) or Department instructor for the type of weapon, device or technique used

The Operations Bureau Commander will serve as chairperson.

302.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Police Chief or authorized designee will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges the decision not to file criminal charges, or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer's decision regarding the use of force.

Any questioning of the involved employee conducted by the board will be in accordance with the department's disciplinary procedures, the Personnel Complaints Policy and any applicable state or federal law.

The board shall make one of the following recommended findings:

(a) The employee's actions were within department policy and procedure.

(b) The employee's actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Police Chief or authorized designee.

The Police Chief or authorized designee shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure and will determine whether any additional actions, investigations or reviews are appropriate. The Police Chief's final findings will be forwarded to the involved employee's Bureau Commander for review and appropriate action. If the Police Chief or authorized designee concludes that discipline should be considered, a disciplinary process will be initiated.
Use of Force Review Boards

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the affected bureau.
Handcuffing and Restraints

306.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

306.2 POLICY
The Durango Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

306.3 USE OF RESTRAINTS
Only members who have successfully completed Durango Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

306.3.1 RESTRAINT OF DETAINEES
Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

306.3.2 RESTRAINT OF PREGNANT PERSONS
Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.
Handcuffing and Restraints

No person who is in labor delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, officers, or others.

306.3.3 RESTRAINT OF JUVENILES
A juvenile under 14 years of age should not be restrained unless the juvenile is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure themself, injure the officer, or damage property.

An officer working as a school resource officer or responding to a public school or school-sanctioned event shall not handcuff any juvenile unless the juvenile poses a threat to self or others or during transport after arrest (CRS § 26-20-111).

306.3.4 NOTIFICATIONS
Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the jail.

306.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS
Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person’s hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person’s back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person’s size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

306.5 APPLICATION OF SPIT HOODS/MASKS/SOCKS
Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.
**Handcuffing and Restraints**

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of restrained individuals due to the potential for impaired or distorted vision on the part of the individual. Officers should avoid comingling individuals wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

**306.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES**

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

**306.7 APPLICATION OF LEG RESTRAINT DEVICES**

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

(a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.

(b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers).

(c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).
Handcuffing and Restraints

306.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS
When applying leg restraints the following guidelines should be followed:

(a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.

(b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.

(c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person’s ability to breathe.

(d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.

(e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.

(f) When transported by ambulance/paramedic unit, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

306.8 REQUIRED DOCUMENTATION
If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report; and, if applicable, shall include the following information:

(a) The factors that led to the decision to use restraints.

(b) Supervisor notification and approval of restraint use.

(c) The types of restraint used.

(d) The amount of time the person was restrained.

(e) How the person was transported and the position of the person during transport.

(f) Observations of the person’s behavior and any signs of physiological problems.

(g) Any known or suspected drug use or other medical problems.

306.9 TRAINING
Subject to available resources, the Training Manager should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:
Handcuffing and Restraints

(a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.

(b) Response to complaints of pain by restrained persons.

(c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.

(d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.
Control Devices and Techniques

308.1 PURPOSE AND SCOPE
This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

308.2 POLICY
In order to control subjects who are violent or who demonstrate the intent to be violent, the Durango Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

308.3 ISSUING, CARRYING AND USING CONTROL DEVICES
Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Police Chief or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

308.4 RESPONSIBILITIES

308.4.1 SHIFT SUPERVISOR RESPONSIBILITIES
The Shift Supervisor may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

308.4.2 RANGEMASTER RESPONSIBILITIES
The Rangemaster shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Rangemaster or the designated instructor for a particular control device. The inspection shall be documented.

308.4.3 USER RESPONSIBILITIES
All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.
Control Devices and Techniques

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

308.5 BATON GUIDELINES
The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

308.6 TEAR GAS GUIDELINES
Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Shift Supervisor, Incident Commander or Crisis Response Unit Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

308.7 OLEORESIN CAPSICUM (OC) GUIDELINES
As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in, violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

308.7.1 OC SPRAY
Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

308.7.2 PEPPER PROJECTILE SYSTEMS
Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.
Control Devices and Techniques

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

308.7.3 TREATMENT FOR OC SPRAY EXPOSURE
Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

308.8 POST-APPLICATION NOTICE
Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that cleanup will be at the owner’s expense. Information regarding the method of notice and the individuals notified should be included in related reports.

308.9 KINETIC ENERGY PROJECTILE GUIDELINES
This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

308.9.1 DEPLOYMENT AND USE
Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

(a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.

(b) The suspect has made credible threats to harm him/herself or others.
Control Devices and Techniques

(c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.

(d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

308.9.2 DEPLOYMENT CONSIDERATIONS
Before discharging projectiles, the officer should consider such factors as:

(a) Distance and angle to target.

(b) Type of munitions employed.

(c) Type and thickness of subject’s clothing.

(d) The subject’s proximity to others.

(e) The location of the subject.

(f) Whether the subject’s actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer’s recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

308.9.3 SAFETY PROCEDURES
Firearms specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Officers will inspect the firearm and projectiles at the beginning of each shift to ensure that the firearm is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the firearm will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile firearm, the officer shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the firearm.
Control Devices and Techniques

Absent compelling circumstances, officers who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second officer watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

308.9.4 PROTEST OR DEMONSTRATION CONSIDERATIONS
In response to protests or demonstrations, officers should not discharge kinetic energy projectiles in a manner that intentionally targets the head, neck, pelvis, or back of any person (CRS § 24-31-905).

Officers shall not indiscriminately discharge kinetic energy projectiles into a crowd (CRS § 24-31-905).

308.10 TRAINING FOR CONTROL DEVICES
The Training Manager shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

(a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.

(b) All training and proficiency for control devices will be documented in the officer's training file.

(c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency’s Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency’s Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

308.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES
Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

308.12 ADDITIONAL CHEMICAL AGENT DEPLOYMENT CONSIDERATIONS
In response to a protest or demonstration, officers shall not use any chemical agents, including pepper spray or tear gas, without first issuing an order to disperse. The order shall be given in a reasonably sufficient manner to be heard, and repeated if necessary, and followed by sufficient time and space to allow compliance with the order (CRS § 24-31-905).
Conducted Energy Device

309.1 PURPOSE AND SCOPE
This policy provides guidelines for the issuance and use of the conducted energy device (CED).

309.2 POLICY
The CED is used in an attempt to control a violent or potentially violent individual. The appropriate use of such a device may result in fewer serious injuries to officers and suspects.

309.3 ISSUANCE AND CARRYING CEDS
Only members who have successfully completed department-approved training may be issued and may carry the CED.

The Rangemaster should keep a log of issued CED devices and the serial numbers of cartridges/magazines issued to members.

CEDs are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department inventory.

Officers shall only use the CED and cartridges/magazines that have been issued by the Department. Cartridges/magazines should not be used after the manufacturer's expiration date.

Uniformed officers who have been issued the CED shall wear the device in an approved holster.

Officers who carry the CED while in uniform shall carry it in a holster on the side opposite the duty weapon.

(a) All CEDs shall be clearly distinguishable to differentiate them from the duty weapon and any other device.

(b) For single-shot devices, whenever practicable, officers should carry an additional cartridge on their person when carrying the CED.

(c) Officers should not hold a firearm and the CED at the same time.

Non-uniformed officers may secure the CED in a concealed, secure location in the driver's compartment of their vehicles.

309.3.1 USER RESPONSIBILITIES
Officers shall be responsible for ensuring that the issued CED is properly maintained and in good working order. This includes a function test and battery life monitoring, as required by the manufacturer, and should be completed prior to the beginning of the officer's shift.

CEDs that are damaged or inoperative, or cartridges/magazines that are expired or damaged, shall be returned to the Rangemaster for disposition. Officers shall submit documentation stating the reason for the return and how the CED or cartridge/magazine was damaged or became inoperative, if known.
309.4 VERBAL AND VISUAL WARNINGS
A verbal warning of the intended use of the CED should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

(a) Provide the individual with a reasonable opportunity to voluntarily comply.

(b) Provide other officers and individuals with a warning that the CED may be deployed.

If, after a verbal warning, an individual fails to voluntarily comply with an officer’s lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, activate any warning on the device, which may include display of the electrical arc, an audible warning, or the laser in a further attempt to gain compliance prior to the application of the CED. The laser should not be intentionally directed into anyone’s eyes.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the CED in the related report.

309.5 USE OF THE CED
The CED has limitations and restrictions requiring consideration before its use. The CED should only be used when its operator can safely deploy the device within its operational range. Although the CED may be effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

If sufficient personnel are available and can be safely assigned, an officer designated as lethal cover for any officer deploying a CED may be considered for officer safety.

309.5.1 APPLICATION OF THE CED
The CED may be used when the circumstances reasonably perceived by the officer at the time indicate that such application reasonably appears necessary to control a person who:

(a) Is violent or is physically resisting.

(b) Has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, themself, or others.

Mere flight from a pursuing officer, without additional circumstances or factors, is not good cause for the use of the CED to apprehend an individual.

The CED shall not be used to psychologically torment, to elicit statements, or to punish any individual.

309.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS
The use of the CED on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject, or others, and the officer reasonably believes that the need to control the individual outweighs the potential risk of using the device. This includes:

(a) Individuals who are known to be pregnant.
Conducted Energy Device

(b) Elderly individuals or obvious juveniles.
(c) Individuals with obviously low body mass.
(d) Individuals who are handcuffed or otherwise restrained.
(e) Individuals known to have been recently sprayed with a flammable chemical agent or who are otherwise known to be in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
(f) Individuals whose position or activity is likely to result in collateral injury (e.g., falls from height, located in water, operating vehicles).

Any CED capable of being applied in the drive-stun mode (i.e., direct contact without probes as a primary form of pain compliance) should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

309.5.3 TARGETING CONSIDERATIONS
Recognizing that the dynamics of a situation and movement of the subject may affect target placement of probes, when practicable, officers should attempt to target the back, lower center mass, and upper legs of the subject, and avoid intentionally targeting the head, neck, area of the heart, or genitals. If circumstances result in one or more probes inadvertently striking an area outside of the preferred target zones, the individual should be closely monitored until examined by paramedics or other medical personnel.

309.5.4 MULTIPLE APPLICATIONS OF THE CED
Once an officer has successfully deployed two probes on the subject, the officer should continually assess the subject to determine if additional probe deployments or cycles reasonably appear necessary. Additional factors officers may consider include but are not limited to:

(a) Whether it is reasonable to believe that the need to control the individual outweighs the potentially increased risk posed by multiple applications.
(b) Whether the probes are making proper contact.
(c) Whether the individual has the ability and has been given a reasonable opportunity to comply.
(d) Whether verbal commands or other options or tactics may be more effective.

Given that on certain devices (e.g., TASER 10™) each trigger pull deploys a single probe, the officer must pull the trigger twice to deploy two probes to create the possibility of neuro-muscular incapacitation.

309.5.5 ACTIONS FOLLOWING DEPLOYMENTS
Officers should take appropriate actions to control and restrain the individual as soon as reasonably practicable to minimize the need for longer or multiple exposures to the CED. As soon as practicable, officers shall notify a supervisor any time the CED has been discharged. If needed for evidentiary purposes, the expended cartridge, along with any probes and wire, should...
Conducted Energy Device

be submitted into evidence (including confetti tags, when equipped on the device). The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

309.5.6 DANGEROUS ANIMALS
The CED may be deployed against an animal if the animal reasonably appears to pose an imminent threat to human safety.

309.5.7 OFF-DUTY CONSIDERATIONS
Officers are not authorized to carry department CEDs while off-duty.

Officers shall ensure that CEDs are secured while in their homes, vehicles, or any other area under their control, in a manner that will keep the device inaccessible to others.

309.6 DOCUMENTATION
Officers shall document all CED discharges in the related arrest/crime reports and the CED report forms. Photographs should be taken of any obvious probe impact or drive-stun application sites and attached to the CED report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, audible warning, laser activation, and arcing the device, other than for testing purposes, will also be documented on the report form. Data downloads from the CED after use on a subject should be done as soon as practicable using a department-approved process to preserve the data.

309.6.1 CED REPORT FORM
As applicable based on the device type, items that shall be included in the CED report form are:

(a) The brand, model, and serial number of the CED and any cartridge/magazine.
(b) Date, time, and location of the incident.
(c) Whether any warning, display, laser, or arc deterred a subject and gained compliance.
(d) The number of probes deployed, CED activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
(e) The range at which the CED was used.
(f) The type of mode used (e.g., probe deployment, drive-stun).
(g) Location of any probe impact.
(h) Location of contact in drive-stun mode.
(i) Description of where missed probes went.
(j) Whether medical care was provided to the subject.
(k) Whether the subject sustained any injuries.
(l) Whether any officers sustained any injuries.

The Training Manager should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Training Manager should also conduct audits of CED...
Conducted Energy Device

device data downloaded to an approved location and reconcile CED report forms with recorded activations. CED information and statistics, with identifying information removed, should periodically be made available to the public.

309.6.2 REPORTS
The officer should include the following in the arrest/crime report:

(a) Identification of all personnel firing CEDs
(b) Identification of all witnesses
(c) Medical care provided to the subject
(d) Observations of the subject's physical and physiological actions
(e) Any known or suspected drug use, intoxication, or other medical problems

309.7 MEDICAL TREATMENT
Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel or officers trained in probe removal and handling should remove CED probes from a person's body. Used CED probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by CED probes, who have been subjected to the electric discharge of the device, or who sustained direct exposure of the laser to the eyes shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

(a) The person is suspected of being under the influence of controlled substances and/or alcohol.
(b) The person may be pregnant.
(c) The person reasonably appears to be in need of medical attention.
(d) The CED probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
(e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio/video recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the CED (see the Medical Aid and Response Policy).
Conducted Energy Device

309.8 SUPERVISOR RESPONSIBILITIES
When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the CED may be used. A supervisor should respond to all incidents where the CED was activated.

A supervisor should review each incident where a person has been exposed to a CED. The device's internal logs should be downloaded by a supervisor or Rangemaster and saved with the related arrest/crime report. The supervisor should arrange for photographs of probe sites to be taken and witnesses to be interviewed.

309.9 TRAINING
Personnel who are authorized to carry the CED shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the CED as a part of their assignments for a period of six months or more shall be recertified by a qualified CED instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued CEDs should occur every year. A reassessment of an officer's knowledge and/or practical skills may be required at any time, if deemed appropriate, by the Training Manager. All training and proficiency for CEDs will be documented in the officer's training files.

Command staff, supervisors, and investigators should receive CED training as appropriate for the investigations they conduct and review.

Officers who do not carry CEDs should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Training Manager is responsible for ensuring that all members who carry CEDs have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of CEDs during training could result in injuries and should not be mandatory for certification.

The Training Manager should include the following training:

(a) A review of this policy.
(b) A review of the Use of Force Policy.
(c) Performing weak-hand draws or cross-draws until proficient to reduce the possibility of unintentionally drawing and firing a firearm.
(d) Target area considerations, to include techniques or options to reduce the unintentional application of probes to the head, neck, area of the heart, and groin.
(e) Scenario-based training, including virtual reality training when available.
(f) Handcuffing a subject during the application of the CED and transitioning to other force options.
(g) De-escalation techniques.
Conducted Energy Device

(h) Restraint techniques that do not impair respiration following the application of the CED.

(i) Proper use of cover and concealment during deployment of the CED for purposes of officer safety.

(j) Proper tactics and techniques related to multiple applications of CEDs.
Officer-Involved Shootings and Deaths

310.1 PURPOSE AND SCOPE
The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of an officer.

In other incidents not covered by this policy, the Police Chief may decide that the investigation will follow the process provided in this policy.

310.2 TYPES OF INVESTIGATIONS
Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect’s actions.
- A criminal investigation of the involved officer’s actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

310.3 CONTROL OF INVESTIGATIONS
Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

310.3.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS
The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect’s crime occurred. For example, the Durango Police Department would control the investigation if the suspect’s crime occurred in Durango.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Police Chief and with concurrence from the other agency.

310.3.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS
The control of the criminal investigation into the involved officer’s conduct during the incident will be determined by the employing agency’s protocol. When an officer from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.
Officer-Involved Shootings and Deaths

Requests made of this department to investigate a shooting or death involving an outside agency’s officer shall be referred to the Police Chief or the authorized designee for approval.

310.3.3 ADMINISTRATIVE AND CIVIL INVESTIGATION
Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

310.3.4 INVESTIGATION RESPONSIBILITY MATRIX
The following table identifies the possible scenarios and responsibilities for the investigation of officer-involved shootings.

310.4 INVESTIGATION PROCESS
The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

310.4.1 UNINVOLVED OFFICER RESPONSIBILITIES
Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved DPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

(a) Secure the scene and identify and eliminate hazards for all those involved.
(b) Take reasonable steps to obtain emergency medical attention for injured individuals.
(c) Request additional resources from the Department or other agencies.
(d) Coordinate a perimeter or pursuit of suspects.
(e) Check for injured persons and evacuate as needed.
(f) Brief the supervisor upon arrival.

310.4.2 SUPERVISOR RESPONSIBILITIES
Upon arrival at the scene, the first uninvolved DPD supervisor should ensure completion of the duties as outlined above, plus:

(a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
Officer-Involved Shootings and Deaths

1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.

(b) If necessary, the supervisor may administratively order any DPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.

1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.

2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.

(c) Provide all available information to the Shift Supervisor and the Communications Center. If feasible, sensitive information should be communicated over secure networks.

(d) Take command of and secure the incident scene with additional DPD members until properly relieved by another supervisor or other assigned personnel or investigator.

(e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.

1. Each involved DPD officer should be given an administrative order not to discuss the incident with other involved officers or DPD members pending further direction from a supervisor.

2. When an involved officer’s weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

310.4.3 SHIFT SUPERVISOR RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Shift Supervisor shall be responsible for coordinating all aspects of the incident until relieved by the Police Chief, authorized designee or a Bureau Commander.

All outside inquiries about the incident shall be directed to the Shift Supervisor.

310.4.4 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Police Chief or authorized designee
- Detective Bureau supervisor
- 6th Judicial District Officer Involved Investigation Team rollout team
- Outside agency investigators (if appropriate)
- Internal Affairs Unit supervisor
Officer-Involved Shootings and Deaths

- Civil liability response team
- Psychological/peer support personnel
- Coroner (if necessary)
- Involved officer’s agency representative (if requested)
- Public Information Officer

310.4.5 INVOLVED OFFICERS

The following shall be considered for the involved officer:

(a) Any request for legal or union representation will be accommodated.
   1. Involved DPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
   2. Requests from involved non-DPD officers should be referred to their employing agency.

(b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.

(c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information.

(d) A licensed psychotherapist shall be provided by the Department to each involved DPD officer. A licensed psychotherapist may also be provided to any other affected DPD members, upon request.
   1. Interviews with a licensed psychotherapist will be considered privileged.
   2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
   3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
   4. Communications between the involved officer and a peer support member are addressed in the Wellness Program Policy.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer’s equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved DPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death or appropriate duty reassignment as agreed upon by the involved officer and the Department to allow the officer to receive services and manage the impact of the incident on the officer and the officer’s family and significant others. It shall be the responsibility of the Shift Supervisor to make schedule adjustments to accommodate such leave.
310.5 CRIMINAL INVESTIGATION
The District Attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the District Attorney's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

(a) DPD supervisors and Internal Affairs Unit personnel should not participate directly in any voluntary interview of DPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.

(b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.

(c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.

(d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

310.5.1 REPORTS BY INVOLVED DPD OFFICERS
In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved DPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved DPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved DPD officer of the right to consult with legal counsel prior to completing any such criminal report.
Officer-Involved Shootings and Deaths

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

310.5.2 WITNESS IDENTIFICATION AND INTERVIEWS
Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

(a) Identification of all persons present at the scene and in the immediate area.
   1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
   2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
   1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.

(c) Promptly contacting the suspect’s known family and associates to obtain any available and untainted background information about the suspect’s activities and state of mind prior to the incident.

310.5.3 INVESTIGATIVE PERSONNEL
Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Detective Unit supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the District Attorney’s Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney’s Office.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Detective Unit supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Bureau Commander.

310.5.4 MULTI-AGENCY INVESTIGATION
Officer-involved shootings that result in injury or death or other uses of force by an officer that result in death shall be investigated by a multi-agency team. The multi-agency team shall include at least
Officer-Involved Shootings and Deaths

one other police or sheriff’s agency or the Colorado Bureau of Investigation. The Police Chief or the authorized designee shall ensure this protocol is posted on the Durango Police Department website and is available to the public upon request (CRS § 16-2.5-301).

310.6 ADMINISTRATIVE INVESTIGATION
In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of involved DPD officers to determine conformance with department policy. This investigation will be conducted under the supervision of the Internal Affairs Unit and will be considered a confidential officer personnel file. Interviews of members shall be subject to department policies (see the Personnel Complaints Policy) and applicable laws.

(a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.

(b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.

1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.

(c) In the event that an involved officer has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.

1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer’s physical and psychological needs have been addressed before commencing the interview.

2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer’s statement, involved officers shall not consult or meet with a representative collectively or in groups prior to being interviewed.

3. Administrative interviews should be recorded by the investigator. The officer may also record the interview.

4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her Garrity rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
5. The Internal Affairs Unit shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.

6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.

7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

310.7 CIVIL LIABILITY RESPONSE
A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

310.8 AUDIO AND VIDEO RECORDINGS
Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with the approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or City Attorney’s Office, as appropriate.

310.9 DEBRIEFING
Following an officer-involved shooting or death, the Durango Police Department should conduct both a Critical Incident Stress Debriefing and a tactical debriefing. See the Wellness Program Policy for guidance on Critical Incident Stress Debriefings.

310.9.1 TACTICAL DEBRIEFING
A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Police Chief or authorized designee should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.
Officer-Involved Shootings and Deaths

310.10 MEDIA RELATIONS
Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Shift Supervisor, Detective Bureau supervisor and Public Information Officer in the event of inquiries from the media.

No involved DPD officer shall make any comment to the media unless he/she is authorized by the Police Chief, authorized designee or a Bureau Commander.

Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

310.11 POST-INCIDENT SERVICES FOR FAMILY
The family members and significant others of an officer who has been involved in a shooting or deadly use of force should be provided, as department resources reasonably allow (CRS § 16-2.5-403):

(a) At least one confidential post-incident meeting with a qualified mental health professional (CRS § 16-2.5-402) in a timely manner following the incident, including through telehealth services.

(b) Ongoing confidential mental health services from a qualified mental health professional (CRS § 16-2.5-402) as needed, including through telehealth services.

(c) Peer support, including department peer support or online or telehealth peer support.

310.12 PROTOCOLS FOR RETURN TO DUTY
The Department shall take steps to facilitate returning department members back to their duty assignments following their involvement in a shooting or deadly use of force, taking into consideration the Department's size and resources (CRS § 16-2.5-403).

310.12.1 REINTEGRATION
Taking into account that involved officers may experience psychological, physical, or emotional reactions, the Department shall implement a reintegration plan that considers having the officer:

(a) Return to the scene of the incident.

(b) Fire the officer's weapon at the range.

(c) Participate in graded re-entry with a companion officer or peer support officer of the officer's choosing.

310.12.2 ONGOING SUPPORTIVE MENTAL HEALTH SERVICES

The Department shall review this policy biennially and make any necessary updates to reflect current best practices and available resources (CRS § 16-2.5-403).
Firearms

312.1 PURPOSE AND SCOPE
This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

This policy does not apply to issues related to the use of firearms that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those members who are authorized to carry firearms.

312.1.1 AUTHORIZATION TO CARRY FIREARMS
Only certified personnel who have met all state and Colorado Peace Officer Standards and Training (POST) requirements and have been authorized by the Police Chief shall have the peace officer privilege to carry a firearm both on- and off-duty (CRS § 16-2.5-101).

312.1.2 ELIGIBLE IMMIGRANTS
An eligible immigrant who has been hired by the Department to enroll in a POST-approved training academy may possess and use a firearm in accordance with this policy at the academy and may transport, store, clean, and maintain a firearm as necessary for purposes of completing such training (CRS § 16-2.5-101).

312.2 POLICY
The Durango Police Department will provide a stipend to its members to be used for the purchase of firearms to address the risks posed to the public and department members by violent and sometimes well-armed persons. A stipend will be provided to new-hire sworn employees around the time of hire, and another stipend will be provided to sworn employees on or before their 10-year hire anniversary date in order to replace used and/or worn weapons. The Department will ensure firearms are appropriate and in good working order and that relevant training is provided as resources allow.

312.3 AUTHORIZED FIREARMS, AMMUNITION AND OTHER WEAPONS
Members shall only use firearms that are issued or approved by the Department and have been thoroughly inspected by the Rangemaster. Except in an emergency or as directed by a supervisor, no firearm shall be carried by a member who has not qualified with that firearm at an authorized department range.

All other weapons not provided by the Department, including, but not limited to, edged weapons, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not covered elsewhere by department policy, may not be carried by members in the performance of their official duties without the express written authorization of the member’s Bureau Commander. This exclusion does not apply to the carrying of a single folding pocketknife that is not otherwise prohibited by law.
Firearms

312.3.1 HANDGUNS
The authorized department handgun is approved and purchased by the officer. All sworn officers on duty must carry their authorized department handgun. Refer to SOP 312.3 for the list of approved handguns.

312.3.2 SHOTGUNS
The authorized department-issued shotgun is the 870 Remington.

When not deployed, the shotgun shall be properly secured in a locking weapons rack in the patrol vehicle with the magazine loaded, the action closed on an empty chamber, and the safety on.

312.3.3 PATROL RIFLES
The authorized department-issued patrol rifle is the AR-15 platform.

Members may deploy the patrol rifle in any circumstance where the member can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

(a) Situations where the member reasonably anticipates an armed encounter.
(b) When a member is faced with a situation that may require accurate and effective fire at long range.
(c) Situations where a member reasonably expects the need to meet or exceed a suspect's firepower.
(d) When a member reasonably believes that there may be a need to fire on a barricaded person or a person with a hostage.
(e) When a member reasonably believes that a suspect may be wearing body armor.
(f) When authorized or requested by a supervisor.
(g) When needed to euthanize an animal.

When not deployed, the patrol rifle shall be properly secured in a locking weapons rack or locked box or trunk in the patrol vehicle with the chamber empty, magazine loaded and inserted into the magazine well, the bolt forward with the dust cover closed and the selector lever in the safe position.

312.3.4 PERSONALLY OWNED DUTY FIREARMS
Members desiring to carry an authorized but personally owned duty firearm must receive written approval from the Police Chief or the authorized designee. Once approved, personally owned duty firearms are subject to the following restrictions:

(a) The firearm shall be in good working order and on the department list of approved firearms.
(b) The firearm shall be inspected by the Rangemaster prior to being carried and thereafter shall be subject to inspection whenever it is deemed necessary.
Firearms

(c) Prior to carrying the firearm, members shall qualify under range supervision and thereafter shall qualify in accordance with the department qualification schedule. Members must demonstrate proficiency and safe handling, and that the firearm functions properly.

(d) Members shall provide written notice of the make, model, color, serial number and caliber of the firearm to the Rangemaster, who will maintain a list of the information.

312.3.5 AUTHORIZED SECONDARY HANDGUN
Members desiring to carry department or personally owned secondary handguns are subject to the following restrictions:

(a) The handgun shall be in good working order and on the department list of approved firearms.

(b) Only one secondary handgun may be carried at a time.

(c) The purchase of the handgun and ammunition shall be the responsibility of the member unless the handgun and ammunition are provided by the Department.

(d) The handgun shall be carried concealed at all times and in such a manner as to prevent unintentional cocking, discharge or loss of physical control.

(e) The handgun shall be inspected by the Rangemaster prior to being carried and thereafter shall be subject to inspection whenever it is deemed necessary.

(f) Ammunition shall be the same as department issue. If the caliber of the handgun is other than department issue, the Police Chief or the authorized designee shall approve the ammunition.

(g) Prior to carrying the secondary handgun, members shall qualify under range supervision and thereafter shall qualify in accordance with the department qualification schedule. Members must demonstrate proficiency and safe handling, and that the handgun functions properly.

(h) Members shall provide written notice of the make, model, color, serial number and caliber of a secondary handgun to the Rangemaster, who will maintain a list of the information.

312.3.6 OPTICS OR LASER SIGHTS
Optics or laser sights may only be installed on a firearm carried on- or off-duty after the sights have been examined and approved by the Rangemaster.

(a) Any approved sight shall only be installed in strict accordance with manufacturer specifications.

(b) Once the approved sights have been properly installed on any firearm, the officer shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it. Additionally, the officer must attend a department-approved basic red-dot handgun training prior to carrying the firearm.

Except in an approved training situation, an officer may only activate a laser sight when the officer would otherwise be justified in pointing a firearm at an individual or other authorized target.
Firearms

312.3.7 AMMUNITION
Members shall carry only department-authorized ammunition. Refer to SOP 312.3 for the list of authorized ammunition. Members shall be issued fresh duty ammunition in the specified quantity for all department-issued firearms during the member’s firearms qualification. Replacements for unserviceable or depleted ammunition issued by the Department shall be dispensed by the Rangemaster when needed, in accordance with established policy.

Members carrying personally owned authorized firearms of a caliber differing from department-issued firearms shall be responsible for obtaining fresh duty ammunition in accordance with the above, at their own expense.

312.4 EQUIPMENT
Firearms carried on- or off-duty shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally owned firearms are the responsibility of the individual member. Pre-authorized property i.e. weapons, optics, etc. carried by the member and damaged during the course of the member’s official duties, can be replaced by the department based upon command-level approval.

312.4.1 REPAIRS AND MODIFICATIONS
Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the Rangemaster.

Firearms that are the property of the Department or personally owned firearms that are approved for department use may be repaired or modified only by a person who is department-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Rangemaster.

Any repairs or modifications to the member’s personally owned firearm shall be done at his/her expense and must be approved by the Rangemaster.

312.4.2 HOLSTERS
Only department-approved holsters shall be used and worn by members. Members shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun.

312.4.3 TACTICAL LIGHTS
Tactical lights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Rangemaster. Once the approved tactical lights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

312.4.4 OPTICS
Optics may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Rangemaster. Any approved sight shall only be installed in strict accordance with manufacturer specifications. Once approved sights have been properly installed on any firearm,
the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

Except in an approved training situation, a member may only sight in on a target when the member would otherwise be justified in pointing a firearm at the target.

312.4.5 TRIGGERS

Non-factory triggers may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Rangemaster. For a non-factory trigger to be considered it needs to be sold as a duty-style trigger. The trigger must be installed in strict accordance with the manufacturer specifications. Once an approved trigger has been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality prior to carrying it.

312.5 SAFE HANDLING, INSPECTION AND STORAGE

Members shall maintain the highest level of safety when handling firearms and shall consider the following:

(a) Members shall not unnecessarily display or handle any firearm.

(b) Members shall be governed by all rules and regulations pertaining to the use of the range and shall obey all orders issued by the Rangemaster. Members shall not dry fire or practice quick draws except as instructed by the Rangemaster or other firearms training staff.

(c) Members shall not clean, repair, load or unload a firearm anywhere in the Department, except where clearing barrels are present.

(d) Shotguns or rifles removed from vehicles or the equipment storage room shall be loaded and unloaded in the parking lot and outside of the vehicle, using clearing barrels.

(e) Members shall not place or store any firearm or other weapon on department premises except where the place of storage is locked. No one shall carry firearms into the jail section or any part thereof when securing or processing an arrestee, but shall place all firearms in a secured location. Members providing access to the jail section to persons from outside agencies are responsible for ensuring firearms are not brought into the jail section.

(f) Members shall not use any automatic firearm, heavy caliber rifle, gas or other type of chemical weapon or firearm from the armory, except with approval of a supervisor.

(g) Any firearm authorized by the Department to be carried on- or off-duty that is determined by a member to be malfunctioning or in need of service or repair shall not be carried. It shall be promptly presented to the Department or a Rangemaster approved by the Department for inspection and repair. Any firearm deemed in need of repair or service by the Rangemaster will be immediately removed from service. If the firearm is the member’s primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.
Firearms

312.5.1 INSPECTION AND STORAGE
Handguns shall be inspected regularly and upon access or possession by another person. Shotguns and rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the shotgun and rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction or into clearing barrels.

Firearms may be safely stored in lockers at the end of the shift.

312.5.2 STORAGE AT HOME
Members shall ensure that all firearms and ammunition are secured while in their homes, vehicles or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit department-issued firearms to be handled by anyone not authorized by the Department to do so. Members should be aware that negligent storage of a firearm could result in civil liability.

312.5.3 ALCOHOL AND DRUGS
Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member’s senses or judgment.

312.6 FIREARMS TRAINING AND QUALIFICATIONS
All members who carry a firearm while on-duty are required to successfully complete training bi-annually with their duty firearms. In addition to bi-annual training, all members will qualify bi-annually with their duty firearms. Members will qualify with off-duty and secondary firearms bi-annually. Training and qualifications must be on an approved range course.

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

312.6.1 NON-CERTIFICATION OR NON-QUALIFICATION
If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that member shall submit a memorandum to his/her immediate supervisor prior to the end of the required training or qualification period.

Those who fail to meet minimum standards or qualify on their first shooting attempt shall be provided remedial training and will be subject to the following requirements:

(a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.

(b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.

(c) No range credit will be given for the following:
   1. Unauthorized range make-up
Firearms

2. Failure to meet minimum standards or qualify after remedial training

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

312.6.2 QUALIFICATION STANDARDS

The qualification standards, including the score required for qualification, target type, timing, distance and other conditions, are noted in an attachment to this policy. In addition to the range course qualification, members must achieve a passing score on any written tests based on the training provided.

312.7 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

(a) If on-duty at the time of the incident, the member shall file a written report with his/her Bureau Commander or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.

(b) If off-duty at the time of the incident, a written report shall be submitted or a recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

312.7.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective. Officers should follow their training to identify animal behaviors that may reasonably put local law enforcement officers or other individuals in imminent danger, in addition to animal behaviors that do not reasonably suggest or pose an imminent danger.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, conducted energy device (CED), oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed, becomes impractical, or if the animal reasonably appears to pose an imminent threat to human safety.

Subject to safety concerns or other exigent circumstances, officers should consider alternatives to the use of firearms. Such alternatives include using the officer's CED or allowing the owner to control or remove the animal from the immediate area.
312.7.2 INJURED ANIMALS
Officers may euthanize an animal when, in his/her judgment and in the opinion of a licensed veterinarian, the animal is experiencing extreme pain or suffering or is severely injured, disabled or diseased past recovery and where other dispositions are impractical. In the event a licensed veterinarian is not available, the animal may be euthanized at the request of the owner or by the written certificate of two persons called to view the animal (CRS § 35-42-110).

Injured wildlife may be euthanized whenever the officer determines that no other reasonable action would be practical, humane or effective for the rehabilitation of the wildlife (2 CCR 406-14:1405).

312.7.3 WARNING AND OTHER SHOTS
Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

312.7.4 NEGLIGENT DISCHARGE
If firearm discharge is the result of negligence, the involved officer shall undergo remedial firearms training and qualification as determined by the Rangemaster.

312.8 RANGEMASTER DUTIES
The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Training Manager after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-participation or non-qualification.

The range shall remain operational and accessible to department members during hours established by the Department.

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Rangemaster has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm; it will not be returned to service until it has been inspected and approved by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Training Manager documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Training Manager.
Firearms

312.9 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

(a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.

(b) Officers must carry their Durango Police Department identification card, bearing the officer’s name, a full-face photograph, identification number, the officer’s signature and the signature of the Police Chief or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver’s license, passport).

(c) The Durango Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer’s travel. If approved, TSA will send the Durango Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.

(d) An official letter signed by the Police Chief authorizing armed travel may also accompany the officer. The letter should outline the officer’s need to fly armed, detail his/her itinerary, and should include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.

(e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.

(f) It is the officer’s responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier’s check-in counter.

(g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.

(h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.

(i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.

(j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.
312.10 CARRYING FIREARMS OUT OF STATE
Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

(a) The officer shall carry his/her Durango Police Department identification card whenever carrying such firearm.

(b) The officer is not the subject of any current disciplinary action.

(c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.

(d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

312.11 TRAINING
In addition to general training regarding the use of firearms, the Training Manager shall ensure that training is provided on encounters with dogs in the course of duty as required by CRS § 29-5-112. At a minimum, the training must cover the policies and procedures adopted by this department.

312.11.1 ADDITIONAL REQUIREMENTS
Before being authorized to carry any firearm, members will be given access to and receive training on this policy and the Use of Force Policy. Each member shall acknowledge that he/she has been provided access to and has had the opportunity to review and understand both policies.
Vehicle Pursuits

314.1 PURPOSE AND SCOPE
This policy provides guidelines for vehicle pursuits in order to protect the safety of involved officers, the public and fleeing suspects.

314.1.1 DEFINITIONS
Definitions related to this policy include:

**Blocking or vehicle intercept** - A slow-speed coordinated maneuver where two or more pursuing vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop. The goal is containment and preventing a pursuit. Blocking is not a moving or stationary road block.

**Boxing-in** - A tactic designed to stop a suspect's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

**Pursuit Intervention Technique (PIT)** - A low-speed maneuver designed to cause the suspect vehicle to spin out, stall and come to a stop.

**Ramming** - The deliberate act of contacting a suspect's vehicle with another law enforcement vehicle to functionally damage or otherwise force the suspect's vehicle to stop.

**Roadblocks** - A tactic designed to stop a suspect's vehicle by intentionally placing a law enforcement vehicle or other immovable object in the path of the suspect's vehicle.

**Terminate** - To discontinue a pursuit or stop chasing fleeing vehicles.

**Tire deflation device** - A device designed to puncture the tires of the pursued vehicle.

**Trail** - Following the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing vehicle will maintain sufficient distance from the pursuit vehicles so as to clearly indicate an absence of participation in the pursuit.

**Vehicle pursuit** - An event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly or driving in a legal manner but willfully failing to yield to an officer's emergency signal to stop. If a vehicle fails to yield to an officer's emergency signals to stop, but continues to obey all traffic laws, then this will not be considered a pursuit. The officer will be permitted to follow the vehicle long enough to get pertinent information, such as make, model, color of vehicle, license plate and number of occupants.

314.2 POLICY
It is the policy of this department to weigh the importance of apprehending suspects who unlawfully flee from law enforcement against the risks associated with vehicle pursuits.
Vehicle Pursuits

314.3 OFFICER RESPONSIBILITIES
Vehicle pursuits shall only be conducted using authorized police department emergency vehicles that are equipped with and displaying emergency lighting and sirens as required by law (CRS § 42-4-213). Only officers who have received pursuit driving training may engage in a pursuit.

Officers shall drive with due regard for the safety of all persons and property. However, officers may, when in pursuit of a suspect and provided there is no unreasonable risk to persons and property:

(a) Proceed past a red or stop signal or stop sign but only after slowing down as may be necessary for safe operation.
(b) Exceed the speed limit (CRS § 42-4-108(2)(c)).
(c) Disregard regulations governing direction of movement or turning in specified directions.

314.3.1 WHEN TO INITIATE A PURSUIT
Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect, who has been given an appropriate signal to stop by a law enforcement officer, is attempting to evade arrest or detention by fleeing in a vehicle, and:

(a) has committed, has attempted to commit, or is about to commit a felony crime involving violence and/or a weapon, for which alternative methods of apprehension seem unlikely; or
(b) has committed, has attempted to commit, or is about to commit a crime for which the failure to pursue would increase the risk of danger to the public, and that risk was not created as a result of police attempts to stop the suspect.

314.3.2 WHEN TO TERMINATE A PURSUIT
Pursuits should be terminated whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risk of continuing the pursuit reasonably appears to outweigh the risk resulting from the suspect's escape.

When a supervisor directs the pursuit to be terminated, officers will immediately terminate the pursuit. When terminating a pursuit, officers will:

(a) Turn off emergency lights and sirens.
(b) Communicate their location to dispatch.
(c) Reduce speed and begin complying with all traffic laws.
(d) Verbally acknowledge over the radio the instruction to terminate the pursuit and that you have complied.

The factors listed in this policy on when to initiate a pursuit will apply equally to the decision to terminate a pursuit. Officers and supervisors must objectively and continuously weigh the
seriousness of the offense against the potential danger to innocent motorists, themselves and the public when electing to continue a pursuit.

In addition to the factors that govern when to initiate a pursuit, other factors should be considered when deciding whether to terminate a pursuit, including:

(a) The distance between the pursuing vehicle and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.
(b) The pursued vehicle's location is no longer definitely known.
(c) The pursuing vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
(d) The pursuing vehicle's emergency lighting equipment or siren becomes partially or completely inoperable.
(e) Hazards to uninvolved bystanders or motorists.
(f) The danger that the continued pursuit poses to the public, the officers or the suspect, balanced against the risk of allowing the suspect to remain at large.
(g) The identity of the suspect is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit.
(h) When directed to terminate the pursuit by a supervisor.
(i) If the officer has anyone other than a sworn officer in the vehicle with them.
(j) If the suspect is riding a motorcycle, officers need to recognize that the danger to the pursued and the public is elevated.

314.4 PURSUIT UNITS
When involved in a pursuit, unmarked police department emergency vehicles should be replaced by marked emergency vehicles whenever practicable.

Vehicle pursuits should be limited to three police department vehicles (two units and a supervisor). However, the number of vehicles involved will vary with the circumstances.

An officer or supervisor may request that additional vehicles join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the number of suspects. All other officers shall stay out of the pursuit but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the pursuit termination point at legal speeds, following the appropriate rules of the road.

314.4.1 MOTORCYCLES
When involved in a pursuit, police department motorcycles should be replaced by marked emergency vehicles as soon as practicable.
314.4.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT
Officers operating vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in any pursuit (CRS § 42-4-213). Officers in such vehicles may provide support to pursuing units as long as the vehicle is operated in compliance with all traffic laws. Those officers should discontinue such support immediately upon arrival of a sufficient number of authorized emergency police department vehicles or any air support.

314.4.3 PRIMARY PURSUIT VEHICLE RESPONSIBILITIES
The initial pursuing officer will be designated as the primary pursuit vehicle and will be responsible for the conduct of the pursuit unless he/she is unable to remain reasonably close enough to the suspect's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect without unreasonable danger to him/herself or other persons, to include suspects.

The primary unit should notify the dispatcher, commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including, but not limited to:

(a) The location, direction of travel and estimated speed of the suspect's vehicle.
(b) The description of the suspect's vehicle including the license plate number, if known.
(c) The reason for the pursuit.
(d) The use of firearms, threat of force, violence, injuries, hostages or other unusual hazards.
(e) The number of occupants and identity or description.
(f) The weather, road and traffic conditions.
(g) The need for any additional resources or equipment.
(h) The identity of other law enforcement agencies involved in the pursuit.
(i) A description of the suspect's driving behavior (e.g., speeding, swerving between vehicles, or making rapid lane changes).

Until relieved by a supervisor or secondary pursuing officer, the officer in the primary pursuit vehicle shall be responsible for broadcasting the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary pursuing officer should, as soon as practicable, relinquish the responsibility of broadcasting the progress of the pursuit to an officer in a secondary pursuit vehicle or to air support joining the pursuit to minimize distractions and allow the primary pursuing officer to concentrate foremost on safe pursuit tactics. If the officers involved in the pursuit are incapable of relaying the necessary information, then a supervisor should terminate the pursuit. If a supervisor is not available to monitor and direct the pursuit, then the pursuit should be terminated.

314.4.4 SECONDARY PURSUIT VEHICLE RESPONSIBILITIES
The second officer in the pursuit will be designated as the secondary pursuit vehicle and is responsible for:
Vehicle Pursuits

(a) Immediately notifying the dispatcher of his/her entry into the pursuit.

(b) Remaining at a safe distance behind the primary unit unless directed to assume the role of primary pursuit vehicle or if the primary unit is unable to continue the pursuit.

(c) Broadcasting information that the primary pursuing officer is unable to provide.

(d) Broadcasting the progress of the pursuit, updating known or critical information and providing changes in the pursuit, unless the situation indicates otherwise.

(e) Identifying the need for additional resources or equipment as appropriate.

(f) Serving as backup to the primary pursuing officer once the subject has been stopped.

314.5 PURSUIT DRIVING

The decision to use specific driving tactics requires the same assessment of the factors the officer considered when determining whether to initiate and/or terminate a pursuit. The following are tactics for officers who are involved in the pursuit:

(a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to unusual maneuvers by the fleeing vehicle.

(b) Because intersections can present increased risks, the following tactics should be considered:

   (a) Available officers not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.

   (b) Pursuing officers should exercise extreme due caution and slow down as may be necessary when proceeding through controlled intersections.

(c) As a general rule, officers should not pursue a vehicle driving the wrong direction on a roadway, highway or freeway. In the event the pursued vehicle does so, the following tactics should be considered:

   1. Request assistance from available air support.

   2. Maintain visual contact with the pursued vehicle by paralleling the vehicle while driving on the correct side of the roadway.

   3. Request other officers to observe exits available to the suspect.

(d) Notify the Colorado State Patrol or other law enforcement agency if it appears that the pursuit may enter its jurisdiction.

(e) Officers involved in a pursuit should not attempt to pass other pursuing vehicles unless the situation indicates otherwise or they are requested to do so by the pursuing officer and with a clear understanding of the maneuver process between the involved officers.

314.5.1 PURSUIT TRAILING

In the event that initial pursuing officers relinquish control of the pursuit to another agency, the initial officers may, with the permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspect and reporting the incident.
Vehicle Pursuits

314.5.2 AIR SUPPORT ASSISTANCE
When available, air support assistance should be requested. Once the air support crew has established visual contact with the pursued vehicle, they should assume communication control over the pursuit. The primary and secondary ground pursuit vehicles, or involved supervisor, will maintain operational control but should consider whether the participation of air support warrants their continued close proximity and/or involvement in the pursuit.

The air support crew should coordinate the activities of resources on the ground, report progress of the pursuit, and provide officers and supervisors with details of upcoming traffic congestion, road hazards or other pertinent information to evaluate whether to continue the pursuit. If officers on the ground are not within visual contact of the pursued vehicle and the air support crew determines that it is unsafe to continue the pursuit, the air support crew should recommend terminating the pursuit.

314.5.3 OFFICERS NOT INVOLVED IN THE PURSUIT
Officers who are not involved in the pursuit should remain in their assigned areas, should not parallel the pursuit route and should not become involved with the pursuit unless directed otherwise by a supervisor. Uninvolved officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Those officers should attempt to place their vehicles in locations that provide some safety or an escape route in the event of an unintended collision or if the suspect intentionally tries to ram the police department vehicle.

Non-pursuing members needed at the pursuit termination point should respond in a nonemergency manner, observing the rules of the road.
The primary pursuit vehicle, secondary pursuit vehicle and supervisor vehicle should be the only vehicles operating under emergency conditions (emergency lights and siren) unless other officers are assigned to the pursuit.

314.6 SUPERVISORY CONTROL AND RESPONSIBILITIES
Available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department. If the supervisor is actively engaged in the pursuit, then an alternate supervisor of the same rank or higher should manage to pursue while not being engaged in it.
The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor, will be responsible for:

(a) Immediately notifying involved officers and the dispatcher of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit. This is to ensure that the pursuit is conducted within established department guidelines.

(b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.

(c) Exercising management and control of the pursuit even if not engaged in it.
Vehicle Pursuits

(d) Ensuring that no more than the required law enforcement vehicles are involved in the pursuit under the guidelines set forth in this policy.

(e) Ensuring that assistance from air support, canines or additional resources is requested, if available and appropriate.

(g) Ensuring that the proper radio channel is being used.

(h) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this department.

(i) Controlling and managing Durango Police Department officers when a pursuit enters another jurisdiction.

314.6.1 SHIFT SUPERVISOR RESPONSIBILITIES
Upon becoming aware that a pursuit has been initiated, the Shift Supervisor should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Shift Supervisor has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command. As soon as reasonable, the Shift Supervisor will notify command staff.

314.7 THE COMMUNICATIONS CENTER
If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved officers should, whenever available, switch radio communications to a tactical or emergency channel most accessible by participating agencies.

314.8 LOSS OF PURSUED VEHICLE
When the pursued vehicle is lost, the involved officers should broadcast pertinent information to assist other officers in locating the vehicle. The primary pursuing officer or supervisor will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

314.9 INTERJURISDICTIONAL CONSIDERATIONS
When a pursuit enters another agency's jurisdiction, the primary pursuing officer or supervisor, taking into consideration the distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit.

Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary pursuing officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether the jurisdiction is expected to assist.
314.9.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY
Officers will relinquish control of the pursuit when another agency has assumed the pursuit, unless the continued assistance of the Durango Police Department is requested by the agency assuming the pursuit. Upon relinquishing control of the pursuit, the involved officers may proceed, with supervisory approval, to the termination point of the pursuit to assist in the investigation. The supervisor should coordinate such assistance with the assuming agency and obtain any information that is necessary for any reports.

The roles and responsibilities of officers at the termination point of a pursuit initiated by this department shall be coordinated with appropriate consideration of the needs of the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local law enforcement agencies, a request for another agency’s assistance will mean that its personnel will assume responsibility for the pursuit. For the same reasons, when a pursuit leaves another jurisdiction and a request for assistance is made to this department, the other agency should relinquish control.

314.9.2 PURSUIT EXTENDING INTO THIS JURISDICTION
The agency that initiates a pursuit shall be responsible for conducting the pursuit. Officers from this department should not join a pursuit unless specifically requested to do so by the pursuing agency and only with approval from a supervisor. Supervisor approval shall only be granted if the criteria from the pursuing agency meets the criteria needed to satisfy this policy. A supervisor from this agency, after considering all the factors, may decline to assist in or assume the other agency’s pursuit. This does not preclude the supervisor or other officers from attempting intervention tactics to stop, reroute, or provide a protective corridor for the pursuit through the City.

In the event that the termination point of a pursuit from another agency is within this jurisdiction, officers shall provide appropriate assistance including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance required or needed.

314.9.3 OTHER CONSIDERATIONS
Assistance to an outside pursuing agency by officers from this department shall be provided in accordance with any agreements or memorandums of understanding in place that address vehicle pursuit assistance.

314.10 PURSUIT INTERVENTION
Pursuit intervention is an attempt to stop the suspect’s ability to continue to flee in a vehicle through tactical application of technology, tire deflation devices, blocking or vehicle intercept, boxing-in, the PIT, ramming or roadblock procedures.

314.10.1 WHEN USE IS AUTHORIZED
Whenever practicable, an officer shall seek approval from a supervisor before employing any intervention to stop the pursued vehicle. In deciding whether to use intervention tactics, officers/
supervisors should balance the risk of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With this in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances apparent to the officer at the time of the decision.

314.10.2 USE OF FIREARMS
The use of firearms to disable a pursued vehicle is not an effective tactic and involves all the dangers associated with discharging firearms. Officers shall not utilize firearms during an ongoing pursuit unless the conditions and circumstances meet the requirements authorizing the use of deadly force. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon (see Deadly Force Applications in the Use of Force policy).

314.10.3 INTERVENTION STANDARDS
Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and are subject to policies guiding such use. Officers shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

(a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to the public’s safety, and when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved, this intervention tactic should only be employed by properly trained officers and after giving consideration to the following:

1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risk of injury or death to occupants of the suspect vehicle, officers or others.
2. All other reasonable intervention tactics have failed or reasonably appear ineffective.
3. Employing the blocking or vehicle intercept maneuver does not unreasonably increase the risk of danger to those involved or the public.
4. The suspect vehicle is stopped or traveling at a low speed.
5. Only law enforcement vehicles should be used in this tactic.

(b) The PIT is limited to use by properly trained officers with the approval of a supervisor and upon assessment of the circumstances and conditions presented at the time, including the potential for risk of injury to officers, the public and occupants of the pursued vehicle.

(c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer’s disposal have been exhausted or would not be effective, and immediate control is necessary. Ramming should be reserved for situations where there does not appear to be another reasonable alternative method. If there does not reasonably
Vehicle Pursuits

appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized. When ramming is used as a means to stop a fleeing vehicle, the following factors should be present:

1. The suspect is an actual or suspected felon, who reasonably appears to represent a serious threat to the public if not apprehended.
2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner or using the vehicle as a weapon.

(d) Boxing-in a suspect vehicle should only be attempted upon approval by a supervisor. The use of such a tactic must be carefully coordinated with all involved vehicles, taking into consideration the circumstances and conditions apparent at the time, as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle. Officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.

(e) Tire deflation devices should be deployed only after notification of pursuing officers and the supervisor of the intent and location of the intended deployment. Supervisors should give approval before officers use tire deflation devices, if time allows. Tire deflation devices will only be used in a manner that:

(a) Should reasonably only affect the pursued vehicle.
(b) Provides the deploying officer adequate cover and escape from intentional or unintentional exposure to the approaching vehicle.
(c) Takes into account the limitations of such devices as well as the potential risk to officers, the public and occupants of the pursued vehicle.
(d) Takes into account whether the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials or a school bus transporting children.
(e) Takes into account that the officers deploying the tire deflation devices has had formal training on their proper use.

(f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor. If roadblocks are deployed, it should only be done under extraordinary conditions when all other reasonable intervention tactics have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, officers or the public.

314.11 CAPTURE OF SUSPECTS
Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.
Vehicle Pursuits

Unless relieved by a supervisor, the primary pursuing officer should coordinate efforts to apprehend the suspect following the pursuit. Officers should consider the safety of the public and the involved officers when formulating plans for setting up perimeters or for containing and capturing the suspect.

314.12 REPORTING REQUIREMENTS
All appropriate reports shall be completed to comply with appropriate laws and policies or procedures.

(a) The primary pursuing officer shall complete appropriate crime/arrest reports.
(b) The primary pursuing officer or supervisor shall complete the appropriate pursuit report.
(c) After first obtaining the available information, the involved, or if unavailable, on-duty field supervisor shall promptly complete a supervisor's log or interoffice memorandum, briefly summarizing the pursuit to the Police Chief or the authorized designee. This log or memorandum should include, at a minimum:
   1. Date and time of the pursuit.
   2. Initial reason and circumstances surrounding the pursuit.
   3. Length of pursuit in distance and time, including the starting and termination points.
   4. Involved vehicles and officers.
   5. Alleged offenses.
   6. Whether a suspect was apprehended, as well as the means and methods used.
      (a) Any use of force shall be reported and documented in compliance with the Use of Force Policy.
   7. Arrestee information, if applicable.
   8. Any injuries and/or medical treatment.
   9. Any property or equipment damage.
  10. Name of supervisor at the scene or who handled the incident.
  11. A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

(d) After receiving copies of reports, logs and other pertinent information, the Police Chief or the authorized designee shall conduct or assign the completion of a post-pursuit review, as appropriate.
(e) Annually, the Police Chief or the authorized designee should direct a documented review and analysis of department vehicle pursuits to minimally include policy suitability, policy compliance and training needs.
Vehicle Pursuits

**314.13 REGULAR AND PERIODIC PURSUIT TRAINING**
In addition to initial and supplementary training on pursuits, all officers will participate, no less than annually, in regular and periodic training addressing this policy and the importance of vehicle safety and protecting the public. Training will include recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others.

**314.14 POLICY REVIEW**
Officers of this department shall certify in writing that they have received, read and understand this policy initially, upon any amendments and whenever training on the policy is provided.
Officer Response to Calls

316.1 PURPOSE AND SCOPE
This policy provides for the safe and appropriate response to all emergency and non-emergency situations.

316.2 RESPONSE TO CALLS
Officers responding to any call shall proceed with due regard for the safety of all persons and property.

Officers not responding to a call as an emergency response shall observe all traffic laws and proceed without the use of emergency lights and siren.

Officers responding to a call as an emergency response shall continuously operate emergency lighting equipment and shall sound the siren as reasonably necessary (CRS § 42-4-108(3) and CRS § 42-4-213).

Officers responding to a call as an emergency response shall notify dispatch of their starting location and their use of emergency lights and siren. Officers in close proximity to the incident location, and supervisors, are not required to notify dispatch of their location or the use of emergency equipment.

Responding with emergency lights and siren does not relieve an officer of the duty to drive with due regard for the safety of all persons and property and does not protect the officer from the consequences of reckless disregard for the safety of others (CRS § 42-4-108(4)).

The use of any other warning equipment without emergency lights and siren does not generally provide an exemption from the vehicle laws (CRS § 42-4-108(3)).

Officers should only respond to a call as an emergency response when so dispatched or when responding to circumstances the officer reasonably believes involves the potential for immediate danger to persons or property, or where the potential for a use of force exists. Examples of such circumstances may include:

- An officer who requires urgent assistance.
- A burglary in process that appears to involve a threat to any person’s safety.
- A robbery in progress.
- A person brandishing a weapon.
- An apparent homicide.
- A suicide in progress.
- A fight, riot or other large disturbance involving possible injuries.
- An assault or other violence in progress.

Officer Response to Calls

- A domestic dispute where injury is reasonably believed to be imminent, or has just occurred and the suspect is present.
- A kidnapping in progress.
- A traffic collision or other event involving a serious injury or the possibility of injury that may reasonably require immediate medical aid.

316.3 REQUESTING EMERGENCY ASSISTANCE
Officers may request emergency assistance when they reasonably believe that there is an imminent threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

Where a situation has stabilized and emergency response is not required, the requesting officer shall promptly notify the Communications Center.

316.3.1 NUMBER OF UNITS PARTICIPATING
Normally, only those units reasonably necessary should respond to a call with an emergency response. The Shift Supervisor or the field supervisor should monitor all emergency responses and reduce or enhance the response as warranted.

316.4 INITIATING EMERGENCY CALL RESPONSE
If an officer believes an emergency response to any call is appropriate, the officer shall immediately notify the Communications Center. An emergency response of more than one unit should initiate notification of and coordination by the Communications Center to avoid any unanticipated intersecting of response routes.

An emergency response of more than one unit should initiate notification by the Communications Center to the Shift Supervisor. The Shift Supervisor will make a determination regarding the appropriateness of the response and reduce or enhance the response as warranted.

316.5 RESPONSIBILITIES OF THE RESPONDING OFFICER
Officers shall exercise sound judgment and care with due regard for life and property when responding to a call with an emergency response. During a call involving an emergency response officers may (CRS § 42-4-108(2)):

(a) Disregard regulations governing parking or standing when using a warning lamp.
(b) Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation.
Officer Response to Calls

(c) Exceed any speed limits provided this does not endanger life or property.
(d) Disregard regulations governing direction of movement or turning in specified directions.

The decision to continue as an emergency response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify the Communications Center. An officer shall also discontinue an emergency response when directed by a supervisor or as otherwise appropriate.

Upon determining that an emergency response is appropriate, an officer shall immediately give the location from which he/she is responding.

The first officer arriving at an emergency response scene should determine whether to increase or reduce the level of the response and notify the Communications Center of their determination. Any subsequent change in the appropriate response level should be communicated to the Communications Center by the officer in charge of the scene unless a supervisor assumes this responsibility.

316.5.1 EMERGENCY RESPONSE SPECIAL CONDITIONS
While performing certain emergency response tasks, the use of emergency lights or sirens may increase the danger to the responding officers or the public. In the following circumstances, officers may consider the appropriateness of an emergency response without siren, emergency lights or both:

(a) An officer is attempting to confirm his/her suspicion that a driver has violated the traffic code and there is no other reasonable suspicion or probable cause to stop the driver (CRS § 42-4-108(3)).
(b) An emergency response requires an element of stealth that would be defeated by the use of emergency lighting or siren. This response should use a siren and emergency lights until a stealth response without lights and siren is required, and the response should then continue accordingly.

Any emergency response without the use of emergency lights and siren shall be conducted with due regard for the safety of the public and property and the recognition that such a response may not provide an exemption from the vehicle laws (CRS § 42-4-108(3)).

Any emergency response without the use of lights or siren shall cease if the circumstances no longer warrant such a response.

316.6 COMMUNICATIONS RESPONSIBILITIES
A dispatcher shall ensure acknowledgment and response of assisting units when an officer requests emergency assistance or when the available information reasonably indicates that the public is threatened with serious injury or death and an immediate law enforcement response
Officer Response to Calls

is needed. In all other circumstances, the dispatcher shall obtain authorization from the Shift Supervisor prior to assigning an emergency response. The dispatcher shall:

(a) Attempt to assign the closest available unit to the location requiring assistance.
(b) Immediately notify the Shift Supervisor.
(c) Confirm the location from which the unit is responding.
(d) Notify and coordinate outside emergency services (e.g., fire and ambulance).
(e) Continue to obtain and broadcast information as necessary concerning the response, and monitor the situation until it is stabilized or terminated.
(f) Control all radio communication during the emergency and coordinate assistance under the direction of the Shift Supervisor.

316.7 SUPERVISORY RESPONSIBILITIES

Upon being notified that an emergency response has been initiated, the Shift Supervisor or the field supervisor shall verify the following:

(a) The proper response has been initiated.
(b) No more than those units reasonably necessary under the circumstances are involved in the response.
(c) Affected outside jurisdictions are being notified as practicable.

The field supervisor shall, whenever practicable, monitor the response until it has been stabilized or terminated, and assert control by directing units into or out of the response if necessary. If, in the supervisor’s judgment, the circumstances require additional units to be assigned an emergency response, the supervisor may do so.

It is the supervisor’s responsibility to terminate an emergency response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to authorize an emergency response, the Shift Supervisor or the field supervisor should consider the following:

- The type of call or crime involved
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

It is unquestioned that the presence of a supervisor in emergency circumstances can assist officer response with the calm and professional resolution of the incident. As such, supervisors shall, when available, respond to all urgent calls. Urgent calls include, but are not limited to, the events listed in this policy subsection 316.2, including anytime a weapon of any type is reportedly involved, when a person is experiencing a mental health crisis, or when a dispatcher or other member of the department believes there is a potential for any use of force.
Officer Response to Calls

316.8 FAILURE OF EMERGENCY EQUIPMENT
If the emergency equipment on the vehicle should fail to operate, the officer must terminate the emergency response and continue accordingly.

The officer shall notify the Shift Supervisor, field supervisor or the Communications Center of the equipment failure so that another unit may be assigned to the emergency response.
Canines

318.1 PURPOSE AND SCOPE
This policy establishes guidelines for the use of canines to augment law enforcement services in the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

318.2 POLICY
It is the policy of the Durango Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

318.3 ASSIGNMENT
Canine teams should be assigned to assist and supplement the Operations Bureau to function primarily in assist or cover assignments. However, they may be assigned by the Shift Supervisor to other functions, such as routine calls for service, based on the current operational needs.

When staffing allows canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time. If such assignment is necessary, it should only be made with the approval of the Shift Supervisor.

318.4 CANINE COORDINATOR
The canine coordinator shall be appointed by and directly responsible to the Operations Bureau Commander or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

(a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.

(b) Maintaining a liaison with the vendor kennel.

(c) Maintaining a liaison with command staff and functional supervisors.

(d) Maintaining a liaison with other agency canine coordinators.

(e) Maintaining accurate records to document canine activities.

(f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.

1. Department vehicles assigned to canine handlers may display specific markings that identify them as canine vehicles.

(g) Scheduling all canine-related activities.

(h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.
Canines

318.5 REQUESTS FOR CANINE TEAMS
Operations Bureau members are encouraged to request the use of a canine. Requests for a canine team from department units outside of the Operations Bureau shall be reviewed by the Shift Supervisor.

318.5.1 OUTSIDE AGENCY REQUEST
All requests for canine assistance from outside agencies must be approved by the Shift Supervisor and are subject to the following:

(a) Canine teams shall not be used for any assignment that is not consistent with this policy.
(b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
(c) Calling out off-duty canine teams must be approved by the on-duty shift supervisor.
(d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
(e) It shall be the responsibility of the canine handler to complete all necessary reports, or as directed.

318.5.2 PUBLIC DEMONSTRATION
All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

318.6 APPREHENSION GUIDELINES
A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

(a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer, or the handler.
(b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
(c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.
Canines

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Shift Supervisor. Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

318.6.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

(a) The nature and seriousness of the suspected offense.
(b) Whether violence or weapons were used or are anticipated.
(c) The degree of resistance or threatened resistance, if any, the suspect has shown.
(d) The suspect’s known or perceived age.
(e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
(f) Any potential danger to the public and/or other officers at the scene if the canine is released.
(g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler’s responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
Canines

318.6.2 WARNINGS AND ANNOUNCEMENTS
Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

318.6.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES
Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual’s injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

Law enforcement canines are generally exempt from impoundment and reporting requirements (CRS § 18-9-204.5).

318.7 NON-APPREHENSION GUIDELINES
Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine’s suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

(a) Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
Canines

(b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

(c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.

(d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

318.7.1 ARTICLE DETECTION
A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

318.7.2 NARCOTICS DETECTION
A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

(a) The search of vehicles, buildings, bags, and other articles.
(b) Assisting in the search for narcotics during a search warrant service.
(c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

318.7.3 BOMB/EXPLOSIVE DETECTION
Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

(a) Assisting in the search of a building, structure, area, vehicle, or article where an actual or suspected explosive device has been reported or located.
(b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
(c) Preventive searches at special events, VIP visits, official buildings, and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
(d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.
Canines

318.8 HANDLER SELECTION
The minimum qualifications for the assignment of canine handler include:

(a) An officer who is recommended by a direct supervisor and receives approval from the Police Chief or designee.

(b) Must reside within an area that would allow for a reasonable response time as determined by the Police Chief or his designee.

(c) Must be able to provide a secure and appropriate environment for the health and safety of the canine.

(d) Must be able to adequately secure the canine within a locked fence or dog-run as determined by the Police Chief or his designee.

(e) Must have a designated parking area on the same premises where the canine officer resides where the canine vehicle and it's contents can be stored and locked.

(f) Agreeing to be assigned to the position for a minimum of three years.

318.9 HANDLER RESPONSIBILITIES
The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection, and living conditions.

The canine handler will be responsible for the following:

(a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.

(b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.

(c) When not in service, the handler shall maintain the canine vehicle in a secure location, away from public view.

(d) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Durango Police Department facility.

(e) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.

(f) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.

(g) When off-duty, the canine shall be in a kennel provided by the City at the home of the handler. When a canine is kenneled at the handler’s home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.

(h) The canine should be permitted to socialize in the home with the handler’s family for short periods of time and under the direct supervision of the handler.
Canines

(i) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Bureau Commander.

(j) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Shift Supervisor.

(k) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.

318.9.1 CANINE IN PUBLIC AREAS
The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

(a) A canine shall not be left unattended in any area to which the public may have access.

(b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

318.10 HANDLER COMPENSATION
The canine handler shall be available for call-out under conditions specified by the canine coordinator.

The canine handler shall be compensated for time spent in the care, feeding, grooming, and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the memorandum of understanding (29 USC § 207).

318.11 CANINE INJURY AND MEDICAL CARE
In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Shift Supervisor as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler's personnel file.

318.12 TRAINING
Before assignment in the field, each canine team shall be trained and certified to meet current nationally recognized standards or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified to meet current nationally recognized standards or other recognized and approved certification standards established for their particular skills.

The canine coordinator shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines. Because canines may be exposed to dangerous substances such as opioids,
Canines

as resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.

All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or Shift Supervisor.

318.12.1 CONTINUED TRAINING
Each canine team shall thereafter be recertified to a current nationally recognized standard or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

(a) Canine teams should receive training as defined in the current contract with the Durango Police Department canine training provider.

(b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.

(c) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is not reviewed and approved by the Department.

318.12.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING
Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

318.12.3 TRAINING RECORDS
All canine training records shall be maintained in the canine handler’s and the canine’s training file.

318.12.4 TRAINING AIDS
Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using, or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the Durango Police Department may work with outside trainers with the applicable licenses or permits.

318.12.5 CONTROLLED SUBSTANCE TRAINING AIDS
Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws and comply with applicable state requirements (21 USC § 823(f); CRS § 27-80-209).

The Police Chief or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Durango Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Police Chief or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).
Canines

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

318.12.6 CONTROLLED SUBSTANCE PROCEDURES
Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine’s accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

(a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.

(b) The weight and test results shall be recorded and maintained by this department.

(c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.

(d) All controlled substance training samples will be inspected, weighed, and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator with a copy forwarded to the dispensing agency.

(e) All controlled substance training samples will be stored in locked, airtight, and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler’s assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.

(f) The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.

(g) Any unusable controlled substance training samples shall be returned to the Property Unit or to the dispensing agency.

All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

318.12.7 EXPLOSIVE TRAINING AIDS
Officers may possess, transport, store, or use explosives or destructive devices in compliance with state and federal laws (18 USC § 842; 27 CFR 555.41; 7 CCR 1101-9:1-4).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

(a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.

(b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.

(c) The canine coordinator shall be responsible for verifying the explosive training aids on hand against the inventory ledger once each quarter.
Canines

(d) Only members of the canine team shall have access to the explosive training aids storage facility.

(e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.

(f) Any lost or damaged explosive training aids shall be promptly reported to the canine coordinator, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).
Domestic Violence

320.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

320.1.1 DEFINITIONS
Definitions related to this policy include:

Court order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

320.2 POLICY
The Durango Police Department’s response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims’ and offenders’ access to appropriate civil remedies and community resources whenever feasible.

320.3 OFFICER SAFETY
The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

320.4 INVESTIGATIONS
The following guidelines should be followed by officers when investigating domestic violence cases:

(a) Calls of reported, threatened, imminent, or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.

(b) When practicable, officers should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.

(c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.

(d) When practicable and legally permitted, video or audio record all significant statements and observations.
Domestic Violence

(e) All injuries should be photographed, regardless of severity, taking care to preserve the victim’s personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Detective Unit in the event that the injuries later become visible.

(f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.

(g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.

(h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.

(i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.

(j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:

1. Whether the suspect lives on the premises with the victim.
2. Claims by the suspect that the victim provoked or perpetuated the violence.
3. The potential financial or child custody consequences of arrest.
4. The physical or emotional state of either party.
5. Use of drugs or alcohol by either party.
6. Denial that the abuse occurred where evidence indicates otherwise.
7. A request by the victim not to arrest the suspect.
8. Location of the incident (public/private).
9. Speculation that the complainant may not follow through with the prosecution.
10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
11. The social status, community status, or professional position of the victim or suspect.

320.4.1 IF A SUSPECT IS ARRESTED
If a suspect is arrested, officers should:

(a) Advise the victim that there is no guarantee the suspect will remain in custody.
Domestic Violence

(b) Provide the victim’s contact information to the jail staff to enable notification of the victim upon the suspect’s release from jail.

(c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

320.4.2 IF NO ARREST IS MADE
If no arrest is made, the officer should:

(a) Advise the parties of any options, including but not limited to:

1. Voluntary separation of the parties.
2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).

(b) Document the resolution in a report.

320.5 VICTIM ASSISTANCE
Victims may be traumatized or confused. Officers should:

(a) Recognize that a victim’s behavior and actions may be affected.

(b) Provide the victim with the department’s domestic violence information handout, even if the incident may not rise to the level of a crime.

(c) Alert the victim to any available victim advocates, shelters and community resources.

(d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.

(e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.

(f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.

(g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.

(h) Seek or assist the victim in obtaining an emergency order if appropriate.

320.6 DISPATCH ASSISTANCE
All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

 Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.
Domestic Violence

320.7 FOREIGN COURT ORDERS
Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

320.8 VERIFICATION OF COURT ORDERS
Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

(a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.

(b) Check available records or databases that may show the status or conditions of the order.

(c) Contact the issuing court to verify the validity of the order.

(d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

320.8.1 VERIFICATION OF TRIBAL PROTECTION ORDERS
If any party to a domestic dispute is a member of a tribe or consider themselves a Native American person, officers should ask whether there are any protection orders from a tribal court.

Officers should take reasonable steps to verify the protection order, including calling the relevant tribe’s dispatch line, and not rely solely on National Crime Information Center or other databases.

320.9 LEGAL MANDATES AND RELEVANT LAWS
Colorado law provides for the following:

320.9.1 STANDARDS FOR ARRESTS
Officers investigating a domestic violence report should consider the following:

(a) If an officer has probable cause to believe an offender has committed an offense of domestic violence, an arrest shall be made (CRS § 18-6-803.6).

(b) An officer is not required to arrest both parties involved in an alleged act of domestic violence when both claim to have been victims of such domestic violence (CRS § 18-6-803.6). If an officer receives complaints of domestic violence from two or more
opposing persons, the officer shall evaluate each complaint separately to determine
if a crime has been committed by one or more persons.

(c) In determining whether a crime has been committed by one or more persons, the
officer shall consider the following (CRS § 18-6-803.6):

1. Any prior complaints of domestic violence.

2. The relative severity of the injuries inflicted on each person.

3. The likelihood of future injury to each person.

4. The possibility that one of the persons acted in self-defense.

(d) Unless impractical, if probable cause exists to believe an offender has violated a court
order and that such offender had notice of the court order, an arrest shall be made
(CRS § 18-6-803.5). If the circumstances make arrest impractical, the officer shall
seek a warrant of arrest for the offender (CRS § 18-6-803.5).

(e) If a restrained person is arrested for violating or attempting to violate any provision
of a court order, the arresting officer shall make all reasonable efforts to contact the
protected party to notify him/her of such arrest (CRS § 18-6-803.5).

320.9.2 REPORTS AND RECORDS
The Records Supervisor will maintain records on the number of domestic violence-related calls
reported to the Durango Police Department and forward such records to the state as required
(CRS § 18-6-803.9).

In the event that an individual is arrested by the Durango Police Department for violating a court
order, the Records Supervisor shall forward to the issuing court a copy of the arrest report, a list
of witnesses to the violation, and, if applicable, a list of any charges filed or requested against the
restrained person. The Records Supervisor shall also ensure that a copy of the same information
is provided to the protected party. The agency shall delete the address and telephone number
of a witness from the list sent to the court upon request of such witness, and such address and
telephone number shall not thereafter be made available to any person, except law enforcement
officials and the prosecuting agency, without order of the court (CRS § 18-6-803.5).

If a restrained person is on bond in connection with a violation or attempted violation of a protection
order in this or any other state and is subsequently arrested by the Durango Police Department
for violating or attempting to violate a protection order, the Records Supervisor shall notify the
prosecuting attorney so that a motion may be filed with the court that issued the prior bond for the
revocation of the bond and for the issuance of a warrant, if appropriate (CRS § 18-6-803.5).

320.9.3 SERVICE OF COURT ORDERS
Officers responding to a domestic violence call who encounter a person named in a court order that
has not been otherwise served shall serve the person with a copy of the order (CRS § 13-14-107).
Search and Seizure

322.1  PURPOSE AND SCOPE
Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Durango Police Department personnel to consider when dealing with search and seizure issues.

322.2  POLICY
It is the policy of the Durango Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

322.3  SEARCHES
The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.
322.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

(a) Members of this department will strive to conduct searches with dignity and courtesy.

(b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.

(c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.

(d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.

(e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:

1. Another officer or a supervisor should witness the search.

2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

322.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and Department policy have been met.
PRISONER TRANSPORT

323.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for transporting persons in the custody of officers of the Durango Police Department. While involved in the transportation of prisoners, officers are required to follow the policy articulated in the Handcuffing and Restraints Policy.

323.2 GENERAL PROCEDURES
Transporting prisoners is a potentially dangerous function. Therefore, it is the policy of the Durango Police Department to take the precautions necessary while transporting prisoners to protect the lives and safety of officers, the public and the person in custody. Prisoners should be transported in vehicles equipped for that purpose. This equipment includes security screen partitions which separate the front and rear seats of patrol vehicles or sections of a transport van. Prisoners may be transported in other department vehicles if circumstances dictate, and with the approval of a supervisor.

Prior to transportation, prisoners will be restrained in seat belts, if available.

The number of prisoners being transported shall be limited to available seats in that vehicle. For example, in a standard patrol vehicle, no more than two prisoners will be transported in the back seat at one time.

All prisoners, before being transported, shall be searched for weapons and devices that may be used to effect an escape.

When the in-car video is activated officers should ensure that the vehicle stereo equipment is turned down to a level that will not interfere with the camera system's audio recording.

After transportation is complete, the back seat area shall be searched.

323.3 TRANSPORTATION OF PRISONERS BY OFFICERS OF THE OPPOSITE SEX
When available and practical, prisoners should be transported by an officer of the same sex. When not available or practical, upon beginning the transport of a prisoner of the opposite sex, the transporting officer shall contact the Communications Center by radio and request that the time and odometer mileage be logged. Officers shall drive directly to the destination by using the shortest practical route. Upon arrival at the destination, officers shall contact the Communications Center by radio and request that the time and the odometer reading be logged.

323.4 TRANSPORTING JUVENILES
If a minor commits a crime or criminal traffic offense and transportation of the offender is necessary, the minor shall not be placed in a patrol car or prisoner transport van which contains an adult under arrest unless it is necessary to ensure the safety of the juvenile, the officer or the public. As soon as possible, the juvenile prisoner shall be transferred to a Durango Police Department vehicle that does not contain an adult prisoner.
PRISONER TRANSPORT

Upon beginning the transport of a juvenile prisoner, the transporting officer shall contact the Communications Center by radio and request that the time and odometer mileage be logged.

Officers shall drive directly to the destination by using the shortest practical route.

Upon arrival at the destination, officers shall contact the Communications Center by radio and request that the time and the odometer reading be logged.

323.5 RESTRICTIONS

Male and female prisoners shall not be transported together in the back seat of a patrol vehicle unless it is necessary to ensure the immediate safety of the prisoner, the officer or the public. Male and female prisoners may be transported in the same vehicle; however, they must be separated by a security screen partition.

A single officer shall not transport an adult prisoner in a vehicle without a security screen partition. This restriction does not apply to the transportation of one or more juveniles. The officer must, based upon age, size, and attitude of the offender(s), determine whether more than one (1) juvenile can be safely and securely transported in a vehicle without a security screen partition.

While transporting prisoners, officers shall not engage in unrelated enforcement activity unless failure to act would risk death or serious bodily injury to themselves or another.

323.6 EXCEPTIONS

This policy may be bypassed with the approval of a supervisor, on a limited and temporary basis with written documentation.
Temporary Custody of Juveniles

324.1 PURPOSE AND SCOPE
This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Durango Police Department (34 USC § 11133).

324.1.1 DEFINITIONS
Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for the juvenile’s own safety or welfare. Juvenile non-offenders include a juvenile taken into protective custody for being under the influence or incapacitated by substances and clearly dangerous to the health and safety of the juvenile under CRS § 27-81-111, and any runaway taken into temporary custody under CRS § 19-3-401. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for the juvenile’s protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

Juvenile offender - A juvenile under 18 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (CRS § 19-1-103(21); CRS § 19-1-103(88)). Juvenile offenders include juveniles taken into custody for possession of a handgun under CRS § 18-12-108.5 (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication, is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Safety checks - Direct visual observation by a member of this department performed at random intervals, within time frames prescribed in this policy, to provide for the health and welfare of juveniles in temporary custody.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

(a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.

(b) A juvenile handcuffed to a rail.

(c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
Temporary Custody of Juveniles

(d) A juvenile being processed in a secure booking area when an unsecure booking area is available.

(e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.

(f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.

(g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

324.2 POLICY

The Durango Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Durango Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

324.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit certain behaviors or conditions should not be held at the Durango Police Department. These include:

(a) Unconsciousness or having been unconscious while being taken into custody or transported.

(b) Serious injuries or a medical condition requiring immediate medical attention.

(c) A suspected suicide risk or showing obvious signs of severe emotional or mental disturbance (see the Civil Commitments Policy).

1. If the officer taking custody of a juvenile believes that he/she may be a suicide risk, the officer shall ensure continuous direct supervision until evaluation, release or transfer to an appropriate facility is completed.

(d) Significant intoxication or showing signs of having ingested any substance that poses a significant risk to their health, whether or not they appear intoxicated.

(e) Extremely violent or continuously violent behavior.

(f) Afflicted with, or displaying symptoms of, a communicable disease that poses an unreasonable exposure risk.
Temporary Custody of Juveniles

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Durango Police Department unless they have been evaluated by a qualified medical and/or mental health professional.

324.4 CUSTODY OF JUVENILES
Officers should take custody of a juvenile and temporarily hold the juvenile at the Durango Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile who is suspected of being a victim.

No juvenile should be held in temporary custody at the Durango Police Department without authorization of the arresting officer's supervisor or the Shift Supervisor. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile’s parent, legal guardian, or other responsible adult, or transferred to a juvenile custody facility or to other authority as soon as practicable. In no event shall a juvenile be held beyond six hours from the time of his/her entry into the Durango Police Department (34 USC § 11133).

324.4.1 CUSTODY OF JUVENILE NON-OFFENDERS
Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Durango Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (34 USC § 11133).

324.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS
Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

324.4.3 CUSTODY OF JUVENILE OFFENDERS
Juvenile offenders should be held in non-secure custody while at the Durango Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

324.4.4 REQUIREMENTS FOR CUSTODY OF JUVENILE OFFENDERS
A juvenile offender may be taken into temporary custody (CRS § 19-2.5-209):

(a) When there are reasonable grounds to believe that the juvenile has committed a violation of a statute, ordinance, or court order that would subject an adult to an arrest.
Temporary Custody of Juveniles

(b) Pursuant to a lawful warrant issued by a court pursuant to CRS § 19-2.5-204.

A juvenile offender shall not be held longer than is reasonably necessary to obtain basic identification information and to contact the juvenile’s parents, guardian, or legal custodian (CRS § 19-2.5-303).

The juvenile shall be released to the care of the juvenile’s parents or other responsible adult unless a determination is made in accordance with CRS § 19-2.5-303 that the juvenile poses a substantial risk of flight from prosecution or of serious harm to others.

If the juvenile is not released to the care of the juvenile’s parents or other responsible adult, the juvenile shall be taken directly to the court, a detention facility, or shelter designated by the court, or a preadjudication service program without unnecessary delay (CRS § 19-2.5-303).

As an alternative to taking a juvenile offender to a detention facility or shelter, an officer may, if authorized by policy of the court, serve a written promise to appear for juvenile proceedings upon the juvenile and the juvenile’s parent, guardian, or legal custodian (CRS § 19-2.5-303).

When a juvenile is not released pending charges, the officer shall:

• Notify the screening team for the judicial district in which the juvenile was taken into custody (CRS § 19-2.5-303).

• Promptly provide to the court and to defense counsel the affidavit supporting probable cause for the arrest and a copy of the arrest report if available (CRS § 19-2.5-305).

324.4.5 PETTY OFFENSE TICKETS
Offenders 10 years of age or older who have committed an offense that would be a petty offense or municipal ordinance violation if committed by an adult may be issued a petty offense ticket. The Durango Police Department shall maintain annual data on the petty offense tickets issued, including the age, ethnicity, and gender of each juvenile ticketed and the disposition of each ticket (CRS § 19-2.5-208).

324.5 ADVISEMENTS
The screening team for the judicial district generally notifies the juvenile’s parent, guardian, or legal custodian that, if the juvenile is placed in detention or a temporary holding facility, all parties have a right to a prompt hearing to determine whether the juvenile is to be further detained. The notification may be made to a person with whom the juvenile is residing if a parent, guardian, or legal custodian cannot be located. If the screening team is unable to make the notification, officers may make it (CRS § 19-2.5-303).

324.5.1 REPORTING
The Records Supervisor shall ensure incidents that result in a citation, summons, arrest or custody of a juvenile that occurs on public school grounds or vehicles, or at school activities or events are reported to the Division of Criminal Justice (DCJ) as required by CRS § 22-32-146. The reports shall be in the format provided by DCJ and include:

(a) The juvenile’s full name, date of birth, race, ethnicity and gender.
Temporary Custody of Juveniles

(b) The name of the school where the incident occurred or the name of the school that either operated the vehicle or held the activity or event.

(c) The date the juvenile was arrested, taken into custody or issued a summons or ticket.

(d) The arrest or incident report number assigned by the Durango Police Department.

(e) The most serious offense for which the juvenile was arrested, issued a summons or ticket, based on the National Crime Information Center (NCIC) crime code.

(f) The type of weapon involved, if any, for offenses classified under the NCIC incident-based reporting system as group A offenses.

(g) The originating reporting identifier of the Durango Police Department.

324.6 JUVENILE CUSTODY LOGS
Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile custody log, including:

(a) Identifying information about the juvenile.
(b) Date and time of arrival and release from the Durango Police Department.
(c) Shift Supervisor notification and approval to temporarily hold the juvenile.
(d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender, or non-offender.
(e) Any changes in status (e.g., emergency situations, unusual incidents).
(f) Time of all welfare checks.
(g) Any medical and other screening requested and completed.
(h) Circumstances that justify any secure custody.
(i) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

The Shift Supervisor shall initial the log to approve the custody, including any secure custody, and shall also initial the log when the juvenile is released.

324.7 NO-CONTACT REQUIREMENTS
Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Durango Police Department shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.
Temporary Custody of Juveniles

324.8 TEMPORARY CUSTODY REQUIREMENTS
Members and supervisors assigned to monitor or process any juvenile at the Durango Police Department shall ensure the following:

(a) The Shift Supervisor is notified if it is anticipated that a juvenile may need to remain at the Durango Police Department more than four hours. This will enable the Shift Supervisor to ensure no juvenile is held at the Durango Police Department more than six hours.

(b) Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.
   1. There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware.
   2. This does not apply to surreptitious and legally obtained recorded interrogations.

(c) A member of the same sex will supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.

(d) Personal visual checks and significant incidents/activities are noted on the log.

(e) There is reasonable access to toilets and wash basins.

(f) Food is provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile.

(g) There is reasonable access to a drinking fountain or water.

(h) There are reasonable opportunities to stand and stretch, particularly if handcuffed or otherwise restrained.

(i) There is privacy during family, guardian, and/or attorney visits.

(j) Juveniles are generally permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody.

(k) Clean blankets are provided as reasonably necessary to ensure the comfort of an individual.
   1. The supervisor should ensure that there is an adequate supply of clean blankets.

(l) Adequate shelter, heat, light, and ventilation are provided without compromising security or enabling escape.

(m) Adequate furnishings are available, including suitable chairs or benches.

(n) Juveniles have the right to the same number of telephone calls as an adult in custody (see the Temporary Custody of Adults Policy).

(o) Discipline is not administered to any juvenile, nor will juveniles be subjected to corporal or unusual punishment, humiliation, or mental abuse.

324.9 USE OF RESTRAINT DEVICES
Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Durango Police Department when the juvenile presents
Temporary Custody of Juveniles

a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Shift Supervisor. Restraints shall only be used so long as it reasonably appears necessary for the juvenile’s protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained individuals in custody and monitored in such a way as to protect the juvenile from abuse.

324.9.1 PREGNANT JUVENILES
Juveniles who are known to be pregnant should be restrained in accordance with the Handcuffing and Restraints Policy.

324.10 PERSONAL PROPERTY
The personal property of a juvenile shall be processed in the same manner as an adult in temporary custody (see the Temporary Custody of Adults Policy).

324.11 SECURE CUSTODY
Only juvenile offenders 14 years of age or older may be placed in secure custody. Shift Supervisor approval is required before placing a juvenile offender in secure custody (CRS § 19-2.5-305).

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to the juvenile or others.

Members of this department should not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option.

When practicable, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. A member must be present at all times to ensure the juvenile’s safety while secured to a stationary object.

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter. Supervisor approval should be documented.

324.11.1 LOCKED ENCLOSURES
A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure to ensure there are no weapons or contraband and that the area is clean and sanitary. An inspection should be conducted when he/she is released. Any damage noted to the area should be photographed and documented.

The following requirements shall apply:

(a) Anything that could create a security or suicide risk, such as contraband, hazardous items, belts, shoes or shoelaces, and jackets, shall be removed.

(b) Juveniles shall have constant auditory access to department members.
Temporary Custody of Juveniles

(c) The juvenile’s initial placement into and removal from a locked enclosure shall be logged.

(d) Unscheduled safety checks by department members shall occur no less than every 15 minutes.
   1. All safety checks shall be logged.
   2. The safety check should involve questioning the juvenile as to his/her well-being.
   3. Juveniles who are sleeping or apparently sleeping should be awakened.
   4. Requests or concerns of the juvenile should be logged.

(e) Males and females shall not be placed in the same locked room.

(f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).

(g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

324.12 SUICIDE ATTEMPT, DEATH, OR SERIOUS INJURY OF A JUVENILE
The Operations Bureau Commander will ensure procedures are in place to address the suicide attempt, death, or serious injury of any juvenile held at the Durango Police Department. The procedures should include the following:

(a) Immediate request for emergency medical assistance if appropriate.

(b) Immediate notification of the on-duty supervisor, Shift Supervisor, Police Chief, or the authorized designee and Operations Bureau Commander.

(c) Notification of the parent, guardian, or person standing in loco parentis of the juvenile.

(d) Notification of the appropriate prosecutor.

(e) Notification of the City Attorney.

(f) Notification of the Coroner.

(g) Notification of the juvenile court.

(h) Evidence preservation.

324.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS
No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent, to an interview or interrogation.

In any case where a juvenile is taken into temporary custody, officers should not attempt to interview or interrogate an unemancipated juvenile offender or status offender unless one of the following occurs (CRS § 19-2.5-203):

(a) A public defender or other counsel representing the juvenile is present.

(b) A parent, guardian, or legal or physical custodian of the juvenile is present and the juvenile and the juvenile’s parent, guardian, or legal or physical custodian are advised of the following:
Temporary Custody of Juveniles

1. The juvenile's right to remain silent
2. That any statements made may be used against the juvenile in a court of law
3. The juvenile’s right to the presence of an attorney during the interrogation
4. The juvenile’s right to have counsel appointed if the juvenile so requests at the time of the interrogation

(c) The juvenile and the juvenile's parent, guardian, or legal or physical custodian have been fully advised of the juvenile's right and have expressly waived in writing the requirement that they be present during the juvenile's interrogation.

324.13.1 MANDATORY RECORDINGS OF JUVENILES
Any interrogation of a juvenile who is in custody shall be audio and video recorded in accordance with CRS § 16-3-601 when the interview takes place at any Durango Police Department facility, jail, or other permanent detention facility (CRS § 19-2.5-203).

324.13.2 UNTRUTHFUL COMMUNICATIONS TO JUVENILES
Officers should not knowingly communicate untruthful information or beliefs to a juvenile during a custodial interrogation in order to obtain a statement or admission (CRS § 19-2.5-203).

324.14 RESTRICTION ON FINGERPRINTING
The following juvenile offenders may be fingerprinted:

(a) A juvenile offender held for committing any of the following (CRS § 19-2.5-207):
   1. A felony
   2. A Class 1 misdemeanor
   3. A misdemeanor under CRS § 42-4-1301 (driving under the influence or while impaired)
   4. A crime that includes an act of domestic violence as defined in CRS § 18-6-800.3(1)

(b) A juvenile who has not been fingerprinted prior to the juvenile's first appearance before the court and has been ordered by the court to report for fingerprinting (CRS § 19-2.5-608)

324.15 RELIGIOUS ACCOMMODATION
Juveniles have the right to the same religious accommodation as adults in temporary custody (see the Temporary Custody of Adults Policy).

324.16 VISITATION
Juveniles who are in temporary custody in the facility will be allowed initial visits at any time by the parents, guardians and/or attorneys. Subsequent visits shall be as unrestricted as reasonably practicable.
**Temporary Custody of Juveniles**

**324.17 TRAINING**

Department members should be trained on and familiar with this policy and any supplemental procedures.
Adult Abuse

326.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Durango Police Department members as required by law.

326.1.1 DEFINITIONS
Definitions related to this policy include:

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult’s care, or any other act that would mandate reporting or notification to a human service agency or law enforcement.

326.2 POLICY
The Durango Police Department will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

326.3 MANDATORY NOTIFICATION
Members of the Durango Police Department should notify the county department of human or social services when the member (CRS § 26-3.1-102):

(a) Observes the mistreatment or self-neglect of an at-risk adult.
(b) Has reasonable cause to believe that an at-risk adult has been mistreated or is self-neglecting.
(c) Has reasonable cause to believe that an at-risk adult is in imminent risk of mistreatment or self-neglect.

Cross reporting to social services is mandatory for at-risk adults who have an intellectual and developmental disability or are seventy years of age or older (CRS § 18-6.5-102; CRS § 18-6.5-108).

For purposes of notification, mistreatment includes abuse, neglect, exploitation, or any act by a person with a relationship to the at-risk adult even when it does not rise to the level of abuse, caretaker neglect, or exploitation but causes harm to the health, safety, or welfare of an at-risk adult (CRS § 26-3.1-101).

Notification is not required for someone who was merely present when a qualified person self-administered a prescribed medical aid-in-dying medication (CRS § 25-48-116).

326.3.1 NOTIFICATION PROCEDURE
Notification should occur as follows (CRS § 26-3.1-102; CRS § 18-6.5-108):

(a) Notification should occur as soon as practicable.
(b) Written report should be forwarded within 24 hours.
Adult Abuse

(c) The report should contain the following, if known:
   1. The name, address, and age of the adult victim.
   2. The name and address of the adult’s caretaker, if any.
   3. The nature and extent of any injuries.
   4. The nature and extent of the condition that may reasonably result in abuse.

326.4 QUALIFIED INVESTIGATORS
Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

(a) Conduct interviews in appropriate interview facilities.
(b) Be familiar with forensic interview techniques specific to adult abuse investigations.
(c) Present all cases of alleged adult abuse to the prosecutor for review.
(d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.
(e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.
(f) Participate in or coordinate with multidisciplinary investigative teams as applicable (CRS § 26-3.1-103).

326.5 INVESTIGATIONS AND REPORTING
All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.
(b) Any relevant statements the victim may have made and to whom he/she made the statements.
(c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
(d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
(e) Whether the victim was transported for medical treatment or a medical examination.
(f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
(g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
Adult Abuse

(h) Previous addresses of the victim and suspect.

(i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.

(j) Whether a death involved the Colorado End-of-Life Options Act (CRS § 25-48-119):
   (a) Whether an individual knowingly or intentionally forged or altered a request for medical aid-in-dying medication to end an individual’s life without the individual’s authorization.
   (b) Whether an individual knowingly or intentionally concealed or destroyed a rescission of a request for medical aid-in-dying medication.
   (c) Whether an individual knowingly or intentionally coerced or exerted undue influence on a person with a terminal illness to request medical aid-in-dying medication or to destroy a rescission of a request for such medication.

An ombudsman should be called to the scene if the abuse occurred in a long-term care facility (CRS § 26-11.5-101 et seq.).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

326.6 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact the county department of human or social services. Generally, removal of an adult abuse victim from his/her family, guardian, or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to the county department of human or social services.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control or have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

326.7 INTERVIEWS
Adult Abuse

326.7.1 PRELIMINARY INTERVIEWS
Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

326.7.2 DETAINING VICTIMS FOR INTERVIEWS
An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

(a) Exigent circumstances exist, such as:
   1. A reasonable belief that medical issues of the adult need to be addressed immediately.
   2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
   3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.

(b) A court order or warrant has been issued.

326.8 MEDICAL EXAMINATIONS
When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, his/her guardian, or the agency or entity having legal custody of the adult. The officer should also arrange for the adult’s transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, or agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

326.9 DRUG-ENDANGERED VICTIMS
A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

326.9.1 SUPERVISOR RESPONSIBILITIES
The Detective Unit supervisor should:

(a) Work with professionals from the appropriate agencies, including the county department of human or social services, other law enforcement agencies, medical service providers, and local prosecutors, to develop community-specific procedures
**Adult Abuse**

for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

(b) Activate any available interagency response when an officer notifies the Detective Unit supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives at the scene.

(c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social, and other conditions that may affect the adult.

326.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

(a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.

(b) Notify the Detective Unit supervisor so an interagency response can begin.

326.10 STATE MANDATES AND OTHER RELEVANT LAWS

Colorado requires or permits the following:

326.10.1 RECORDS UNIT RESPONSIBILITIES

The Records Unit is responsible for (CRS § 26-3.1-102; CRS § 18-6.5-108):

(a) Providing a copy of the adult abuse report to social services as required by law.

(b) Retaining the original adult abuse report with the initial case file.

326.10.2 RELEASE OF REPORTS

Information related to incidents of adult abuse or suspected adult abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (CRS § 26-3.1-102).

326.11 TRAINING

The Department shall provide training on best practices in adult abuse investigations to members tasked with investigating these cases (CRS § 24-31-313; CRS § 26-3.1-106). The training should include:

(a) Participating in multidisciplinary investigations, as appropriate.

(b) Conducting interviews.

(c) Availability of therapy services for adults and families.

(d) Availability of specialized forensic medical exams.

(e) Cultural competence (including interpretive services) related to adult abuse investigations.

(f) Availability of victim advocates or other support.
Discriminatory Harassment

328.1 PURPOSE AND SCOPE
This policy is intended to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

328.2 POLICY
The Durango Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against members in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The non-discrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

328.3 DEFINITIONS
Definitions related to this policy include:

328.3.1 DISCRIMINATION
The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual’s protected class. It has the effect of interfering with an individual’s work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.
328.3.2 RETALIATION
Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

328.3.3 SEXUAL HARASSMENT
The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person’s sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

(a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position, or compensation.

(b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.

(c) Such conduct has the purpose or effect of substantially interfering with a member’s work performance or creating an intimidating, hostile, or offensive work environment.

328.3.4 ADDITIONAL CONSIDERATIONS
Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

(a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the Colorado Civil Rights Division.

(b) Bona fide requests or demands by a supervisor that the member improve the member’s work quality or output, that the member report to the job site on time, that the member comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

328.4 RESPONSIBILITIES
This policy applies to all department members. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional standards, and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member’s immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Police Chief, the Human Resources Director, or the City Manager.

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment, discrimination, or
Discriminatory Harassment

retaliation, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

328.4.1 SUPERVISOR RESPONSIBILITIES
The responsibilities of supervisors and managers shall include but are not limited to:

(a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.

(b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.

(c) Ensuring that their subordinates understand their responsibilities under this policy.

(d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.

(e) Making a timely determination regarding the substance of any allegation based upon all available facts.

(f) Notifying the Police Chief or the Human Resources Director in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation no later than the next business day.

328.4.2 SUPERVISOR'S ROLE
Supervisors and managers shall be aware of the following:

(a) Behavior of supervisors and managers should represent the values of the Department and professional standards.

(b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline in a manner that is consistent with established procedures.

328.4.3 RESPONSIBILITIES UPON RECEIPT OF COMPLAINT
Upon receipt or notification of a complaint filed with the Colorado Civil Rights Division, the Police Chief or the authorized designee shall assign the complaint for action. The person assigned the complaint is responsible to ensure completion of the following (CRS § 24-34-301, et seq.):

(a) Provide a written answer to the complaint within the time required after receiving it.

(b) Supply and explain all relevant information, data, or papers upon request.

(c) Respond to all telephone or mail inquiries from the Colorado Civil Rights Division.
Discriminatory Harassment

(d) Attend all meetings, hearings, or fact-finding conferences when requested.

328.4.4 QUESTIONS OR CLARIFICATION
Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Police Chief, the Human Resources Director, or the City Manager for further information, direction, or clarification.

328.5 INVESTIGATION OF COMPLAINTS
Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved members should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination, retaliation, or harassment shall be fully documented, and promptly and thoroughly investigated.

328.5.1 SUPERVISOR RESOLUTION
Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

328.5.2 FORMAL INVESTIGATION
If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The member assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint, or for offering testimony or evidence in an investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include but not be limited to details of the specific incident, frequency and dates of occurrences, and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed, or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Police Chief, the Human Resources Director, or the City Manager.

328.5.3 ALTERNATIVE COMPLAINT PROCESS
No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific
Discriminatory Harassment

time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

328.6 DOCUMENTATION OF COMPLAINTS
All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Police Chief (CRS § 24-34-408).

The outcome of all reports shall be:

- Approved by the Police Chief or the authorized designee, the City Manager, or the Human Resources Director, depending on the ranks of the involved parties.
- Maintained for a minimum or five years and in accordance with the established records retention schedule (CRS § 24-34-408).

328.6.1 NOTIFICATION OF DISPOSITION
The complainant and/or victim will be notified in writing of the disposition of the investigation and the action taken to remedy or address the circumstances giving rise to the complaint.

328.7 TRAINING
All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that the member has been advised of this policy, is aware of and understands its contents, and agrees to abide by its provisions during the member’s term with the Department.

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents, and agree that they will continue to abide by its provisions.
Child Abuse

330.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Durango Police Department members are required to notify the county department of human or social services of suspected child abuse.

330.1.1 DEFINITIONS
Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child’s care or any other act that would mandate notification to a social service agency or law enforcement (CRS § 19-3-304; CRS § 19-1-103).

330.2 POLICY
The Durango Police Department will investigate all reported incidents of alleged criminal child abuse and ensure the county department of human or social services is notified as required by law.

330.3 MANDATORY NOTIFICATION
Members of the Durango Police Department shall notify the county department of human or social services when (CRS § 19-1-103; CRS § 19-3-308):

(a) They receive a report of a known or suspected incident of interfamilial abuse or neglect.

(b) They reasonably believe that the protection and safety of a child is at risk due to an act or omission on the part of persons responsible for the child’s care.

(c) They receive a report of third-party abuse or neglect in which the person allegedly responsible for such abuse or neglect is under age 10.

(d) They have probable cause to believe a child is a victim of human trafficking of a minor for sexual servitude (CRS § 18-3-504; CRS § 18-7-201.4).

For purposes of notification, abuse and neglect are acts or omissions that threaten the health or welfare of a child, including but not limited to suspicious injuries such as bruising, bleeding, or burns; sex offenses; emotional abuse; failure to provide adequate food, clothing, or care; or exposure to dangerous environments (CRS § 19-1-103).

Interfamilial abuse includes acts by a child’s parent, stepparent, guardian, legal custodian, or relative, by a spousal equivalent, or by any other person who resides in the child’s home or who is regularly in the child’s home for the purpose of exercising authority over or care for the child (CRS § 19-1-103).

Officers shall take into account accepted child-rearing practices of the culture in which the child participates, including but not limited to accepted work-related practices of agricultural communities, in determining abuse. Abuse does not include a reasonable exercise of parental
Child Abuse
discipline or acts that are reasonably necessary to subdue a child who is being taken into custody by law enforcement officers (CRS § 19-1-103).

330.3.1 NOTIFICATION PROCEDURE
Notification should occur as follows (CRS § 19-3-308):

(a) Notifications shall be made immediately to the county department of human or social services.

(b) A written summary of the investigation or case report shall be forwarded without delay to the county department of human or social services upon completion of any investigation undertaken.

(c) Notification, when possible, shall include (CRS § 19-3-307):
   1. The name, address, age, sex, and race of the child.
   2. The nature and extent of the child's injuries, including any evidence of previous cases of known or suspected abuse or neglect of the child or the child's siblings.
   3. The names and addresses of the persons responsible for the suspected abuse or neglect, if known.
   4. The family composition.
   5. The source of the report and the name, address, and occupation of the person making the report.
   6. Any action taken by the reporting source.
   7. Any other information that the person making the report believes may be helpful.
   8. The military affiliation of the person suspected of committing the abuse or neglect if the person is a member of the armed forces or is a spouse, significant other, or family member residing in the home of a member of the U.S. armed forces.

An investigating officer and his/her supervisor shall notify the school district superintendent when there is a reasonable belief that an incident of abuse or neglect has been committed by a person acting in his/her official capacity as an employee of the school district (CRS § 19-3-308).

330.4 QUALIFIED INVESTIGATORS
Qualified investigators should be available for child abuse investigations. These investigators should:

(a) Conduct interviews in child-appropriate interview facilities.

(b) Be familiar with forensic interview techniques specific to child abuse investigations.

(c) Present all cases of alleged child abuse to the prosecutor for review.

(d) Coordinate with other enforcement agencies, human service agencies and school administrators as needed.

(e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.
330.5 INVESTIGATIONS AND REPORTING
In all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.

(b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.

(c) Any relevant statements the child may have made and to whom he/she made the statements.

(d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

(e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.

(f) Whether the child victim was transported for medical treatment or a medical examination.

(g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.

(h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.

(i) Previous addresses of the victim and suspect.

(j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.

Unless unavailable, the county department of human or social services shall be the agency responsible for the coordination of all investigations of all reports of known or suspected incidents of interfamilial abuse or neglect (CRS § 19-3-308).

This agency shall have the responsibility for the coordination and investigation of all reports of third-party abuse or neglect alleged to have been committed by persons 10 years of age or older (CRS § 19-3-308).

When the investigation involves a suspect who was acting in his/her official capacity as an employee of a school district, the investigating officer shall coordinate such investigation with any concurrent abuse investigation being conducted by the Department of Education or the school district to the extent that such coordination is possible and deemed appropriate (CRS § 19-3-308).

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).
Child Abuse

330.6 PROTECTIVE CUSTODY
Before taking any child into protective custody, the officer should make reasonable attempts to contact the county department of human or social services. Generally, removal of a child from his/her family, guardian, or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to the county department of human or social services.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (CRS § 19-3-401):

(a) When a court order has been issued authorizing the removal of a child.

(b) Without a court order when the child is seriously endangered in his/her surroundings or seriously endangers others and immediate removal appears to be necessary for the child’s protection or the protection of others.

1. A child shall be removed from his/her home and placed in protective custody if an emergency exists because the child is seriously endangered, as described above, the safety or well-being of the child is immediately at issue, and there is no other reasonable way to protect the child without removing the child from his/her home.

(c) Without a court order when an arrest warrant has been issued for the child’s parent or guardian on the basis of an alleged violation of CRS § 18-3-304.

(d) A seriously endangered newborn child (less than 72 hours old) may be detained in a hospital, without a warrant, by an officer upon the recommendation of the county department of human or social services, a physician, a registered nurse, a licensed practical nurse, or a physician’s assistant, while an order of the court pursuant to CRS § 19-3-405(1) is being pursued. The newborn child must be released if a court order is denied.

330.6.1 COURT ORDERS
Unless already being addressed by the county department of human or social services, an officer should apply for a court order prior to taking a child into protective custody or as soon as practical thereafter when the officer (CRS § 19-3-405):

(a) Believes that the circumstances or conditions of the child are such that continuing in his/her place of residence or in the care and custody of the person responsible for
Child Abuse

the child’s care and custody would present a danger to that child’s life or health in the reasonably foreseeable future.

(b) Believes that the child is able to remain safely in his/her place of residence or in the care and custody of the person responsible for the child’s care and custody only if certain emergency protection orders are entered.

330.6.2 RELATED NOTIFICATIONS
If the county department of human or social services is unable to take custody of a child, officers taking a child into protective custody shall (CRS § 19-3-402):

(a) Deliver the child, without unnecessary delay, directly to the court or to a place designated by the court.

(b) At the earliest opportunity, notify the court that the child has been taken into protective custody.

(c) Promptly file a brief written report with the court and any agency or person so designated by the court stating the facts that led to the child being taken into custody and the reason why the child was not released.

Whenever a child is taken into temporary protective custody, the child's parent, guardian, or legal custodian shall be notified without unnecessary delay (CRS § 19-3-402(1)). The notification shall include information regarding the right to a hearing.

330.6.3 SAFE HAVEN ACT PROVISIONS
A parent is not guilty of child abuse as defined in CRS § 18-6-401 if the parent surrenders his/her newborn infant (72 hours old or younger) to an on-duty firefighter or staff member at a hospital or community clinic emergency center under the safe haven provisions of CRS § 19-3-304.5. A supervisor and the county department of human or social services should be notified without delay.

330.7 INTERVIEWS

330.7.1 PRELIMINARY INTERVIEWS
Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

330.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW
An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

(a) Exigent circumstances exist, such as:
**Child Abuse**

1. A reasonable belief that medical issues of the child need to be addressed immediately.
2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.

(b) A court order or warrant has been issued.

**330.8 MEDICAL EXAMINATIONS**

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child’s transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

**330.9 DRUG-ENDANGERED CHILDREN**

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

**330.9.1 SUPERVISOR RESPONSIBILITIES**

The Detective Unit Supervisor should:

(a) Work with professionals from the appropriate agencies, including the county department of human or social services, other law enforcement agencies, medical service providers, and local prosecutors to develop community-specific procedures for responding to situations where there are children endangered by their exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

(b) Activate any available interagency response when an officer notifies the Detective Unit Supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.

(c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social, and other conditions that may affect the child.

**330.9.2 OFFICER RESPONSIBILITIES**

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:
Child Abuse

(a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.

(b) Notify the Detective Unit Supervisor so an interagency response can begin.

330.10 STATE MANDATES AND OTHER RELEVANT LAWS
Colorado requires or permits the following:

330.10.1 RELEASE OF REPORTS
Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (CRS § 19-1-307; CRS § 24-72-304).

330.10.2 CHILD FATALITY PREVENTION REVIEW TEAMS
Local review teams are entitled to access all investigative information of law enforcement agencies regarding the death of a child. This department shall cooperate fully with any such team and investigation (CRS § 25-20.5-404; CRS § 25-20.5-408(1)).

330.10.3 SERVICE OF PROTECTION ORDER
Officers responding to a call for assistance who determine that a civil protection order has been issued and that the restrained person has not been personally served, shall serve the restrained person with a copy of the order (CRS § 19-1-104).

330.11 TRAINING
The Department should provide training on best practices in child abuse investigations to members tasked with investigating these cases. The training should include:

(a) Participating in multidisciplinary investigations, as appropriate.

(b) Conducting forensic interviews.

(c) Availability of therapy services for children and families.

(d) Availability of specialized forensic medical exams.

(e) Cultural competence (including interpretive services) related to child abuse investigations.

(f) Availability of victim advocate or guardian ad litem support.
Missing Persons

332.1 PURPOSE AND SCOPE
This policy provides guidance for handling missing person investigations.

332.1.1 DEFINITIONS
Definitions related to this policy include:

At risk - Includes persons who have dementia or related disability (as defined in CRS § 25-1-502), who have a verified developmental disability, or who are 60 years of age or older and have a verified impaired mental condition, whose whereabouts are unknown, and whose disappearance poses a credible threat to the safety and health of the person (CRS § 24-33.5-415.8). This term also includes persons who:

(a) Are 13 years of age or younger.
(b) Regardless of age, are believed or determined to be experiencing one or more of the following circumstances:
   1. Out of the zone of safety for the person's chronological age and developmental stage.
   2. Mentally or behaviorally disabled.
   3. Drug dependent, including prescribed medication and/or illegal substances, and the dependency is potentially life-threatening.

   5. In a life-threatening situation.

(c) Are children under the legal custody of the Colorado Department of Human Services or a county department of human or social services (CRS § 19-1-115.3).

**Missing Persons**

This includes the National Crime Information Center (NCIC), the Colorado Crime Information Center (CCIC), and the Colorado Bureau of Investigation (CBI).

### 332.2 POLICY

The Durango Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Durango Police Department gives missing person cases priority over property-related cases and does not require a specific amount of time to have passed before beginning a missing person investigation.

### 332.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS

The Detective Unit supervisor shall ensure the following forms and kits are developed and available:

- Missing person report form
- Missing person investigation checklist that provides investigation guidelines and resources that could be helpful in the early hours of a missing person investigation
- Missing person school notification form
- Medical records release form
- Biological sample collection kits

### 332.4 ACCEPTANCE OF REPORTS

Any member encountering a person who wishes to report a missing person or runaway shall render assistance without delay. This can be accomplished by accepting the report via telephone or in-person and initiating the investigation. Those members who do not take such reports or who are unable to give immediate assistance shall promptly dispatch or alert a member who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any question of jurisdiction.

### 332.5 INITIAL INVESTIGATION

Officers or other members conducting the initial investigation of a missing person should take the following investigative actions, as applicable:

- (a) Respond to a dispatched call as soon as practicable.
- (b) Interview the reporting party and any witnesses to determine whether the person qualifies as a missing person and, if so, whether the person may be at risk.
- (c) Notify a supervisor immediately if there is evidence that a missing person is either at risk or may qualify for a public alert, or both (see the Public Alerts Policy).
- (d) Broadcast a "Be on the Look-Out" (BOLO) bulletin if the person is under 18 years of age or there is evidence that the missing person is at risk. The BOLO should be

the missing person is under 18 years of age or may be at risk.

(e) Ensure that entries are made into the appropriate missing person networks, as follows:
   1. Immediately, when the missing person is at risk.
   2. In all other cases, as soon as practicable, but not later than two hours from the
time of the initial report.

(f) Complete the appropriate report forms accurately and completely and initiate a search
as applicable under the facts.

(g) Collect and/or review:
   1. A photograph and fingerprint card of the missing person, if available.
   2. A voluntarily provided biological sample of the missing person, if available (e.g.,
toothbrush, hairbrush).
   3. Any documents that may assist in the investigation, such as court orders
regarding custody.
   4. Any other evidence that may assist in the investigation, including personal
electronic devices (e.g., cell phones, computers).

(h) When circumstances permit and if appropriate, attempt to determine the missing
person’s location through his/her telecommunications carrier (CRS § 18-9-312).
   1. If the officer has probable cause to believe the missing person is at risk of
death or serious bodily injury, a supervisor should be notified and should
determine whether to order the telecommunication provider to disclose the
missing person’s location information without a court order.
   2. If the circumstances warrant, the supervisor shall ensure that a court order is
obtained within 48 hours of the initial request for the location information (CRS
18-9-312).

(i) Contact the appropriate agency if the report relates to a missing person report
previously made to another agency and that agency is actively investigating the report.
When this is not practicable, the information should be documented in an appropriate
report for transmission to the appropriate agency. If the information relates to an at-risk
missing person, the member should notify a supervisor and proceed with reasonable
steps to locate the missing person.

332.6 REPORT PROCEDURES AND ROUTING
Members should complete all missing person reports and forms promptly and advise the
appropriate supervisor as soon as a missing person report is ready for review.

332.6.1 SUPERVISOR RESPONSIBILITIES
The responsibilities of the supervisor shall include but are not limited to:

(a) Reviewing and approving missing person reports upon receipt.
   1. The reports should be promptly sent to the Records Unit.

1. If the case falls within the jurisdiction of another agency, the supervisor should facilitate transfer of the case to the agency of jurisdiction.

332.6.2 RECORDS UNIT RESPONSIBILITIES
The responsibilities of the Records Unit receiving member shall include but are not limited to:

(b) Notifying and forwarding a copy of the report to the agency of jurisdiction where the missing person was last seen.
(c) Notifying and forwarding a copy of the report to the agency of jurisdiction for the missing person's intended or possible destination, if known.
(d) Forwarding a copy of the report to the Detective Unit.
(e) Coordinating with the NCIC Terminal Contractor for Colorado to have the missing person record in the NCIC computer networks updated with additional information obtained from missing person investigations (34 USC § 41308).

332.7 DETECTIVE UNIT FOLLOW-UP
In addition to completing or continuing any actions listed above, the investigator assigned to a missing person investigation:

(a) Should ensure that the missing person's school is notified within 10 days if the missing person is a juvenile.

1. The notice shall be in writing and should also include a photograph.
2. The investigator should meet with school officials as appropriate to stress the importance of including the notice in the child's student file, along with the investigator's contact information if the school receives a call requesting the transfer of the missing child's files to another school.

(b) Should re-contact the reporting person and/or other witnesses within 30 days of the initial report and within 30 days thereafter to determine if any additional information has become available.

(e) Should continue to make reasonable efforts to locate the missing person and document these efforts at least every 30 days.

(f) Shall maintain a close liaison with state and local child welfare systems and the National Center for Missing and Exploited Children (NCMEC) if the missing person is under the age of 21 and shall promptly notify NCMEC when the person is missing from a foster care family home or childcare institution (34 USC § 41308).

(g) Should make appropriate inquiry with the Coroner.

(h) Should obtain and forward medical and dental records, photos, X-rays, and biological samples, as applicable.

(a) Officers will be promptly assigned to contact the victim, witness or reporting party to investigate the matter further as circumstances may dictate.

(b) A supervisor should be notified of the circumstances as soon as practicable.

(c) Once "in progress" aspects of any such situation have been stabilized (e.g., treatment of victims or apprehension of present suspects), the assigned officers will take all reasonable steps to preserve available evidence that may tend to establish that a bias-motivated crime was involved.

(d) The assigned officers will interview available witnesses, victims and others to determine what circumstances, if any, indicate that the situation may involve a bias-motivated crime.

(e) Depending on the situation, the assigned officers or supervisor may request additional assistance from detectives or other resources to further the investigation.

(f) The assigned officers will include all available evidence indicating the likelihood of a bias-motivated crime in the relevant reports. All related reports will be clearly marked as "Bias-Motivated Crimes" and, absent prior approval of a supervisor, will be completed and submitted by the assigned officers before the end of the shift.

(g) The assigned officers should also make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as required by the Victim and Witness Assistance Policy.

Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.
Standards of Conduct

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

340.3.2 SUPERVISOR RESPONSIBILITIES
Supervisors and managers are required to follow all policies and procedures and may be subject to discipline for:

Members shall conduct themselves, whether on- or off-duty, in accordance with the United States and Colorado constitutions and all applicable laws, ordinances, and rules enacted or established pursuant to legal authority.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

340.5 CAUSES FOR DISCIPLINE
The following are illustrative of causes for disciplinary action. This list is not intended to cover every possible type of misconduct and does not preclude the recommendation of disciplinary action for violation of other rules, standards, ethics and specific action or inaction that is detrimental to efficient department service.

Information Technology Use

342.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the proper use of department information technology resources, including computers, electronic devices, hardware, software and systems.

342.1.1 DEFINITIONS
Definitions related to this policy include:

**Computer system** - All computers (on-site and portable), electronic devices, hardware, software, and resources owned, leased, rented or licensed by the Durango Police Department that are provided for official use by its members. This includes all access to, and use of, Internet Service Providers (ISP) or other service providers provided by or through the Department or department funding.

**Hardware** - Includes, but is not limited to, computers, computer terminals, network equipment, electronic devices, tablets, telephones, including cellular and satellite, pagers, modems or any other tangible computer device generally understood to comprise hardware.

**Software** - Includes, but is not limited to, all computer programs, systems and applications, including "shareware." This does not include files created by the individual user.

**Temporary file, permanent file or file** - Any electronic document, information or data residing or located, in whole or in part, on the system including, but not limited to, spreadsheets, calendar entries, appointments, tasks, notes, letters, reports, messages, photographs or videos.

342.2 POLICY
It is the policy of the Durango Police Department that members shall use information technology resources, including computers, software and systems, that are issued or maintained by the Department in a professional manner and in accordance with this policy.

342.3 PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to emails, texts or anything published, shared, transmitted or maintained through file-sharing software or any Internet site that is accessed, transmitted, received or reviewed on any department computer system.

The Department reserves the right to access, audit and disclose, for whatever reason, any message, including attachments, and any information accessed, transmitted, received or reviewed over any technology that is issued or maintained by the Department, including the department email system, computer network and/or any information placed into storage on any department system or device. This includes records of all keystrokes or Web-browsing history made at any department computer or over any department network. The fact that access to a database, service or website requires a username or password will not create an expectation of privacy if it is accessed through department computers, electronic devices or networks.
Information Technology Use

342.4 RESTRICTED USE
Members shall not access computers, devices, software or systems for which they have not received prior authorization or the required training. Members shall immediately report unauthorized access or use of computers, devices, software or systems by another member to their supervisors or Shift Supervisors.

Members shall not use another person’s access passwords, logon information and other individual security data, protocols and procedures unless directed to do so by a supervisor.

342.4.1 SOFTWARE
Members shall not copy or duplicate any copyrighted or licensed software except for a single copy for backup purposes in accordance with the software company’s copyright and license agreement.

To reduce the risk of a computer virus or malicious software, members shall not install any unlicensed or unauthorized software on any department computer. Members shall not install personal copies of any software onto any department computer.

When related to criminal investigations, software program files may be downloaded only with the approval of the information systems technology (IT) staff and with the authorization of the Police Chief or the authorized designee.

No member shall knowingly make, acquire or use unauthorized copies of computer software that is not licensed to the Department while on department premises, computer systems or electronic devices. Such unauthorized use of software exposes the Department and involved members to severe civil and criminal penalties.

Introduction of software by members should only occur as part of the automated maintenance or update process of department- or City-approved or installed programs by the original manufacturer, producer or developer of the software.

Any other introduction of software requires prior authorization from IT staff and a full scan for malicious attachments.

342.4.2 HARDWARE
Access to technology resources provided by or through the Department shall be strictly limited to department-related activities. Data stored on or available through department computer systems shall only be accessed by authorized members who are engaged in an active investigation or assisting in an active investigation, or who otherwise have a legitimate law enforcement or department-related purpose to access such data. Any exceptions to this policy must be approved by a supervisor.

342.4.3 INTERNET USE
Internet access provided by or through the Department shall be strictly limited to department-related activities. Internet sites containing information that is not appropriate or applicable to department use and which shall not be intentionally accessed include, but are not limited to, adult forums, pornography, gambling, chat rooms and similar or related Internet sites. Certain
**Information Technology Use**

exceptions may be permitted with the express approval of a supervisor as a function of a member’s assignment.

Downloaded information shall be limited to messages, mail and data files.

342.4.4 OFF-DUTY USE

Members shall only use technology resources provided by the Department while on-duty or in conjunction with specific on-call assignments unless specifically authorized by a supervisor. This includes the use of telephones, cell phones, texting, email or any other "off the clock" work-related activities. This also applies to personally owned devices that are used to access department resources.

Refer to the Personal Communication Devices Policy for guidelines regarding off-duty use of personally owned technology.

342.5 PROTECTION OF AGENCY SYSTEMS AND FILES

All members have a duty to protect the computer system and related systems and devices from physical and environmental damage and are responsible for the correct use, operation, care and maintenance of the computer system.

Members shall ensure department computers and access terminals are not viewable by persons who are not authorized users. Computers and terminals should be secured, users logged off and password protections enabled whenever the user is not present. Access passwords, logon information and other individual security data, protocols and procedures are confidential information and are not to be shared. Password length, format, structure and content shall meet the prescribed standards required by the computer system or as directed by a supervisor and shall be changed at intervals as directed by IT staff or a supervisor.

It is prohibited for a member to allow an unauthorized user to access the computer system at any time or for any reason. Members shall promptly report any unauthorized access to the computer system or suspected intrusion from outside sources (including the Internet) to a supervisor.

342.6 INSPECTION OR REVIEW

A supervisor or the authorized designee has the express authority to inspect or review the computer system, all temporary or permanent files, related electronic systems or devices, and any contents thereof, whether such inspection or review is in the ordinary course of his/her supervisory duties or based on cause.

Reasons for inspection or review may include, but are not limited to, computer system malfunctions, problems or general computer system failure, a lawsuit against the Department involving one of its members or a member’s duties, an alleged or suspected violation of any department policy, a request for disclosure of data, or a need to perform or provide a service.

The IT staff may extract, download or otherwise obtain any and all temporary or permanent files residing or located in or on the department computer system when requested by a supervisor or during the course of regular duties that require such information.
Report Preparation

344.1 PURPOSE AND SCOPE
Report preparation is a major part of each employee's job. The purpose of reports is to document sufficient information to refresh the employee's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formal and on-the-job training.

344.1.1 REPORT PREPARATION
Employees should ensure that their reports are sufficiently detailed for their purpose and reasonably free of errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty, unless permission to delay submission of the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads or arrest reports where the suspect remains in custody should not be delayed.

Handwritten reports must be prepared legibly. If the report is not prepared legibly, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, witnesses, all pertinent information seen, heard or assimilated by any other sense and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

344.2 REQUIRED REPORTING
Written reports are required in all of the following situations on the appropriate department-approved form unless otherwise approved by a supervisor.

344.2.1 CRIMINAL ACTIVITY
When a member responds to a call for service, or as a result of self-initiated activity becomes aware of any activity where a crime has occurred, the member shall document the incident regardless of whether a victim desires prosecution.

Activity to be documented in a written report includes:

   (a) All arrests
   (b) All felony crimes
   (c) Non-felony incidents involving threats or stalking behavior
   (d) Situations covered by separate policy. These include:
       1. Use of Force Policy

- (i) Suspicious incidents that may place the public or others at risk.
- (j) Whenever the employee believes the circumstances should be documented or at the direction of a supervisor.

### 344.2.3 DEATH REPORTS

Death investigations require specific investigation methods depending on circumstances and should be handled in accordance with the Death Investigations Policy. An officer handling a death investigation should notify and apprise a supervisor of the circumstances surrounding the incident and a determination will be made on how to proceed. The following cases shall be appropriately investigated and documented using the approved report:

- (a) Sudden or accidental deaths
- (b) Suicides
Report Preparation

(c) Homicide or suspected homicide
(d) Unattended deaths (no physician or qualified hospice care during the period immediately preceding death)
(e) Found dead bodies or body parts

344.2.4 INJURY OR DAMAGE BY CITY PERSONNEL
Reports shall be taken if an injury occurs that is a result of an act of a City employee. Reports also shall be taken when there is damage to City property or City equipment.

344.2.5 MISCELLANEOUS INJURIES
Any injury that is reported to this department shall require a report when:
(a) The injury is a result of a drug overdose.
(b) There is an attempted suicide.
(c) The injury is major or serious, whereas death could result.
(d) The circumstances surrounding the incident are suspicious in nature and it is desirable to record the event.

The above reporting requirements are not intended to be all-inclusive. A supervisor may direct an employee to document any incident he/she deems necessary.

344.3 GENERAL POLICY OF EXPEDITIOUS REPORTING
In general, all employees and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

344.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS
Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for Department consistency.

344.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS
County, state and federal agency forms may be block printed as appropriate. In general, the form itself may make the requirement for typing apparent.

344.4 ELECTRONIC REPORT CORRECTIONS
Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor should complete the RMS workflow, stating the reasons for rejection. The original report and the correction form should be returned to the reporting employee for correction.
Report Preparation

as soon as practicable. It shall be the responsibility of the originating employee to ensure that any report returned for correction is processed in a timely manner.

344.5 REPORT CHANGES OR ALTERATIONS
Reports that have been approved by a supervisor and submitted to the Records Unit for filing and distribution shall not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been submitted to the Records Unit may be corrected or modified by the authoring employee only with the knowledge and authorization of the reviewing supervisor.

344.6 ELECTRONIC SIGNATURES
The Durango Police Department has established an electronic signature procedure for use by all employees of the Durango Police Department. The Administration Support Bureau Commander shall be responsible for maintaining the electronic signature system and ensuring that each employee creates a unique, confidential password for his/her electronic signature.

- Employees may only use their electronic signature for official reports or other official communications.
- Each employee shall be responsible for the security and use of his/her electronic signature and shall promptly notify a supervisor if the electronic signature has or may have been compromised or misused.
Media Relations

346.1 PURPOSE AND SCOPE
This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

346.2 RESPONSIBILITIES
The ultimate authority and responsibility for the release of information to the media shall remain with the Police Chief. However, in situations not warranting immediate notice to the Police Chief and in situations where the Police Chief has given prior approval, the Deputy Chief, Bureau Commanders, Shift Supervisors and the designated Public Information Officer (PIO) may prepare and release information to the media in accordance with this policy and the applicable law.

346.2.1 MEDIA REQUEST
Any media request for information or access to a law enforcement situation shall be referred to the designated Department media representative, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, employees shall consider the following:

(a) At no time shall any employee of this department make any comment or release any official information to the media without prior approval from a supervisor or the designated Department media representative.

(b) In situations involving multiple law enforcement agencies or other criminal justice agencies including, but not limited to, prosecutors and coroners, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.

(c) Under no circumstance should any member of this department make any comments to the media regarding any law enforcement incident not involving this department without prior approval of the Police Chief or authorized designee.

346.2.2 PUBLIC INFORMATION OFFICER COMMUNITY RELATIONS
The designated PIO is responsible for maintaining a relationship with the local community (e.g., local businesses, service clubs, schools, religious organizations, other government agencies) that is consistent with the goals and objectives of this department. The PIO shall maintain documentation on all public education efforts including classes, informational flyers and other documentation, meetings and press releases.

346.3 MEDIA ACCESS
Authorized members of the media should be provided access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities. Access by the media is subject to the following conditions:

(a) The media representative shall produce valid press credentials that shall be prominently displayed at all times while in areas otherwise closed to the public.
Media Relations

(b) Media representatives may be prevented from interfering with emergency operations and criminal investigations.

1. Reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should be coordinated through the PIO or other designated spokesperson.

(c) No member of this department shall be required to submit to media visits or interviews without the consent of the involved employee.

(d) Media interviews with individuals who are in custody shall not be permitted unless in compliance with a jail facility policy. Exceptions are only permitted with the approval of the Police Chief or authorized designee, and the express written consent of the person in custody.

A tactical operation should be handled in the same manner as a crime scene, except the news media shall be permitted within the outer perimeter of the scene, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through a supervisor or the PIO.

346.3.1 TEMPORARY FLIGHT RESTRICTIONS
Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hamper incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Shift Supervisor. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident. It should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration (FAA) should be contacted (14 CFR 91.137).

346.3.2 PROVIDING ADVANCE INFORMATION
To protect the safety and rights of officers and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media nor should media representatives be invited to be present at such actions except with the prior approval of the Police Chief or authorized designee.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception, the Police Chief or authorized designee will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.
346.4 SCOPE OF INFORMATION SUBJECT TO RELEASE
The Department will maintain a daily information log of significant law enforcement activities that shall be made available, upon request, to media representatives through the Shift Supervisor. This log will consist of data classified as public and should generally contain:

(a) The date, time, location, case number, type of crime, extent of injury or loss and names of individuals (except confidential informants) involved in crimes occurring within this jurisdiction, unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.

(b) The date, time, location, case number, name, birth date and charges for each person arrested by this department, unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.

(c) The time and location of other significant law enforcement activities or requests for service with a brief summary of the incident subject to the restrictions of this policy and applicable law.

Any requests for copies of related reports or additional information not contained in this log shall be referred to the designated media representative, the custodian of records, or if unavailable, to the Shift Supervisor. Such requests will be processed in accordance with policy and state law.

346.4.1 STATE RESTRICTED INFORMATION
It shall be the responsibility of the authorized employee dealing with media requests to ensure that restricted information is not inappropriately released to the media by this department (see the Records Maintenance and Release and the Personnel Records policies). When in doubt, authorized and available legal counsel should be obtained.

346.5 RELEASE OF INFORMATION
The Department may routinely release information to the media without receiving a specific request. This may include media releases regarding critical incidents, information of public concern, updates regarding significant incidents or requests for public assistance in solving crimes or identifying suspects. This information may also be released through the department website or other electronic data sources.
Subpoenas and Court Appearances

348.1 PURPOSE AND SCOPE
This policy establishes the guidelines for department members who must appear in court. It will allow the Durango Police Department to cover any related work absences and keep the Department informed about relevant legal matters.

348.2 POLICY

No member shall be retaliated against for testifying in any matter.
Subpoenas and Court Appearances

348.3.2 CIVIL SUBPOENA

348.5 STANDBY
To facilitate standby agreements, members are required to provide and maintain current information on their addresses and contact telephone numbers with the Department.

If a member on standby changes his/her location during the day, the member shall notify the designated department member of how he/she can be reached. Members are required to remain on standby until released by the court or the party that issued the subpoena.

348.6.1 TESTIMONY
Before the date of testifying, the subpoenaed member shall request a copy of relevant reports and become familiar with the content in order to be prepared for court.

348.6.2 EVIDENCE
When a member is directed by a subpoena to appear in court with evidence, that member should:

(a) Notify the Property Unit promptly after receiving the subpoena that the specified evidence is needed for court and verify that the evidence is readily available.

(b) Verify whether the evidence will be analyzed by the time of the court appearance, if applicable, and advise the prosecutor of any delay.
Subpoenas and Court Appearances

(c) Check with the prosecuting attorney on a timely basis if in doubt about what items or materials to bring to court.

(d) Notify the prosecuting attorney on a timely basis in the event that evidence has been lost, stolen, or misplaced, or if previously undisclosed information about the evidence has become available.

(e) Comply with provisions of the Property and Evidence Policy regarding checking out the evidence and transferring custody of the evidence to the prosecutor or the court, whichever is appropriate.

348.7 OVERTIME APPEARANCES
When a member appears in court on his/her off-duty time, he/she will be compensated in accordance with the current Standard Operating Procedure.
Reserve Officers

350.1 PURPOSE AND SCOPE

350.2.1 PROCEDURE
All applicants shall be required to meet and pass the same pre-employment procedures as certified police officers before appointment.

Before appointment as a reserve officer, an applicant must have completed a state-approved basic academy or a reserve academy within the previous two years.

350.2.2 APPOINTMENT
Applicants who are selected for appointment as a reserve officer shall, on the recommendation of the Police Chief, be sworn in and take the Oath of Office as required for the position. Members of the Reserve Unit serve at the appointing authority's discretion.

The City shall pay the cost of workers' compensation benefits for injuries incurred by a reserve officer while on-duty and while acting within the scope of his/her assigned duties.

350.2.4 EMPLOYEES WORKING AS RESERVE OFFICERS
Qualified employees of this department, when authorized, may also serve as reserve officers. However, the Department shall not utilize the services of a reserve in such a way that it would
Reserve Officers

Violate employment laws (e.g., a detention officer working as a reserve officer for reduced or no pay). Therefore, the Reserve Coordinator should consult with the Department of Human Resources prior to an employee serving in a reserve capacity (29 CFR 553.30).

350.3 DUTIES OF RESERVE OFFICERS
Reserve officers assist regular officers in the enforcement of laws and in maintaining peace and order within the community. Assignments of reserve officers will usually be to augment the Operations Bureau. Reserve officers may be assigned to other areas within the Department as needed.

350.3.1 POLICY COMPLIANCE
Police reserve officers shall be required to adhere to all Department policies and procedures. A copy of the policies and procedures will be made available to each reserve officer upon appointment and he/she shall become thoroughly familiar with these policies.

Whenever a rule, regulation or guideline in the Policy Manual refers to a certified full-time officer, it shall also apply to a certified reserve officer, unless by its nature it is inapplicable.

350.3.2 RESERVE OFFICER ASSIGNMENTS
All reserve officers will be assigned to duties by the Reserve Coordinator or the authorized designee. Specified duties to include the following:

a. All Reserve Officers will work a minimum of two special events per calendar year.

b. All Reserve Officers are subject to emergency call-out.

350.3.3 RESERVE COORDINATOR
The Police Chief shall delegate the responsibility of administering the Reserve Officer Program to a Reserve Coordinator.

The Reserve Coordinator shall have the responsibility of, but not be limited to:

(a) Assigning reserve personnel.
(b) Conducting reserve meetings.
(c) Establishing and maintaining a reserve call-out roster.
(d) Maintaining and ensuring performance evaluations are completed.
(e) Monitoring individual reserve officer performance.
(f) Monitoring the overall Reserve Program.
(g) Maintaining liaison with other agency Reserve Coordinators.
(h) Ensuring P.O.S.T.-required training is completed by Reserve Officers.

350.4 FIELD TRAINING
All reserve officers shall complete the same department-specified field training program as regular officers as described in the Field Training Officer Program Policy.
Reserve Officers

At the completion of field training, the primary training officer will meet with the Reserve Coordinator. Based upon the reserve officer’s evaluations, plus input from the primary training officer, the Reserve Coordinator shall decide if the reserve officer has satisfactorily completed his/her formal training. If the reserve officer has progressed satisfactorily, he/she will then graduate from the formal training process. If his/her progress is not satisfactory, the Reserve Coordinator will decide upon the appropriate action to be taken.

When a reserve officer has satisfactorily completed field training, he/she will no longer be required to ride with a reserve training officer. The reserve officer may now be assigned to ride with any officer.

350.5 SUPERVISION
Reserve officers perform some of the duties of a peace officer and shall be under the immediate supervision of a certified peace officer (CRS § 16-2.5-110(1)(b)).

350.5.1 RESERVE OFFICER MEETINGS
All reserve officer meetings will be scheduled and conducted by the Reserve Coordinator. All reserve officers are required to attend scheduled meetings. Any absences must be satisfactorily explained to the Reserve Coordinator.

350.5.2 IDENTIFICATION OF OFFICERS
All reserve officers will be issued a uniform badge and a Department identification card. The uniform badge shall be the same as that worn by a regular full-time officer. The identification card will be the standard identification card with the exception that "Reserve" will be indicated on the card.

350.5.3 UNIFORM
Reserve officers shall conform to all uniform regulation and appearance standards of this department.

350.5.4 INVESTIGATIONS AND COMPLAINTS
If a reserve officer has a complaint made against him/her or becomes involved in an internal investigation, that complaint or internal investigation may be investigated by the Reserve Coordinator, at the discretion of the Operations Bureau Commander in compliance with the Personnel Complaints Policy.

Reserve officers are considered at-will employees. Any disciplinary action that may have to be administered to a reserve officer shall be accomplished as outlined in the Policy Manual with the exception that the right to a hearing is limited to the opportunity to clear his/her name.

350.5.5 RESERVE OFFICER EVALUATIONS
While in training, reserve officers will be continuously evaluated using standardized daily and weekly observation reports. The reserve will be considered a trainee until training has been completed. Reserve officers having completed their field training will be evaluated annually using performance dimensions applicable to the duties and authorities granted to that reserve officer.
350.6 FIREARMS REQUIREMENTS
An appointment to the reserve force must be approved by the City before the person appointed may carry a weapon or otherwise act as a peace officer.

350.6.1 CONCEALED FIREARMS PROHIBITED
No reserve officer will be permitted to carry a concealed firearm while in an off-duty capacity, other than to and from work, except those reserve officers who possess a valid concealed firearm permit.

An instance may arise where a reserve officer is assigned to a plainclothes detail for his/her assigned tour of duty. Under these circumstances, the reserve officer may be permitted to carry a weapon more suited to the assignment with the knowledge and approval of the supervisor in charge of the detail.

Any reserve officer who is permitted to carry a firearm other than the assigned duty weapon may do so only after verifying that the weapon conforms to Department standards. The weapon must be registered by the reserve officer and be inspected and certified as fit for service by a Department Rangemaster.

Before being allowed to carry any optional firearm during an assigned tour of duty, the reserve officer shall have demonstrated his/her proficiency with said weapon.

When a reserve officer has satisfactorily completed training, he/she may be issued a permit to carry a concealed weapon. The decision to issue a concealed weapon permit will be made by the Police Chief with input from the Reserve Coordinator and administrative staff.

In issuing a concealed weapon permit, a reserve officer's qualification will be individually judged. A reserve officer's dedication to the program and demonstrated maturity, among other factors, will be considered before a concealed weapon permit will be issued. Once issued, the concealed weapon permit will be valid only for as long as the reserve officer remains in good standing with the Durango Reserve Officer Program.

350.6.2 RESERVED OFFICER FIREARM TRAINING
All reserve officers are required to maintain proficiency with firearms used in the course of their assignments. Reserve officers who carry a firearm while on-duty shall comply with all areas of the firearms training section of the Policy Manual and shall be certified for firearms proficiency with the same frequency and subject to the same requirements as a regular certified officer (CRS § 16-2.5-110(2)).

350.6.3 RESERVED OFFICER TRAINING
All Reserve Officers are required to train with department members annually. All Reserve Officers are required to maintain training standards set forth by Colorado P.O.S.T. rule 28 regarding in-service training.

The Reserve Coordinator will review Colorado P.O.S.T. Rule 28 on an annual basis to ensure compliance.
Reserve Officers

350.7 EMERGENCY CALLOUT FOR RESERVE PERSONNEL
The Reserve Coordinator shall develop a plan outlining an emergency callout procedure for reserve personnel.
Mutual Aid and Outside Agency Assistance

352.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance to officers in the request of or answering the request for assistance from another law enforcement agency.

It is the policy of this department to provide assistance whenever reasonably possible. Assistance shall be consistent with the applicable laws and policies of this department when another law enforcement agency requests assistance with an arrest or detention of any person. This department may also request an outside agency to provide assistance (CRS § 29-5-104).

The Department may at the discretion of the Police Chief establish an agreement for reciprocal law enforcement with another agency, including those of neighboring states, provided those agreements meet statutory requirements pursuant to CRS § 29-1-206. An agreement may include:

(a) Assisting other peace officers in the line of their duties and within the course of their employment.

(b) Exchanging Department peace officers with peace officers of another agency on a temporary basis.

352.2 ASSISTING OUTSIDE AGENCIES
Generally, calls for assistance from other agencies are received via radio transmission and are routed to the Shift Supervisor for approval. Any such response to assist an outside agency should be considered for authorization pursuant to law or an established mutual aid plan (see generally CRS § 33.5-713).

When an authorized employee of an outside agency requests the assistance of this department in taking a person into custody, available officers shall respond and assist in making a lawful arrest. If an officer receives a request in the field for assistance, that officer shall notify a supervisor. Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Only in exceptional circumstances will this department provide transportation of arrestees to another agency’s facilities.

When such assistance is rendered, an incident number will be issued to report the action taken by Durango Police Department personnel.

352.3 REQUESTING ASSISTANCE FROM OUTSIDE AGENCIES
If assistance is needed from another agency, the employee requesting assistance shall first notify a supervisor of his/her intentions. The handling officer or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting officer should secure radio frequencies for use by all involved agencies so that communication can be coordinated as needed. If necessary, reasonable effort should be taken to provide radio equipment capable of communicating on the assigned frequency to any personnel who do not have compatible radios.
Mutual Aid and Outside Agency Assistance

A resource to consider for obtaining mutual aid assistance could include the State of Colorado All Hazards Emergency Resource Mobilization Annex available from the Colorado Division of Homeland Security and Emergency Management.

352.4 HAZARDOUS MATERIAL EMERGENCIES MUTUAL AID

The Incident Commander, in cooperation with other agencies, is charged with making an immediate appraisal of the situation and its potential. Responders should:

- Establish scene management.
- Detect the presence of hazardous materials.
- Begin identification of hazardous materials.
- Begin evacuation or direct in-place sheltering.
- Consider personal protection/decontamination.
- Isolate the incident and identify zones of activity.
- Contain the incident without risking exposure.
- Perform fire fighting, rescue, emergency medical and other critical life-saving response activities in accordance with the City Emergency Operations Plan.
- Contact the local Colorado state dispatch and request support if it occurs on any federal, state or county highway located outside of municipal city limits.
- Seek additional resources if the event exceeds, or is expected to exceed, the capability of local resources, including mutual aid and state or federal assistance. When requesting local, state or federal assistance, this Department should clarify if it is requesting assistance only or complete scene management.

352.5 MANDATORY SHARING

Equipment and supplies purchased with federal funds or grants with contingent sharing requirements should be documented and updated as necessary by the Training Manager. The conditions relative to sharing, the training requirements connected to the use of the supplies and equipment, and those trained in the use of the supplies and equipment should be included in the documentation. Copies of the list should be provided to the Shift Supervisor to ensure proper use in compliance with agreements.
Major Incident Notification

358.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance to members of this department in determining when, how and to whom notification of major incidents should be made.

358.2 POLICY
The Durango Police Department recognizes that certain incidents should be brought to the attention of supervisors or other specified personnel of this department to facilitate the coordination of activities and ensure that inquiries from the media and the public may be properly addressed.

358.3 MINIMUM CRITERIA FOR NOTIFICATION
Most situations where the media show a strong interest are also of interest to the Police Chief, Deputy Chief, and the affected Bureau Commander. The following list of incident types is provided as a guide for notification and is not intended to be all-inclusive:

- Homicides
- Missing children or endangered missing adults
- Traffic collisions with fatalities or severe injuries
- Officer-involved shooting, whether on- or off-duty (see the Officer-Involved Shootings and Deaths Policy for special notification)
- Significant injury or death to an employee, whether on- or off-duty
- Death of a prominent Durango official
- Arrest of Department employee or prominent Durango official

- Any other incident, which has or is likely to attract significant media attention

358.4 SHIFT SUPERVISOR RESPONSIBILITIES
The Shift Supervisor is responsible for making the appropriate notification. The Shift Supervisor shall make reasonable attempts to obtain as much information on the incident as possible before notification, and shall attempt to make the notification as soon as practicable. Notification should be made by using the call notification protocol posted in the Sergeants’ Office.
Major Incident Notification

358.4.1 STAFF NOTIFICATION
In the event an incident occurs as identified in the Minimum Criteria for Notification above, the Police Chief shall be notified along with the affected Operations Bureau Commander and the Detective Unit if they are providing assistance.

This notification shall be made via email, utilizing the "PD Staff Notifications" address line in Outlook messaging, "All Groups" drop-down menu. This form of notification is mandatory and does not preclude the on-duty supervisor from also telephoning any staff member to verbally notify him/her of the incident.

358.4.2 DETECTIVE NOTIFICATION
If the incident requires that an officer or detective respond from home, the immediate supervisor of the appropriate detail shall be contacted.

358.4.3 TRAFFIC UNIT NOTIFICATION
In the event of a traffic fatality or major injury, the shift supervisor shall be notified, who will then contact the appropriate detective. The shift supervisor will notify the DPD staff and CDOT.

358.4.4 PUBLIC INFORMATION OFFICER
After members of the staff have been notified, the Public Information Officer shall be called if it appears the media may have a significant interest in the incident.
Death Investigation

360.1 PURPOSE AND SCOPE
The investigation of cases involving death include those ranging from natural causes to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appear to be initially. The importance of a thorough death investigation cannot be emphasized enough.

Death investigations shall be conducted pursuant to CRS § 30-10-606.

360.2 INVESTIGATION CONSIDERATIONS
Death investigation cases require certain actions be taken. Emergency Medical Services shall be called in all suspected death cases, unless the death is obvious (e.g., the person has been decapitated or the body is decomposed). Officers are not authorized to pronounce death unless they are also a Coroner, a Deputy Coroner or an appointed Coroner Investigator. A supervisor shall be notified in all death investigations.

360.2.1 CORONER REQUEST
The Coroner shall be called as soon as practicable after the scene is safe and secure in all deaths. Investigating officers shall investigate and work in cooperation with the Coroner involving any of the following circumstances (CRS § 30-10-606(1)):

(a) The death is, or may be, unnatural, as a result of external influences, injury or violence.
   1. It is due to the influence of, or is the result of, intoxication by alcohol, drugs or poison.
   2. It is the result of an accident, including an accident at the workplace.
   3. It involves the unexpected or unexplained death of an infant or child.
(b) There is no physician in attendance, or when the physician is at the scene but is unable to certify the cause of death.
(c) The death occurs within 24 hours of admission to a hospital.
(d) The death is the result of a criminal abortion, including any situation where such abortion may have been self-induced.
(e) It is the result of a disease that may be hazardous or contagious, or may constitute a threat to the health of the public.
(f) The death results from the action of a peace officer, or while the person was in the custody of law enforcement officials or incarcerated in a public institution.
(g) The death was sudden, and happened to a person who was in apparent good health.
(h) The body is unidentifiable, decomposed, charred or skeletonized.
Death Investigation

(i) The death occurs under circumstances that the Coroner determines may warrant further inquiry in order to determine the cause and manner of death, or that requires further law enforcement investigation.

In cases involving any of the above mentioned circumstances, the body of the deceased shall not be removed from the place of death prior to the arrival of the Coroner. This restriction shall not apply if the Coroner grants permission for removal or removal is necessary to identify the victim, protect property from damage, preserve evidence, or protect life, health or safety.

When the Coroner arrives at the scene, law enforcement personnel shall make all reasonable accommodations to allow him/her to collect time-sensitive information.

If a suicide note is found at the place of death, investigating officers or the Coroner shall take custody of the note based on a prior agreement. If there is no prior agreement, investigating officers have the authority to take custody of the suicide note and shall provide a copy to the Coroner.

360.2.2 SEARCHING DEAD BODIES
The Coroner or an assistant and authorized detectives are generally the only persons permitted to move, handle or search a body. Should exigent circumstances indicate to an officer that any other search of a known dead body is warranted prior to the arrival of the Coroner, the investigating officer shall first obtain verbal consent from the Coroner when practicable.

Whenever reasonably possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain nearby the scene and available to the officer pending the arrival of the Coroner. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased by the Coroner, a receipt shall be obtained. This receipt shall be attached to the death report.

360.2.3 DEATH NOTIFICATION
When reasonably practicable, and if not handled by the Coroner, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Coroner may be requested to make the notification. The Coroner needs to know if notification has been made. Assigned officers/deputies may need to talk to the next-of-kin.

If a deceased person has been identified as a missing person, this department shall attempt to locate family members and inform them of the death and location of the deceased missing person’s remains. All efforts to locate and notify family members shall be recorded in appropriate reports and properly retained.

360.2.4 DEATH INVESTIGATION REPORTING
All incidents involving a death shall be documented on the appropriate form.
360.2.5   SUSPECTED HOMICIDE
If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the officer shall take steps to protect the scene. The Detective Unit shall be notified to determine the possible need for a detective to respond to the scene for further immediate investigation.

If the on-scene supervisor, through consultation with the Shift Supervisor or Detective Unit supervisor, is unable to determine the manner of death, the investigation shall proceed as though it is a homicide.

The assigned detective investigating a homicide or a death under suspicious circumstances may, with the approval of his/her supervisor, request the Coroner to conduct physical examinations and tests, and to provide a report.

360.2.6   EMPLOYMENT-RELATED DEATHS OR INJURIES
Any member of this agency who responds to and determines that a death, serious illness or serious injury has occurred as a result of an accident at or in connection with the victim’s employment may ensure that the regional Occupational Safety and Health Administration (OSHA) office is notified by telephone or teletype with all pertinent information.
Identity Theft

362.1 PURPOSE AND SCOPE
Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

362.2 REPORTING
(a) To maintain uniformity in reporting, officers shall initiate a report for victims residing within the jurisdiction of this department when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:
   1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim’s residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he/she resides (CRS § 16-5-103(4)).

(b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction that have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the fraud, usage of services or receipt of goods were acquired or occurred in this jurisdiction).

(c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim’s name when the victim has never made such an application).

(d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and Department of Motor Vehicles) with all known report numbers.

(e) The reporting officer should inform victims of identity theft that an Order of Factual Innocence is available to help those who are wrongly linked to crimes (CRS § 16-5-103(2)(b)). A court may order identifying information contained in criminal justice records to show that the information is not accurate and does not reflect the perpetrator’s identity because of identity theft. Information can be obtained by contacting the Department of Revenue.

(f) Following supervisory review and Department processing, the initial report should be forwarded to the appropriate investigator for follow-up investigation, coordination with other agencies and prosecution as circumstances dictate.

362.3 PREVENTIVE MEASURES
The victim should be advised to place a security freeze on his/her consumer report, as allowed by law. A victim may also access additional information on the official Colorado state government website.
Identity Theft

362.4 INFORMATION
The victim should be encouraged to contact the Federal Trade Commission (FTC), which is responsible for receiving and processing complaints under the Identity Theft and Assumption Deterrence Act. The victim can find FTC contact information online through its official website. Additional information may be found at the U.S. Department of Justice and/or FBI websites.
Private Persons Arrests

364.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance for handling private person's arrests and detentions made pursuant to CRS § 16-3-201, CRS § 16-3-202(2) and CRS § 16-19-115.

364.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS
Officers should use sound discretion in determining whether to advise an individual of the arrest process.

(a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest, as listed below.

(b) Private individuals should be discouraged from using force to effect a private person's arrest. Absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

364.3 ARRESTS BY PRIVATE PERSONS
A private person may arrest another under the following circumstances (CRS § 16-3-201, CRS § 16-3-202(2) and CRS § 16-19-115):

(a) For any crime that has been or is being committed or attempted in his/her presence

(b) When directed by any peace officer to assist a peace officer

(c) When there is reasonable information that the accused has been charged in the courts of a state with a crime punishable by death or imprisonment for a term exceeding one year

   1. The accused shall be taken before a judge without unnecessary delay and a complaint must be made against the accused under oath by the private person making the arrest.

364.4 OFFICER RESPONSIBILITIES
Any officer presented with a private person who has made a private person's arrest must determine whether there is probable cause to believe that such an arrest would be lawful.

(a) Should any officer determine that there is no probable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, to determine the lawfulness of the arrest and protect the public safety.
Private Persons Arrests

1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual. The officer must include the basis of such a determination in a related report.

2. Absent probable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.

(b) Whenever an officer determines that there is probable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:

1. Take the individual into physical custody for booking.

2. Release the individual upon a misdemeanor citation or pending formal charges.

364.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a Witness Statement. If the person fails or refuses to do so, the arrested subject shall be released unless the officer has an independent reason to take the person into custody.

In addition to the Witness Statement (and any other related documents, such as citations and booking forms), officers shall complete a narrative report regarding the circumstances and disposition of the incident.
Limited English Proficiency Services

368.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

368.1.1 DEFINITIONS
Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Durango Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

368.2 POLICY
It is the policy of the Durango Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

368.3 LEP COORDINATOR
The Police Chief or authorized designee shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Operations Bureau Commander or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:
Limited English Proficiency Services

(a) Coordinating and implementing all aspects of the Durango Police Department's LEP services to LEP individuals.

(b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.

(c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Shift Supervisor and Communications Manager. The list should include information regarding the following:
   1. Languages spoken
   2. Contact information
   3. Availability

(d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.

(e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.

(f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.

(g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.

(h) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures, or recommending modifications to this policy.

(i) Receiving and responding to complaints regarding department LEP services.

(j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

368.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

(a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.
Limited English Proficiency Services

- The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- The nature and importance of the contact, program, information or service provided.
- The cost of providing LEP assistance and the resources available.

368.5 TYPES OF LEP ASSISTANCE AVAILABLE
Durango Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

368.6 WRITTEN FORMS AND GUIDELINES
Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

368.7 AUDIO RECORDINGS
The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

368.8 QUALIFIED BILINGUAL MEMBERS
Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.
Limited English Proficiency Services

368.9 AUTHORIZED INTERPRETERS
Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

(a) The competence and ability to communicate information accurately in both English and in the target language.

(b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.

(c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

(d) Knowledge of the ethical issues involved when acting as a language conduit.

368.9.1 SOURCES OF AUTHORIZED INTERPRETERS
The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

• Qualified bilingual members of this department or personnel from other City departments.

• Individuals employed exclusively to perform interpretation services.

• Contracted in-person interpreters, such as state or federal court interpreters, among others.

• Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

368.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE
Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.
Limited English Proficiency Services

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

368.10 CONTACT AND REPORTING
While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

368.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE
The Durango Police Department will take reasonable steps and will work with the Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

368.11.1 EMERGENCY CALLS TO 9-1-1
Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in the Communications Center, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.
Limited English Proficiency Services

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

368.12 FIELD ENFORCEMENT
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

368.13 INVESTIGATIVE FIELD INTERVIEWS
In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any Miranda warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated Miranda warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.
Limited English Proficiency Services

368.14 CUSTODIAL INTERROGATIONS
Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

368.15 BOOKINGS
When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee’s health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

368.16 COMPLAINTS
The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

368.17 COMMUNITY OUTREACH
Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

368.18 TRAINING
To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.
Limited English Proficiency Services

The Training Manager shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Manager shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

368.18.1 TRAINING FOR AUTHORIZED INTERPRETERS
All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Training Manager shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.
Communications with Persons with Disabilities

370.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

370.1.1 DEFINITIONS
Definitions related to this policy include:

**Auxiliary aids** - These are used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; use of a notepad and pen or pencil to exchange written notes; use of a computer or typewriter; use of an assistive listening system or device to amplify sound; use of a teletypewriter (TTY), videophones (video relay service or VRS); use of taped text; use of qualified readers; or use of a qualified interpreter.

**Disability or impairment** - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102). This includes a person who has a functional hearing loss of sufficient severity to prevent aural comprehension, even with the assistance of hearing aids (CRS § 13-90-202).

**Qualified interpreter** - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters. Qualified interpreters should have a valid certification of competency accepted by the Commission for the Deaf and Hard of Hearing (CRS § 13-90-202(8)).

370.2 POLICY
It is the policy of the Durango Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

370.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR
The Police Chief or authorized designee shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Operations Bureau Commander or the authorized designee.

The responsibilities of the ADA Coordinator shall include but not be limited to:
Communications with Persons with Disabilities

(a) Working with the City ADA coordinator regarding the Durango Police Department’s efforts to ensure equal access to services, programs, and activities.

(b) Developing reports, new procedures, or recommending modifications to this policy.

(c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs, and activities.

(d) Ensuring that a list of qualified interpreter services is maintained and available to each Shift Supervisor and Communications Manager. The list should include information regarding the following:
   1. Contact information
   2. Availability

(e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.

(f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.

(g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs, and activities.

370.4 FACTORS TO CONSIDER
Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

(a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.

(b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).

(c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).

(d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

370.5 INITIAL AND IMMEDIATE CONSIDERATIONS
Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.
Communications with Persons with Disabilities

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

(a) The methods of communication usually used by the individual.
(b) The nature, length and complexity of the communication involved.
(c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Durango Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

370.6 TYPES OF ASSISTANCE AVAILABLE

Durango Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.
Communications with Persons with Disabilities

370.7 AUDIO RECORDINGS AND ENLARGED PRINT
The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

370.8 QUALIFIED INTERPRETERS
A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

(a) Available within a reasonable amount of time but in no event longer than one hour if requested.
(b) Experienced in providing interpretation services related to law enforcement matters.
(c) Familiar with the use of VRS and/or video remote interpreting services.
(d) Certified in either American Sign Language (ASL) or Signed English (SE).
(e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
(f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

370.9 TTY AND RELAY SERVICES
In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.
Communications with Persons with Disabilities

370.10 COMMUNITY VOLUNTEERS
Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

370.11 FAMILY AND FRIENDS
While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

(a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.

(b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

370.12 REPORTING
Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual’s express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

370.13 FIELD ENFORCEMENT
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.
Communications with Persons with Disabilities

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual’s preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

370.13.1 FIELD RESOURCES
Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

(a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
(b) Exchange of written notes or communications.
(c) Verbal communication with an individual who can speech-read by facing the individual and speaking slowly and clearly.
(d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
(e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

370.13.2 QUALIFIED INTERPRETER OR AUXILIARY SERVICE REQUIRED FOR VICTIMS AND WITNESSES
An officer shall make arrangements to provide a qualified interpreter or auxiliary service to assist in an interview or questioning of a victim or witness who is deaf or hard of hearing, or deaf-blind and uses sign language for effective communication (CRS § 13-90-204(1)(f)).

370.14 CUSTODIAL INTERROGATIONS
In an effort to ensure that the rights of individuals who are deaf, hard of hearing, deaf-blind, or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the
Communications with Persons with Disabilities

individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. Miranda warnings shall be provided to suspects who are deaf, hard of hearing, or deaf-blind by a qualified interpreter or by providing a written Miranda warning card (CRS § 13-90-204(1)(d)).

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

370.14.1 WAIVER
Any waiver to a qualified interpreter or auxiliary service shall be in writing. The person may have access to counsel for advice and shall have actual, full knowledge of the right to effective communication (CRS § 13-90-208).

If there is no waiver, Miranda warnings shall be given by the interpreter prior to any attempt to interrogate or take a statement from the person (CRS § 13-90-204(1)(d)).

370.15 ARRESTS AND BOOKING
If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee’s health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

370.16 COMPLAINTS
The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.
Communications with Persons with Disabilities

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

370.17 COMMUNITY OUTREACH
Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

370.18 TRAINING
To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

(a) Awareness and understanding of this policy and related procedures, related forms and available resources.
(b) Procedures for accessing qualified interpreters and other available resources.
(c) Working with in-person and telephone interpreters and related equipment.

The Training Manager shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Training Manager shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

370.18.1 CALL-TAKER TRAINING
Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

(a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
(b) ASL syntax and accepted abbreviations.
(c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.
(d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all the Communications Center members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.
Pupil Arrest Reporting

373.1 PURPOSE AND SCOPE
The purpose of this policy is to describe the procedures to follow when a pupil is arrested on school grounds and during school hours.

373.2 PUPIL ARREST REPORTING
In the event a school pupil is arrested on school grounds and during school hours, the arresting officer shall include in the report the necessary information to ensure that the Community Programs Sergeant notifies the chief administrative officer of the school or the appropriate designee of the arrest of a pupil.

373.2.1 PUPIL ARREST AFTER NOTIFICATION
Based upon the circumstances of the investigation, it may be appropriate to notify the school prior to the arrest. Prior notification and assistance from the school may reduce disruption to school operations and other students.

373.2.2 PUPIL ARREST BEFORE NOTIFICATION
Based upon the circumstances of the investigation, it may be appropriate to arrest the pupil before notifying the school. This may be appropriate if the pupil is a flight risk, if prior notification will impede the investigation or if notification creates additional risks to students, faculty, the officer or the public.

Proper notification to the school after the pupil's arrest should then be made when circumstances reasonably allow.

373.2.3 PARENTAL NOTIFICATION
Upon arrest, it is the arresting officer's responsibility to ensure the parents of the arrested pupil are properly notified. Notification shall be made by the officer, regardless of subsequent notifications by the juvenile detention facility. Notifications should be documented and include the charges against the pupil and information as to where the pupil will be taken.
Biological Samples

374.1 PURPOSE AND SCOPE
This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction or arrest for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from a person in conjunction with a criminal investigation. Nor does it apply to biological samples collected from those required to register, for example, as sex offenders.

374.2 POLICY
The Durango Police Department will assist in the expeditious collection of required biological samples from arrestees and offenders in accordance with the laws of this state and with as little reliance on force as practicable.

374.3 PERSONS SUBJECT TO DNA COLLECTION
The following persons must submit a biological sample (CRS § 16-23-103; CRS § 16-11-102.4):

(a) Every adult arrested for a felony offense, as part of the booking process, or who is charged with a felony by an indictment, information or felony complaint

(b) In all other cases, upon the adult’s first appearance in court following the filing of charges, when a court requires the adult to submit a sample to the investigating agency responsible for fingerprinting pursuant to CRS § 16-21-104

(c) Persons who have been convicted and are required to submit a sample under CRS § 16-11-102.4

374.4 PROCEDURE
When an individual is required to provide a biological sample, a trained employee shall attempt to obtain the sample in accordance with this policy.

374.4.1 COLLECTION
The following steps should be taken to collect a sample:

(a) Verify that the individual is required to provide a sample pursuant to CRS § 16-23-103 or CRS § 16-11-102.4.

(b) Verify that a biological sample has not been previously collected from the offender by querying the person’s criminal history. There is no need to obtain a biological sample if one has been previously obtained.

(c) Use the designated collection kit provided by the Colorado Bureau of Investigation (CBI) to perform the collection and take steps to avoid cross contamination.
Biological Samples

374.5 USE OF FORCE TO OBTAIN SAMPLES
If a person refuses to cooperate with the sample collection process, officers should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force. Force will not be used in the collection of samples except as authorized by court order and only with the approval of a supervisor. Methods to consider when seeking voluntary compliance include contacting:

(a) The person’s parole or probation officer when applicable.
(b) The prosecuting attorney to seek additional charges against the person for failure to comply or to otherwise bring the refusal before a judge.
(c) The judge at the person’s next court appearance.
(d) The person’s attorney.
(e) A chaplain.
(f) Another custody facility with additional resources, where an arrestee can be transferred to better facilitate sample collection.
(g) A supervisor who may be able to authorize custodial disciplinary actions to compel compliance, if available.

The supervisor shall review and approve any plan to use force and be present to document the process.

374.5.1 VIDEO RECORDING
A video recording should be made any time force is used to obtain a biological sample. The recording should document all staff participating in the process, in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the department’s records retention schedule.

374.6 LEGAL MANDATES AND RELEVANT LAWS
Colorado law provides for the following:

374.6.1 LITIGATION
The Police Chief or the authorized designee shall immediately notify the Colorado Attorney General’s Office in the event this department is named in a lawsuit involving the DNA database.

374.6.2 FORWARDING BIOLOGICAL SAMPLES
All biological samples and related materials shall be promptly forwarded to CBI using CBI material, labels and instructions for prompt analysis (CRS § 16-23-103(6); CRS § 16-23-104).
Chaplains

376.1 PURPOSE AND SCOPE
This policy establishes the guidelines for Durango Police Department chaplains to provide counseling or emotional support to members of the Department, their families and members of the public.

376.2 POLICY
The Durango Police Department shall ensure that department chaplains are properly appointed, trained and supervised to carry out their responsibilities without financial compensation.

376.3 ELIGIBILITY
Requirements for participation as a chaplain for the Department may include, but are not limited to:

The function of the coordinator is to provide a central coordinating point for effective chaplain management within the Department, and to direct and assist efforts to jointly provide more productive chaplain services. Under the general direction of the Police Chief or the authorized designee, chaplains shall report to the chaplain coordinator and/or Shift Supervisor.

The chaplain coordinator may appoint a senior chaplain or other designee to assist in the coordination of chaplains and their activities.

The responsibilities of the coordinator or the authorized designee include, but are not limited to:

(a) Recruiting, selecting and training qualified chaplains.

Chaplains may be assigned to other areas within the Department as needed. Chaplains should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.

All chaplains will be assigned to duties by the chaplain coordinator or the authorized designee.

Chaplains may not proselytize or attempt to recruit members of the Department or the public into a religious affiliation while representing themselves as chaplains with this department. If there is any question as to the receiving person’s intent, chaplains should verify that the person is desirous of spiritual counseling or guidance before engaging in such discussion.

Chaplains may not accept gratuities for any service or any subsequent actions or follow-up contacts that were provided while functioning as a chaplain for the Durango Police Department.

376.7.1 COMPLIANCE
Chaplains are volunteer members of this department, and except as otherwise specified within this policy, are required to comply with the Volunteers Policy and other applicable policies.

376.8 PRIVILEGED COMMUNICATIONS
No person who provides chaplain services to members of the Department may work or volunteer for the Durango Police Department in any capacity other than that of chaplain.

Department chaplains shall be familiar with state evidentiary laws and rules pertaining to the limits of the clergy-penitent, psychotherapist-patient and other potentially applicable privileges and shall inform members when it appears reasonably likely that the member is discussing matters that are not subject to privileged communications. In such cases, the chaplain should consider referring the member to a non-department counseling resource.

No chaplain shall provide counsel to or receive confidential communications from any Durango Police Department member concerning an incident personally witnessed by the chaplain or concerning an incident involving the chaplain.

Child and Dependent Adult Safety

380.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse Policy and the Adult Abuse Policy.

380.2 POLICY
It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when a parent or caregiver is arrested. The Durango Police Department will endeavor to create a strong cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

380.3 PROCEDURES DURING AN ARREST
When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases, this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

(a) Inquire about and confirm the location of any children or dependent adults.
(b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
(c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.
380.3.1 AFTER AN ARREST
Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

(a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
   1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.

(b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
   1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.

(c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.

(d) Notify the Department of Human Services, if appropriate.

(e) Notify the field supervisor or Shift Supervisor of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependents. The result of such actions should be documented in the associated report.

380.3.2 DURING THE BOOKING PROCESS
During the booking process, the arrestee should be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.
380.3.3 REPORTING

(a) For all arrests where children are present or living in the household, the reporting member will document the following information:

1. Name
2. Sex
3. Age
4. Special needs (e.g., medical, mental health)
5. How, where and with whom or which agency the child was placed
6. Identities and contact information for other potential caregivers
7. Notifications made to other adults (e.g., schools, relatives)

(b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:

1. Name
2. Sex
3. Age
4. Whether he/she reasonably appears able to care for him/herself
5. Disposition or placement information if he/she is unable to care for him/herself

380.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

380.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

380.5 TRAINING

The Training Manager is responsible to ensure that all members of this department who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.
Service Animals

382.1 PURPOSE AND SCOPE
Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Durango Police Department recognizes this need and is committed to making reasonable modifications to its policies, practices and procedures in accordance with Title II of the Americans with Disabilities Act (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

382.2 SERVICE ANIMALS
The ADA defines a service animal as any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the owner’s disability (28 CFR 35.104).

Service animals also include assistance dogs that are in the process of being trained and are accompanied by a trainer (CRS § 24-34-803).

382.2.1 USE OF SERVICE ANIMALS
Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items, or follow daily routines.

382.3 MEMBER RESPONSIBILITIES
Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the public is allowed. Department members are expected to treat individuals with...
Service Animals

service animals with the same courtesy and respect that the Durango Police Department affords to all members of the public.

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations, an officer may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually. Past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with the disability.

If it is apparent or if an officer is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the officer should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal, and no further question as to the animal’s status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner in all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice.
Volunteers

384.1 PURPOSE AND SCOPE
It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, certified officers and non-sworn personnel. Volunteers can be an important part of any organization and have proven to be a valuable asset to law enforcement agencies. Volunteers help to increase department responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

384.1.1 DEFINITIONS
Definitions related to this policy include:

Volunteer - An individual who performs a service for the Department without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid officers, interns, persons providing administrative support and youth involved in a law enforcement Explorer Post, among others.

384.1.2 VOLUNTEER ELIGIBILITY
Requirements for participation as an Durango Police Department volunteer include:

(a) Residency in the County of La Plata.

(h) No condition of mental health disorder or chemical dependency that may adversely affect the person's ability to serve in the position.

(j) A personal background history and character suitable for a person representing the Department, as validated by a background investigation.

The Police Chief or the authorized designee may apply exceptions for eligibility based on organizational needs and the qualification of the individual.
384.2 VOLUNTEER MANAGEMENT

384.2.1 VOLUNTEER COORDINATOR
The function of the Volunteer Coordinator is to provide a central coordinating point for effective volunteer management within the Department, and to direct and assist staff and volunteer efforts to jointly provide more productive services. The Volunteer Coordinator or the authorized designee shall be responsible for the following:

(a) Recruiting, selecting and training qualified volunteers for various positions
(b) Maintaining records for each volunteer
(c) Tracking and evaluating the contribution of volunteers
(d) Maintaining the volunteer handbook and outlining expectations, policies and responsibilities for all volunteers
(e) Maintaining a record of volunteer schedules and work hours
(f) Completion and dissemination as appropriate of all necessary paperwork and information
(g) Planning periodic recognition events
(h) Administering discipline when warranted
(i) Maintaining liaison with other community volunteer programs and assisting in community-wide efforts to recognize and promote volunteering

384.2.2 RECRUITMENT
Volunteers should be recruited on a continuous and ongoing basis in accordance with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist, the Department in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the chain of command. A complete position description and a requested time frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

384.2.3 SCREENING
All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or the authorized designee should conduct a face-to-face interview with the applicant.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

(a) Traffic and criminal background check
Volunteers

(b) Employment
(c) References
(d) Credit check

A truth verification exam may be required of each applicant depending on the type of assignment. A volunteer whose assignment requires the use of, access to or places him/her in the vicinity of criminal histories, investigative files or information portals shall require submission of prints and clearance through the Colorado Bureau of Investigation.

384.2.4 SELECTION AND PLACEMENT
Service as a volunteer shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Department, who will normally be the Volunteer Coordinator. No volunteer should begin performance of any position until he/she has been officially accepted for that position and completed all necessary screening and documentation.

At the time of final acceptance, each volunteer should complete all necessary enrollment documentation and will receive a copy of the job description and agreement of service with the Department. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and with the needs of the Department.

Reserve Unit volunteers are generally assigned to augment regular staffing levels.

384.2.5 EMPLOYEES WORKING AS RESERVE OFFICERS
Certified employees of this department, when authorized, may also serve as reserve officers. However, the Department must not utilize the services of a reserve or volunteer in such a way that it would violate employment laws or labor agreements (example: a detention officer working as a reserve officer for reduced or no pay). Therefore, the Reserve Coordinator should consult the Human Resources prior to an employee serving in a reserve, auxiliary or volunteer capacity (29 CFR 553.30).

384.2.6 TRAINING
Volunteers will be provided with an orientation program to acquaint them with the Department, personnel, policies and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Depending on the assignment, training may include the following:

(a) Role of the volunteer
Volunteers

(b) Department policies
(c) Training specific to the procedure manual for the volunteer position
(d) Discrimination and harassment training
(e) CPR/first aid
(f) CERT/Citizens Emergency Response Training
(g) Search and rescue techniques
(h) Scenario-based searching methods
(i) Evidence preservation
(j) Basic traffic direction and control
(k) Roadway incursion safety
(l) Self-defense techniques
(m) Vehicle operations, including specialized vehicles
(n) Horsemanship
(o) Issuance of citations

Pursuant to Colorado Peace Officer Standards and Training (POST) rules and regulations, the Department may establish training, licensing and continuing education requirements for its reserve officers.

Training should reinforce to volunteers that they should not intentionally represent themselves as, or by omission infer, that they are certified officers or other full-time members of the Department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department. Whenever a rule, regulation or guideline in this manual refers to a certified officer, it shall also apply to a volunteer, unless by its nature it is inapplicable.

384.2.7 FITNESS FOR DUTY
No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

(a) Driver's license
(b) Medical condition
(c) Arrests
(d) Criminal investigations
All law enforcement contacts

All volunteers shall adhere to the guidelines set forth by this department regarding drug and alcohol use.

384.2.8 DRESS CODE
As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by certified officers. No volunteer shall wear his/her uniform or identifiable parts of that uniform while off-duty.

Volunteers shall be required to return any issued uniform or department property at the termination of service.

384.3 SUPERVISION OF VOLUNTEERS
Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as, and act as, a supervisor of other volunteers, provided the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

(a) Take the time to introduce volunteers to employees on all levels.
(b) Ensure volunteers have work space and the necessary office supplies.
(c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

384.4 CONFIDENTIALITY
With appropriate security clearance, volunteers may have access to private and confidential information, such as criminal histories or investigative files. Unless otherwise directed by a supervisor, the duties of the position or department policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by department policy and supervisory personnel.

Each volunteer will receive training in data practices and be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized
Volunteers
disclosure of any private or confidential information, verbally, in writing or by any other means, by
the volunteer is grounds for immediate dismissal and possible criminal prosecution.
Volunteers shall not address public gatherings, appear on radio or television, prepare any article
for publication, act as correspondents to a newspaper or other periodical, release or divulge
any information concerning the activities of the Department, or maintain that they represent the
Department in such matters without permission from the proper department personnel.

384.5 PROPERTY AND EQUIPMENT
Volunteers will be issued an identification card that must be worn and visible at all times while
on-duty. Any fixed and portable equipment issued by the Department shall be for official and
authorized use only. Any property or equipment issued to a volunteer shall remain the property of
the Department and shall be returned at the termination of service.

384.5.1 VEHICLE USE
Volunteers assigned to duties such as vacation house checks or other assignments that require
the use of a vehicle must first complete the following:
   (a) A driving safety briefing
   (b) Verification that the volunteer possesses a valid driver's license
   (c) Verification that the volunteer carries current vehicle insurance

The Volunteer Coordinator should ensure that all volunteers receive safety briefing updates and
license and insurance verification at least once a year.

When operating a Department vehicle, volunteers shall obey all rules of the road, including seat
belt requirements.

Volunteers should not operate a marked patrol car unless there is a prominently placed sign
indicating that it is out of service and is being operated for maintenance purposes only; that it is
being operated during an approved skills course; that it is being used to transport equipment; that
it is being used to provide supplementary assistance under the direction of an on-duty certified
officer. Volunteers are not authorized to operate a Department vehicle for enforcement patrol
operations or under emergency conditions (lights and siren).

384.5.2 RADIO AND MDC USAGE
Volunteers shall successfully complete state and federal database access training and radio
procedures training prior to using the law enforcement radio or MDT and shall comply with all
related provisions. The Volunteer Coordinator should ensure that radio and database access
training is provided for volunteers whenever necessary.

384.6 DISCIPLINARY PROCEDURES/TERMINATION
A volunteer may be removed from the volunteer program at the discretion of the Police Chief,
authorized designee, or the Volunteer Coordinator. Volunteers shall have no property interests
in their continued appointment. However, if a volunteer is removed for alleged misconduct, the
Volunteers

Volunteers will be afforded an opportunity solely to clear his/her name through a liberty interest hearing. The hearing shall be limited to a single appearance before the Police Chief or the authorized designee.

Volunteers may resign from volunteer service with this department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

384.6.1 EXIT INTERVIEWS
Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer’s suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Department.

384.7 EVALUATION
An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Coordinator. Regular evaluations should be conducted with volunteers to ensure the best use of human resources, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum job satisfaction on the part of volunteers.

384.8 EMERGENCY CALL-OUT FOR VOLUNTEER PERSONNEL
The Volunteer Coordinator shall develop a plan outlining an emergency call-out procedure for volunteer personnel.
Native American Graves Protection and Repatriation

386.1 PURPOSE AND SCOPE
This policy is intended to ensure the protection and security of ancient or historic grave sites, including notification of personnel responsible for cultural items, in compliance with the Native American Graves Protection and Repatriation Act (NAGPRA) (25 USC § 3001 et seq.).

386.1.1 DEFINITIONS
Definitions related to this policy include (43 CFR 10.2):

Funerary objects and associated funerary objects - Objects that, as part of the death rite or ceremony of a culture, are reasonably believed to have been placed intentionally at the time of death or later with or near individual human remains, or that were made exclusively for burial purposes or to contain human remains.

Native American human remains - The physical remains of the body of a person of Native American ancestry.

Objects of cultural patrimony - Objects having ongoing historical, traditional or cultural importance that is central to the Native American group or culture itself and therefore cannot be appropriated or conveyed by any individual, including members of the Native American group or Native Hawaiian organization. Such objects must have been considered inalienable by the Native American group at the time the object was separated from the group.

Sacred objects - Specific ceremonial objects needed by traditional Native American religious leaders for the practice of traditional Native American religions.

386.2 POLICY
It is the policy of the Durango Police Department that the protection of Native American human remains, funerary objects, associated funerary objects, sacred objects or objects of cultural patrimony is the responsibility of all members. Such protection includes minimizing destruction, contamination, inadvertent disruption or complicated custody transfer processes.

386.3 COMPLIANCE WITH THE NATIVE AMERICAN GRAVES PROTECTION AND REPATRIATION ACT
Upon discovery or arrival upon a scene where it reasonably appears that a Native American grave, human remains, funerary objects, associated funerary objects, sacred objects or objects of cultural patrimony are exposed or otherwise unsecured, members shall secure the site in the same manner as a crime scene. All activity at the scene other than scene preservation activity must cease (43 CFR 10.4).

No photography or video recording may be permitted by the media or any group or individual who may wish to exhibit the remains.
Native American Graves Protection and Repatriation

Without delay, the appropriate agency or group shall be notified to respond and take control of the scene. These include the following (43 CFR 10.4; CRS § 24-80-1302):

- When appropriate, the Coroner.
- Federal land - Appropriate agency at the U.S. Department of the Interior or the U.S. Department of Agriculture
- State land - Appropriate Colorado land management agency
- Tribal land - Responsible Indian tribal official

386.4 EVIDENCE AND PROPERTY
If the location has been investigated as a possible homicide scene prior to identification as a NAGPRA site, investigators shall work with other appropriate agencies and individuals to ensure the proper transfer and repatriation of any material collected. Members shall ensure that any remains or artifacts located at the site are expediently processed (43 CFR 10.6).
Off-Duty Law Enforcement Actions

388.1 PURPOSE AND SCOPE
The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Durango Police Department with respect to taking law enforcement action while off-duty.

388.2 POLICY
Officers generally should not initiate law enforcement action while off-duty. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

When the safety of the public or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

Officers are not expected to place themselves in unreasonable peril. However, any certified member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death or significant property damage may take reasonable action to minimize the threat.

388.3 FIREARMS
Officers of this department may carry firearms while off-duty in accordance with federal regulations, state law and Department policy. All firearms and ammunition must meet guidelines as described in the Firearms Policy. When carrying firearms while off-duty, officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs that would tend to adversely affect the officer's senses or judgment. The carrying of firearms is prohibited while under the influence of alcohol or a controlled substance (CRS § 18-12-106(d)).

388.4 DECISION TO INTERVENE
There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable and should take into consideration:

(a) The tactical disadvantage of being alone and that there may be multiple or hidden suspects.
(b) The inability to communicate with responding units.
(c) The lack of equipment, such as handcuffs, oleoresin capsicum (OC) spray or a baton.
Off-Duty Law Enforcement Actions

(d) The lack of cover.
(e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
(f) Unfamiliarity with the surroundings.
(g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive and gather as much accurate intelligence as possible, instead of immediately intervening.

388.4.1 INTERVENTION PROCEDURE
If involvement is reasonably necessary, the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as a Durango Police Department officer until acknowledged. Official identification should also be displayed.

388.4.2 INCIDENTS OF PERSONAL INTEREST
Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances, officers should call the responsible agency to handle the matter.

388.4.3 RESPONSIBILITIES
Non-sworn personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

388.4.4 OTHER CONSIDERATIONS
When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

388.5 REPORTING
Any officer, prior to taking any off-duty enforcement action, shall notify and receive approval of a supervisor (or other applicable law enforcement authority if acting outside the jurisdiction of the Durango Police Department). If prior contact is not reasonably possible, an officer shall notify the applicable local law enforcement agency as soon as reasonably practicable. The Shift Supervisor shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Survey questions should be designed to evaluate perceptions of the following:

(a) Overall performance of the Department

Examples of information-sharing methods include:

(a) Community meetings.
(b) Social media (see the Department Use of Social Media Policy).
(c) Department website postings.

391.9 SAFETY AND OTHER CONSIDERATIONS
Department members responsible for community relations activities should consider the safety of the community participants and, as much as reasonably practicable, not allow them to be present in any location or situation that would jeopardize their safety.

Department members in charge of community relations events should ensure that participating community members have completed waiver forms before participation, if appropriate. A parent or guardian must complete the waiver form if the participating community member has not reached 18 years of age.

Community members are subject to a criminal history check before approval for participation in certain activities, such as citizen academies.

391.10 POLICE CHIEF'S ADVISORY PANEL
The Police Chief or authorized designee should establish a panel of volunteers consisting of community members, community leaders and other community stakeholders (e.g., representatives from schools, churches, businesses, social service organizations). 392.4 EXTREME RISK PROTECTION ORDERS
An officer who reasonably believes that an extreme risk protection order is appropriate should obtain approval from an appropriate supervisor and the risk protection order coordinator or authorized designee prior to seeking an order.

They will patrol assigned jurisdictional areas of Durango, identify community needs, provide support and assistance to the community, respond to calls for assistance, act as a deterrent to crime, enforce state and local laws and respond to emergencies 24 hours a day seven days a week.

Patrol will generally provide the following services within the limits of available resources:

It is the goal of the Durango Police Department to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic
Patrol Function

terrorism. Officers should advise a supervisor as soon as practicable of any activity believed to be terrorism related and should document such incidents with a written report or Field Interview (FI). The supervisor should ensure that all terrorism-related reports and FIs are forwarded to the Detective Unit supervisor in a timely fashion. The Detective Unit supervisor should forward the information as soon as practicable to the OPS Colorado Information Analysis Center.

400.2 PATROL INFORMATION SHARING PROCEDURES
The following guidelines are intended to develop and maintain intraorganizational cooperation and information flow between the various bureaus of the Durango Police Department.

400.2.1 CRIME ANALYSIS UNIT
The Crime Analysis Unit will be the central unit for information exchange. Criminal information and reports can be submitted to the Records Unit for distribution to all bureaus within the Department through daily and special bulletins.

400.2.2 CRIME REPORTS
A crime report may be completed by any patrol officer who receives criminal information. The report will be processed and forwarded to the appropriate bureau for retention or follow-up investigation.

400.2.3 PATROL BRIEFINGS
Patrol supervisors, investigative sergeants and special unit sergeants are encouraged to share information as much as reasonably possible. All supervisors and/or officers will be provided an opportunity to share information through daily patrol briefings, as time permits.

400.2.4 INFORMATION CLIPBOARDS
Several information clipboards will be maintained in the briefing room and will be available for review by officers from all bureaus within the Department. These include, but are not limited to, the patrol check clipboard, the wanted persons clipboard and the written directive clipboard.

400.2.5 BULLETIN BOARDS
A bulletin board will be kept in the briefing room and the Detective Unit for display of suspect information, investigative reports and photographs. New Departmental Directives will be made available for patrol supervisors and will be discussed at briefings and shift meetings. A copy of the Departmental Directive will be placed on the briefing room clipboard.

400.3 CROWDS, EVENTS AND GATHERINGS
Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.
Patrol Function

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

400.3.1 SPECIAL EVENT COORDINATION
The Operations Bureau Commander and Special Events Coordinator will be responsible for the coordination and management of all special events, including the development of an operations plan.

The Operations Bureau Commander will analyze the need for personnel allocation and staffing levels to include the need for mutual aid requests from other law enforcement agencies.

The Operations Bureau Commander will be responsible for coordinating the efforts of any private security, volunteers and groups such as the La Plata County Mounted Patrol, etc., if working directly under the supervision of the Department.

The Special Events Coordinator will evaluate, implement and coordinate any traffic management plans based on the individual needs of the event.
Bias-Based Policing

402.1 PURPOSE AND SCOPE
This policy provides guidance to department members that affirms the Durango Police Department's commitment to policing that is fair and objective.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department’s relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

402.1.1 DEFINITIONS
Definitions related to this policy include:

Bias-based policing - An inappropriate reliance on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement (CRS § 24-31-309).

402.2 POLICY
The Durango Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

402.3 BIAS-BASED POLICING PROHIBITED
Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

402.4 MEMBER RESPONSIBILITIES
Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of racial- or bias-based profiling to a supervisor. Members should, when reasonable to do so, intervene to prevent any biased-based actions by another member.

Officers shall provide, without being asked, a business card to any person who was detained in a traffic stop and was not cited or arrested. The business card shall include identifying information including, but not limited to, the officer's name, division, and badge or other identification number and a telephone number that may be used, if necessary, to report any comments, either positive or negative, regarding the traffic stop (CRS § 24-31-309(4)(a)).
Bias-Based Policing

402.4.1 REASON FOR CONTACT
Officers contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

After making a consensual or nonconsensual contact for the purpose of enforcing the law or investigating possible violations of the law, officers should complete a report as required by CRS 24-31-309. To the extent that written documentation would otherwise be completed (e.g., arrest report, Field Interview (FI) card), the involved officer should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

402.5 SUPERVISOR RESPONSIBILITIES
Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violations in accordance with the Personnel Complaints Policy. Supervisors should ensure that the identity of a person filing a bias-based profiling complaint is kept confidential to the extent permitted by law or unless necessary for further processing of the complaint (CRS § 24-31-309).

(a) Supervisors should discuss any issues with the involved officer and his/her supervisor in a timely manner.
   1. Supervisors should document these discussions, in the prescribed manner.

(b) Supervisors should periodically review MAV recordings, portable audio/video recordings, Mobile Data Computer, (MDC) data and any other available resource used to document contact between officers and the public to ensure compliance with this policy.
   1. Supervisors should document these periodic reviews.
   2. Recordings that capture a potential instance of bias-based policing should be appropriately retained for administrative investigation purposes.

(c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.

(d) Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this department who discloses information concerning bias-based policing.

402.6 STATE REPORTING
The Department shall compile, on at least an annual basis, any information derived from complaints of profiling that are received due to the distribution of business cards as provided in this policy. The information shall be made available to the public but shall not include the names of officers or the names of persons alleging profiling (CRS § 24-31-309).

402.7 ADMINISTRATION
Each year, the Administration Support Bureau Commander should review the efforts of the Department to provide fair and objective policing and submit an annual report, including public
Bias-Based Policing

Concerns and complaints, to the Police Chief or authorized designee. The annual report should not contain any identifying information about any specific complaint, citizen or officers. It should be reviewed by the Police Chief or authorized designee to identify any changes in training or operations that should be made to improve service.

Supervisors should review the information compiled from complaints, as provided in this policy and the annual report, and discuss the results with those they are assigned to supervise.

402.8 TRAINING
Training on fair and objective policing and review of this policy should be conducted as directed by the Training Unit.

All certified members will attend regular training on the subject of bias-based policing (CRS § 24-31-309). All newly employed officers should receive a copy of this policy and initial training on the subject of bias-based policing.

402.9 PUBLIC INFORMATION
The Administration Support Bureau Commander will ensure that this policy is made available to the public for inspection during business hours (CRS § 24-31-309).
Roll Call Briefing

404.1 PURPOSE AND SCOPE
Roll Call Briefing is generally conducted at the beginning of the officer’s assigned shift. Roll Call Briefing provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct roll call briefing. However, officers may conduct roll call briefing for training purposes with supervisor approval.

Roll Call Briefing should accomplish, at a minimum, the following basic tasks:

(a) Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles and major investigations.

(b) Notifying officers of changes in schedules and assignments.

(c) Notifying officers of new Departmental Directives or changes in Departmental Directives.

(d) Reviewing recent incidents for training purposes.

(e) Providing training on a variety of subjects.

404.2 ROLL CALL BRIEFING AND ROLL CALL TRAINING
Roll Call Briefing and roll call training is generally conducted at the beginning or conclusion of the officer’s assigned shift, yet it may occur at another period. Roll Call Briefing and roll call training should incorporate short training segments on a variety of subjects and may include:

(a) Review and discussion of new or updated policies.

(b) Presentation and discussion of the proper application of existing policy to routine daily activities.

(c) Presentation and discussion of the proper application of existing policy to unusual activities.

(d) Reviewing recent incidents for training purposes.

404.3 PREPARATION OF MATERIALS
The supervisor conducting roll call briefing and/or roll call training, or the officer if the supervisor is unable to participate in a group briefing or roll call training session, is responsible for collection and preparation of the materials necessary for a constructive briefing and/or roll call training. A supervisor may delegate this responsibility to a subordinate officer in his/her absence or for training purposes.

404.4 RETENTION OF ROLL CALL BRIEFING AND ROLL CALL TRAINING RECORDS
Roll Call Briefing and roll call training materials and a curriculum or summary shall be forwarded to the Training Manager for inclusion in training records, as appropriate.
Crime and Disaster Scene Integrity

406.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance in handling a major crime or disaster.

406.2 SCENE RESPONSIBILITY
The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

406.3 FIRST RESPONDER CONSIDERATIONS
The following list generally describes the first responder’s function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

(a) Broadcast emergency information, including requests for additional assistance and resources.
(b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
(c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
(d) Provide first aid to injured parties if it can be done safely.
(e) Evacuate the location safely as required or appropriate.
(f) Secure the inner perimeter.
(g) Protect items of apparent evidentiary value.
(h) Secure an outer perimeter.
(i) Identify potential witnesses.
(j) Start a chronological log noting critical times and personnel allowed access.

406.4 POLICY
It is the policy of the Durango Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

406.5 SEARCHES
Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured
Crime and Disaster Scene Integrity

persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

406.5.1 CONSENT
When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.
Critical Response Unit

408.1 PURPOSE AND SCOPE
The Critical Response Unit (CRU) is comprised of two specialized teams: the Crisis Negotiation Team (CNT) and the Special Weapons and Tactics team (SWAT). The unit has been established to provide specialized support in handling critical field operations where intense negotiations and/or special tactical deployment methods beyond the capacity of field officers appears to be necessary.

408.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY
The Policy Manual sections pertaining to the Critical Response Unit are divided into Administrative and Operational Policy and Procedures. Since situations that necessitate the need for such a law enforcement response vary greatly from incident to incident, and because such events often demand on-scene evaluation, the Operational Policy outlined in this section serves as a guideline to department personnel, allowing for appropriate on-scene decision-making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

408.1.2 SWAT TEAM DEFINED
**SWAT team** - A designated unit of law enforcement officers, including a multijurisdictional team, that is specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex or unusual that they may exceed the capabilities of first responders or investigative units. This includes, but is not limited to, hostage taking, barricaded suspects, snipers, terrorist acts and other high-risk incidents. As a matter of department policy, such a unit may also be used to serve high-risk warrants, both search and arrest, where public and officer safety issues warrant the use of such a unit.

408.2 LEVELS OF CAPABILITY/TRAINING

408.2.1 LEVEL I
**Level I SWAT team** - Is a basic team capable of providing containment and intervention with critical incidents that exceed the training and resources available to line-level officers. This does not include ad hoc teams of officers that are formed around a specific mission, detail or incident (e.g. active shooter response). Generally, 5 percent of the basic team’s on-duty time should be devoted to training.

408.2.2 LEVEL II
**Level II SWAT team** - Is an intermediate level team capable of providing containment and intervention. These teams possess tactical capabilities above the Level I teams. These teams may or may not work together on a daily basis, but are intended to respond to incidents as a team. At least 5 percent of their on-duty time should be devoted to training, with supplemental training for tactical capabilities above the Level I team.
408.2.3 LEVEL III

**Level III SWAT team** - Is an advanced level team whose personnel function as a full-time unit. Generally, 25 percent of their on-duty time is devoted to training. Level III teams operate in accordance with contemporary best practices. Such units possess both skills and equipment to utilize tactics beyond the capabilities of Level I and Level II teams.

408.3 POLICY

It is the policy of this department to maintain a SWAT team and to provide the equipment, manpower and training necessary to maintain a SWAT team. The SWAT team should develop sufficient resources to perform three basic operational functions:

(a) Command and control
(b) Containment
(c) Entry/apprehension/rescue

It is understood that it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of the team personnel, team administrators and potential incident commanders. Nothing in this policy shall prohibit individual teams from responding to a situation that exceeds their training levels due to the exigency of the circumstances. The preservation of innocent human life is paramount.

408.3.1 POLICY CONSIDERATIONS

A needs assessment should be conducted to determine the type and extent of SWAT missions and operations that are appropriate to this department. The assessment should consider the team’s capabilities and limitations and should be reviewed annually by the SWAT commander or the authorized designee.

408.3.2 ORGANIZATIONAL PROCEDURES

This department shall develop a separate written set of organizational procedures that should address, at minimum, the following:

(a) Locally identified specific missions the team is capable of performing
(b) Team organization and function
(c) Personnel selection and retention criteria
(d) Training and required competencies
(e) Procedures for activation and deployment
(f) Command and control issues, including a clearly defined command structure
(g) Multi-agency response
(h) Extrajurisdictional response
(i) Specialized functions and supporting resources
Critical Response Unit

408.3.3 OPERATIONAL PROCEDURES
This department shall develop a separate written set of operational procedures, in accordance with its level of capability, using sound risk reduction practices. The operational procedures should be patterned after the National Tactical Officers Association's Suggested SWAT Best Practices. Because such procedures are specific to CRU members and will outline tactical and officer safety issues, they are classified as confidential security data and are not included within this policy. The operational procedures should include, at minimum, the following elements:

(a) Personnel responsible for developing an operational or tactical plan should be designated prior to, and/or during SWAT operations (time permitting).
   1. All SWAT team members should have an understanding of operational planning.
   2. SWAT team training should consider planning for both spontaneous and planned events.
   3. SWAT teams should incorporate medical emergency contingency planning as part of the SWAT operational plan.

(b) Plans for mission briefings should be conducted prior to an operation, unless circumstances require immediate deployment.
   1. When reasonably possible, briefings should include the specialized units and supporting resources.

(c) Protocols for a sustained operation should be developed. These may include relief, rotation of personnel and augmentation of resources.

(d) A generic checklist to be worked through prior to initiating a tactical action should be developed. This will provide a means of conducting a threat assessment to determine the appropriate response and resources necessary, including the use of SWAT.

(e) The appropriate role for a trained negotiator should be defined.

(f) A standard method of determining whether a warrant should be regarded as high risk should be developed.

(g) A method for deciding how best to serve a high-risk warrant should be developed, with all reasonably foreseeable alternatives being reviewed in accordance with risk/benefit criteria prior to selecting the method of response.

(h) The elements of post-incident scene management should include:
   1. Documentation of the incident.
   2. Transition to investigations and/or other units.
   3. Debriefing after every deployment of the SWAT team.
   (a) After-action team debriefing provides evaluation and analysis of critical incidents and affords the opportunity for individual and team assessments.
Critical Response Unit

It also helps to identify training needs and reinforces sound risk management practices.

(b) Debriefing should not be conducted until involved officers have had the opportunity to individually complete the necessary reports or provide formal statements.

(c) To maintain candor and a meaningful exchange, debriefing will generally not be recorded.

(d) When appropriate, debriefing should include specialized units and resources.

(i) Sound risk management analysis should be included.

(j) Standardization of equipment should be addressed.

408.4 TRAINING NEEDS ASSESSMENT

The SWAT commander shall conduct an annual SWAT training needs assessment to ensure that training is conducted within team capabilities and department policy.

408.4.1 INITIAL TRAINING

SWAT team operators and SWAT supervisors/team leaders should not be deployed until successful completion of an approved basic SWAT course or its equivalent.

(a) To avoid unnecessary or redundant training, previous training completed by members may be considered equivalent when the hours and content or topics meet or exceed requirements determined by the Department.

408.4.2 UPDATED TRAINING

Appropriate team training for the specialized SWAT functions and other supporting resources should be completed prior to full deployment of the team.

SWAT team operators and SWAT supervisors/team leaders should complete update or refresher training every 24 months.

408.4.3 SUPERVISION AND MANAGEMENT TRAINING

Command and executive personnel are encouraged to attend training for managing the SWAT function at the organizational level. This is to ensure that personnel who provide active oversight at the scene of SWAT operations understand the purpose and capabilities of the team.

Command personnel who may assume incident command responsibilities should attend a SWAT or critical incident commander course or its equivalent. SWAT command personnel should attend a SWAT commander or tactical commander course or its equivalent that has been approved by the Department.
Critical Response Unit

408.4.4 SWAT ONGOING TRAINING

Training shall be coordinated by the CRU commander. The CRU commander may conduct monthly training exercises that include a review and critique of personnel and their performance in the exercise, in addition to specialized training. Training shall consist of the following:

(a) Each SWAT member shall perform a physical fitness test twice each year. A minimum qualifying score must be attained by each team member.

(b) Any SWAT team member failing to attain the minimum physical fitness qualification score will be notified of the requirement to retest. Within 30 days of the previous physical fitness test date, the member required to qualify shall report to a team supervisor and complete the entire physical fitness test. Failure to qualify after a second attempt may result in dismissal from the team.

(c) Those members who are on vacation, ill or are on limited duty status with a medical provider’s note of approval on the test date shall be responsible for reporting to a team supervisor and taking the test within 30 days of their return to regular duty. Any member who fails to arrange for and perform the physical fitness test within the 30-day period shall be considered as having failed to attain a qualifying score for that test period.

(d) Twice a year each SWAT team member shall perform the mandatory SWAT handgun qualification course. The qualification course shall consist of the SWAT basic drill for the handgun. Failure to qualify will require the officer to seek remedial training from a Rangemaster approved by the CRU commander. Team members who fail to qualify will not be used in SWAT operations until qualified. Team members who fail to qualify must retest within 30 days. Failure to qualify within 30 days with or without remedial training may result in dismissal from the team.

(e) Twice a year each SWAT team member shall perform a mandatory SWAT qualification course for any specialty weapon issued to or used by the officer during SWAT operations. Failure to qualify will require the officer to seek remedial training from a Rangemaster approved by the CRU commander. Team members who fail to qualify on their specialty weapon may not utilize the specialty weapon on SWAT operations until qualified. Team members who fail to qualify must retest within 30 days. Failure to qualify with specialty weapons within 30 days may result in the team member being removed from the team or permanently disqualified from use of that particular specialty weapon.

408.4.5 TRAINING SAFETY

Use of a designated safety officer should be considered for all tactical training.
**Critical Response Unit**

408.4.6  SCENARIO-BASED TRAINING

SWAT teams should participate in scenario-based training that simulates the tactical operational environment. Such training is an established method of improving performance during an actual deployment.

408.4.7  TRAINING DOCUMENTATION

Individual and team training shall be documented and records maintained by the Training Unit. Such documentation shall be maintained in each member's individual training file. A separate agency SWAT training file shall be maintained with documentation and records of all team training.

**408.5  UNIFORMS, EQUIPMENT AND FIREARMS**

408.5.1  UNIFORMS

SWAT teams from this department should wear uniforms that clearly identify team members as law enforcement officers. It is recognized that certain tactical conditions may require covert movement. Attire may be selected appropriate to the specific mission.

408.5.2  EQUIPMENT

SWAT teams from this department should be adequately equipped to meet the specific mission identified by the Department.

408.5.3  FIREARMS

Weapons and equipment used by SWAT, the specialized units and the supporting resources should be department-issued or approved, including any modifications, additions or attachments.

408.5.4  OPERATIONAL READINESS INSPECTION

The commander of the CRU shall appoint a CRU supervisor to perform an operational readiness inspection of all unit equipment at least quarterly. The result of the inspection will be forwarded to the CRU commander. The inspection will include personal equipment issued to members of the unit as well as special use equipment maintained for periodic or occasional use in the SWAT vehicle.

**408.6  MANAGEMENT/SUPERVISION OF CRITICAL RESPONSE UNIT**

The commander of the CRU shall be selected by the Police Chief upon recommendation of the staff.

408.6.1  PRIMARY UNIT MANAGER

Under the direction of the Police Chief, through the Deputy Chief, the Critical Response Unit shall be managed by the appointed CRU commander.

408.6.2  TEAM SUPERVISORS

The CNT and each SWAT team will be supervised by a team leader who has been appointed by the CRU commander.
Critical Response Unit

The team supervisors shall be selected by the Police Chief upon specific recommendation by the staff and the CRU commander.

The following represent supervisor responsibilities for the Critical Response Unit:

(a) The CNT supervisor’s primary responsibility is to supervise the operations of the team, to include deployment, training, first-line participation and other duties as directed by the CRU commander.

(b) The SWAT team supervisor’s primary responsibility is to supervise the operations of the team, which will include deployment, training, first-line participation and other duties as directed by the CRU commander.

408.7 CRISIS NEGOTIATION TEAM ADMINISTRATIVE PROCEDURES

The CNT has been established to provide skilled verbal communicators, who may be utilized to attempt to de-escalate and effect surrender in critical situations where suspects have taken hostages, barricaded themselves or have suicidal tendencies.

The following procedures serve as directives for the administrative operation of the CNT.

408.7.1 SELECTION OF PERSONNEL

Interested certified personnel, who are recommended for selection by their direct supervisor and approved by the Police Chief or designee, shall submit a request to the appropriate Bureau Commander. A copy will be forwarded to the CRU commander and the CNT sergeant. Qualified applicants will then be invited to an oral interview. The oral board will consist of the CRU commander, the CNT sergeant and a third person to be selected by the two. Interested personnel shall be evaluated by the following criteria:

(a) Recognized competence and ability as evidenced by performance
(b) Demonstrated good judgment and an understanding of the critical role of a negotiator and the negotiation process
(c) Effective communication skills to ensure success as a negotiator
(d) Special skills, training or appropriate education as it pertains to the assignment
(e) Commitment to the unit, realizing that the assignment may necessitate unusual working hours, conditions and training obligations

The oral board shall submit a list of successful applicants to the CRU Commander for final selection.

408.7.2 TRAINING OF NEGOTIATORS

Those officers selected as members of the CNT should attend a department-approved basic negotiator’s course prior to deployment in an actual crisis situation. Untrained officers may be used in a support or training capacity. Additional training will be coordinated by the team supervisor.

A minimum of one training day per quarter will be required to provide the opportunity for role playing and situational training to maintain proper skills. This will be coordinated by the team supervisor.
Critical Response Unit

Continual evaluation of a team member’s performance and efficiency as it relates to the positive operation of the team shall be conducted by the team supervisor. Performance and efficiency levels established by the team supervisor will be met and maintained by all team members. Any member of the CNT who performs or functions at a level less than satisfactory shall be subject to dismissal from the CNT.

408.8 SWAT TEAM ADMINISTRATIVE PROCEDURES
The SWAT team was established to provide a skilled and trained team that may be deployed during events requiring specialized tactics, in situations where suspects have taken hostages and/or barricaded themselves, as well as prolonged or predictable situations in which persons who are armed or suspected of being armed pose a danger to themselves or others.

The following procedures serve as directives for the administrative operation of the SWAT team.

408.8.1 SELECTION OF PERSONNEL
Interested certified personnel, who are recommended for selection by their direct supervisor and approved by the Police Chief or designee, shall submit a request to their appropriate Commander, a copy of which will be forwarded to the CRU commander and other SWAT supervisors. Those qualifying applicants will then be invited to participate in the testing process. The order of the tests will be given at the discretion of the CRU commander. The testing process will consist of an oral board, physical agility test and a SWAT basic handgun and team evaluation.

(a) Oral board: The oral board will consist of personnel selected by the CRU commander. Applicants will be evaluated by the following criteria:

1. Recognized competence and ability as evidenced by performance
2. Demonstrated good judgment and an understanding of the critical role of a SWAT team member
3. Special skills, training or appropriate education as it pertains to the assignment
4. Commitment to the unit, realizing that the additional assignment may necessitate unusual working hours, conditions and training obligations

(b) Physical agility: The physical agility test is designed to determine the physical capabilities of the applicant as they relate to performance of SWAT-related duties. The test and scoring procedure will be established by the CRU commander in collaboration with the Department of Human Resources. A minimum qualifying score shall be attained by the applicant to be considered for the position.

(c) SWAT basic handgun and carbine: Candidates will be invited to shoot the SWAT basic drill for the handgun. A minimum qualifying score of 90% must be attained to qualify.

(d) Team evaluation: Current team members will evaluate each candidate on field tactical skills, teamwork, ability to work under stress, communication skills, judgment and any special skills that could benefit the team.

(e) A list of successful applicants shall be submitted to the staff by the CRU commander for final selection.
**Critical Response Unit**

408.8.2 TEAM EVALUATION

Continual evaluation of a team member’s performance and efficiency as it relates to the positive operation of the team shall be conducted by the SWAT commander. The performance and efficiency level, as established by the team supervisor, will be met and maintained by all SWAT team members. Any member of the SWAT team who performs or functions at a level less than satisfactory shall be subject to dismissal from the SWAT team.

408.9 OPERATIONAL GUIDELINES FOR CRITICAL RESPONSE UNIT

The following procedures serve as guidelines for the operational deployment of the Critical Response Unit. Generally, the SWAT team and the CNT will be activated together. It is recognized, however, that a tactical team may be used in a situation not requiring the physical presence of the CNT, such as warrant service operations. This shall be at the discretion of the CRU commander.

408.9.1 ON-SCENE DETERMINATION

The supervisor in charge at the scene of a particular event will assess whether the Critical Response Unit should respond. Notification for final determination regarding CRU response should generally go from the supervisor at the scene, through a CRU supervisor to the CRU commander.

408.9.2 APPROPRIATE SITUATIONS FOR USE OF A CRITICAL RESPONSE UNIT

The following are examples of incidents that may result in the activation of the Critical Response Unit:

(a) Barricaded suspects who refuse an order to surrender
(b) Incidents where hostages have been taken.
(c) Arrests of persons reasonably believed to be dangerous
(d) Any situation in which CRU or CNT deployment could enhance the ability to preserve life, maintain social order and ensure the protection of property

408.9.3 OUTSIDE AGENCY REQUESTS

Requests by field personnel for assistance from outside agency crisis units must be approved by the Shift Supervisor. Deployment of the Durango Police Department Critical Response Unit in response to requests by other agencies must be authorized by a Bureau Commander.

408.9.4 MULTIJURISDICTIONAL SWAT OPERATIONS

The SWAT team, including specialized units and supporting resources, should develop protocols, agreements, memorandums of understanding or working relationships to support multijurisdictional or regional responses.

(a) If it is anticipated that multijurisdictional SWAT operations will regularly be conducted, SWAT multi-agency and multidisciplinary joint training exercises are encouraged.
408.9.5 MOBILIZATION OF CRITICAL RESPONSE UNIT

The on-scene supervisor shall make a request to the Shift Supervisor for the Critical Response Unit to respond. The Shift Supervisor shall then notify the CRU commander. If unavailable, a team supervisor shall be notified. A current mobilization list shall be maintained in the Shift Supervisor's office by the SWAT commander. The Shift Supervisor will then notify the Operations Bureau Commander as soon as practicable.

The Shift Supervisor should brief the CRU commander or designee with the following information if available:

(a) The number of suspects, known weapons and resources
(b) If the suspect is in control of hostages
(c) If the suspect is barricaded
(d) The type of crime involved
(e) If the suspect has threatened or attempted suicide
(f) The location and safe approach to the command post
(g) The extent of any perimeter and the number of officers involved
(h) Any other important facts critical to the immediate situation, and whether the suspect has refused an order to surrender

The CRU commander or designee shall then call selected officers to respond.

408.9.6 FIELD UNIT RESPONSIBILITIES

While waiting for the Critical Response Unit, field personnel should, if safe, practicable and if sufficient resources exist:

(a) Establish an inner and outer perimeter.
(b) Establish a command post outside of the inner perimeter.
(c) Establish a patrol emergency arrest/response team prior to SWAT arrival. The team actions may include:
   1. Securing any subject or suspect who may surrender.
   2. Taking action to mitigate a lethal threat or behavior.
(d) Evacuate any injured persons or citizens in the zone of danger.
(e) Attempt to establish preliminary communications with the suspect. Once the CRU has arrived, all negotiations should generally be halted to allow the negotiators and SWAT team time to set up.
Critical Response Unit

(f) Be prepared to brief the CRU commander on the situation.

(g) Plan for and stage anticipated resources.

408.9.7 ON-SCENE COMMAND RESPONSIBILITIES
Upon arrival of the Critical Response Unit, the Shift Supervisor shall brief the CRU commander and team supervisors. Upon review, it will be the CRU Commander's decision, with input from the Shift Supervisor, whether to deploy the Critical Response Unit. Once the CRU Commander authorizes deployment, the CRU commander will be responsible for the tactical portion of the operation. The CRU Commander will be the Incident Commander and shall continue supervision of the command post operation, outer perimeter security and support for the Critical Response Unit. The commander or the authorized designee shall maintain communications at all times with the SWAT Commander.

408.9.8 COMMUNICATION WITH CRITICAL RESPONSE UNIT PERSONNEL
All persons who are non-Critical Response Unit personnel should refrain from any non-emergency contact or from interference with any member of the unit during active negotiations. Operations require the utmost in concentration by involved personnel. No one should interrupt or communicate with CRU personnel directly. All non-emergency communications shall be channeled through the command post on a separate communications system or talk group, CNT sergeant or the authorized designee.
Ride-Alongs

410.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for a ride-along with members of the Durango Police Department. This policy provides the requirements, approval process, hours of operation, and member responsibilities for ride-alongs.

410.2 POLICY
Ride-along opportunities will be provided to members of the public, City employees, and members of this department to observe and experience, first-hand, various functions of the Durango Police Department. The term “ride-along” includes riding as a passenger with an officer on patrol or observing the work day of members engaged in other functions within the Department, such as the Communications Center.

410.3 ELIGIBILITY
A ride-along is available to Durango residents and business owners, students currently attending class in Durango, and those employed within the City of Durango. Efforts will be made to accommodate all interested persons. However, any applicant may be disqualified without cause from participating.

Factors that may be considered in disqualifying an applicant include but are not limited to:

- In no circumstances will a spouse, family member, or those involved in a relationship be allowed to ride together. Ride-alongs in those categories will only be allowed to ride with another department member.
- Prior criminal history.
- Pending criminal action.
- Pending lawsuit against this department or the City.
- Denial by any supervisor.

410.4 AVAILABILITY
A ride-along or job observation is available most days of the week, from 10 a.m. to 11 p.m. Exceptions to this schedule may be made as approved by the Police Chief, authorized designee or Shift Supervisor.

410.5 PROCEDURES
Once approved, ride-along applicants will be allowed to participate no more than once every six months. An exception may apply to the following law enforcement-involved participants:

- Cadets
- Explorers
- Volunteers
Ride-Alongs

- Chaplains
- Reserves
- Auxiliaries
- Durango Police Department applicants
- Any others with approval of the Shift Supervisor
- Students enrolled in any department-approved dispatcher training course

An effort will be made to ensure that no more than one member of the public will participate in a ride-along or job observation during any given time period. Normally, no more than one ride-along participant will be allowed in department vehicles at a given time.

Ride-along requirements for department Cadets and Explorers are covered in the Police Cadets and Explorers Policy.

410.5.1 OFF-DUTY PARTICIPATION
Off-duty members of this department or any other law enforcement agency, and employees of the City, will not be permitted to participate in a ride-along with on-duty members of this department without the express consent of the Shift Supervisor.

In the event that such participation is permitted, the off-duty department member, other law enforcement agency personnel, or City employee shall not:

(a) Be considered on-duty.
(b) Represent him/herself as a member of this department or any other law enforcement agency.
(c) Participate in any law enforcement activity except as emergency circumstances may require.

410.5.2 CRIMINAL HISTORY CHECK
All ride-along applicants are subject to a criminal history check. The criminal history check may include a local records check and a Colorado Crime Information Center (CCIC) and National Crime Information Center (NCIC) criminal history check prior to approval of the ride-along.

410.5.3 SUITABLE ATTIRE
Any person approved to participate in a ride-along is required to be suitably dressed in a collared shirt, blouse, or jacket; slacks; and shoes. Sandals, t-shirts, tank tops, shorts, and ripped or torn pants are not permitted. Hats and ball caps will not be worn without the express consent of the Shift Supervisor. The Shift Supervisor or a supervisor may refuse a ride-along to anyone who is not dressed appropriately.

410.6 REQUESTS TO PARTICIPATE
Generally, ride-along and job observation requests will be maintained and scheduled by the Shift Supervisor. The applicant will complete and sign a ride-along or job observation waiver...
form. Information requested will include a valid state-issued identification card or driver’s license number, birthdate, address, and telephone number.

The Shift Supervisor will schedule a date, based on availability, generally one week after the date of application. If approved, a copy of the waiver form will be forwarded to the appropriate Bureau as soon as possible for scheduling considerations.

If the request is denied, a representative of this department will advise the applicant of the denial.

410.7 MEMBER RESPONSIBILITIES
The assigned department member shall consider the safety of the ride-along or job observation participant at all times. The member shall maintain control over the participant and shall instruct the individual about the conditions that necessarily limit his/her participation. Instructions should include:

(a) The participant will follow the directions of the department member.

(b) The participant will not become involved in any investigation, handling of evidence, discussions with victims or suspects, reading an individual’s criminal history or other protected information, or handling any police department equipment.

(c) Participation may be terminated at any time by the member if the participant interferes with the performance of the member’s duties.

1. If the ride-along is in progress, the member may return the participant to the point the ride originated.

(d) Participants may be allowed to continue a ride-along during the transportation and booking process, provided it does not jeopardize their safety.

(e) Members will not allow participants to be present in any location or situation that would jeopardize the participant’s safety or cause undue stress or embarrassment to a victim or any other member of the public.

(f) Participants who are not law enforcement officers shall not be permitted to accompany the department member into a private residence without the express consent of the resident or other authorized person.

The member assigned to provide a ride-along shall advise the [dispatcher] that a ride-along participant is present in the vehicle before going into service. An officer with a ride-along participant should use sound discretion when encountering a potentially dangerous situation, such as a high-speed pursuit and, if feasible, let the participant out of the vehicle in a well-lit public place. The [dispatcher] will be advised of the situation and as soon as practicable have another department member respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

Conduct by a person participating in a ride-along that results in termination of the ride, or is otherwise inappropriate, should be immediately reported to the Shift Supervisor. The member should enter comments regarding the reasons for terminating the ride-along on the waiver form.

Upon completion of the ride-along, the member shall return the waiver form to the Shift Supervisor.
Hazardous Material Response

412.1 PURPOSE AND SCOPE
Hazardous materials present a potential harm to employees and others as a result of their exposure. To comply with applicable law, the following represents the policy of this department.

412.1.1 HAZARDOUS MATERIAL DEFINED
Hazardous material - A substance which by its nature, containment and reactivity, has the capability of inflicting harm to people, other living organisms, property or the environment during exposure. Hazardous materials are characterized as being toxic, corrosive, flammable, explosive, oxidizing, asphyxiating, pathogenic, allergenic, biohazardous, or radioactive and pose a threat to health when improperly managed.

412.2 HAZARDOUS MATERIAL RESPONSE
Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic collision, chemical spill or fire. When employees come into contact with a suspected hazardous material, they should take certain steps to protect themselves and other persons.

The fire department is the agency trained and equipped to properly respond and mitigate most hazardous materials and biohazards.

Responders should not perform tasks or use equipment without proper training.

A responder entering the area may require decontamination before he/she is allowed to depart the scene and should be evaluated by appropriate technicians and medical professionals for signs of exposure.

The following steps should be considered at any scene involving suspected hazardous materials:

(a) Make the initial assessment of a potential hazardous material from a safe distance.

(b) Remain upwind, uphill and at a safe distance, maintaining awareness of weather and environmental conditions, until the material is identified and a process for handling has been determined.

(c) Wear personal protective gear, being cognizant that some hazardous material may quickly volatilize into a form which is readily inhaled.

(d) Attempt to identify the type of hazardous material from a safe distance using optical aids (binoculars/spotting scopes) if they are available. Identification can be determined by:

   2. Driver's statements or shipping documents from the person transporting the material.
3. Information obtained from any involved person with knowledge regarding the hazardous material.

(e) Obtain information from any involved party who has knowledge regarding the hazardous material. Information should include:

1. The identity of the material.
2. How to secure and contain the material.
3. Any other information to protect the safety of those present, the community and the environment.

(f) Notify the appropriate fire department. Provide weather conditions, wind direction, a suggested safe approach route and any other information pertinent to responder safety.

(g) Provide first aid to injured parties if it can be done safely and without contamination.

(h) Begin evacuation of the immediate and surrounding areas, dependent on the material. Voluntary evacuation should be considered. Depending on the material, mandatory evacuation may be necessary.

(i) Make reasonable efforts to secure the scene to prevent access from unauthorized personnel.

(j) Establish a decontamination area when needed.

(k) Contact the local Colorado State Patrol Dispatch to request assistance from the Colorado State Patrol Hazardous Materials Unit or contact Central Communications for the local Hazardous Material Team.

(l) If available, activate reverse 9-1-1 calling to the affected area.

412.3 REPORTING EXPOSURE
Department personnel who believe they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in the Infectious/Communicable Disease Exposure Record, which shall be forwarded via chain of command to the Operations Bureau Commander as soon as practicable. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the record.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness, in addition to a crime report or incident report.
Hazardous Material Response

412.3.1 SUPERVISOR RESPONSIBILITIES
When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to treat the exposure.

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the appropriate fire department.
Hostage and Barricade Incidents

414.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

414.1.1 DEFINITIONS
Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

414.2 POLICY
It is the policy of the Durango Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

414.3 COMMUNICATION
When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

414.3.1 EMERGENCY COMMUNICATIONS
Any department member supervising a hostage or barricade situation in this jurisdiction may order a security employee of a communications or internet access provider to cut, reroute or divert telephone lines or a cellular or digital communications signal to prevent the suspect from communicating with any person other than a law enforcement officer (CRS § 18-9-312).
Hostage and Barricade Incidents

Any department member supervising a hostage or barricade situation may also order a telecommunication provider to disclose location information of any hostage’s or other named person’s telecommunications device if the supervising member reasonably believes that the time required to obtain a court order would increase the risk of death or serious bodily injury to the hostage or any person with the named person (CRS § 18-9-312). The supervising member shall ensure that a court order is obtained within 48 hours of the initial request for the location information (CRS § 18-9-312).

414.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor’s response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

414.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. In the interim, the following options, while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

(c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

(d) Provide responding emergency personnel with a safe arrival route to the location.

(e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.

(f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
Hostage and Barricade Incidents

(g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.

(h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer.

(j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

(k) Establish a command post.

414.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

(c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).

(d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.

(e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

(f) Provide responding emergency personnel with a safe arrival route to the location.

(g) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.

(h) Coordinate pursuit or surveillance vehicles and control of travel routes.

(i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
Hostage and Barricade Incidents

(j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.

(k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer.

(m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

414.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander (IC) until properly relieved. This includes requesting a CRU response if appropriate and apprising the CRU Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

(a) Ensure injured persons are evacuated and treated by medical personnel.

(b) Ensure the completion of necessary first responder responsibilities or assignments.

(c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.

(d) Establish a command post location as resources and circumstances permit.

(e) Designate assistants who can help with intelligence information and documentation of the incident.

(f) If it is practicable to do so, arrange for video documentation of the operation.

(g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).

(h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct nonessential personnel away from the scene unless they have been summoned by the supervisor or the Communications Center.

(i) Identify a media staging area outside the outer perimeter and have the department Public Information Officer or a designated temporary media representative provide media access in accordance with the Media Relations Policy.

(j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.

(k) Debrief personnel and review documentation as appropriate.
Hostage and Barricade Incidents

414.6 CRISIS RESPONSE UNIT RESPONSIBILITIES
It will be the IC’s decision, with input from the CRU Commander, whether to deploy the CRU during a hostage or barricade situation. Once the IC authorizes deployment, the CRU Commander or the authorized designee will be responsible for the tactical portion of the operation. The IC shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the CRU. The IC and the CRU Commander or the authorized designee shall maintain communications at all times.

414.6.1 REPORTING
Unless otherwise relieved by a supervisor or IC, the handling officer at the scene is responsible for completion and/or coordination of incident reports.
Response to Bomb Calls

416.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines to assist members of the Durango Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

416.2 POLICY
It is the policy of the Durango Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

416.3 PRIVATE FACILITY OR PROPERTY
When a member of this department receives notification of a bomb threat at a location in the City of Durango, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

(a) The location of the facility.
(b) The nature of the threat.
(c) Whether the type and detonation time of the device is known.
(d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
(e) Whether the individual is requesting police assistance at the facility.
(f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
   1. No evacuation of personnel and no search for a device.
   2. Search for a device without evacuation of personnel.
   3. Evacuation of personnel without a search for a device.
   4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Shift Supervisor is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

416.3.1 ASSISTANCE
The Shift Supervisor should be notified when police assistance is requested. The Shift Supervisor will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.
Response to Bomb Calls

Should the Shift Supervisor determine that the Department will assist or control such an incident, he/she will determine:

(a) The appropriate level of assistance.
(b) The plan for assistance.
(c) Whether to evacuate and/or search the facility.
(d) Whether to involve facility staff in the search or evacuation of the building.
   1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
   2. The safety of all participants is the paramount concern.
(e) The need for additional resources, including:
   1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

416.4 FOUND DEVICE
When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

(a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
(b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
(c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
   1. Two-way radios
   2. Cell phones
   3. Other personal communication devices
(d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
(e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
(f) A safe access route should be provided for support personnel and equipment.
(g) Search the area for secondary devices as appropriate and based upon available resources.
Response to Bomb Calls

(h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.

(i) Promptly relay available information to the Shift Supervisor including:
1. The time of discovery.
2. The exact location of the device.
3. A full description of the device (e.g., size, shape, markings, construction).
4. The anticipated danger zone and perimeter.
5. The areas to be evacuated or cleared.

416.5 RECEIPT OF BOMB THREAT
Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Shift Supervisor is immediately advised and informed of the details. This will enable the Shift Supervisor to ensure that the appropriate personnel are dispatched and, as appropriate, the threatened location is given an advance warning.

416.6 GOVERNMENT FACILITY OR PROPERTY
A bomb threat targeting a government facility may require a different response based on the government agency.

416.6.1 DURANGO POLICE DEPARTMENT FACILITY
If the bomb threat is against the Durango Police Department facility, the Shift Supervisor will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

416.6.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY
If the bomb threat is against a county or municipal facility within the jurisdiction of the Durango Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Shift Supervisor deems appropriate.

416.6.3 FEDERAL BUILDING OR PROPERTY
If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.
Response to Bomb Calls

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility’s security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

416.7 EXPLOSION/BOMBING INCIDENTS
When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

416.7.1 CONSIDERATIONS
Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

(a) Assess the scope of the incident, including the number of victims and extent of injuries.
(b) Request additional personnel and resources, as appropriate.
(c) Assist with first aid.
(d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
(e) Assist with the safe evacuation of victims, if possible.
(f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
(g) Preserve evidence.
(h) Establish an outer perimeter and evacuate if necessary.
(i) Identify witnesses.

416.7.2 NOTIFICATIONS
When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional department personnel, such as investigators and forensic services
- Field supervisor
- Shift Supervisor
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate
Response to Bomb Calls

416.7.3 CROWD CONTROL
Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

416.7.4 PRESERVATION OF EVIDENCE
As in any other crime scene, steps should immediately be taken to preserve the scene. The Shift Supervisor should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.
Civil Commitments

418.1 PURPOSE AND SCOPE
This policy provides guidelines for when officers may place an individual under protective custody for civil commitment (CRS § 27-65-106; CRS § 27-65-107).

418.2 POLICY
It is the policy of the Durango Police Department to protect the public and individuals through legal and appropriate use of the civil commitment process.

418.3 AUTHORITY
Officers may take a person into protective custody:

(a) When the officer has probable cause to believe that a person is either gravely disabled or an imminent danger to self or others due to a mental health disorder (CRS § 27-65-106).
   1. The officer should transport the person to a designated or approved facility for a 72-hour treatment and evaluation.

(b) When the officer has probable cause to believe that a person is experiencing a behavioral health crisis and in immediate need of professional intervention to prevent harm to self or others (CRS § 27-65-107).
   1. The officer should consult with a behavioral health crisis response team, if available, and transport the person to a designated or approved outpatient mental health facility or other clinically appropriate facility.
   2. The officer should provide the person to be transported an opportunity to make a telephone call, absent any safety concerns.

If an appropriate facility is not available, officers should take the person to an emergency medical services facility, as defined by CRS § 27-65-102 (CRS § 27-65-106; CRS § 27-65-107).

418.3.1 DETENTION
Detention of a person under this policy does not constitute an arrest. When a person is taken into custody, that person shall not be detained in the jail, lockup, or other place used for the confinement of persons charged with an offense (CRS § 27-65-106).

418.3.2 VOLUNTARY EVALUATION
If an officer encounters an individual who may qualify for a civil commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the individual so desires, the officers should:

(a) Transport the individual to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a voluntary application.

(b) If at any point the individual changes his/her mind regarding voluntary evaluation, officers should proceed with the civil commitment, if appropriate.
Civil Commitments

(c) Document the circumstances surrounding the individual’s desire to pursue voluntary evaluation and/or admission.

418.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for a civil commitment should consider, as time and circumstances reasonably permit:

(a) Available information that might assist in determining the cause and nature of the individual’s action or stated intentions.
(b) Community or neighborhood mediation services.
(c) Conflict resolution and de-escalation techniques.
(d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Civil commitments should be preferred over arrest for people who have mental health issues and are suspected of committing minor crimes or creating other public safety issues.

418.5 TRANSPORTATION

When transporting any individual for a civil commitment, the transporting officer should have the Communications Center notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Officers may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Shift Supervisor approval is required before transport commences.

418.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the written application for a civil commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

418.7 DOCUMENTATION

The officer shall complete an application for emergency admission, provide it to the facility staff member assigned to that patient, and retain a copy of the application for inclusion in the case report (CRS § 27-65-106; CRS § 27-65-107).
Civil Commitments

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

418.8 CRIMINAL OFFENSES
Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken into custody for a civil commitment should resolve the criminal matter by issuing a warning or a citation, as appropriate.

When an individual who may qualify for a civil commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

(a) Arrest the individual when there is probable cause to do so.
(b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the detention.
(c) Facilitate the individual's transfer to jail.
(d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a civil commitment.

In the supervisor's judgment, the individual may instead be transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

418.9 FIREARMS AND OTHER WEAPONS
Whenever an individual is taken into custody for a civil commitment, the handling officers should seek to determine if the individual owns or has access to any firearm or other deadly weapon. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling officer should further advise the individual of the procedure for the return of any firearm or other weapon that has been taken into custody.

418.10 TRAINING
This department will endeavor to provide department-approved training on interaction with persons with mental health disorders, behavioral health crises, on civil commitments, and crisis intervention.
Summons Releases

420.1 PURPOSE AND SCOPE
The purpose of this policy is to provide members of the Durango Police Department with guidance on when to release adults who are suspected offenders on a summons for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

Additional release restrictions may apply to those detained for domestic violence, as outlined in the Domestic Violence Policy.

420.2 POLICY
The Durango Police Department will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a summons, when authorized to do so.

420.3 RELEASE
A suspected offender may be released on issuance of a summons as follows:

(a) For a misdemeanor or petty offense when the officer is satisfied that the person will comply with the requirements of the summons (CRS § 16-3-105)

(b) For a civil infraction (CRS § 16-2.3-103)

(c) For certain traffic violations punishable as a misdemeanor, petty offense, or misdemeanor traffic offense in accordance with CRS § 42-4-1707

(d) For crimes other than those described in CRS § 24-4.1-302(1), and for certain other felonies when the local district attorney has approved criteria for the issuance of a summons unless any of the following apply (CRS § 16-5-206):
   1. There is a reasonable likelihood that the person will not appear.
   2. The person has had a felony arrest in the preceding five years.
   3. There is an allegation that the person used a deadly weapon (e.g., firearm, knife, bludgeon, any other weapon capable of producing death or serious bodily injury) in the commission of the crime.
   4. The person has an outstanding arrest warrant.

In addition, for civil infractions and certain parking violations, the officer may give the offender a penalty assessment notice and release the offender upon its terms (CRS § 16-2-201; CRS § 16-2.3-102; CRS § 42-4-1701(5)(a)). The penalty assessment notice must be a summons and complaint that contains the information required by CRS § 16-2-201, CRS § 16-2.3-102, or CRS § 42-4-1707.

420.4 PROHIBITIONS
The release of a suspected offender on a summons is not permitted for felony offenses, except when local district attorney has approved criteria for the issuance of a summons for non-violent offenses pursuant to CRS § 16-5-206 (CRS § 16-3-105).
Summons Releases

See the Domestic Violence Policy for release restrictions related to those investigations.

420.4.1 PROHIBITIONS IN CERTAIN NON-VIOLENT OFFENSES
A summons otherwise authorized pursuant to procedures approved by the local district attorney shall not be issued in lieu of a custodial arrest when an officer reasonably believes that any of the following apply (CRS § 16-5-206):

(a) There is a reasonable likelihood that the person will not appear in court.

(b) The defendant has had a felony arrest during the preceding five years.

(c) There is an allegation that the defendant used a deadly weapon (e.g., firearm, knife, bludgeon, any other weapon capable of producing death or serious bodily injury) in the commission of the crime.

(d) The person has an outstanding arrest warrant.

420.5 CONSIDERATIONS
In determining whether to cite and release a person when discretion is permitted, officers should consider:

(a) The type of offense committed.

(b) The known criminal history of the suspected offender.

(c) The ability to identify the suspected offender with reasonable certainty.

(d) Whether there is any record of the individual failing to appear in previous cases or other articulable indications that the individual may not appear in court for this offense (CRS § 16-3-105).

(e) The individual’s ties to the area, such as residence, employment or family.

(f) Whether there is reasonable likelihood that criminal conduct by the individual will continue.

420.6 REQUESTING INCIDENT NUMBERS
All cases involving a criminal citation release will be handled by requesting an incident number. Traffic situations and local code violations can be documented on the reverse side of the records copy of the citation.
Foreign Diplomatic and Consular Representatives

422.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that members of the Durango Police Department extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

422.2 CLAIMS OF IMMUNITY
If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

(a) Notify a supervisor.
(b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person’s status.
(c) Request the person’s identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.
(d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.
(e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating “US” as the state.

Notes for diplomatic immunity table:

(a) This table presents general rules. The employees of certain foreign countries may enjoy higher levels of privileges and immunities on the basis of special bilateral agreements.

(b) Reasonable constraints, however, may be applied in emergency circumstances involving self-defense, public safety, or in the prevention of serious criminal acts.

(c) A small number of senior officers are entitled to be treated identically to diplomatic agents.
Foreign Diplomatic and Consular Representatives

(d) Note that consul residences are sometimes located within the official consular premises. In such cases, only the official office space is protected from police entry.

422.4 ENFORCEMENT ACTION
If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

(a) Generally, all persons with diplomatic and consular privileges and immunities may be issued a citation or notice to appear. However, the person may not be compelled to sign the citation.

(b) All persons, even those with a valid privilege or immunity, may be reasonably restrained in exigent circumstances for purposes of self-defense, public safety or the prevention of serious criminal acts.

(c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.
   1. Investigations, including the request for field sobriety tests, chemical tests and any other tests regarding impaired driving may proceed but they shall not be compelled.

(d) The following persons may not be detained or arrested, and any property or vehicle owned by these persons may not be searched or seized:
   1. Diplomatic-level staff of missions to international organizations and recognized family members
   2. Diplomatic agents and recognized family members
   3. Members of administrative and technical staff of a diplomatic mission and recognized family members
   4. Career consular officers, unless the person is the subject of a felony warrant

(e) The following persons may generally be detained and arrested:
   1. International organization staff; however, some senior officers are entitled to the same treatment as diplomatic agents.
   2. Support staff of missions to international organizations
   3. Diplomatic service staff and consular employees; however, special bilateral agreements may exclude employees of certain foreign countries.
   4. Honorary consular officers

422.5 POLICY
The Durango Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.
Foreign Diplomatic and Consular Representatives

422.6 DOCUMENTATION
All contacts with persons who have claimed privileges and immunities afforded foreign diplomatic and consular representatives should be thoroughly documented and the related reports forwarded to DOS.
Rapid Response and Deployment

424.1 PURPOSE AND SCOPE
Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist officers in situations that call for rapid response and deployment.

424.2 POLICY
The Durango Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

424.3 FIRST RESPONSE
If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably practicable, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

(a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.
(b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.
(c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
(d) Whether the suspect can be contained or denied access to victims.
(e) Whether the officers have the ability to effectively communicate with other personnel or resources.
(f) Whether planned tactics can be effectively deployed.
Rapid Response and Deployment

(g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

424.4 RESCUE TASK FORCE

(a) If the incident is not contained and there are casualties, officers will work with medical personnel and form a rescue task force to extract casualties.

(b) Dispatch will notify medical dispatch of the incident and request medical personnel switch to DPD primary/tactical channel.

(c) After assessing the situation, the contact team may request a rescue task force and advise the following:
   1. number and description of suspects;
   2. number of casualties and their locations;
   3. safest route for extraction of casualties.

(d) At a minimum, the rescue task force will consist of the following emergency responders:
   1. two police officers;
   2. two medical personnel.

(e) More emergency responders may be necessary depending on various factors to include:
   1. location of casualties;
   2. number of casualties;
   3. number of suspects.

(f) Officers will remain on the primary/tactical channel. Medical personnel may switch to a different channel to coordinate medical care.

424.5 CONSIDERATIONS

When dealing with a crisis situation members should:

(a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.

(b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.

(c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
Rapid Response and Deployment

(d) Attempt, if feasible and based upon the suspect’s actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

424.6 PLANNING
The Operations Bureau Commander should coordinate critical incident planning. Planning efforts should consider:

(a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
(b) Availability of building plans and venue schematics of likely critical incident target sites.
(c) Communications interoperability with other law enforcement and emergency service agencies.
(d) Training opportunities in critical incident target sites, including joint training with site occupants.
(e) Evacuation routes in critical incident target sites.
(f) Patrol first-response training.
(g) Response coordination and resources of emergency medical and fire services.
(h) Equipment needs.
(i) Mutual aid agreements with other agencies.
(j) Coordination with private security providers in critical incident target sites.

424.7 TRAINING
The Training Manager should include rapid response to critical incidents in the training plan. This training should address:

(a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
(b) Communications interoperability with other law enforcement and emergency service agencies.
(c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
(d) First aid, including gunshot trauma.
(e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).
Immigration Violations

428.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines to members of the Durango Police Department relating to immigration and interacting with federal immigration officials.

428.2 POLICY
It is the policy of the Durango Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

428.3 VICTIMS AND WITNESSES
To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or Colorado constitutions.

428.4 DETENTIONS
An officer should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of federal immigration law may detain the person for a reasonable period of time in order to contact federal immigration officials to verify whether an immigration violation is a federal civil violation or a criminal violation. If the violation is a criminal violation, the officer may continue to detain the person for a reasonable period of time if requested by federal immigration officials (8 USC § 1357(g)(10)). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual’s status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request a federal immigration official to respond to the location to take custody of the detained person (8 USC § 1357(g)(10)).

An officer is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities, or the potential to obstruct a separate investigation outweigh the need for the detention.

An officer should notify a supervisor as soon as practicable whenever an individual is being detained for a criminal immigration violation.
Immigration Violations

428.4.1 SUPERVISOR RESPONSIBILITIES
When notified that an officer has detained an individual and established reasonable suspicion or probable cause to believe the person has violated a criminal immigration offense, the supervisor should determine whether it is appropriate to:

(a) Transfer the person to federal authorities.
(b) Lawfully arrest the person for a criminal offense or pursuant to a judicial warrant (see the Law Enforcement Authority Policy).

428.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT
Generally, an officer should not notify federal immigration officials when booking arrestees at a jail facility. Any required notification will be handled according to jail operation procedures. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

428.6 FEDERAL REQUESTS FOR ASSISTANCE
Requests by federal immigration officials for assistance from this department should be directed to a supervisor. The Department may provide available support services, such as traffic control or peacekeeping efforts.

428.7 INFORMATION SHARING
No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373):

(a) Sending information to, or requesting or receiving such information from federal immigration officials
(b) Maintaining such information in department records
(c) Exchanging such information with any other federal, state, or local government entity

428.7.1 IMMIGRATION DETAINERS
No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 unless the person has been charged with a federal crime or the detainer is accompanied by a warrant, affidavit of probable cause, or removal order. Notification to the federal authority issuing the detainer should be made prior to the release.

428.8 U VISA AND T VISA NONIMMIGRANT STATUS
Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).
Immigration Violations

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Detective Unit supervisor assigned to oversee the handling of any related case (CRS § 24-4.1-405). The Detective Unit supervisor should:

(a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.

(b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted (CRS § 24-4.1-403).

(c) Address the request and complete the certification or declaration, if appropriate, in a timely manner in accordance with CRS § 24-4.1-402.

   1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.

(d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

428.8.1 TIME FRAME FOR COMPLETION

The Detective Unit supervisor should ensure that the certification for the U visa is processed within 90 days of the request, unless the victim is in federal immigration removal proceedings or a family member would become ineligible for U nonimmigrant status within 60 days, in which case the certification shall be executed within 30 days of receipt of the request (CRS § 24-4.1-402).

428.8.2 APPROVAL OR DENIAL OF CERTIFICATION

If certification is approved, the Detective Unit supervisor, at no charge, shall return the signed certification form with reports relevant to the approval to the requestor (CRS § 24-4.1-403).

If certification is denied, the Detective Unit supervisor shall inform the requestor in writing regarding the reason for the denial as provided in CRS § 24-4.1-403.

428.8.3 RELEASE OF INFORMATION

Personal identifying information or information regarding the citizenship or immigration status of any victim of criminal activity or trafficking who is requesting a certification shall not be disclosed except when allowed by law (CRS § 24-4.1-404) (see also the Records Maintenance and Release Policy for additional guidance).

428.8.4 DOCUMENTATION AND REPORTING

The Detective Unit supervisor shall keep written documentation regarding the number of certification forms that are (CRS § 24-4.1-406):

(a) Requested by a victim.

(b) Signed.

(c) Denied and for what reason.

(d) Decided outside of the statutory timelines.
Immigration Violations

The Detective Unit supervisor or the authorized designee should ensure that the information collected regarding certification forms is reported annually to the Colorado Division of Criminal Justice (CRS § 24-4.1-406).

428.9 TRAINING

The Training Manager should ensure that officers receive training.

Training should include:

   (a) Identifying civil versus criminal immigration violations.

   (b) Factors that may be considered in determining whether a criminal immigration offense has been committed.
Emergency Utility Service

430.1 PURPOSE AND SCOPE
The City departments have personnel available to handle emergency calls 24 hours a day, seven days a week. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

430.1.1 BROKEN WATER LINES
The City's responsibility ends at the water meter. Any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. The Utilities Department can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the City side of the meter, emergency personnel should be called as soon as practicable by the Communications Center.

430.1.2 ELECTRICAL LINES
City Operations does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. The electric company or City Operations should be promptly notified, as appropriate.

430.1.3 RESERVOIRS, PUMPS AND WELLS
The Utilities Department maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

430.1.4 EMERGENCY NUMBERS
A current list of emergency personnel who are to be called for municipal utility emergencies will be maintained by the Communications Center.

430.2 TRAFFIC SIGNAL MAINTENANCE
The City of Durango contracts with the Colorado Department of Transportation (CDOT) to furnish maintenance for all traffic signals within the City, other than those maintained by CDOT.

430.2.1 OFFICER'S RESPONSIBILITIES
Upon observing a damaged or malfunctioning signal, the officer will advise the Communications Center of the location and problem with the signal. The dispatcher should make the necessary notification to CDOT.
Aircraft Accidents

434.1 PURPOSE AND SCOPE
The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Management Plan and Hazardous Material Response policies.

434.1.1 DEFINITIONS
Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

434.2 POLICY
It is the policy of the Durango Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

434.3 ARRIVAL AT SCENE
Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

(a) Protect persons and property.
(b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
(c) Preserve ground scars and marks made by the aircraft.
(d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
(e) Maintain a record of persons who enter the accident site.
(f) Consider implementation of an Incident Command System (ICS).

434.4 INJURIES AND CASUALTIES
Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.
Aircraft Accidents

434.5 NOTIFICATIONS
When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

(a) Fire department
(b) Appropriate airport tower
(c) Emergency medical services (EMS)

434.6 CONTROLLING ACCESS AND SCENE AUTHORITY
Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

(a) FAA.
(b) Fire department, EMS or other assisting law enforcement agencies.
(c) Coroner.
(d) Air Carrier/Operators investigative teams with NTSB approval.
(e) Appropriate branch of the military, when applicable.
(f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

434.7 DANGEROUS MATERIALS
Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

(a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
(b) Pressure vessels, compressed gas bottles, accumulators and tires.
(c) Fluids, batteries, flares and igniters.
Aircraft Accidents

(d) Evacuation chutes, ballistic parachute systems and composite materials.

434.8 DOCUMENTATION
All aircraft accidents occurring within the City of Durango shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of DPD members deployed to assist; other City resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

434.8.1 WRECKAGE
When reasonably safe, members should:

(a) Obtain the aircraft registration number (N number) and note the type of aircraft.

(b) Attempt to ascertain the number of casualties.

(c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.

1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).

(d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.

(e) Acquire copies of any recordings from security cameras that may have captured the incident.

434.8.2 WITNESSES
Members tasked with contacting witnesses should obtain:

(a) The location of the witness at the time of his/her observation relative to the accident site.

(b) A detailed description of what was observed or heard.

(c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.

(d) The names of all persons reporting the accident, even if not yet interviewed.

(e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

434.9 MEDIA RELATIONS
The Public Information Officer (PIO) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.
Aircraft Accidents

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims’ names. The PIO should coordinate with other involved entities before the release of information.
Field Training Officer Program

436.1 PURPOSE AND SCOPE
The Field Training Officer (FTO) Program is intended to provide a standardized program to facilitate the officer’s transition from the academic setting to the actual performance of general law enforcement duties of the Durango Police Department.

436.2 FIELD TRAINING OFFICER
The FTO is an experienced officer trained in the art of supervising, training and evaluating entry level and lateral police officers in the application of their previously acquired knowledge and skills.

436.5 REQUIRED TRAINING
Entry level officers shall be required to successfully complete the Field Training Program.

The training period for lateral officers may be modified depending on the trainee's demonstrated performance and level of experience, but shall consist of a minimum of eight weeks.

The required training will take place on at least two different shifts and with at least two different FTOs.

436.5.1 FIELD TRAINING MANUAL
Each new officer will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and skills necessary to properly function as an officer with the Durango Police Department. The officer shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

The Field Training Manual will specifically cover those policies, procedures, rules and regulations of the Durango Police Department.

Evaluations are an important component of the training process and shall be completed as outlined below.

436.6.1 FIELD TRAINING OFFICER
(a) FTOs shall complete and submit a Daily Observation Report on the performance of their assigned trainee to their immediate supervisor on a daily basis and then the evaluation shall be forwarded to the FTO supervisor.
(b) FTOs shall review the Daily Observation Report with the trainee each day.
(c) A detailed end-of-phase performance evaluation on the assigned trainee shall be completed by the FTO at the end of each phase of training.
Field Training Officer Program

436.6.4 TRAINEE
Four months after the completion of the Field Training Program, the trainee shall submit a performance evaluation of each of his/her FTOs and of the Field Training Program.

436.7 DOCUMENTATION
All documentation of the Field Training Program will be retained in the officer's training files and will consist of the following:

(a) Daily Observation Reports
(b) End of phase evaluations
(c) A Certificate of Completion, certifying that the trainee has successfully completed the required number of hours of field training
Obtaining Air Support Assistance

438.1 PURPOSE AND SCOPE
The use of air support can be invaluable in certain situations. This policy specifies potential situations where the use of air support may be requested and the responsibilities for making a request.

438.2 REQUEST FOR AIR SUPPORT ASSISTANCE
If a supervisor or officer in charge of an incident determines that the use of air support would be beneficial, a request to obtain air support assistance may be made.

438.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY
After consideration and approval of the request for air support, the Shift Supervisor or the authorized designee will call the closest agency having air support available. The Shift Supervisor will apprise that agency of the specific details of the incident prompting the request.

438.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED
Law enforcement air support may be requested under any of the following conditions:

(a) When the aircraft is activated under existing mutual aid agreements
(b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the aircraft may reduce such hazard
(c) When the use of aircraft will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community
(d) When an aircraft is needed to locate a person who is lost and whose continued absence constitutes a serious health or safety hazard
(e) Vehicle pursuits
(f) Pre-planned events or actions that require air support
(g) When the Shift Supervisor or equivalent authority determines a reasonable need exists

While it is recognized that the availability of air support will generally provide valuable assistance to ground personnel, the presence of air support will rarely replace the need for officers on the ground.
Contacts and Temporary Detentions

440.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

440.1.1 DEFINITIONS
Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Consensual search - A search performed by an officer following the voluntary consent of the person being searched, or the person having control of the place or item being searched.

Field interview (FI) - The brief detention of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio/Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

440.2 FIELD INTERVIEWS
Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable
Contacts and Temporary Detentions

Suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Durango Police Department to strengthen community involvement, community awareness, and problem identification.

440.2.1 INITIATING A FIELD INTERVIEW
When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

(a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
(b) Actions suggesting that he/she is engaged in a criminal activity.
(c) Presence in an area at an inappropriate hour of the day or night.
(d) Presence in a particular area is suspicious.
(e) Carrying of suspicious objects or items.
(f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon.
(g) Location in proximate time and place to an alleged crime.
(h) Physical description or clothing worn that matches a suspect in a recent crime.
(i) Prior criminal record or involvement in criminal activity as known by the officer.

440.3 CONSENSUAL SEARCHES
An officer may conduct a consensual search of a person who is not under arrest, and any effects of the person or a vehicle as follows (CRS § 16-3-310):

(a) The person has apparent or actual authority to provide permission to search the vehicle or effects, if any.
(b) The person is informed that he/she is being asked to voluntarily consent to a search.
(c) The person is informed that he/she has the right to refuse the request to search.
(d) The person voluntarily provides consent.

When asking for consent, officers should explain the scope of the search. Officers should stop a consent search if the person withdraws consent.

Officers should, whenever practicable, obtain written consent. If written consent is not possible, the officer should record any verbal consent.
440.4  PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the officer’s training and experience, an officer may pat a suspect's outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to (see also CRS § 16-3-103(2)):

(a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
(b) Where more than one suspect must be handled by a single officer.
(c) The hour of the day and the location or area where the stop takes place.
(d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
(e) The actions and demeanor of the suspect.
(f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

440.5  FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

440.5.1  FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should have the individual read and sign the appropriate form accompanying the photograph.

440.5.2  FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.
Contacts and Temporary Detentions

440.5.3 DISPOSITION OF PHOTOGRAPHS
All detainee photographs must be adequately labeled and submitted to the Shift Supervisor with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Shift Supervisor should review and forward the photograph to one of the following locations:

(a) If the photograph and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Shift Supervisor will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.

(b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Unit.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

440.5.4 SUPERVISOR RESPONSIBILITIES
While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken. Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

440.6 POLICY
The Durango Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete an FI, pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

440.7 WITNESS IDENTIFICATION AND INTERVIEWS
Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

(a) Identifying all persons present at the scene and in the immediate area.
   1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
Contacts and Temporary Detentions

2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department members.

1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.
Mobile Fingerprint Scanner

441.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the use of the Mobile Fingerprint Scanners (scanner) in a patrol setting. Due to a variety of situations confronting the officer, the decision to utilize the scanner shall be left to the discretion of the involved officer based on the totality of the circumstances available at the time of the contact.

441.2 DEFINITIONS
Consensual Encounter - Occurs when an officer contacts an individual but does not create a detention through words, actions or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Reasonable Suspicion - Occurs when, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot, and a particular person is connected with that possible criminal activity.

441.3 USE OF FINGERPRINT SCANNER
The scanners are to be used at the officer’s discretion. Officers will be accountable and responsible for the scanner in their possession and/or for the scanner that is assigned to their patrol vehicle. The officer is required to complete all necessary training in order to properly and appropriately operate the scanner. The scanner will be used to provide presumptive identification of person(s) or deceased subjects. Approved uses include:

- Probable Cause to arrest exists and there is reason to believe that obtaining fingerprints will assist in the investigation
- If reasonable suspicion exists that a driver or suspect is providing false or fictitious identification
- In a death investigation in which no other reasonable means exists for identifying the deceased AND when a member of the Coroner’s Office is present or gives approval
- Voluntary consent must be articulated to the person so encountered and documented at a minimum in police reports (written consent is advisable). Voluntary consent may be withdrawn at any time by the person contacted
- At risk or missing persons who are unable to provide positive identification

441.4 UNAUTHORIZED USE OF FINGERPRINT SCANNER
The fingerprint scanner shall not be used for random or general investigative or intelligence gathering and must only be used for official business.
Criminal Organizations

442.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that the Durango Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

442.1.1 DEFINITIONS
Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

442.2 POLICY
The Durango Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

442.3 CRIMINAL INTELLIGENCE SYSTEMS
No department member may create, submit to or obtain information from a criminal intelligence system unless the Police Chief or authorized designee has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

(a) Members using any such system are appropriately selected and trained.
(b) Use of every criminal intelligence system is appropriately reviewed and audited.
(c) Any system security issues are reasonably addressed.

442.3.1 SYSTEM ENTRIES
It is the designated supervisor's responsibility to approve the entry of any information from a report, FI, photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Unit.
Criminal Organizations

supporting documentation for an entry shall be retained by the Records Unit in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Unit are appropriately marked as intelligence information. The Records Unit supervisor may not purge such documents without the approval of the designated supervisor.

442.3.2 CRIMINAL GANG INVESTIGATIVE DATA SYSTEM
It is the designated supervisor's responsibility to approve the entry of any information into a criminal intelligence system operated by the Colorado Bureau of Investigation (CRS § 24-33.5-415.3(3); CRS § 24-33.5-412(1)(i)). Entries into such a database shall be based upon criteria established by statute.

442.4 TEMPORARY INFORMATION FILE
No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved CIS only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of CIS entries.

442.4.1 FILE CONTENTS
A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

(a) Must only be included upon documented authorization of the responsible department supervisor.

(b) Should not be originals that would ordinarily be retained by the Records Unit or Property Unit, but should be copies of, or references to, retained documents such as copies of reports, field interview (FI) forms, the Communications Center records or booking forms.

(c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.

(d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.
Criminal Organizations

442.4.2 FILE REVIEW AND PURGING
The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged or entered in an authorized criminal intelligence system, as applicable.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

442.5 INFORMATION RECOGNITION
Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

(a) Gang indicia associated with a person or residence.
(b) Information related to a drug-trafficking operation.
(c) Vandalism indicating an animus for a particular group.
(d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Training Manager to train members to identify information that may be particularly relevant for inclusion.

442.6 RELEASE OF INFORMATION
Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

442.7 CRIMINAL STREET GANGS
The Detective Unit supervisor should ensure that there are an appropriate number of department members who can:

(a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with identification of criminal street gangs, criminal street gang members and patterns of criminal gang activity.

(b) Coordinate with other agencies in the region regarding criminal street gang crimes and information.
(c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

442.8 TRAINING
The Training Manager should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

(a) The protection of civil liberties.

(b) Participation in a multiagency criminal intelligence system.

(c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.

(d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.

(e) The review and purging of temporary information files.
Shift Supervisors

444.1 PURPOSE AND SCOPE
Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with Department policies, procedures, practices, functions and objectives. To accomplish this goal, a Commander heads each watch.

444.2 DESIGNATION AS ACTING SHIFT SUPERVISOR
When a Commander is unavailable for duty as Shift Supervisor, in most instances the qualified corporal shall be designated as acting Shift Supervisor. This policy does not preclude designating a less senior officer as an acting Shift Supervisor when operational needs require or training permits.
446.1 PURPOSE AND SCOPE
The Durango Police Department has equipped marked patrol cars with Mobile Audio Video (MAV) recording systems to provide records of events and assist officers in the performance of their duties. This policy provides guidance on the use of these systems.

446.1.1 DEFINITIONS
Definitions related to this policy include:

Activate - Any process that causes the MAV system to transmit or store video or audio data in an active mode.

In-car camera system and Mobile Audio Video (MAV) system - Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder and monitor.

MAV technician - Personnel, certified or non-sworn, trained in the operational use and repair of MAVs, duplicating methods, storage and retrieval methods and procedures, and who possess a working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

446.2 POLICY
It is the policy of the Durango Police Department to use mobile audio and video technology to more effectively fulfill the Department’s mission and to ensure these systems are used securely and efficiently.

446.3 OFFICER RESPONSIBILITIES
Prior to going into service, each officer will properly equip him/herself to record audio and video in the field. At the end of the shift, each officer will follow the established procedures for providing to the Department any recordings or used media and any other related equipment. Each officer should have adequate recording media for the entire duty assignment.

In the event an officer works at a remote location and reports in only periodically, multiple recording media may be issued. Only Durango Police Department identified and labeled media with tracking numbers is to be used.

At the start of each shift, officers should test the MAV system's operation in accordance with manufacturer specifications and department operating procedures and training.

System documentation is accomplished by the officer recording his/her name or PIN number and the current date and time at the start and again at the end of each shift. If the system is malfunctioning, the officer shall take the vehicle out of service unless a supervisor requests the vehicle remain in service.
446.4 ACTIVATION OF THE MAV
The MAV system is designed to turn on whenever the unit’s emergency lights are activated. The system remains on until it is turned off manually. The audio portion is independently controlled and should be activated manually by the officer whenever appropriate. When audio is being recorded, the video will also record.

446.4.1 REQUIRED ACTIVATION OF THE MAV
This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes its use would be appropriate and/or valuable to document an incident.

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. However, the audio portion can be valuable evidence and is subject to the same activation requirements as the MAV. The MAV system should be activated in any of the following situations.

(a) All field contacts involving actual or potential criminal conduct within video or audio range:
   1. Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
   2. Priority responses
   3. Vehicle pursuits
   4. Suspicious vehicles
   5. Arrests
   6. Vehicle searches
   7. Physical or verbal confrontations or use of force
   8. Pedestrian checks
   9. DVVI/DUI investigations including field sobriety tests
   10. Consensual encounters
   11. Crimes in progress
   12. Responding to an in-progress call

(b) All self-initiated activity in which an officer would normally notify the Communications Center

(c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:
   1. Domestic violence calls
Mobile Audio Video

2. Disturbance of peace calls
3. Offenses involving violence or weapons
   (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording
   (e) Any other circumstance where the officer believes that a recording of an incident would be appropriate

446.4.2 CESSATION OF RECORDING
Once activated, the MAV system should remain on until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive or in other similar situations.

446.4.3 WHEN ACTIVATION IS NOT REQUIRED
Activation of the MAV system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service or actively on patrol.

No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or when lawfully authorized by the Police Chief or the authorized designee for the purpose of conducting a criminal or administrative investigation.

446.4.4 SUPERVISOR RESPONSIBILITIES
Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of the Communications Center.

At reasonable intervals, supervisors should validate that:
   (a) Beginning and end-of-shift recording procedures are followed.
   (b) Logs reflect the proper chain of custody, including:
       1. The tracking number of the MAV system media.
       2. The date it was issued.
       3. The law enforcement operator or the vehicle to which it was issued.
       4. The date submitted.
       5. Law enforcement operators submitting the media.
       6. Holds for evidence indication and tagging as required.
   (c) The operation of MAV systems by new employees is assessed and reviewed no less than biweekly.
When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, department-involved collisions), a supervisor shall respond to the scene and ensure that the appropriate supervisor, MAV technician or crime scene investigator properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

Supervisors may activate the MAV system remotely to monitor a developing situation, such as a chase, riot or an event that may threaten public safety, officer safety or both, when the purpose is to obtain tactical information to assist in managing the event. Supervisors shall not remotely activate the MAV system for the purpose of surveillance regarding the conversations or actions of an officer.

446.5 REVIEW OF MAV RECORDINGS

All recording media, recorded images and audio recordings are the property of the Department. Dissemination outside of the agency is strictly prohibited, except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed or otherwise inserted into any device not approved by the department MAV technician or forensic media staff. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media in pristine condition.

Recordings may be reviewed in any of the following situations:

(a) For use when preparing reports or statements
(b) By a supervisor investigating a specific act of officer conduct
(c) By a supervisor to assess officer performance
(d) To assess proper functioning of MAV systems
(e) By department investigators who are participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation
(f) By department personnel who request to review recordings
(g) By an officer who is captured on or referenced in the video or audio data and reviews and uses such data for any purpose relating to his/her employment.
(h) By court personnel through proper process or with permission of the Police Chief or the authorized designee
(i) By the media through proper process or with permission of the Police Chief or the authorized designee
(j) To assess possible training value
(k) Recordings may be shown for training purposes. If an involved officer objects to showing a recording, his/her objection will be submitted to the staff to determine if the training value outweighs the officer's objection.

Employees desiring to view any previously uploaded or archived MAV recording should submit a request in writing to the Shift Supervisor. Approved requests should be forwarded to the Property Technician for processing.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any employee.

446.6 DOCUMENTING MAV USE
If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report. If a citation is issued, the officer shall make a notation on the back of the records copy of the citation indicating that the incident was recorded.

446.7 RECORDING MEDIA STORAGE AND INTEGRITY
Once submitted for storage, all recording media will be labeled and stored in a designated secure area. All recording media that is not booked as evidence, will be retained for a minimum of 180 days and disposed of in compliance with the established records retention schedule.

446.7.1 COPIES OF ORIGINAL RECORDING MEDIA
Original recording media shall not be used for any purpose other than for initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Police Chief or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

446.7.2 MAV RECORDINGS AS EVIDENCE
Officers who reasonably believe that a MAV recording is likely to contain evidence relevant to a criminal offense, potential claim against the officer or against the Durango Police Department should indicate this in an appropriate report. Officers should ensure relevant recordings are preserved.

446.8 SYSTEM OPERATIONAL STANDARDS
(a) MAV system vehicle installations should be based on officer safety requirements and vehicle and device manufacturer recommendations.

(b) The MAV system should be configured to minimally record for 30 seconds prior to an event.

(c) The MAV system may not be configured to record audio data occurring prior to activation.
Unless the transmitters being used are designed for synchronized use, only one transmitter, usually the primary initiating officer’s transmitter, should be activated at a scene to minimize interference or noise from other MAV transmitters.

Officers using digital transmitters that are synchronized to their individual MAV shall activate both audio and video recordings when responding in a support capacity. This is to obtain additional perspectives of the incident scene.

With the exception of law enforcement radios or other emergency equipment, other electronic devices should not be used inside a MAV-equipped law enforcement vehicle in order to intentionally interfere with the capability of the MAV system to record audio data.

Officers shall not erase, alter, reuse, modify or tamper with MAV recordings. Only a supervisor, MAV technician or other authorized designee may erase and reissue previous recordings and may only do so pursuant to the provisions of this policy.

To prevent damage, original recordings shall not be viewed on any equipment other than the equipment issued or authorized by the MAV technician.

446.9 MAV TECHNICIAN RESPONSIBILITIES
The MAV technician is responsible for:

(a) Ordering, issuing, retrieving, storing, erasing and duplicating of all recorded media.
(b) Collecting all completed media for oversight and verification of wireless downloaded media. Once collected, the MAV technician:
   1. Ensures it is stored in a secured location with authorized controlled access.
   2. Makes the appropriate entries in the chain of custody log.
(c) Erasing of media:
   1. Pursuant to a court order.
   2. In accordance with established records retention policies, including reissuing all other media deemed to be of no evidentiary value.
(d) Assigning all media an identification number prior to issuance to the field:
   1. Maintaining a record of issued media.
(e) Ensuring that an adequate supply of recording media is available.
(f) Managing the long-term storage of media that has been deemed to be of evidentiary value in accordance with the department evidence storage protocols and the records retention schedule.
Mobile Audio Video

446.10 TRAINING
All members who are authorized to use the MAV system shall successfully complete an approved course of instruction prior to its use.
Mobile Data Computer Use

448.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Data Computer (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and the Communications Center.

448.2 PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

448.3 RESTRICTED ACCESS AND USE
MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Shift Supervisors.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member’s name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

448.3.1 USE WHILE DRIVING
Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio (CRS § 42-4-201).

In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

At no time when the vehicle is in motion should the display be viewed by the driver for visual entertainment, including Internet browsing or the use of social media or email.
448.4 POLICY
Durango Police Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

448.5 DOCUMENTATION OF ACTIVITY
Except as otherwise directed by the Shift Supervisor or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member’s daily activity. To ensure accuracy:

(a) All contacts or activity shall be documented at the time of the contact.
(b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
(c) Whenever the activity or contact is by voice, the member shall document it via the MDC.

448.5.1 STATUS CHANGES
All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

448.5.2 EMERGENCY ACTIVATION
If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Shift Supervisor are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

448.6 EQUIPMENT CONSIDERATIONS

448.6.1 MALFUNCTIONING MDC
Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify the shift supervisor.
Mobile Data Computer Use

448.6.2 BOMB CALLS
When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.
Portable Audio/Video Recorders

450.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of portable audio/video recording devices by members of this Department while in the performance of their duties. Portable audio/video recording devices include all recording systems, whether body-worn, hand-held or integrated into portable equipment.

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any Durango Police Department facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

450.2 POLICY
The Durango Police Department should provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public (CRS § 24-31-902).

450.3 COORDINATOR
The Police Chief or the authorized designee should designate a coordinator responsible for:

(a) Establishing procedures for the security, storage and maintenance of data and recordings.
(b) Establishing procedures for accessing data and recordings.
(c) Establishing procedures for logging or auditing access.
(d) Establishing procedures for transferring, downloading, tagging or marking events.

450.4 MEMBER PRIVACY EXPECTATION
All recordings made by members on any department-issued device at any time, and any recording made while acting in an official capacity, regardless of ownership of the device it was made on, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

450.5 MEMBER RESPONSIBILITIES
Prior to going into service, each uniformed member will be responsible for making sure that the member is equipped with a portable recorder issued by the Department, and that the recorder is in good working order. If the recorder is not in working order or the member becomes aware of a malfunction at any time, the member shall promptly report the failure to the member’s supervisor and obtain a functioning device as soon as reasonably practicable. Uniformed members should wear the recorder in a conspicuous manner or otherwise notify persons that they are being recorded, whenever reasonably practicable.

Unless working undercover, any member assigned to a non-uniformed position should wear and activate a body-worn camera when responding to a call, during a welfare check except for
motorist assist, and while interacting with the public or entering into a premises with the purpose of enforcing the law or investigating possible violations of the law (CRS § 24-31-902). Unless conducting a lawful recording in an authorized undercover capacity, non-uniformed members should wear the recorder in a conspicuous manner when in use or otherwise notify persons that they are being recorded, whenever reasonably practicable.

When using a recorder, the assigned member shall record the member’s name, DPD identification number, and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required when the recording device and related software captures the user’s unique identification and the date and time of each recording.

Members should document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. Members should include the reason for deactivation.

**450.6 ACTIVATION OF THE AUDIO/VIDEO RECORDER**

This policy is not intended to describe every possible situation in which the recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident.

The recorder should be activated in any of the following situations:

(a) All enforcement and investigative contacts including stops and field interview (FI) situations

(b) Traffic stops including but not limited to traffic violations and all crime interdiction stops

(c) Self-initiated activity in which an officer would normally notify the Communications Center

(d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize the member’s safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.
Portable Audio/Video Recorders

450.6.1 SURREPTITIOUS USE OF THE AUDIO/VIDEO RECORDER
Colorado law permits an individual to surreptitiously record any conversation in which one party to the conversation has given his/her permission (CRS § 18-9-303).

Members may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation.

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Police Chief or the authorized designee.

450.6.2 EXAMPLES
The recorder should be deactivated when any of the following apply:

(a) When a crime victim requests not to be recorded
(b) In situations where medical or patient privacy is warranted
(c) When on the premises of any public or private elementary or secondary school, unless the member is responding to an imminent threat to life or health where there is potential for enforcement or criminal investigation
(d) When an individual requests to remain anonymous or is a confidential informant
(e) When personal information is being relayed that is not case related
(f) When discussing administrative, tactical or management issues

450.6.3 CESSATION OF RECORDING
Once activated, the portable recorder should remain on continuously until the member reasonably believes that the member’s direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped or muted during significant periods of inactivity such as report writing, and in administrative, tactical, and management discussions when civilians are not present, or when inside a jail with a functioning camera system (CRS § 24-31-902). Members will use the term 'Administrative Pause' when ceasing or muting the recording operation. Members shall not stop or mute the audio in deliberative process conversations at any time during a use of force incident that resulted in death or could have resulted in death. Recording of these incidents will not be stopped or muted until the conclusion of the event.

450.6.4 EXPLOSIVE DEVICE
Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

450.7 PROHIBITED USE OF PORTABLE RECORDERs
Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.
Portable Audio/Video Recorders

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Shift Supervisor. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

450.8 IDENTIFICATION AND PRESERVATION OF RECORDINGS
To assist with identifying and preserving data and recordings, members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

A member should transfer, tag or mark recordings when the member reasonably believes:

(a) The recording contains evidence relevant to potential criminal, civil or administrative matters.
(b) A complainant, victim or witness has requested non-disclosure.
(c) A complainant, victim or witness has not requested non-disclosure, but the disclosure of the recording may endanger the person.
(d) Disclosure may be an unreasonable violation of someone’s privacy.
(e) Medical or mental health information is contained.
(f) Disclosure may compromise an undercover officer or confidential informant.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

450.9 RETENTION OF RECORDINGS
All recordings shall be retained for a period consistent with the requirements of the organization’s records retention schedule but in no event for a period less than 180 days (CRS § 24-31-902).

450.9.1 RELEASE OF AUDIO/VIDEO RECORDINGS
Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.

450.10 REVIEW OF RECORDED MEDIA FILES
When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members
Portable Audio/Video Recorders

shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member’s performance.

Recorded files may also be reviewed:

(a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.

(b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.

(c) By media personnel with permission of the Police Chief or the authorized designee.

(d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person’s privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

450.11 COORDINATOR
The Police Chief or the authorized designee should designate a coordinator responsible for:

(a) Establishing procedures for the security, storage and maintenance of data and recordings.

(b) Establishing procedures for accessing data and recordings.

(c) Establishing procedures for logging or auditing access.

(d) Establishing procedures for transferring, downloading, tagging or marking events.

450.12 RETENTION OF RECORDINGS
All recordings shall be retained for a period consistent with the requirements of the organization’s records retention schedule but in no event for a period less than 180 days.

450.12.1 RELEASE OF AUDIO/VIDEO RECORDINGS
Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.
Medical Marijuana

452.1 PURPOSE AND SCOPE
The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under Colorado’s medical marijuana laws.

452.1.1 DEFINITIONS
Definitions related to this policy include:

Allowed amount of marijuana - No more marijuana than is medically necessary to address a debilitating or disabling medical condition. Though the amount may be greater, anything at or below the following amount qualifies as an allowed amount (Colo. Const. art. XVIII, § 14; CRS § 25-1.5-106):

(a) No more than 2 ounces of a usable form of marijuana
(b) No more than six marijuana plants, with three or fewer being mature, flowering plants that are producing a usable form of marijuana

Medical use - The acquisition, possession, production, use or transportation of marijuana or paraphernalia related to the administration of such marijuana to address the symptoms or effects of a patient’s debilitating or disabling medical condition, which may be authorized only after a diagnosis of the patient’s debilitating or disabling medical condition by a physician (Colo. Const. art. XVIII, § 14; CRS § 25-1.5-106).

Patient - A person who has a debilitating or disabling medical condition (Colo. Const. art. XVIII, § 14; CRS § 25-1.5-106).

Primary caregiver - A person, other than the patient and the patient’s physician, who is 18 years of age or older and has significant responsibility for managing the well-being of a patient who has a debilitating or disabling medical condition (Colo. Const. art. XVIII, § 14). A primary caregiver may have one or more relationships with a patient, including as (CRS § 25-1.5-106):

(a) A parent of a child and anyone who assists that parent with caregiver responsibilities, including cultivation and transportation.
(b) An advising caregiver who advises a patient on which medical marijuana products to use and how to dose them, and does not possess, provide, cultivate or transport marijuana on behalf of the patient.
(c) A transporting caregiver who purchases and transports marijuana to a patient who is homebound.
(d) A cultivating caregiver who grows marijuana for a patient.

Registry Identification Card(RIC) - That document, issued by the Colorado Department of Public Health and Environment, that identifies a patient authorized to engage in the medical use of
marijuana and such patient’s primary caregiver, if one has been designated (Colo. Const. art. XVIII, § 14).

**Usable form of marijuana** - The seeds, leaves, buds and flowers of the plant (genus) cannabis, and any mixture or preparation thereof, which are appropriate for medical use. It does not include the plant’s stalks, stems and roots.

### 452.2 POLICY

It is the policy of the Durango Police Department to prioritize resources to avoid making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

Colorado medical marijuana laws are intended to provide protection from prosecution to those who acquire, possess, manufacture, produce, use, sell, distribute, dispense or transport marijuana for debilitating or disabling medical conditions. However, Colorado medical marijuana laws do not affect federal laws, and there is no medical exception under federal law for the possession or distribution of marijuana. The Durango Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under Colorado law and the resources of the Department.

### 452.3 INVESTIGATION

Investigations involving the acquisition, possession, manufacture, production, use, sale, distribution, dispensing or transportation of marijuana generally fall into one of the following categories:

- (a) Investigations when no person makes a medicinal claim
- (b) Investigations when a medical-use claim is made by an adult who has not been issued a RIC
- (c) Investigations when a medical-use claim is made by an adult who has been issued a RIC
- (d) Investigations when a medical-use claim is made by a juvenile

### 452.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is being used for medicinal purposes, the officer should proceed with a criminal investigation if the amount is greater than permitted for personal use of marijuana under the Colorado Constitution (Colo. Const. art. XVIII, § 16). A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant as to whether the marijuana was possessed or produced for medicinal purposes.
Medical Marijuana

452.3.2 INVESTIGATIONS INVOLVING A MEDICAL-USE CLAIM BY AN ADULT WHO HAS NOT BEEN ISSUED A RIC
An adult making a medical-use claim, either as a patient or primary caregiver, should not be arrested for a marijuana-related offense when:

(a) The patient (Colo. Const. art. XVIII, § 14(2); CRS § 25-1.5-106):
   1. Was previously diagnosed by a physician as having a debilitating or disabling medical condition.
   2. Was advised by his/her physician, in the context of a bona fide physician-patient relationship, that the patient might benefit from the medical use of marijuana in connection with a debilitating or disabling medical condition.
   3. Was collectively in possession of an allowed amount of marijuana.

(b) The amount is permitted for personal use of marijuana under the Colorado Constitution (Colo. Const. art. XVIII, § 16).

A copy of an application submitted to the Colorado Department of Public Health and Environment, including the written documentation and proof of the date of mailing or other transmission of the written documentation, shall be accorded the same legal effect as a RIC until such time as the patient receives notice that the application has been denied (Colo. Const. art. XVIII, § 14(3)(d)).

452.3.3 INVESTIGATIONS INVOLVING A MEDICAL-USE CLAIM BY AN ADULT WHO HAS BEEN ISSUED A RIC
An adult making a medical-use claim, either as a patient or primary caregiver, shall not be arrested for a marijuana-related offense when all of the following exist (Colo. Const. art. XVIII, § 14(2); CRS § 25-1.5-106):

(a) The patient or primary caregiver is in lawful possession of a RIC.

(b) The marijuana in question is for medical use.

(c) The patient or primary caregiver is in possession of no more than 2 ounces of a usable form of marijuana and no more than six marijuana plants, with three or fewer being mature, flowering plants that are producing a usable form of marijuana.

A patient or primary caregiver in lawful possession of a RIC should not be arrested for any quantity of marijuana above the specified amounts of marijuana (2 ounces, six plants) if the amount is no more than is medically necessary to address a debilitating or disabling medical condition.

Evidence that an extended amount is medically necessary may include a voluntary disclosure by the patient in his/her registration information that he/she intends to cultivate more than six plants for his/her own medical use (CRS § 25-1.5-106).

452.3.4 INVESTIGATIONS RELATED TO A MEDICAL-USE CLAIM BY A JUVENILE
A juvenile under the age of 18 shall not be arrested for a marijuana-related offense if all of the following conditions exist (Colo. Const. art. XVIII, § 14(6); CRS § 25-1.5-106):
Medical Marijuana

(a) The juvenile is in lawful possession of a RIC.

(b) The juvenile and parental primary caregiver collectively possess no more than an allowed amount of marijuana.

(c) The parental primary caregiver controls the acquisition, dosage and frequency of use of the marijuana.

452.3.5 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production or use:

(a) Officers shall immediately notify the Colorado Department of Public Health and Environment when any person in possession of a RIC has been determined by a court of law to have willfully violated the provisions of medical marijuana laws or has pleaded guilty to such an offense (Colo. Const. art. XVIII, § 14(3); CRS § 25-1.5-106).

(b) Because enforcement of medical marijuana laws can be complex, time-consuming and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:

1. The suspect has been identified and can be easily located at another time.
2. The case would benefit from review by a person with expertise in medical marijuana investigations.
3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
4. Any other relevant factors exist, such as limited available department resources and time constraints.

(c) Whenever the initial investigation reveals an amount of marijuana greater than that specified by law, officers should consider:

1. The amount of marijuana recommended by a medical professional to be ingested.
2. The quality of the marijuana.
3. The method of ingestion (e.g., smoking, eating, nebulizer).
4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
5. Other factors such as the climate and whether the marijuana is being cultivated indoors or outdoors.

(d) Before proceeding with enforcement related to a locally approved business that cultivates, manufactures or sells medical marijuana or medical marijuana-infused products, officers should consider conferring with appropriate legal counsel.

(e) Primary caregivers must be registered to cultivate or transport marijuana and have supporting receipts when transporting the marijuana. Officers may report a primary
Medical Marijuana

caregiver to the state licensing authority if the primary caregiver fails to provide proper documentation showing that he/she has registered (CRS § 25-1.5-106).

1. Primary caregivers have additional registration requirements if they grow 37 or more plants. Additionally, primary caregivers may not grow 100 or more plants (CRS § 25-1.5-106).

452.3.6 EXCEPTIONS
Officers may take enforcement action against a patient or primary caregiver who (Colo. Const. art. XVIII, § 14(5); CRS § 25-1.5-106):

(a) Engages in the medical use of marijuana in a way that endangers the health or well-being of any person.

(b) Unlawfully engages in the medical use of marijuana in plain view of, or in a place open to, the general public (CRS § 44-10-702).

(c) Undertakes any task while under the influence of medical marijuana, when doing so would constitute negligence or professional malpractice.

(d) Possesses or uses non-smokable medical marijuana without authorization on school grounds, in a school bus, or at a school-sponsored event (CRS § 22-1-119.3; CRS § 25-1.5-106).

(e) Possesses or uses smokable medical marijuana on school grounds, in a school bus, or at a school-sponsored event (CRS § 22-1-119.3; CRS § 25-1.5-106).

(f) Engages in the use of medical marijuana in a correctional facility, community corrections facility, or in a vehicle, aircraft, or motorboat.

(g) Engages in the use of medical marijuana while sentenced to jail/prison.

(h) Operates, navigates, or is in actual physical control of any vehicle, aircraft, or motorboat while under the influence of medical marijuana.

(i) Manufactures marijuana concentrate in an unregulated environment using an inherently hazardous substance (CRS § 18-18-406.6).

(j) Grows or possesses on residential property more than the number of marijuana plants as set forth in CRS § 25-1.5-106.

452.4 FEDERAL LAW ENFORCEMENT
Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

452.5 EVIDENCE

452.5.1 MEMBER RESPONSIBILITIES
The investigating member should advise the receiving Property Unit member when marijuana may be the subject of a medical claim.
Medical Marijuana

452.5.2 PROPERTY UNIT SUPERVISOR RESPONSIBILITIES

The Property Unit Supervisor shall ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not harmed, neglected, injured or destroyed (Colo. Const. art. XVIII, § 14(2)(e)).

Upon the prosecutor’s decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property Unit Supervisor should follow the Property and Evidence Policy and related procedures.

The Property Unit Supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Detective Unit Supervisor.
Bicycle Patrol Unit

454.1 PURPOSE AND SCOPE
The Durango Police Department has established the Bicycle Patrol Unit for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas. A bicycle’s quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

454.2 POLICY
Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control or special events. Its mobility and visibility in the community are hallmarks of its usefulness.

Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Bicycle Patrol Unit supervisor or the Shift Supervisor.

454.3 SELECTION OF PERSONNEL
Interested certified personnel, who are recommended for selection by their direct supervisor and approved by the Police Chief or designee, shall submit an assignment request to the Operations Bureau Commander. A copy will be forwarded to the Bicycle Patrol Unit supervisor. Qualified applicants will then be invited to an oral interview. The oral board will consist of the Bicycle Patrol Unit supervisor and a second person to be selected by the Bicycle Patrol Unit supervisor. Interested personnel shall be evaluated by the following criteria:

(a) Recognized competence and ability as evidenced by performance
(b) Special skills or training as they pertain to the assignment
(c) Good physical condition
(d) Willingness to perform duties using the bicycle as a mode of transportation

454.3.1 BICYCLE PATROL UNIT SUPERVISOR
The Bicycle Patrol Unit supervisor will be selected by the Operations Bureau Commander or the authorized designee.

The Bicycle Patrol Unit supervisor shall have responsibility for the following:

(a) Organizing bicycle patrol training
(b) Inspecting and maintaining inventory of patrol bicycles and program equipment
(c) Scheduling maintenance and repairs
(d) Evaluating the performance of bicycle officers
(e) Coordinating activities with the Operations Bureau
Bicycle Patrol Unit

(f) Inspecting and documenting, no less than every three months, that bicycles not in active service are in a serviceable condition

(g) Other activities as required to maintain the efficient operation of the unit

454.4 TRAINING
Participants in the program must complete an initial department-approved bicycle-training course after acceptance into the program. The training course may be instructed by the Bicycle Patrol Unit Supervisor or their designee, and successful participants must demonstrate proficiency in the below-listed training requirements to the Bicycle Patrol Unit Supervisor or their designee. Thereafter, bicycle patrol officers should receive yearly in-service training to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include the following:

• Bicycle patrol strategies
• Bicycle safety and accident prevention
• Operational tactics using bicycles

Bicycle patrol officers will be required to qualify with their duty firearm while wearing bicycle safety equipment, including the helmet and riding gloves.

454.5 UNIFORMS AND EQUIPMENT
Officers shall wear the department-approved uniform and safety equipment while operating the department bicycle. Safety equipment includes department-approved helmet, riding gloves, protective eyewear and approved footwear.

The bicycle patrol unit uniform consists of the standard short-sleeve uniform shirt or other department-approved shirt with department badge and patches, and department-approved bicycle patrol pants or shorts.

Optional equipment includes a jacket in colder weather. Insulated clothing is permitted when worn under the uniform shirt, and a radio head set and microphone.

Bicycle patrol officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment, minus the baton.

Officers will be responsible for obtaining the necessary forms, citation books and other department equipment needed while on bicycle patrol.

454.6 CARE AND USE OF PATROL BICYCLES
Officers will be assigned a specially marked and equipped patrol bicycle, attached gear bag, two batteries and a charger.

Bicycles utilized for uniformed bicycle patrol shall be primarily black or white with a "Police" decal affixed to each side of the crossbar or the bike’s saddlebag or attached gear bag. Every such bicycle shall be equipped with front and rear reflectors, front and rear lamps. Lamps and reflectors must meet legal requirements.
Bicycle Patrol Unit

Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack for attached gear bags and/or saddle bags sufficient to carry the necessary equipment for handling routine patrol calls, including report writing, vehicle storage and citations.

Each bicycle shall be equipped with flashing, oscillating or rotating red signal light that is visible from the front, sides or rear of the bicycle (CRS § 42-4-213).

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to ensure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).

If a needed repair is beyond the ability of the bicycle officer, a repair work order will be completed and forwarded to the program supervisor for repair by an approved technician.

Each bicycle will have scheduled maintenance yearly, to be performed by a repair shop/technician that is approved by the Department.

At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

Officers shall not modify the patrol bicycle, remove, modify or add components except with the express approval of the bicycle supervisor or in the event of an emergency.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

Bicycles shall be properly secured when not in the officer’s immediate presence.

454.7 OFFICER RESPONSIBILITIES

Officers should operate the bicycle in compliance with Colorado law, unless their duties require otherwise. Officers may operate the bicycle without lighting equipment during hours of darkness only when it reasonably appears necessary for officer safety and tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment or in violation of routine rules of the road.
Foot Pursuits

458.1 PURPOSE AND SCOPE
This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

458.2 POLICY
It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

458.3 DECISION TO PURSUE
The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual that the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual’s involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

(a) Containment of the area.
(b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
(c) A canine search.
(d) Thermal imaging or other sensing technology.
(e) Air support.
Foot Pursuits

(f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

458.4 GENERAL GUIDELINES
When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

(a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory.

(b) The officer is acting alone.

(c) Two or more officers become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.

(d) The officer is unsure of his/her location and direction of travel.

(e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.

(f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.

(g) The officer loses radio contact with the dispatcher or with assisting or backup officers.

(h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.

(i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.

(j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.

(k) The officer loses possession of his/her firearm or other essential equipment.

(l) The officer or a third party is injured during the foot pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.

(m) The suspect’s location is no longer known.

(n) The identity of the suspect is established or other information exists that will allow for the suspect’s apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.
Foot Pursuits

(o) The officer’s ability to safely continue the foot pursuit is impaired by inclement weather, darkness or other environmental conditions.

458.5 RESPONSIBILITIES IN FOOT PURSUITS

458.5.1 INITIATING OFFICER RESPONSIBILITIES
Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit and containment. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

(a) Location and direction of travel
(b) Call sign identifier
(c) Reason for the foot pursuit, such as the crime classification
(d) Number of suspects and description, to include name if known
(e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the dispatcher of his/her location and the status of the foot pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

458.5.2 ASSISTING OFFICER RESPONSIBILITIES
Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

458.5.3 SUPERVISOR RESPONSIBILITIES
Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible;
Foot Pursuits

the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

458.5.4 THE COMMUNICATIONS CENTER RESPONSIBILITIES
Upon notification or becoming aware that a foot pursuit is in progress, the dispatcher is responsible for:

(a) Clearing the radio channel of non-emergency traffic.
(b) Coordinating pursuit communications of the involved officers.
(c) Broadcasting pursuit updates as well as other pertinent information as necessary.
(d) Ensuring that a field supervisor is notified of the foot pursuit.
(e) Notifying and coordinating with other involved or affected agencies as practicable.
(f) Notifying the Shift Supervisor as soon as practicable.
(g) Assigning an incident number and logging all pursuit activities.

458.6 REPORTING REQUIREMENTS
The initiating officer shall complete appropriate crime/arrest reports documenting, at a minimum:

(a) Date and time of the foot pursuit.
(b) Initial reason and circumstances surrounding the foot pursuit.
(c) Course and approximate distance of the foot pursuit.
(d) Alleged offenses.
(e) Involved vehicles and officers.
(f) Whether a suspect was apprehended as well as the means and methods used.
   1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
(g) Arrestee information, if applicable.
(h) Any injuries and/or medical treatment.
(i) Any property or equipment damage.
(j) Name of the supervisor at the scene or who handled the incident.
Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.
Foot Pursuits

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.
Automated License Plate Readers (ALPR)

460.1 PURPOSE AND SCOPE
Automated License Plate Reader (ALPR) technology, also known as License Plate Recognition, provides automated detection of license plates. The ALPR is used by the Durango Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. The ALPR may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

460.2 ADMINISTRATION OF ALPR DATA
All installation and maintenance of ALPR equipment, as well as ALPR data retention and access shall be managed by the Administration Support Bureau Commander. The Administration Support Bureau Commander will assign personnel under his/her command to administer the day-to-day operation of the ALPR equipment and data.

460.3 ALPR OPERATION
Use of an ALPR is restricted to the purposes outlined below. Department personnel shall not use, or allow others to use, the equipment or database records for any unauthorized purpose.

(a) An ALPR shall only be used for official and legitimate law enforcement business.
(b) An ALPR may be used in conjunction with any patrol operation or official department investigation. Reasonable suspicion or probable cause is not necessary before using an ALPR.
(c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
(d) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training.
(e) If practicable, the officer should verify an ALPR response through the Colorado Bureau of Investigation before taking enforcement action that is based solely upon an ALPR alert.

460.4 ALPR DATA COLLECTION AND RETENTION
All data and images gathered by the ALPR are for the official use of the Durango Police Department and because such data may contain confidential information, it is not open to public review. ALPR information gathered and retained by this department may be used and shared with prosecutors or others only as permitted by law.

The Administration Support Bureau Commander is responsible to ensure proper collection and retention of ALPR data.
Automated License Plate Readers (ALPR)

All ALPR data collected will be stored online in a cloud-based system. ALPR data will not be stored more than 30 days from the date it is collected, unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a lawful action to produce records. In those circumstances the applicable data should be retained in the cloud-based system for a longer retention period according to retention policies.

460.5 ACCOUNTABILITY AND SAFEGUARDS

All saved data will be closely safeguarded and protected by both procedural and technological means. The Durango Police Department will observe the following safeguards regarding access to and use of stored data:

(a) All non-law enforcement requests for access to stored ALPR data shall be referred to the Records Supervisor and processed in accordance with applicable law.

(b) All ALPR data downloaded to the cloud-based system shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time.

(c) Persons approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action.

(d) Such ALPR data may be released to other authorized and verified law enforcement officials and agencies at any time for legitimate law enforcement purposes.

(e) ALPR system audits should be conducted on a regular basis.

463.6 SUPERVISION

A. Immediate supervision will be provided by the on-duty Durango Police patrol supervisor, who is responsible for the management of all DPD assets in the field. Supervisors will ensure that a Substitute CORE Officer has a complete understanding of their responsibilities in reference to the CORE Team role before they are assigned as the Substitute CORE Officer. Supervisors will make every effort to choose an Officer with the aptitude and experience necessary to fill the role of the Substitute CORE Officer.

B. Clinical supervision will be provided by the CORE Clinical Manager/Supervisor. It will include but is not limited to:

Co-Responder (CORE) Team

463.7 VEHICLES

A. The CORE team will operate as a mobile response unit, utilizing a designated city-owned vehicle equipped with:
   - Police radio, CAD system, emergency lighting.
   - Safely stored long guns, welfare/comfort items (e.g., water, blankets), safety/rescue items (e.g., first aid kit, defibrillator), or other investigative equipment.
   - Partitions to ensure the safety of front-seat passengers or restrict access/movement of second-row passengers.
   - Ideally the CORE Team vehicle is not a traditional police patrol vehicle platform, and the following should be considered during vehicle selection:
     1. Suitable to function in CORE Team/emergency vehicle role
     2. Ability to travel safely in all weather
     3. Appearance facilitates the perception of safety and accessibility
     4. Second-row seating area is welcoming and safe for clients, not overly confining

B. The CORE Team vehicle, as a city-owned vehicle is primarily operated by the CORE team officer. The CORE team therapist should have a set of vehicle keys, and the ability to operate the vehicle for problem-solving or emergency/escape maneuvers.

463.8 CLIENT TRANSPORTS

A. The CORE Team may transport clients for legal or clinical reasons, or for problem-solving purposes with the following considerations:
   - Regular Detox transports by the CORE Team should be avoided generally, as these transports do not require a therapist, and take the therapist out of service.
   - Clients who are or may become violent, are an escape risk or are going to jail, should be transported in a patrol unit with a secure prisoner compartment.
   - The CORE Officer is responsible for safety considerations prior to or during transport (e.g., searches for weapons, need for handcuffing, the passenger is properly seat-belted).
   - The CORE Team may transport a client for an M1 hold, an M.5 evaluation, or a problem-solving purpose which may be at the request of the client, with the following considerations:
     1. Transports should be restricted to areas in La Plata County or within 25 miles of Durango.
     2. The on-duty DPD patrol supervisor will be notified of extended transports via radio or may be consulted about the transport.
     3. Dispatch will be notified of beginning/ending locations, person transported, and mileage.
4. The immediate or ongoing safety of the client should be considered concerning the drop off location (e.g., what support or resources are available to the client at the drop off location)

463.9 OFFICE SPACE AND BUILDING ACCESS

A. The CORE Team office is located at the Durango Police Substation, 545 Wilson Gulch Drive. The CORE Team and CORE Team vehicle will be based at the police substation.
   - The CORE Team, to include therapists and clinical manager will have the access code to the police substation or main police station, and the ability to access the buildings independently and unescorted.
   - CORE Team therapists and clinical managers should wear an ID badge when moving about in city buildings, so they are properly identified as members of the CORE Team. The ID badge will be provided by Axis Health System or the City of Durango.

463.10 INFORMATION ACCESS

A. The two entities that comprise the CORE team (Durango Police and Axis Health System) will share mission important information between them when it does not violate client confidentiality. They may have separate reporting systems, but formats will exist upon which appropriate information may be shared.
   - The CORE therapists, clinical manager, officers, and Community Programs Sergeant will be part of a City of Durango email group: pdcoreteam@durangogov.org. This email group will be used to make referrals to or share information with the CORE Team.
   - The CORE therapists and clinical manager will have access to receive and read Durango PD patrol supervisor shift reports, which may have information about behavioral health related calls pertinent to the mission of the CORE Team.
   - The CORE therapists and clinical manager will have access to read and make entries in the Durango Police Online Briefing Book to promote the flow of useful information between the two entities.
   - The CORE Team therapists and clinical manager will not have access to Durango PD’s Spillman RMS, NCIC, or CJIS systems but they may have access to pertinent information within Spillman, NCIC, or CJIS on an as-needed basis when not prohibited.
   - The CORE Team Officers will not have access to the Axis Health System RMS but may be granted access to relevant information within that system when it does not violate client confidentiality.

463.11 SCHEDULING AND SHIFT COVERAGE

A. The schedule for the CORE Team will allow for coverage seven days a week. The current shift is an 11.5-hour shift, which starts at 10:30 am and ends at 10:00 pm.
**Co-Responder (CORE) Team**

The shift time window is based upon an analysis of behavioral health calls, which determined the optimal time to have the Team on duty.

- Behavioral health calls should be periodically analyzed to determine if the shift window requires adjustment, or if additional Teams are required.

- The CORE Officer and the CORE Therapist may have their schedules (on and off days or pay periods) aligned somewhat differently, so long as there is always a team operating seven days a week during the prescribed shift window.

- If a CORE Officer is not available, the CORE Therapist may ride with a patrol officer. In this case, the officer would indicate that they have AXIS 1 or AXIS 2 riding with them, but they do not have to call on duty as the CORE Team. Behavioral health calls handled when AXIS 1 or AXIS 2 are on board are cleared with an AX (example: 5 AX 8324).

- If a CORE Therapist is not available, the CORE Clinical Manager may substitute.

463.12 **UNIFORMS, ATTIRE, AND PERSONAL EQUIPMENT**

A. The CORE Team will be most effective when they are perceived as approachable and helpful. Their personal appearance or the appearance of their vehicle should not be off-putting or cause alarm, which might cause a client or situation to escalate. The following should be considered regarding uniforms or attire:

- The CORE Officer will wear a standard class B Durango Police Uniform, with a fully equipped duty belt and internal or external body armor. Command presence is a useful tool for controlling or de-escalating situations, and officers have better command presence in the standard police uniform.

- If experience determines that the standard class B police uniform is frequently causing alarm, thereby causing conflict with the mission of the Team, an alternative uniform may be considered. The officer must still wear body armor and have all the standard tools and equipment at their disposal.

- The CORE Therapist should wear internal or external body armor, but the appearance of external body armor should look different than police body armor, and possibly contain markings plainly identifying the therapist as such, rather than an officer.

- The Therapist should wear clothing that gives them a relaxed but professional appearance, to facilitate their ability to approach, communicate with, and de-escalate a client.

- The CORE Therapist will be issued and will carry a Durango Police portable radio or PAC-SET.

463.13 **TRAINING**

A. As a non-police entity teamed with an officer, the CORE Therapist would need to know the following:

- Standard use of the police radio. (Note: 1 and 2 would fall under Dispatch training or cooperative training by Dispatch/Police personnel).
Co-Responder (CORE) Team

- How to request Emergency Assistance if the officer was occupied or unable to call out
- What to do to protect yourself and the team while you are waiting for help to arrive:
  1. The best part of a vehicle to use for cover (cover and concealment)
  2. Vehicle positioning and maneuvers, to include escape
  3. Firearms 101
  4. Defensive Tactics 101/Police Equipment 101 (handcuffs & key, taser, baton, mace,) and what to expect or how to treat when force is deployed
  5. Evidence 101
  6. Emergency First Aid (wound care)
  7. In extremely dangerous situations, safe drop off of civilians (see ride-along policy) in a well-lit area.

A. Other useful training for both the Therapist and the officer on the CORE Team:
   - Team role definition
   - Police contact/cover concepts and body positioning strategies (contact person vs cover person)
   - Knowledge of Crisis Intervention Team (CIT) concepts; verbal and physical communication, de-escalation techniques
   - Enhanced interviewing skills (Motivational Interviewing)
   - Police SOP’s and Policies in general, or specifically pertaining to CIT-related calls
   - Use of the M 1 or M 0.5
   - Use of reporting/ records management systems

B. It is recommended that the CORE Team Officer have CIT certification, and possibly additional communication/de-escalation training such as negotiator training
Homeless Persons

464.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The Durango Police Department recognizes that members of the homeless community are often in need of special protection and services. The Durango Police Department will address these needs in balance with the overall mission of this department. Therefore, officers will consider the following policy when serving the homeless community.

464.1.1 POLICY
It is the policy of the Durango Police Department to provide law enforcement services to all members of the community while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

464.2 HOMELESS COMMUNITY LIAISON
The Police Chief will designate a member of this department to act as the homeless liaison officer. The responsibilities of the homeless liaison officer include:

(a) Maintaining and making available to all Department employees a list of assistance programs and other resources that are available to the homeless.

(b) Meeting with humanservices and representatives of other organizations that render assistance to the homeless.

(c) Maintaining a list of the areas within and near this jurisdiction that are used as frequent homeless encampments.

(d) Remaining abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include:
   1. Proper posting of notices of trespass and cleanup operations.
   2. Proper retention of property after cleanup, to include procedures for owners to reclaim their property in accordance with the Property and Evidence Policy and other established procedures.

(e) Be present during any cleanup operation conducted by this department involving the removal of personal property of the homeless to ensure the rights of the homeless are not violated.

(f) Develop training to assist officers in understanding current legal and social issues relating to the homeless.

464.3 FIELD CONTACTS
Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an officer
Homeless Persons

from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a nonviolent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals, counseling and summons and release in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent such services may be appropriate.

464.3.1 OTHER CONSIDERATIONS
Homeless members of the community will receive the same level and quality of service provided to other members of our community. The fact that a victim or witness is homeless can, however, require special consideration for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

(a) Document alternate contact information. This may include obtaining addresses and telephone numbers of relatives and friends.

(b) Document places the homeless person may frequent.

(c) Provide homeless victims with victim/witness resources when appropriate.

(d) Obtain statements from all available witnesses in the event a homeless victim is unavailable for a court appearance.

(e) Consider whether the person may be a dependent adult or elder and if so, proceed in accordance with the Adult Abuse Policy.

(f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.

(g) Consider whether a crime should be reported and submitted for prosecution even when a homeless victim indicates he/she does not desire prosecution.

464.4 PERSONAL PROPERTY
The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the arrestee's personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures
Homeless Persons

should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property.

Officers should not conduct or assist in cleanup operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the Department homeless liaison officer. When practicable, requests by the public for cleanup operations of a homeless encampment should be referred to the homeless liaison officer.

Officers who encounter unattended encampments, bedding or other personal property in public areas that reasonably appear to belong to a homeless person should not remove or destroy such property and should inform the Department homeless liaison officer if such property appears to involve a trespass, is blight to the community or is the subject of a complaint. It will be the responsibility of the homeless liaison officer to address the matter in a timely fashion.

464.5 MENTAL HEALTH DISORDERS AND MENTAL IMPAIRMENTS
Some homeless persons may suffer from a mental health disorder or a mental impairment. Officers shall not detain a homeless person for an emergency admission to a mental health facility unless facts and circumstances warrant such a detention.

When a mental health disorder hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance, as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

464.6 ECOLOGICAL ISSUES
Sometimes homeless encampments can affect the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.
Public Recording of Law Enforcement Activity

465.1 PURPOSE AND SCOPE
This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

465.2 POLICY
The Durango Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

465.3 RECORDING LAW ENFORCEMENT ACTIVITY
Members of the public who wish to record law enforcement activities are limited only in certain aspects.

(a) Recordings may be made from any public place or any private property where the individual has the legal right to be present.

(b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
   1. Tampering with a witness or suspect.
   2. Inciting others to violate the law.
   3. Being so close to the activity as to present a clear safety hazard to the officers.
   4. Being so close to the activity as to interfere with an officer’s effective communication with a suspect or witness.

(c) The individual may not present an undue safety risk to the officers, him/herself or others.

465.4 OFFICER RESPONSE
Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an
Public Recording of Law Enforcement Activity

individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

465.5 SUPERVISOR RESPONSIBILITIES
A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

(a) Request any additional assistance as needed to ensure a safe environment.
(b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
(c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
(d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
(e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

465.6 SEIZING RECORDINGS AS EVIDENCE
Officers should not seize recording devices or media unless (42 USC § 2000aa; CRS § 16-3-311):

(a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
   1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
(b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
(c) The person consents.
   1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
      (a) Before obtaining consent, the member shall provide the person with his/her identification, agency name and the reason the information is requested.
      (b) If the person voluntarily provides his/her device or media to the member, the search of the device or media shall be limited to the
Public Recording of Law Enforcement Activity

relevant recording and the device or media returned as soon as practicable.

2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a department device.

3. Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

465.6.1 SEARCH WARRANTS
When a member seizes a recording device or media without the person's consent or without a search warrant, a search warrant for the recording shall be sought within 72 hours of the seizure (CRS § 16-3-311).
Suspicious Activity Reporting

466.1 PURPOSE AND SCOPE
This policy provides guidelines for reporting and investigating suspicious and criminal activity.

466.1.1 DEFINITIONS
Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., “dry run,” creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

466.2 POLICY
The Durango Police Department recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

466.3 RESPONSIBILITIES
The Operations Bureau Commander and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for department participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Operations Bureau Commander include, but are not limited to:

(a) Remaining familiar with those databases available to the Department that would facilitate the purpose of this policy.
Suspicious Activity Reporting

(b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.

c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.

d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Department.

e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.

(f) Coordinating investigative follow-up, if appropriate.

(g) Coordinating with any appropriate agency or fusion center.

(h) Ensuring that, as resources are available, the Department conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

466.4 REPORTING AND INVESTIGATION

Any department member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any non-sworn member who receives such information should ensure that it is passed on to an officer in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, an officer becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

466.5 HANDLING INFORMATION

The Records Unit will forward copies of SARs, in a timely manner, to the following:

- Detective Unit supervisor
- Crime Analysis Unit
- Other authorized designees
Crisis Intervention Incidents

467.1 PURPOSE AND SCOPE
This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person’s mental state and intent in order to effectively and legally interact with the individual.

467.1.1 DEFINITIONS
Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person’s internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental health disorder despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

467.2 POLICY
The Durango Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members’ interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

467.3 SIGNS
Members should be alert to any of the following possible signs of mental health issues or crises:

(a) A known history of mental health disorder
(b) Threats of or attempted suicide
(c) Loss of memory
(d) Incoherence, disorientation or slow response
(e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
(f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
(g) Social withdrawal
(h) Manic or impulsive behavior, extreme agitation, lack of control
(i) Lack of fear
(j) Anxiety, aggression, rigidity, inflexibility or paranoia

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.
Crisis Intervention Incidents

467.4  COORDINATION WITH MENTAL HEALTH PROFESSIONALS
The Police Chief or the authorized designee should designate an appropriate Bureau Commander to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources to guide department interaction with those who may be suffering from a mental health disorder or who appear to be in a mental health crisis (CRS § 30-10-527; CRS § 31-30-109).

467.5  FIRST RESPONDERS
Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer’s authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

(a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.

(b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.

(c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.

(d) Attempt to determine if weapons are present or available.

(e) Take into account the person’s mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.

(f) Secure the scene and clear the immediate area as necessary.

(g) Employ tactics to preserve the safety of all participants.

(h) Determine the nature of any crime.

(i) Request a supervisor, as warranted.

(j) Evaluate any available information that might assist in determining cause or motivation for the person’s actions or stated intentions.

(k) If circumstances reasonably permit, consider and employ alternatives to force.

467.6  DE-ESCALATION
Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.
Crisis Intervention Incidents

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person’s name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person’s verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

467.7 INCIDENT ORIENTATION

When responding to an incident that may involve a mental health disorder or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

(a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
(b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police response.
(c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

467.8 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

(a) Attempt to secure appropriate and sufficient resources.
(b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
Crisis Intervention Incidents

(c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.

(d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.

(e) Conduct an after-action tactical and operational debriefing, if warranted and/or if a use of force was involved, and prepare an after-action evaluation of the incident to be forwarded to the Bureau Commander.

(f) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

467.9 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

467.9.1 DIVERSION

Individuals who are not being arrested should be processed in accordance with the Civil Commitments Policy.

467.10 NON-SWORN INTERACTION WITH PEOPLE IN CRISIS

Non-sworn members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

(a) Members should treat all individuals equally and with dignity and respect.

(b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.

(c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person’s behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

467.11 EVALUATION

The Bureau Commander or his designee, designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department response to these incidents is conducted annually. The report will not include identifying information.
Crisis Intervention Incidents

pertaining to any involved individuals, officers or incidents and will be submitted to the Police Chief or authorized designee through the chain of command.

467.12 TRAINING
In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.
First Amendment Assemblies

468.1 PURPOSE AND SCOPE
This policy provides guidance for responding to public assemblies or demonstrations.

468.2 POLICY
The Durango Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

468.3 GENERAL CONSIDERATIONS
Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, loitering and disrupting lawful assembly. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

(a) Engage in assembly or demonstration-related discussion with participants.
(b) Harass, confront or intimidate participants.
(c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members’ interaction with participants and their response to crowd dynamics is appropriate.
First Amendment Assemblies

468.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS
Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

468.4 UNPLANNED EVENTS
When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to the Communications Center, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

468.5 PLANNED EVENT PREPARATION
For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

468.5.1 INFORMATION GATHERING AND ASSESSMENT
In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.
First Amendment Assemblies

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

468.5.2 OPERATIONAL PLANS
An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

(a) Command assignments, chain of command structure, roles and responsibilities.
(b) Staffing and resource allocation.
(c) Management of criminal investigations.
(d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
(e) Deployment of specialized resources.
(f) Event communications and interoperability in a multijurisdictional event.
(g) Liaison with demonstration leaders and external agencies.
(h) Liaison with City government and legal staff.
(i) Media relations.
(j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
(k) Traffic management plans.
(l) First aid and emergency medical service provider availability.
(m) Prisoner transport and detention.
(n) Review of policies regarding public assemblies and use of force in crowd control.
(o) Parameters for declaring an unlawful assembly.
(p) Arrest protocol, including management of mass arrests.
(q) Protocol for recording information flow and decisions.
(r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
(s) Protocol for handling complaints during the event.
First Amendment Assemblies

Parameters for the use of body-worn cameras and other portable recording devices.

468.5.3 MUTUAL AID AND EXTERNAL RESOURCES
The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

468.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS
If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

468.7 USE OF FORCE
Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and conducted energy devices should be considered only when the participants’ conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).
First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

468.8 ARRESTS
The Durango Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

(a) Reasonable measures to address the safety of officers and arrestees.
(b) Dedicated arrest, booking and report writing teams.
(c) Timely access to medical care.
(d) Timely access to legal resources.
(e) Timely processing of arrestees.
(f) Full accountability for arrestees and evidence.
(g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Summons Releases Policy).

468.9 MEDIA RELATIONS
The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

468.10 DEMOBILIZATION
When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.
First Amendment Assemblies

468.11 POST EVENT
The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

(a) Operational plan
(b) Any incident logs
(c) Any assignment logs
(d) Vehicle, fuel, equipment and supply records
(e) Incident, arrest, use of force, injury and property damage reports
(f) Photographs, audio/video recordings, the Communications Center records/tapes
(g) Media accounts (print and broadcast media)

468.11.1 AFTER-ACTION REPORTING
The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

(a) Date, time and description of the event
(b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
(c) Problems identified
(d) Significant events
(e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

468.12 TRAINING
Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Department should, when practicable, train with its external and mutual aid partners.
Civil Disputes

469.1 PURPOSE AND SCOPE
This policy provides members of the Durango Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Colorado law.

469.2 POLICY
The Durango Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

469.3 GENERAL CONSIDERATIONS
When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

(a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.

(b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.

(c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.

(d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.

(e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

469.4 COURT ORDERS
Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent
Civil Disputes

court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

(a) The person’s knowledge of the court order or whether proof of service exists.

(b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

469.4.1 STANDBY REQUESTS
Officers responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

469.5 VEHICLES AND PERSONAL PROPERTY
Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

469.6 REAL PROPERTY
Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.
Medical Aid and Response

470.1 PURPOSE AND SCOPE
This policy recognizes that members often encounter persons who appear to be in need of medical aid and establishes a law enforcement response to such situations.

470.2 POLICY
It is the policy of the Durango Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

470.3 FIRST RESPONDING MEMBER RESPONSIBILITIES
Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact the Communications Center and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide the Communications Center with information for relay to EMS personnel in order to enable an appropriate response, including:

(a) The location where EMS is needed.
(b) The nature of the incident.
(c) Any known scene hazards.
(d) Information on the person in need of EMS, such as:
   1. Signs and symptoms as observed by the member.
   2. Changes in apparent condition.
   3. Number of patients, sex, and age, if known.
   4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
   5. Whether the person is showing signs of extreme agitation or is engaging in violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel regarding whether to transport the person for treatment.
**470.4 TRANSPORTING ILL AND INJURED PERSONS**
Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

**470.5 PERSONS REFUSING EMS CARE**
If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported.

However, members may assist EMS personnel when EMS personnel determine the person lacks the mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where a mental health disorder may be a factor, the officer should consider proceeding with a 72-hour treatment and evaluation in accordance with the Civil Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

**470.6 MEDICAL ATTENTION RELATED TO USE OF FORCE**
Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

**470.7 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE**
A member should use an AED only after the member has received the required training (CRS § 13-21-108.1).
Medical Aid and Response

470.7.1 AED USER RESPONSIBILITY
Members who are issued AEDs for use in department vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Training Manager who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED shall contact the Communications Center as soon as possible and request response by EMS (CRS § 13-21-108.1).

470.7.2 AED REPORTING
Any member using an AED will complete an incident report detailing its use.

470.7.3 AED TRAINING AND MAINTENANCE
The Training Manager should ensure appropriate training that includes training in CPR and AED use is provided to members authorized to use an AED (CRS § 13-21-108.1).

The Training Manager is responsible for ensuring AED devices are appropriately maintained and tested consistent with the manufacturer’s operational guidelines, and will retain records of all maintenance and testing in accordance with the established records retention schedule (CRS § 13-21-108.1).

470.8 ADMINISTRATION OF OPIATE ANTAGONIST
Only members authorized by the Department may possess or administer an opiate antagonist such as naloxone hydrochloride or any similarly acting drug for the treatment of a drug overdose. The medication shall be administered in accordance with written protocol specified by the medical professional who prescribed the overdose medication for use by the member (CRS § 12-30-110; CRS § 12-255-128).

470.8.1 OPIATE ANTAGONIST USER RESPONSIBILITIES
Members who are qualified to administer an opiate antagonist should handle, store, and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Manager.

Any member who administers an opiate antagonist should contact the Communications Center as soon as possible and request response by EMS (CRS § 12-30-110; CRS § 12-255-128; CRS § 12-280-123).

470.8.2 OPIATE ANTAGONIST REPORTING
Any member administering an opiate antagonist should detail its use in an appropriate report.
Medical Aid and Response

The Training Manager will ensure that the Records Supervisor is provided enough information to meet applicable state reporting requirements.

470.8.3 OPIATE ANTAGONIST TRAINING
The Training Manager should ensure training is provided to members authorized to administer an opiate antagonist.

The Training Manager should coordinate training with the prescribing medical professional (CRS § 12-30-110; CRS § 12-255-128; CRS § 12-280-123).

470.9 SICK OR INJURED ARRESTEE
If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor’s approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer’s training.

470.10 ADMINISTRATION OF EPHINEPHRINE
Members may administer epinephrine in accordance with protocol specified by the physician who prescribed the medication for use by the member.

470.10.1 EPINEPHRINE USER RESPONSIBILITIES
Members who are qualified to administer epinephrine should handle, store, and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Manager.

Any member who administers epinephrine should contact the Communications Center as soon as possible and request response by EMS.

470.10.2 EPINEPHRINE REPORTING
Any member administering epinephrine should detail its use in an appropriate report.
Medical Aid and Response

470.10.3  EPINEPHRINE TRAINING
The Training Manager should ensure that training is provided to members authorized to administer epinephrine.

470.11  FIRST AID TRAINING
Subject to available resources, the Training Manager should ensure officers receive periodic first aid training appropriate for their position.
Chapter 5 - Traffic Operations
Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for improving public safety through education and enforcement of traffic-related laws.

500.2 POLICY
It is the policy of the Durango Police Department to educate the public on traffic-related issues and to enforce traffic laws. The efforts of the Department will be driven by such factors as the location and/or number of traffic accidents, civilian complaints, traffic volume, traffic conditions, and other traffic-related needs. The ultimate goal of traffic law enforcement and education is to increase public safety.

500.3 DEPLOYMENT
Enforcement efforts may include such techniques as geographic/temporal assignment of department members and equipment, the establishment of preventive patrols to deal with specific categories of unlawful driving, and a variety of educational activities. These activities should incorporate methods that are suitable to the situation; timed to events, seasons, past traffic problems or locations; and, whenever practicable, preceded by enforcement activities.

Several factors are considered in the development of deployment schedules for department members. State and local data on traffic accidents are a valuable resource. Factors for analysis include but are not limited to:

- Location.
- Time.
- Day.
- Violation factors.
- Requests from the public.
- Construction zones.
- School zones.
- Special events.

Department members assigned to uniformed patrol or traffic enforcement functions will emphasize the enforcement of violations that contribute to traffic accidents, and also will consider the hours and locations where traffic accidents tend to occur. Members will take directed enforcement action on request, and random enforcement action when appropriate. Members shall maintain high visibility while working general enforcement, especially in areas where traffic accidents frequently occur.
Traffic Function and Responsibility

500.4 ENFORCEMENT
Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance. The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions (CRS § 42-4-101 and CRS § 42-4-104):

500.4.1 WARNINGS AND STOPS WITHOUT CITATION OR ARREST
Warnings should be considered in minor traffic infractions and substituted for arrests or citations when circumstances warrant. Circumstances that do not result in a citation or arrest require providing a business card in compliance with the law, as outlined in the Bias-Based Policing Policy.

500.4.2 TRAFFIC CITATIONS
Traffic citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at minimum:

(a) Explanation of the violation or charge
(b) Court appearance procedure, including the optional or mandatory appearance by the motorist
(c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court
(d) The court contact information

500.4.3 TRAFFIC CITATION COURT JURISDICTION
An officer who issues a traffic citation shall ensure that the place specified in the summons, complaint or penalty assessment notice is an appropriate court within the city or county in which the offense is alleged to have been committed. (CRS § 42-4-1707(5)).

500.4.4 PHYSICAL ARREST
Physical arrest can be made on a number of criminal traffic offenses. These physical arrest cases usually deal with but are not limited to (CRS § 42-4-1705(1)):

(a) Vehicular homicide.
(b) Driving under the influence of alcohol/drugs.
(c) Hit-and-run resulting in serious injury or death.
(d) Hit-and-run resulting in damage to any vehicle or property.
(e) Reasonable cause to believe the violator may leave the state.

500.5 SUSPENDED OR REVOKED DRIVER'S LICENSE
If an officer contacts a traffic violator also driving on a suspended or revoked license, the officer should issue a traffic citation or make an arrest as appropriate.
500.6 HIGH-VISIBILITY VESTS
The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to reduce the danger to employees who may be exposed to hazards presented by passing traffic, construction vehicles and disaster recovery equipment (Federal Manual on Uniform Traffic Control Devices, 23 CFR 655.601).

Although intended primarily for use while performing traffic-related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the employee.

500.6.1 REQUIRED USE
Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used anytime a plainclothes officer might benefit from being readily identified as an officer.

500.6.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS
High-visibility vests are issued to all sworn employees and should be stored in such a manner as to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored in the vehicle, or on the motorcycle or bicycle.

Additional high-visibility vests will be maintained in the supply room for replacement of damaged or unserviceable vests. The Administration Support Bureau Commander should be promptly notified whenever the supply of vests in the supply room needs replenishing.
Traffic Accident Response and Reporting

502.1 PURPOSE AND SCOPE
The public safety responsibilities of law enforcement include responding to traffic accidents, providing aid and assistance, documentation of the incident and identification of criminal activity. The Durango Police Department prepares traffic accident reports in compliance with CRS § 42-4-1606 and as a public service makes traffic accident information available to the public.

502.2 CALL RESPONSE
Officers generally will not be required to respond to the scene of traffic accidents which are determined to have occurred entirely on private property. Officers will be required to respond to private property accidents under the following situations:

1. If one of the drivers involved in the accident is suspected to be under the influence of alcohol or drugs.
2. If any vehicle occupant, pedestrian(s), or other persons suffered injury or death as a result of the accident.
3. If there is major damage from the accident to either a structure or one of the vehicles involved.
4. If any of the vehicles involved were driving in a reckless fashion prior to the traffic collision.
5. Officers should respond to the scene of the accident if they are needed to keep the peace between the involved parties.
6. Nothing shall preclude an officer from investigating and charging private property accidents which involve a DUI/DUID offense, reckless driving, careless driving, or improper backing.

If none of the aforementioned circumstances exist, which would require an officer to respond to the scene of the private property accident, the involved parties should be encouraged to exchange pertinent information. The involved parties can be provided an incident number by the dispatcher to document the time and date of their call.

Officers should respond without delay when dispatched to a traffic accident. A traffic accident with injuries reported may include an emergency response if the officer reasonably believes such a response is appropriate.

502.2.1 RESPONSE CONSIDERATIONS
An officer responding to and upon arrival at an accident, should consider the following:

(a) The most appropriate route to the incident
(b) Proper placement of the emergency vehicle to provide protection for officers and the scene
(c) Potential for involvement of hazardous materials
Traffic Accident Response and Reporting

(d) Additional support that may be necessary (e.g., traffic control, medical aid, HAZMAT, ambulance, tow vehicles and airship landing)

(e) Providing first aid to any injured parties if it can be done safely, and obtaining medical assistance as necessary

(f) Traffic control and protection of the scene

(g) Clearance of the roadway

502.3 ACCIDENT INVESTIGATION

Investigation of traffic collisions should include, at minimum, the following:

(a) Identification and interview of all involved parties

(b) Identification and interview of any witnesses

(c) Determination if any crime has occurred and taking appropriate enforcement action

(d) Identification and protection of items of apparent evidentiary value

(e) Documentation of the incident as necessary (e.g., statements, measurements, photographs, collection of evidence and reporting) on appropriate report forms

502.4 TAKING ENFORCEMENT ACTION

After a thorough investigation in which physical evidence or independent witness statements indicate that a violation of Colorado law led to the accident, officers should issue a traffic citation or a misdemeanor citation to the offending driver. Officers may arrest a person when there is probable cause to believe that an offense was committed by the person to be arrested (CRS § 16-3-102).

Incidents involving more serious violations, such as driving under the influence of drugs or alcohol, vehicular manslaughter or other felonies, shall be enforced immediately. If a driver subject to enforcement is admitted to a hospital, a supervisor shall be contacted to determine the best enforcement option.

502.5 TRAFFIC ACCIDENT REPORTING

502.5.1 OFFICER RESPONSIBILITIES

Department members shall utilize forms approved by the Department of Revenue, Motor Vehicle Bureau (CRS § 42-4-1608) for the reporting of traffic accidents. All traffic accident reports taken by members of this department shall be forwarded to the patrol supervisor for approval and then to the Records Unit for data entry into the records management system.

ACCIDENT DIAGRAMS

Accident diagrams are a visual depiction of the accident scene used to record the involved roadways, evidence, distances, and positions of traffic units. Per the State of Colorado's Investigating Officer's Crash Reporting Manual, diagrams are only required on the DR 3447 Crash Report Form in instances where the crash involves a train, or the crash involves injuries
Traffic Accident Response and Reporting

classified as 03. Suspected Serious Injury or 04. Fatal. Department members will only be required to complete an accident diagram on the State Crash Report Form in these instances. Department members will also be required to complete an accident diagram in any other crash where measurements are obtained for evidentiary value.

502.5.2 SHIFT SUPERVISOR RESPONSIBILITIES
The Records Bureau will be responsible for:

(a) Monthly and quarterly reports on traffic accident statistics, to be forwarded to the Operations Bureau Commander or other persons as required.

(b) Forwarding the traffic accident report to the Department of Revenue, Motor Vehicle Division within five days of receiving information regarding the accident or upon the completion of the investigation if the accident did not involve injury or death and the property damage is reasonably believed to be no more than $1,000 (CRS § 42-4-1606).

(c) Obtaining all updates in the Colorado Traffic Accident Reporting Manual, distribution of the manual and updates and ensuring conformity with this policy.

502.5.3 MODIFICATIONS TO TRAFFIC ACCIDENT REPORTS
A change or modification of a written report that alters a material fact in the report may be made only by the person who prepared the report. A written supplemental report may be made by any authorized employee.

502.6 REPORTING SITUATIONS

502.6.1 TRAFFIC ACCIDENTS INVOLVING CITY VEHICLES
Traffic accident investigation reports shall be taken when a City-owned vehicle is involved in a traffic accident on a roadway or highway, wherein any damage or injury results. A general information report may be taken in lieu of a traffic accident report at the direction of a supervisor when the accident occurs on private property or does not involve another vehicle. Whenever there is damage to a City vehicle, a vehicle damage report shall be completed and forwarded to the appropriate Bureau Commander.

Photographs of the accident scene and vehicle damage shall be taken at the discretion of the traffic investigator or any supervisor.

502.6.2 INJURY OR FATALITY TRAFFIC ACCIDENTS WITH POLICE DEPARTMENT EMPLOYEES
When an employee of this department, either on- or off-duty, is involved in a traffic accident within the jurisdiction of the Durango Police Department and it results in a serious injury or fatality, the Shift Supervisor should request the Colorado State Patrol (CSP) or other outside agency to complete an investigation and report.
The term serious bodily injury is defined as bodily injury that involves a substantial risk of death, serious permanent disfigurement, protracted loss or impairment of bodily function (CRS § 18-1-901(3)(p)).

502.6.3 TRAFFIC COLLISIONS WITH OTHER CITY EMPLOYEES OR OFFICIALS
The Community Outreach Sergeant may request assistance from the CSP or other outside agency for the investigation of any traffic accident involving any City official or employee where a serious injury or fatality has occurred.

502.6.4 TRAFFIC COLLISIONS INVOLVING INJURED ANIMALS
Department members should refer to the Animal Control Policy when a traffic accident involves disposition of an injured animal.

502.7 NOTIFICATION OF COMMUNITY OUTREACH SERGEANT
In the event of a serious injury or death-related traffic accident, the Shift Supervisor shall notify the Commander or their designee to relate the circumstances of the traffic accident and seek assistance from the Traffic Unit. In the absence of a Community Outreach Sergeant, the Shift Supervisor or any supervisor may assign an investigator or motor officer to investigate the traffic accident.

502.8 NOTIFICATION OF NEXT OF KIN
If a traffic accident causes a life-threatening injury or fatality, the supervisor responsible for the incident should ensure notification of the victim’s next of kin or coordinate such notification with the Coroner, department chaplain or another suitable person. Notification should be made as soon as practicable following positive identification of the victim.

The identity of any person seriously injured or deceased in a traffic accident should not be released until notification is made to the victim’s next of kin.
Vehicle Towing and Release Policy

510.1 PURPOSE AND SCOPE
This policy provides the procedures for towing a vehicle by or at the direction of the Durango Police Department and under the authority of CRS § 42-4-1803.

510.2 RESPONSIBILITIES
The responsibilities of those employees storing or impounding a vehicle are as follows.

510.2.1 COMPLETION OF VEHICLE IMPOUND/STORAGE FORM
Department members requesting towing of a vehicle shall complete a Towed Vehicle Supplement Report form that includes written authorization pursuant to CRS § 42-4-1803(1)(b) for the tow truck operator to possess the vehicle and a description of property within the vehicle. A copy is to be given to the tow truck operator and the original is to be submitted to the Records Bureau as soon as practicable after the vehicle is stored.

Approved storage forms shall be promptly placed into the RMS so that they are immediately available for release or for information should inquiries be made.

510.2.2 REMOVAL OF A VEHICLE DISABLED IN A TRAFFIC ACCIDENT
When a vehicle has been involved in a traffic accident and must be removed from the scene, the officer shall have the driver select a towing company, if reasonably possible, and shall relay the request for the specified towing company to the Communications Center. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in the Communications Center.

If the owner is incapacitated or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in an accident, the officer shall request the dispatcher to call a company selected from the rotational list of towing companies. The officer will then use a Towed Vehicle Supplement Report form to conduct an inventory and store the vehicle.

510.2.3 DRIVING A NON-CITY VEHICLE
Vehicles that have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with parking regulations, and never parked on private property.

510.2.4 DISPATCHER'S RESPONSIBILITIES
Upon receiving a request for towing, the dispatcher shall promptly telephone the specified towing service. The officer shall be advised when the request has been made and the towing service has been dispatched, with an estimated time of arrival.

When there is no preferred company requested, the dispatcher shall call the next firm in rotation from the list of approved towing companies and shall make appropriate entries in the CAD system to ensure the next firm in rotation is called.
Vehicle Towing and Release Policy

510.2.5 RECORDS BUREAU RESPONSIBILITY
Approved Towed Vehicle Supplement reports shall be promptly entered so that they are immediately available for release or review should inquiries be made.

Records Bureau personnel should promptly enter pertinent data from a completed vehicle impound/storage form into the Motor Vehicle Verification System to determine if the vehicle has been reported stolen (CRS § 42-4-1804). No later than 10 working days after a vehicle has been towed by this department, Records Bureau personnel shall report the towing and related information to the Department of Revenue, Motor Vehicle Division as required by CRS § 42-4-1804(1)(b).

Records Bureau personnel shall make a good faith attempt to notify the owner or lien holder of abandoned vehicles within 10 working days after receipt of a vehicle impound/storage form pursuant to (CRS § 1804(4)(a) and CRS § 1804(4)(b)). The notice shall inform the owner that he/she can request a hearing concerning the legality of the towing of the abandoned motor vehicle (CRS § 1804(4)(c)).

The Records Bureau should use the notice forms available from the Department of Revenue, Motor Vehicle Division or Department Owner Notification of Towed/Abandoned Vehicle from when sending required notices to the owners or lien holders of stolen or abandoned vehicles (CRS § 1804(5)).

510.3 TOWING SERVICES
The City of Durango periodically selects one or more firms to act as official tow services and awards contracts to those firms. Those firms will be used in the following situations:

(a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.

(b) When a vehicle is being held as evidence in connection with an investigation.

(c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles and the removal of vehicles obstructing traffic in violation of state or local regulations.

If more than one firm has been awarded contracts, they shall be placed on a rotation list. Nothing in this policy shall require the Department to tow a vehicle.

510.4 TOWING AT ARREST SCENES
Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by towing the arrestee's vehicle subject to the exceptions described below. However, a vehicle shall be towed whenever it is needed for the furtherance of an investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be towed. For example, a vehicle shall be towed if it would present a traffic hazard or if it would be in jeopardy of theft or damage if left at the scene in a high-crime area.
Vehicle Towing and Release Policy

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of towing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition, and the operator will sign a Motor Vehicle Release form:

- Traffic-related warrant arrest
- Situations where the vehicle was not used to further the offense for which the occupant was arrested or is not subject to forfeiture proceedings
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene, and will sign a Motor Vehicle Release form

510.5 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if they are closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practicable in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while the owner is in police custody, to provide for the safety of officers and the public, and to protect the Department against fraudulent claims of lost, stolen or damaged property. Officers shall ask the operator of the vehicle if there are any items of value hidden in the vehicle.

If the apparent potential for damage to a locked container reasonably appears to outweigh the protection of the items inside, other options to consider regarding locked containers include, but are not limited to, obtaining access to the locked container from the owner, placing the locked container into safekeeping or obtaining a written waiver of responsibility for the contents of the locked container.

Vehicles that are seized to preserve evidence, shall not be inventoried prior to the execution of the search warrant.

510.6 PRESERVATION OF EVIDENCE

An officer removing a vehicle pursuant to CRS § 42-4-1803, who has probable cause to believe that the vehicle or its contents constitute any evidence which tends to show that a criminal offense has been committed, or tends to show that a particular person has committed a criminal offense, should ensure that all legally required and reasonably necessary efforts to preserve the evidence, including but not limited to, safe storage, are taken until the evidence is released to the owner or otherwise disposed of according to law.

510.7 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, an officer should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cellular telephone, prescriptions) that are not considered evidence or contraband.
Vehicle Towing and Release Policy

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property.
Vehicle Impound Hearings

512.1 PURPOSE AND SCOPE
This policy establishes a procedure for the requirement to provide vehicle impound or storage hearings (CRS § 42-4-1804(4)(d)).

512.2 STORED OR IMPOUND HEARING
When a vehicle is stored or impounded by any member of the Department a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent to determine if probable cause existed for the removal and placement of the vehicle.

The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The hearing officer must not be the person who directed the storage or impound of the vehicle.

512.2.1 HEARING PROCEDURES
The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on an impounded or stored vehicle shall be submitted in writing within 10 days of the date appearing on the notice (CRS § 42-4-1804(4)(d)). The Operations Bureau Commander will generally serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing.

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a mediation or reduction of the period the vehicle is impounded.

(a) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision, and that the inquiring party may pursue further civil remedies if desired.

1. If mitigating circumstances are found to be relevant, the hearing officer may make reasonable adjustments to the impound period, storage or assessment fees as warranted.
Vehicle Impound Hearings

(b) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be at the Department's expense.

(c) If a decision is made that reasonable grounds for storage have not been established or sufficient mitigating circumstances exist, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded to the appropriate Bureau Commander. The hearing officer will recommend to the appropriate Bureau Commander that the fees paid by the registered or legal owner of the vehicle in question or the owner's agent be reimbursed by the Department.
Impaired Driving

514.1 PURPOSE AND SCOPE
This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

514.2 POLICY
The Durango Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Colorado’s impaired driving laws.

514.3 INVESTIGATIONS
Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

The DUI/Intoxilyzer instructor will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any DUI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

(a) The field sobriety tests (FSTs) administered and the results.
(b) The officer’s observations that indicate impairment on the part of the individual, and the officer’s health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
(c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
(d) Information about any audio and/or video recording of the individual’s driving or subsequent actions.
(e) The location and time frame of the individual’s vehicle operation and how this was determined.
(f) Any prior related convictions in Colorado or another jurisdiction.

514.4 FIELD TESTS
The DUI/Intoxilyzer instructor should identify the standardized FSTs and any approved alternate tests for officers to use when investigating violations of DUI laws.

514.5 CHEMICAL TESTS
A person implies consent under Colorado law to a chemical test or tests, and to providing the associated chemical sample, when an officer has probable cause to believe that the person was driving a motor vehicle in violation of CRS § 42-4-1301 (DUI, DUI per se, DWAI, or UDD) (CRS § 42-4-1301.1).
Impaired Driving

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

514.5.1 STATUTORY NOTIFICATIONS
Officers requesting a sample from a person suspected of DUI should inform the person that failure to submit to testing may result in the revocation of his/her license.

514.5.2 CHOICE OF TESTS
Officers shall respect a viable choice of chemical test made by an arrestee as provided for by law (e.g., breath will not be acceptable for suspected narcotics influence). Generally, a person may request either a test of his/her blood or breath for determining alcohol content (CRS § 42-4-1301.1). However, if a person under the age of 21 is suspected of underage drinking and driving (UDD), the person may only submit to a breath test.

If a person is suspected of aggravated vehicular unlawful termination of a pregnancy, the type of test or tests shall be determined by the officer (CRS § 18-3.5-108).

For purposes of determining drug content within a person’s system, officers may select the most appropriate and viable test of the of the person’s blood, saliva and urine. The arrestee is required to take and complete the selected test or tests (CRS § 42-4-1301.1; CRS § 18-3.5-108).

514.5.3 BREATH SAMPLES
The DUI/Intoxilyzer instructor should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the DUI/Intoxilyzer instructor.

514.5.4 BLOOD SAMPLES
Only persons authorized by law to draw blood shall collect blood samples (CRS § 42-4-1301.1). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability
Impaired Driving

to take a blood test shall not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

514.5.5 URINE SAMPLES
If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an officer or jail staff member of the same sex as the individual giving the sample. The arrestee should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample.

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

514.6 REFUSALS
When an arrestee refuses to provide a chemical sample, officers should:

(a) Advise the arrestee of the requirement to provide a sample (CRS § 42-4-1301.1).
(b) Audio- and/or video-record the admonishment and the response when it is practicable.
(c) Document the refusal in the appropriate report.

514.6.1 STATUTORY NOTIFICATIONS UPON REFUSAL
Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of revocation upon the person and take possession of any state-issued license to operate a motor vehicle that is held by that person and issue the person a seven day temporary permit unless the person already possesses one (CRS § 42-2-126).

514.6.2 BLOOD SAMPLE WITHOUT CONSENT
A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

(a) A search warrant has been obtained.
(b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person’s bloodstream. Exigency can be established by the existence of special facts, such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.
(c) Exigent circumstances exist and the officer has probable cause to believe the person committed any of the following offenses (CRS § 42-4-1301.1):
   1. Criminally negligent homicide
   2. Vehicular homicide
   3. Assault in the third degree
   4. Vehicular assault
514.6.3 FORCED BLOOD SAMPLE
If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

(a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.

(b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes, a viable form of testing in a timely manner.

(c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer), and attempt to persuade the individual to submit to such a sample without physical resistance.

1. This dialogue should be recorded on audio and/or video when practicable.

(d) Ensure that the blood sample is taken in a medically approved manner.

(e) Ensure the forced blood draw is recorded on audio and/or video when practicable.

(f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:

1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.

2. In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.

3. In felony cases, force that reasonably appears necessary to overcome the resistance to the blood draw may be permitted. Officers may physically restrain a person for the purpose of obtaining a sample only in cases of criminally negligent homicide, vehicular homicide, assault in the third degree, vehicular assault or aggravated vehicular unlawful termination of pregnancy (CRS § 42-4-1301.1; CRS § 18-3.5-108).

(g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

514.7 ARREST AND INVESTIGATION

514.7.1 PRELIMINARY TESTING
An officer may request that a person provide a breath sample for a preliminary screening test when the officer (CRS § 42-4-1301):
**Impaired Driving**

(a) Has reason to believe the person was driving a motor vehicle while under the influence or impaired by alcohol and,

(b) Has advised the person that he/she may refuse or agree to provide the preliminary breath sample.

If the person is under the age of 21, the officer may conduct a preliminary screening test, without the person’s consent, if there is a reasonable belief the person has consumed alcohol (CRS § 42-4-1301).

An officer may use the results of the preliminary test in determining whether probable cause exists to believe the person was DUI and whether to administer additional testing (CRS § 42-4-1301).

514.7.2 COLLECTING SAMPLES

Arrestee samples shall be collected and processed in accordance with standards set by the Department of Public Health and Environment (5 CCR 1005-2:1 et seq.).

514.7.3 TIME TO COLLECT SAMPLE

If an officer requests that a person submit to a blood or breath test to determine the alcohol content of the person’s blood or breath, the person must cooperate with the request such that the sample can be obtained within two hours of the person’s driving (CRS § 42-4-1301.1).

If an officer requests that a person submit to a blood, saliva or urine test to determine the drug content within the person’s system, the person must cooperate with the request such that the sample can be obtained within two hours of the person’s driving (CRS § 42-4-1301.1).

514.7.4 NOTICE TO COMMERCIAL MOTOR VEHICLE DRIVER

Officers investigating a driver of a commercial motor vehicle license for DUI shall advise the person that a refusal to submit to a chemical test shall result in an out-of-service order for a period of 24 hours and a revocation of the privilege to operate a commercial motor vehicle for one year (CRS § 42-4-1301.1).

514.7.5 OFFICER RESPONSIBILITIES

An officer believing that a person should be subject to license revocation as a result of DUI shall forward the following to the Division of Motor Vehicles (DMV) on the forms prescribed by the DMV (CRS § 42-2-126):

(a) A copy of the completed notice of revocation form

(b) A copy of any completed temporary permit

(c) The person’s driver’s license

(d) An affidavit, signed, dated and sworn to by the officer containing information relevant to the legal issues and facts to be considered by the DMV for revoking the person’s license
514.7.6 EXTRAORDINARY CIRCUMSTANCES
If an officer requests a person to submit to a chemical test and subsequently determines that there are extraordinary circumstances that prevent the completion of the test elected by the person within the two-hour time period, the officer shall inform the person of such circumstances and request and direct the person to take and complete the other test. The person shall then be required to take and complete, and to cooperate in the completing of, the other test. Extraordinary circumstances include but are not limited to weather related delays, high call volume affecting medical personnel, malfunctioning breath test equipment and other circumstances that preclude the timely collection of a sample (CRS § 42-4-1301.1).

514.7.7 UNCONSCIOUS OR DECEASED PERSONS
If an officer believes a person to be DUI and the person cannot submit to a chemical test because the person is unconscious, hospitalized, or undergoing medical treatment, the officer may (CRS § 18-3.5-108; CRS § 42-4-1301.1):

(a) Have access to and analyze any blood, urine, or saliva that was obtained and not utilized by the health care provider.

(b) Have access to medical tests administered by the health care provider that show test results of the alcohol or drug content in the person's system. The provisions of CRS § 13-90-107 relating to physician privileged communications do not apply to such test results.

In addition, the blood or urine sample of any deceased driver or pedestrian at least 15 years of age shall be tested for alcohol, drug, and carbon monoxide concentration following the procedures established by the Department of Public Health and Environment (CRS § 42-4-1301.1; CRS § 42-4-1304).

514.7.8 MEDICAL MARIJUANA REGISTRY IDENTIFICATION CARD
A person who possesses a valid medical marijuana registry identification card (RIC) shall not be required to submit to a blood test solely based on the possession of the RIC (CRS § 42-4-1301).

514.8 RECORDS UNIT RESPONSIBILITIES
The Records Supervisor will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney’s office.

514.9 ADMINISTRATIVE HEARINGS
The Records Supervisor will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to the Division of Motor Vehicles (DMV).

Any officer who receives notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

An officer called to testify at an administrative hearing should document the hearing date and the DMV file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified.
Impaired Driving

514.10 TRAINING
The Training Manager should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Training Manager should confer with the prosecuting attorney’s office and update training topics as needed.
Traffic Citations

516.1 PURPOSE AND SCOPE
This policy outlines the responsibility for traffic citations, the collection of data, the procedure for dismissal, correction and voiding of traffic citations.

516.2 RESPONSIBILITIES
Employees of this department shall use the approved traffic citation for all traffic offense citations.

The Administration Support Bureau Commander or his designee shall be responsible for the development and design of all department traffic citations in compliance with state law (CRS § 42-4-1707).

The Records Unit is responsible for the supply and accounting of all traffic citations issued to employees of this department. Citations will be kept in a secure location and issued to officers by the Records Unit staff. Officers will sign for the citation books when issued.

516.3 DISMISSAL OF TRAFFIC CITATIONS
Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to their Shift Sergeant. Upon a review of the circumstances involving the issuance of the traffic citation, the Shift Sergeant may request that the Operations Bureau Commander recommend dismissal of the traffic citation. If approved, the citation will be forwarded by the Records Bureau to the appropriate prosecutor with a request for dismissal. All recipients of traffic citations whose request for dismissal has been denied shall be referred to the appropriate court.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate, the officer may request that the court dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Operations Bureau Commander and the Records Bureau for review.

516.4 VOIDING TRAFFIC CITATIONS
Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed but not issued. All copies of the citation shall be presented to the Shift Sergeant to approve the voiding of the citation. The citation and copies shall then be forwarded to the Records Bureau. See SOP 600.4.1 for further details.

516.5 CORRECTION OF TRAFFIC CITATIONS
When a traffic citation is issued and in need of correction, the officer issuing the citation shall submit the citation and a letter requesting a specific correction to his/her immediate supervisor. The citation and letter shall then be forwarded to the Shift Sergeant who shall prepare a letter of
Traffic Citations

correction to the Operations Bureau Commander and the Records Bureau who will contact the court having jurisdiction and to the recipient of the citation. See SOP 600.4.1 for further details.

516.6 DISPOSITION OF TRAFFIC CITATIONS
The court and file copies of all traffic citations issued by members of this department shall be forwarded to the employee’s immediate supervisor for review. The citation copies shall then be filed with the Records Unit.

Upon separation from employment with this department, all employees who were issued traffic citation books shall return any unused citations to the Records Unit.

516.7 NOTICE OF PARKING VIOLATION APPEAL PROCEDURE
Disposition of notice of parking violation appeals is conducted pursuant to local regulations (CRS § 43-2-135(1)(g) and CRS § 42-4-110(1)). A parking violation may be appealed by filing a request with the court and posting fees as required.

516.8 JUVENILE CITATIONS
Completion of traffic citation forms for juveniles vary from the procedure for adults (CRS § 42-4-1707(1)(b)). The juvenile's age, place of residency and the type of offense should be considered before issuing the juvenile a citation.
Disabled Vehicles

520.1 PURPOSE AND SCOPE
The Durango Police Department has adopted this policy regarding providing assistance to motorists in disabled vehicles within this organization’s jurisdiction.

520.2 OFFICER RESPONSIBILITIES
When an on-duty officer observes a disabled vehicle, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer or other department member to respond as soon as practicable.

520.3 EXTENT OF ASSISTANCE
In most cases, a disabled motorist will require assistance. After assistance is rendered or arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of department resources and the vulnerability of the disabled motorist.

520.3.1 MECHANICAL REPAIRS
Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety or to remove vehicles that are obstructing traffic pursuant to CRS § 42-4-1803(2) is not considered a mechanical repair.

520.3.2 RELOCATION OF DISABLED VEHICLES
The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

520.4 PUBLIC ACCESS TO THIS POLICY
This written policy is available upon request.

The location of the vehicle will be documented by taking pictures with the department issued cell phone or by video using the body worn camera.

The Unattended Vehicle Notice shall be placed on the vehicle.

The vehicle location will be documented by taking a picture with a department issued cell phone or through video using the body worn camera.
Abandoned Vehicle Violations

Chapter 6 - Investigation Operations
Investigation and Prosecution

600.1 PURPOSE AND SCOPE
The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.2 POLICY
It is the policy of the Durango Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.3 INITIAL INVESTIGATION

600.3.1 OFFICER RESPONSIBILITIES
An officer responsible for an initial investigation shall complete no less than the following:

(a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:

1. An initial statement from any witnesses or complainants.
2. A cursory examination for evidence.

(b) If information indicates a crime has occurred, the officer shall:

1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
2. Determine if additional investigative resources (e.g., investigators, scene processing) are necessary and request assistance as required.
3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Shift Supervisor.
4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
5. Collect any evidence.
6. Take any appropriate law enforcement action.
7. Complete and submit the appropriate reports and documentation.

(c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.3.2 NON-SWORN MEMBER RESPONSIBILITIES
A non-sworn member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.
600.4 MODIFICATION OF CHARGES FILED
Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Bureau Commander or the Police Chief or authorized designee. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor. See SOP 600.4.1 for further instructions on this process.

600.5 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES
Use of social media and any other internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the internet should not be archived or stored in any manner other than department-established record-keeping systems (see the Records Maintenance and Release and the Criminal Organizations policies).

600.5.1 ACCESS RESTRICTIONS
Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any Internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party’s account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any Internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.
Investigation and Prosecution

600.5.2 INTERCEPTING ELECTRONIC COMMUNICATION
Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

600.6 COMPUTERS AND DIGITAL EVIDENCE
The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.7 DISCONTINUATION OF INVESTIGATIONS
The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

(a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.

(b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
   1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
   2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.

(c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.

(d) The case has been submitted to the appropriate prosecutor, charges have been filed, further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.

(e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.

(f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

600.8 CUSTODIAL INTERROGATION REQUIREMENTS
Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies (CRS § 16-3-406). Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.
Investigation and Prosecution

600.8.1 AUDIO/VIDEO RECORDINGS
Any custodial interrogation of an individual who is suspected of having committed a Class 1 or Class 2 felony or felony sexual assault offense shall be recorded (audio and video) in its entirety when the interrogation takes place at any Durango Police Department facility (CRS § 16-3-601) unless:

(a) The individual requests that the interrogation not be recorded.
    1. The request must be made in writing or at the beginning of the recording.

(b) The recording equipment fails.

(c) Recording equipment is unavailable due to damage or other extraordinary circumstances.

(d) Exigent circumstances prevent the recording of the interrogation.

(e) The individual is interrogated outside the state of Colorado.

Any custodial interrogation of an individual who is suspected of having committed any other violent felony offense should be recorded (audio or video with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Detective Unit supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.9 INVESTIGATIVE PROCEDURES
The Operations Bureau Commander or the authorized designee shall be responsible for developing, maintaining and reviewing detailed investigative procedures. Such procedures shall minimally include:

(a) Case file management.

(b) Preliminary and follow-up criminal investigation checklists.

(c) Multijurisdictional investigative task force roles and responsibilities.

(d) Polygraph or other truth-telling device examinations.

(e) Cold case definition, evaluation criteria and documentation.
Investigation and Prosecution

(f) Undercover, surveillance/stakeouts, informant/decoy and raid operations, including use of surveillance and undercover equipment.

(g) Photographic (conventional and digital) and other digital evidence collection.

(h) Known source evidence collection for physical evidence comparison.

(i) Forensic laboratory evidence submission.

(j) Latent fingerprint preservation.

(k) Any additional accreditation-mandated procedures, including a case screening system that identifies and considers solvability factors, advising the Police Chief of investigative activities on major or sensitive cases and an on-call schedule to ensure 24-hour availability.
Sexual Assault Investigations

602.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

602.1.1 DEFINITIONS
Definitions related to this policy include:

**Sexual assault** - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in Title 18, Article 3, Part 4 (Unlawful Sexual Behavior) of the Colorado Revised Statutes.

**Sexual Assault Response Team (SART)** - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

602.2 POLICY
It is the policy of the Durango Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

602.3 QUALIFIED INVESTIGATORS
Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

(a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.

(b) Conduct follow-up interviews and investigation.

(c) Present appropriate cases of alleged sexual assault to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.

(e) Provide referrals to therapy services, victim advocates and support for the victim.

(f) Participate in or coordinate with SART or other multidisciplinary investigative teams as applicable.
602.4 REPORTING
In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

602.5 RELEASING INFORMATION TO THE PUBLIC
In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Detective Unit supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

602.6 TRAINING
Subject to available resources, periodic training should be provided to:

(a) Members who are first responders. Training should include:
   1. Initial response to sexual assaults.
   2. Legal issues.
   3. Victim advocacy.
   4. Victim’s response to trauma.

(b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
   1. Interviewing sexual assault victims.
   2. SART or multidisciplinary response team.
   3. Medical and legal aspects of sexual assault investigations.
   4. Serial crimes investigations.
   5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (VICAP).
   6. Techniques for communicating with victims to minimize trauma.

602.7 VICTIM INTERVIEWS
The primary considerations in sexual assault investigations, which begin with the initial call to the Communications Center, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of SART or the multidisciplinary response team should be included in the initial victim interviews.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change
Sexual Assault Investigations

of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded shall be included in a report.

Victims should be notified if forensic medical evidence has been submitted to an accredited crime laboratory (CRS § 24-4.1-302.5).

Victims should be apprised of applicable victim’s rights provisions, as outlined in the Victim and Witness Assistance Policy.

602.7.1 TRUTH VERIFICATION EXAMINATIONS
Members of the Durango Police Department shall not ask or require a victim of a sex crime to submit to a truth verification examination as a condition for proceeding with a criminal investigation (34 USC § 10451; CRS § 18-3-407.5).

A truth verification examination shall only be conducted upon a victim with the victim’s written informed consent that includes notice that he/she has the right to refuse to submit to the examination. In addition, the victim shall be informed orally with information about the potential use of the result of the examination (CRS § 18-3-407.5).

602.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE
Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault. Forensic medical evidence shall be collected if the victim requests the collection (CRS § 24-33.5-113; 8 CCR 1507-29).

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

No Durango Police Department member shall ask or require a sex crime victim to participate or cooperate in an investigation as a condition of receiving a forensic medical examination (CRS § 18-3-407.5).

602.8.1 COLLECTION AND TESTING REQUIREMENTS
Members investigating sexual assaults or handling related evidence are required to do the following (CRS § 24-33.5-113; 8 CCR 1507-29):
Sexual Assault Investigations

(a) Obtain the victim’s written consent prior to collection of any forensic medical evidence, using the form required by the Department of Public Safety (DPS).

(b) Submit evidence to the Colorado Bureau of Investigation or an accredited crime laboratory within 21 days, unless the victim withdraws consent.

(c) Retrieve medical forensic evidence when contacted by a medical facility for appropriate retention (CRS § 18-3-407.5).

Forensic evidence associated with an anonymous report made pursuant to CRS § 12-240-139 shall not be submitted to a laboratory for testing (CRS § 18-3-407.5).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

602.8.2 DNA TEST RESULTS

Members investigating sexual assault cases should notify victims of any DNA test results as soon as reasonably practicable (CRS § 24-4.1-302.5).

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

602.9 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Detective Unit supervisor.

Classification of a sexual assault as unfounded requires the Detective Unit supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted the victim’s original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

The assigned investigator should inform the victim of any change in status of the case, including cases that are closed or reopened (CRS § 24-4.1-302.5).

602.10 CASE REVIEW

The Detective Unit supervisor should ensure case dispositions are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
Sexual Assault Investigations

- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART or multidisciplinary response team and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Police Chief or authorized designee.
Asset Forfeiture

606.1 PURPOSE AND SCOPE
This policy describes the authority and procedure for the seizure, forfeiture and liquidation of property associated with designated offenses.

606.1.1 DEFINITIONS
Definitions related to this policy include:

**Fiscal agent** - The person designated by the Police Chief or authorized designee to be responsible for securing and maintaining seized assets and distributing any proceeds realized from any forfeiture proceedings. This includes any time the Durango Police Department seizes property for forfeiture or when the Durango Police Department is acting as the fiscal agent pursuant to a multi-agency agreement.

**Forfeiture** - The process by which legal ownership of an asset is transferred to a government or other authority.

**Forfeiture reviewer** - The department member assigned by the Police Chief or authorized designee who is responsible for reviewing all forfeiture cases and for acting as the liaison between the Department and the assigned attorney.

**Property subject to forfeiture** - Property may generally be subject to forfeiture under the Public Nuisance Abatement Act and the Contraband Forfeiture Act when (CRS § 16-13-303; CRS § 16-13-307; CRS § 16-13-504):

(a) There has been a conviction or a negotiated plea of a specified offense (see statutes), or the owner fled from an arrest warrant charging one of those offenses.

(b) Possession of the property was unlawful or the owner of the property was a party to the offense that led to the property’s use or purchase.

(c) The property was instrumental in the commission or facilitation of a specified crime, or the property constitutes traceable proceeds of the crime or related criminal activity.

**Seizure** - The act of law enforcement officials taking property, cash or assets that have been used in connection with or acquired by specified illegal activities.

606.2 POLICY
The Durango Police Department recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person’s due process rights.

It is the policy of the Durango Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.
Asset Forfeiture

606.3 ASSET SEIZURE
Property may be seized for forfeiture as provided in this policy.

606.3.1 PROPERTY SUBJECT TO SEIZURE
The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

(a) Real property pursuant to a court order (CRS § 16-13-302).
(b) Non-real property when there is probable cause to believe that it will qualify as property subject to forfeiture and the seizure is incident to a lawful search (CRS § 16-13-315; CRS § 16-13-504).

Whenever practicable, a court order for seizure prior to making a seizure is the preferred method. A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

606.3.2 PROPERTY NOT SUBJECT TO SEIZURE
The following property should not be seized for forfeiture:

(a) Cash and property that does not meet the district attorney’s current minimum forfeiture thresholds should not be seized.
(b) The owner of the property is an “innocent owner” and did not have knowledge of the illegal conduct prompting the seizure (CRS § 16-13-303; CRS § 16-13-504).
(c) Rental vehicles, unless the seizing agency has probable cause to believe the motor vehicle rental company, at the time of rental, had knowledge or notice of the criminal activity for which the rental car was used (CRS § 16-13-315; CRS § 16-13-504).

606.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS
When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:

(a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.
(b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.
(c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, “Seized Subject to Forfeiture.” Property seized subject to forfeiture should be
Asset Forfeiture

booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items. Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

606.5 MAINTAINING SEIZED PROPERTY
The Property Unit supervisor is responsible for ensuring compliance with the following:

(a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.
(b) All property received for forfeiture is checked to determine if the property has been stolen.
(c) All property received for forfeiture is retained in the same manner as evidence until forfeiture is finalized or the property is returned to the claimant or the person with an ownership interest.
(d) Property received for forfeiture is not used unless the forfeiture action has been completed.

606.6 FORFEITURE REVIEWER
The Police Chief or the authorized designee will appoint an officer as the forfeiture reviewer. Prior to assuming duties, or as soon as practicable thereafter, the forfeiture reviewer should attend a course approved by the Department on asset forfeiture.

The responsibilities of the forfeiture reviewer include:

(a) Remaining familiar with forfeiture laws, particularly CRS § 16-13-501 et seq. and CRS § 16-13-301 et seq., in addition to the forfeiture policies of the district attorney.
(b) Serving as the liaison between the Department and the district attorney and ensuring prompt legal review of all seizures.
(c) Making reasonable efforts to obtain annual training that includes best practices in pursuing, seizing and tracking forfeitures.
(d) Reviewing each seizure-related case and deciding whether the seizure is more appropriately made under state or federal seizure laws. The forfeiture reviewer should contact federal authorities when appropriate.
(e) Ensuring that responsibilities, including the designation of a fiscal agent, are clearly established whenever multiple agencies are cooperating in a forfeiture case.
(f) Ensuring that seizure forms are available and appropriate for department use. These should include notice forms, a receipt form and a checklist that provides relevant
Asset Forfeiture

guidance to officers. The forms should be available in languages appropriate for the region and should contain spaces for:

1. Names and contact information for all relevant persons and law enforcement officers involved.
2. Information as to how ownership or other property interests may have been determined (e.g., verbal claims of ownership, titles, public records).
3. A space for the signature of the person from whom cash or property is being seized.
4. A tear-off portion or copy, which should be given to the person from whom cash or property is being seized, that includes the legal authority for the seizure, information regarding the process to contest the seizure and a detailed description of the items seized.

(g) Ensuring that officers who may be involved in asset forfeiture receive training in the proper use of the seizure forms and the forfeiture process. The training should be developed in consultation with the appropriate legal counsel and may be accomplished through traditional classroom education, electronic media, Daily Training Bulletins (DTBs) or Departmental Directives. The training should cover this policy and address any relevant statutory changes and court decisions.

(h) Reviewing each asset forfeiture case to ensure that:

1. Written documentation of the seizure and the items seized is in the case file.
2. Independent legal review of the circumstances and propriety of the seizure is made in a timely manner.
3. Notice of seizure has been given in a timely manner to those who hold an interest in the seized property.
4. Property is promptly released to those entitled to its return (CRS § 16-13-501.5; CRS § 16-13-302).
5. All changes to forfeiture status are forwarded to any supervisor who initiates a forfeiture case.
6. Any cash received is deposited with the fiscal agent.
7. Assistance with the resolution of ownership claims and the release of property to those entitled is provided.
8. Current minimum forfeiture thresholds are communicated appropriately to officers.
9. This policy and any related policies are periodically reviewed and updated to reflect current federal and state statutes and case law.

(i) Ensuring that a written plan that enables the Police Chief or authorized designee to address any extended absence of the forfeiture reviewer, thereby ensuring that contact information for other law enforcement officers and attorneys who may assist in these matters is available.
Asset Forfeiture

(j) Selling or destroying forfeited property as ordered by a court (CRS § 16-13-506; CRS § 16-13-507; CRS § 16-13-311).

(k) Depositing forfeited money in the court registry where the forfeiture order was entered, and overseeing the sale to ensure that the proceeds are distributed as set forth in CRS § 16-13-311.

(l) Applying to the court for expenses reimbursement consistent with CRS § 16-13-311, when applicable, and sending copies of the documents to the district attorney.

(m) Unless directed by an authorized agent of the federal government, ensuring that no seized property is transferred to a federal agency for forfeiture under federal law unless an owner of the property is being prosecuted in federal court (CRS § 16-13-505; CRS § 16-13-307).

(n) Placing currency seized in an interest-bearing account during forfeiture proceedings after ensuring that portions of the bills have been photocopied for evidence at hearings (CRS § 16-13-510; CRS § 16-13-303).

(o) Ensuring that the process of selling or adding forfeited property to the department’s regular inventory is in accordance with all applicable laws and consistent with the department’s use and disposition of similar property (CRS § 16-13-501.5; CRS § 16-13-302).

(p) Upon completion of any forfeiture process, ensuring that no property is retained by the Durango Police Department unless the Police Chief or authorized designee authorizes in writing the retention of the property for official use.

(q) Reporting seizure information within the required time periods (even if no forfeiture proceeds were received) to the Colorado Department of Local Affairs (DOLA) as set forth in CRS § 16-13-701.

Forfeiture proceeds should be maintained in a separate fund or account subject to appropriate accounting control, with regular reviews or audits of all deposits and expenditures.

Forfeiture reporting and expenditures should be completed in the manner prescribed by the law and City financial directives.

606.7 DISPOSITION OF FORFEITED PROPERTY
No forfeited property shall be used and no forfeited proceeds shall be expended until the committee on the disposition of forfeited property approves (CRS § 16-13-702). Members are prohibited from purchasing forfeited property (CRS § 16-13-501.5; CRS § 16-13-302).

No member of this department may use property that has been seized for forfeiture until the forfeiture action has been completed and the Police Chief or authorized designee has given written authorization to retain the property for official use. No department member involved in the decision to seize property should be involved in any decision regarding the disposition of the property.

606.8 FORFEITURE PAYMENTS FROM FEDERAL AGENCIES
Payments or distributions from a federal agency as a result of a forfeiture action may only be received by this department when the aggregate net equity value of the property and/or currency
Asset Forfeiture

seized is in excess of $50,000, and a forfeiture proceeding has been commenced by the federal government related to a filed criminal case (CRS § 16-13-306.5; CRS § 16-13-504.5).

606.9 GRANTS FROM THE DIVISION OF CRIMINAL JUSTICE

The forfeiture reviewer is responsible for ensuring funds received through a grant from the Colorado Division of Criminal Justice (DCJ) are used in a manner that complies with the policies and procedures established by DCJ, and that any necessary reporting is completed and submitted to DCJ in the required time frame (CRS § 24-33.5-522).
Informants

608.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the use of informants.

608.1.1 DEFINITIONS
Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with the Durango Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the Durango Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

608.2 INFORMANT INTEGRITY
To maintain the integrity of the informant process, the following must be adhered to:

(a) The identity of an informant acting in a confidential capacity shall not be withheld from the Police Chief, Deputy Chief, Bureau Commander, Detective Unit supervisor or their authorized designees.
   1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
(b) Criminal activity by informants shall not be condoned.
(c) Informants shall be told they are not acting as police officers, employees or agents of the Durango Police Department, and that they shall not represent themselves as such.
(d) The relationship between department members and informants shall always be ethical and professional.
   1. Members shall not become intimately involved with an informant.
   2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Detective Unit supervisor.
   3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
(e) Officers shall not meet with informants in a private place unless accompanied by at least one additional officer or with prior approval of the Detective Unit supervisor.
   1. Officers may meet informants alone in an occupied public place, such as a restaurant.
(f) When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.
(g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
(h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.
Informants

608.2.1 UNSUITABLE INFORMANTS
The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file “unsuitable” when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

(a) The informant has provided untruthful or unreliable information in the past.
(b) The informant behaves in a way that may endanger the safety of an officer.
(c) The informant reveals to suspects the identity of an officer or the existence of an investigation.
(d) The informant appears to be using his/her affiliation with this department to further criminal objectives.
(e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
(f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
(g) The informant commits criminal acts subsequent to entering into an informant agreement.

608.3 USE OF INFORMANTS

608.3.1 INITIAL APPROVAL
Before using an individual as an informant, an officer must receive approval from his/her supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

608.3.2 JUVENILE INFORMANTS
The use of informants under the age of 13 is prohibited.

In all cases, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

(a) The juvenile’s parents or legal guardians
Informants

(b) The juvenile’s attorney, if any
(c) The court in which the juvenile’s case is being handled, if applicable
(d) The Police Chief or the authorized designee

608.3.3 INFORMANT AGREEMENTS
All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

608.4 INFORMANT PAYMENTS
No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant’s previous criminal activity
- The level of risk taken by the informant

The Detective Unit supervisor will discuss the above factors with the Operations Bureau Commander and recommend the type and level of payment subject to approval by the Police Chief or authorized designee.

608.4.1 PAYMENT PROCESS
Approved payments to an informant should be in cash using the following process:

(a) Payments of $500 and under may be paid in cash from a Detective Unit buy/expense fund.
   1. The Detective Unit supervisor shall sign the voucher for cash payouts from the buy/expense fund.

(b) Payments exceeding $500 shall be made by issuance of a check, payable to the officer who will be delivering the payment.
   (a) The check shall list the case numbers related to and supporting the payment.
   (b) A written statement of the informant's involvement in the case shall be placed in the informant's file.
   (c) The statement shall be signed by the informant verifying the statement as a true summary of his/her actions in the case.
Informants

(d) Authorization signatures from the Police Chief or the authorized designee, and the City Manager are required for disbursement of the funds.

(c) To complete the payment process for any amount, the officer delivering the payment shall complete a cash transfer form.

1. The cash transfer form shall include the following:
   (a) Date
   (b) Payment amount
   (c) Durango Police Department case number
   (d) A statement that the informant is receiving funds in payment for information voluntarily rendered.

2. The cash transfer form shall be signed by the informant.

3. The cash transfer form will be kept in the informant's file.

608.4.2 REPORTING OF PAYMENTS
Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed $600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as “other income” and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant’s file.

608.4.3 AUDIT OF PAYMENTS
The Detective Unit supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every six months, the Police Chief or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.

608.5 POLICY
The Durango Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.
Eyewitness Identification

610.1 PURPOSE AND SCOPE
This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques (CRS § 16-1-109; CRS § 16-1-110).

610.1.1 DEFINITIONS
Definitions related to the policy include:

**Eyewitness identification process** - Any field identification, live lineup or photographic identification.

**Field identification** - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

**Live lineup** - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

**Photographic lineup** - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

610.2 POLICY
The Durango Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

610.3 INTERPRETIVE SERVICES
Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy (CRS § 16-1-110).

610.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM
The Detective Unit supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide:

(a) The date, time, and location of the eyewitness identification procedure.

(b) The name and identifying information of the witness.
Eyewitness Identification

(c) The name of the person administering the identification procedure.

(d) If applicable, the names of all of the individuals present during the identification procedure.

(e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.

(f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification (CRS § 16-1-109).

(g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as they did on the date of the incident.

(h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness (CRS § 16-1-109).

(i) A signature line where the witness acknowledges understanding the identification procedures and instructions.

(j) A statement from the witness in the witness's own words describing how certain they are of the identification or non-identification. This statement should be taken at the time of the identification procedure.

The process and related forms should be reviewed at least annually and modified when necessary (CRS § 16-1-109).

610.5 EYEWITNESS IDENTIFICATION
Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case (CRS § 16-1-110). Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

610.6 DOCUMENTATION
A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report (CRS § 16-1-109).

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.
Eyewitness Identification

610.6.1 REPORTING TO COLORADO DIVISION OF CRIMINAL JUSTICE
The following statistical data regarding field identifications shall be reported to the Colorado Division of Criminal Justice as required by CRS § 24-31-903 (see the Records Unit Procedures Policy) (CRS § 16-1-109):

(a) Date, time, and location
(b) Gender, age, and race of the subject and any eyewitness
(c) Alleged crime
(d) Outcome of the show-up

610.7 PUBLIC ACCESS TO POLICY
This policy shall be made available to the public, without cost, upon request (CRS § 16-1-109).

610.8 PHOTOGRAPHIC AND LIVE LINEUP CONSIDERATIONS
When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness. Techniques to achieve this include randomly numbering photographs, shuffling folders or using a computer program to order the persons in the lineup (CRS § 16-1-109).

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup (CRS § 16-1-109).

The member presenting the lineup to a witness should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

610.9 FIELD IDENTIFICATION CONSIDERATIONS
Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

(a) Obtain a complete description of the suspect from the witness.
(b) Assess whether a witness should be included in a field identification process by considering:
   1. The length of time the witness observed the suspect.
Eyewitness Identification

2. The distance between the witness and the suspect.
3. Whether the witness could view the suspect’s face.
4. The quality of the lighting when the suspect was observed by the witness.
5. Whether there were distracting noises or activity during the observation.
6. Any other circumstances affecting the witness’s opportunity to observe the suspect.
7. The length of time that has elapsed since the witness observed the suspect.

(c) If safe and practicable, the person who is the subject of the show-up shall not be handcuffed or in a patrol vehicle (CRS § 16-1-110).
(d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
(e) The person who is the subject of the show-up should not be shown to the same witness more than once.
(f) In cases involving multiple suspects, witnesses shall only be permitted to view the subjects of the show-up one at a time (CRS § 16-1-110).
(g) The person who is the subject of the show-up shall not be required to put on clothing worn by the suspect, to speak words uttered by the suspect, or to perform other actions mimicking those of the suspect (CRS § 16-1-110).
(h) If a witness positively identifies a subject of the show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

610.9.1 STATE FIELD IDENTIFICATION REQUIREMENTS

An officer conducting a field identification shall (CRS § 16-1-110):

(a) Transport each witness separately to the location of the field identification.
(b) Conduct the show-up in a well-lit location with an unobstructed view of the subject of the show-up.
(c) Separate eyewitnesses from one another at the location of the show-up.
(d) Provide verbal notification as required by CRS § 16-1-110(3)(d) to each witness prior to showing them the subject.
(e) Ask the witness about their level of confidence when an identification is made and document the response in the witness’s own words.
(f) Use a body-worn camera to create a video of the entire show-up procedure.

Field identifications shall only be used (CRS § 16-1-110):

(a) When a crime has been reported and:
   1. An officer, acting on reasonable suspicion, has detained the suspect of the crime within minutes of the commission of the crime and near the location of the crime.
Eyewitness Identification

2. A live or photo lineup is not available as a means of identification given the circumstances.

3. A witness reasonably believes a subject can be identified.
   (b) To verify the identity of a person involved in an intimate relationship as defined in CRS § 18-6-800.3.
   (c) To confirm the identity of a family member known to the witness.

If an eyewitness makes an identification at a show-up and the subject is arrested, additional attempts at identifying the subject shall be through a photographic or live lineup (CRS § 16-1-110).
Brady Material Disclosure

612.1 PURPOSE AND SCOPE
This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called “Brady information”) to a prosecuting attorney.

612.1.1 DEFINITIONS
Definitions related to this policy include:

Brady information - Information known or possessed by the Durango Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

612.2 POLICY
The Durango Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Durango Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

612.3 DISCLOSURE OF INVESTIGATIVE INFORMATION
Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor’s office.

If information is believed to be privileged or confidential (e.g., confidential informant or attorney-client information, attorney work product), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the department case file.
Brady Material Disclosure

612.4  BRADY PROCESS
The Police Chief or authorized designee shall select a member of the Department to coordinate requests for Brady information. This person shall be directly responsible to the Administration Support Bureau Commander or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

(a) Working with the appropriate prosecutors’ offices and the City Attorney’s office to establish systems and processes to determine what constitutes Brady information and the method for notification and disclosure.

(b) Maintaining a current list of members who have Brady information in their files or backgrounds.
   1. Updating this list whenever potential Brady information concerning any department member becomes known to the Department or is placed into a personnel or internal affairs file.

612.4.1  CREDIBILITY DISCLOSURE NOTIFICATION
The coordinator shall establish, in consultation with the appropriate prosecutors’ offices, procedures necessary to comply with the requirements of CRS § 16-2.5-501 et seq., including prompt notification in writing of:

(a) Any sustained finding made on or after Jan. 1, 2022, where an officer:
   1. Knowingly made an untruthful statement concerning a material fact.
   2. Demonstrated a pattern of bias based on race, religion, ethnicity, gender, sexual orientation, age, disability, national origin, or any other protected class under federal and state law.
   3. Tampered with or fabricated evidence.
   4. Was convicted of any crime involving dishonesty.
   5. Violated any Durango Police Department policy involving dishonesty.

(b) Criminal charges filed against an officer for any felony or any crime involving dishonesty.

(c) Any criminal or administrative investigation involving an officer that, if sustained, would require disclosure under (a); and
   1. The officer is a potential witness in a pending criminal case; and
   2. The concurrent investigation relates to the officer’s involvement in the pending criminal case.

The coordinator shall provide notice of the intent to make a credibility disclosure notification to the involved officer at least seven days prior to contacting the prosecutor’s office (CRS § 16-2.5-502).

612.5  DISCLOSURE OF PERSONNEL INFORMATION
If a member of this department is a material witness in a criminal case, a person or persons designated by the Police Chief or the authorized designee, shall examine the personnel file and/
Brady Material Disclosure

or internal affairs file of the officer to determine whether they contain Brady information. If Brady information is located, the following procedure shall apply:

(a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and department member shall be notified of the potential presence of Brady material in the member’s personnel file.

(b) The prosecuting attorney or department counsel should be requested to file a motion in order to initiate an in-camera review by the court.

1. If no motion is filed, the supervisor should work with counsel to determine whether the records should be disclosed to the prosecutor.

(c) The Custodian of Records shall accompany all relevant personnel files during any in-camera inspection to address any issues or questions raised by the court.

(d) If the court determines that there is relevant Brady material contained in the files, only that material ordered released will be copied and released to the parties filing the motion.

1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.

(e) If a court has determined that relevant Brady information is contained in the member’s file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

The person or persons designated by the Police Chief or authorized designee, should periodically examine the personnel files and/or internal affairs files of all officers who may be material witnesses in criminal cases to determine whether they contain Brady information. The obligation to provide Brady information is ongoing. If any new Brady information is identified, the prosecuting attorney should be notified.

612.5.1 DISCLOSURE OF MISREPRESENTATIONS

The Police Chief or the authorized designee shall notify the local district attorney within seven days of any sustained finding that an officer has made a knowing misrepresentation in any of the following (CRS § 24-33.5-114; CRS § 30-10-525; CRS § 31-30-107; CRS § 33-9-111):

(a) Testimony or an affidavit provided in the scope of the officer’s employment.

(b) During the course of any internal investigation of the officer that relates to alleged criminal conduct, official misconduct or the excessive use of force.

612.6 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.
Brady Material Disclosure

612.7 SUBPOENA PROCESSING
The individual processing subpoenas (or the supervisor of the subpoenaed member) shall check the subpoenaed member’s name against the current list of those who are known to have Brady information in their files or background, and shall alert the coordinator if a person on the list is subpoenaed.

612.8 TRAINING
Department personnel should receive periodic training on the requirements of this policy.
Warrant Service

613.1 PURPOSE AND SCOPE
This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

613.2 POLICY
It is the policy of the Durango Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

613.3 OPERATIONS DIRECTOR
The operations director (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

613.4 SEARCH WARRANTS
Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

613.5 ARREST WARRANTS
If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.
Warrant Service

613.5.1 SERVICE OF ARREST WARRANTS

Arrest warrants may be executed only by sworn law enforcement officers. Any arrest made on a warrant must be verified by documentation that some agency has that warrant in its possession and that to the best of that agency’s knowledge the warrant is still in effect or that the warrant is active in the warrant management system. No member shall make an arrest on a warrant unless he/she confirms the present status of the warrant immediately before making the arrest.

613.6 WARRANT PREPARATION

An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime or no-knock warrant execution (CRS § 16-3-303; CRS § 16-3-305).
- (b) A clear explanation of the affiant’s training, experience, and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the Brady Material Disclosure Policy).

613.7 HIGH-RISK WARRANT SERVICE

The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.
Warrant Service

(b) The warrant service is audio- and video-recorded as required by CRS § 24-31-902 (CRS § 16-3-305).

(c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.

(d) Reasonable efforts are made during the search to maintain or restore the condition of the location.

(e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.

(f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).

(g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.

(h) A copy of the search warrant is left at the location.

(i) The condition of the property is documented with video recording or photographs after the search.

613.8 DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

613.9 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

613.9.1 RECORDS

Information regarding each item of civil or criminal legal process shall be recorded including, but not limited to:

- The date and time the document was received.
**Warrant Service**

- The type, nature and source of the document.
- The name of the plaintiff, complainant, defendant or respondent.
- The name of the officer assigned to the service and the date assigned.
- The court docket number, if applicable.
- The service due date.

Information regarding the service of documents shall include, but is not limited to:

- The date and time the service was attempted or executed.
- The name of the officer attempting or executing the service.
- The name of the person who was the subject of the service.
- The method of service or the reason for non-service.
- The address of the service attempt or execution.

Warrant service records shall be retained in accordance with the established records retention schedule.

**613.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS**

The operations director will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Durango Police Department are utilized appropriately. Any concerns regarding the requested use of Durango Police Department members should be brought to the attention of the Police Chief or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Shift Supervisor should assume this role.

If officers intend to serve a warrant outside Durango Police Department jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.
Warrant Service

Officers will remain subject to the policies of the Durango Police Department when assisting outside agencies or serving a warrant outside Durango Police Department jurisdiction.

613.11 MEDIA ACCESS
No advance information regarding warrant service operations shall be released without the approval of the Police Chief or the authorized designee. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

613.12 TRAINING
The Training Manager should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.
Operations Planning and Deconfliction

614.1 PURPOSE AND SCOPE
This policy provides guidelines for planning, deconfliction and execution of high-risk operations.
Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

614.1.1 DEFINITIONS
Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

614.2 POLICY
It is the policy of the Durango Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

614.3 OPERATIONS DIRECTOR
The Police Chief will designate a member of this department to be the operations director.
The operations director will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.
The operations director will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

614.4 RISK ASSESSMENT

614.4.1 RISK ASSESSMENT FORM PREPARATION
Officers assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.
The officer should gather available information that includes, but is not limited to:
Operations Planning and Deconfliction

(a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
(b) Maps of the location.
(c) Diagrams of any property and the interior of any buildings that are involved.
(d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental health disorder, known drug use, threats against police, gang affiliation, criminal history).
(e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
(f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
(g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
(h) Other available options that may minimize the risk to officers and others (e.g., making an off-site arrest or detention of the subject of investigation).

614.4.2 RISK ASSESSMENT REVIEW
Officers will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisors and the operations director.

The supervisor and operations director shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

614.4.3 HIGH-RISK OPERATIONS
If the operations director, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

(a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
   1. Critical Response Unit (CRU)
   2. Additional personnel
   3. Outside agency assistance
   4. Special equipment
   5. Medical personnel
   6. Persons trained in negotiation
   7. Additional surveillance
Operations Planning and Deconfliction

8. Canines
9. Property Unit or analytical personnel to assist with cataloguing seizures
10. Forensic specialists
11. Specialized mapping for larger or complex locations

(b) Contact the appropriate department members or other agencies as warranted to begin preparation.

(c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.

(d) Coordinate the actual operation.

614.5 DECONFLICTION
Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The officer who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

614.6 OPERATIONS PLAN
The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

(a) Operation goals, objectives, and strategies.

(b) Operation location and people:

1. The subject of investigation (e.g., history of weapon possession/use, known mental health disorder issues, known drug use, threats against police, gang affiliation, criminal history)

2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces,
Operations Planning and Deconfliction

availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams, and other visual aids

3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service)

4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties, and children

(c) Information from the risk assessment form by attaching a completed copy in the operational plan.

1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.

(d) Participants and their roles.

1. An adequate number of uniformed officers should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.

2. How all participants will be identified as law enforcement (CRS § 16-3-305).

(e) Whether deconfliction submissions are current and all involved individuals, groups, and locations have been deconflicted to the extent reasonably practicable.

(f) Identification of all communications channels and call-signs.

(g) Use of force issues.

(h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).

(i) Plans for detaining people who are not under arrest.

(j) Contingencies for handling children, dependent adults, animals, and other people who might be at the location in accordance with the Child Abuse, Adult Abuse, Child and Dependent Adult Safety and Animal Control policies.

(k) Communications plan.

(l) Responsibilities for writing, collecting, reviewing, and approving reports.

(m) Requirements for no-knock entries as provided in CRS § 16-3-305 and CRS § 16-3-312.

614.6.1 OPERATIONS PLAN RETENTION
Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

614.7 OPERATIONS BRIEFING
A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and
Operations Planning and Deconfliction

responsibilities and ask questions or seek clarification as needed. Anyone who is not present at
the briefing should not respond to the operation location without specific supervisory approval.

(a) The briefing should include a verbal review of plan elements, using visual aids, to
enhance the participants’ understanding of the operations plan.

(b) All participants should be provided a copy of the operations plan and search warrant, if
applicable. Participating personnel should be directed to read the search warrant and
initial a copy that is retained with the operation plan. Any items to be seized should
be identified at the briefing.

(c) The operations director shall ensure that all participants are visually identifiable as law
enforcement officers.

   1. Exceptions may be made by the operations director for officers who are
conducting surveillance or working undercover. However, those members
exempt from visual identification should be able to transition to a visible law
enforcement indicator at the time of enforcement actions, such as entries or
arrests, if necessary.

(d) The briefing should include details of the communications plan.

   1. It is the responsibility of the operations director to ensure that the
Communications Center is notified of the time and location of the operation, and
provide a copy of the operation plan prior to officers arriving at the location.

   2. If the radio channel needs to be monitored by the Communications Center,
the dispatcher assigned to monitor the operation should attend the briefing, if
practicable, but at a minimum should receive a copy of the operation plan.

   3. The briefing should include a communications check to ensure that all
participants are able to communicate with the available equipment on the
designated radio channel.

614.8 CRU PARTICIPATION
If the operations director determines that CRU participation is appropriate, the director and the
CRU supervisor shall work together to develop a written plan. The CRU supervisor shall assume
operational control until all persons at the scene are appropriately detained and it is safe to begin
a search. When this occurs, the CRU supervisor shall transfer control of the scene to the handling
supervisor. This transfer should be communicated to the officers present.

614.9 MEDIA ACCESS
No advance information regarding planned operations shall be released without the approval of
the Police Chief or the authorized designee. Any media inquiries or press release after the fact
shall be handled in accordance with the Media Relations Policy.

614.10 OPERATIONS DEBRIEFING
High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should
include as many participants as possible. This debrief may be separate from any CRU debriefing.
Operations Planning and Deconfliction

614.11 TRAINING
The Training Manager should ensure officers and CRU team members who participate in operations subject to this policy receive periodic training including, but not limited to, topics such as legal issues, deconfliction practices, operations planning concepts and reporting requirements.

614.12 SPECIAL EVENTS AND DIGNITARY PROTECTION
For special events, including dignitary visits, that require department involvement, the operations director should also consider whether to apply some or all of this policy to the event and address the following:

(a) The size of any crowds anticipated to gather and the likelihood that crowd control could pose a problem
(b) The possibility of crime in the area
(c) Protection of VIPs
(d) Coordination with VIP teams
(e) Coordination of VIP management with other jurisdictions
(f) Whether the Department has the capacity to handle the event and, if not, ensure that assistance from the appropriate outside agencies is coordinated
(g) Personnel allocation
(h) Possible use of private security
(i) Traffic management plans
(j) Arrest protocol, including management of mass arrests
Unmanned Aerial System

615.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the use of an unmanned aerial system (UAS) and for the storage, retrieval and dissemination of images and data captured by the UAS.

615.1.1 DEFINITIONS
Definitions related to this policy include:

**Unmanned aerial system (UAS)** - An unmanned aircraft of any type that is capable of sustaining directed flight, whether preprogrammed or remotely controlled (commonly referred to as an unmanned aerial vehicle (UAV)), and all of the supporting or attached systems designed for gathering information through imaging, recording or any other means.

615.2 POLICY
A UAS may be utilized to enhance the department's mission of protecting lives and property when other means and resources are not available or are less effective. Any use of a UAS will be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations.

615.3 PRIVACY
The use of the UAS potentially involves privacy considerations. Absent a warrant or exigent circumstances, operators and observers shall not intentionally record or transmit images of any location where a person would have a reasonable expectation of privacy (e.g., residence, yard, enclosure). Operators and observers shall take reasonable precautions to avoid inadvertently recording or transmitting images of areas where there is a reasonable expectation of privacy. Reasonable precautions can include, for example, deactivating or turning imaging devices away from such areas or persons during UAS operations.

615.4 PROGRAM COORDINATOR
The Police Chief will appoint a program coordinator who will be responsible for managing the UAS program. The program coordinator will ensure that policies and procedures conform to current laws, regulations, and best practices and will have the following additional responsibilities:

- Ensuring that all authorized operators and required observers have completed all required FAA and department-approved training in the operation, applicable laws, policies, and procedures regarding the use of the UAS.
- Developing uniform protocol for submitting and evaluating requests to deploy a UAS, including urgent requests made during ongoing or emerging incidents.
- Developing protocol for conducting criminal investigations involving a UAS.
- Implementing a system for public notification of UAS deployment during critical incidents.
Unmanned Aerial System

- Developing an operational protocol governing the deployment and operation of a UAS, including, but not limited to, safety oversight, use of visual observers, the establishment of lost link procedures, and secure communication with air traffic control facilities.
- Developing a protocol for comprehensively documenting all missions.
- Developing a UAS inspection, maintenance, and record-keeping protocol to ensure the continuing airworthiness of a UAS, up to and including its overhaul or life limits.
- Developing protocols to ensure that all data intended to be used as evidence are accessed, maintained, stored, and retrieved to ensure its integrity as evidence, including strict adherence to the chain of custody requirements. Electronic trails, including encryption, authenticity certificates, and the date and time stamping, shall be used to preserve individual rights and ensure the authenticity and maintenance of a secure evidentiary chain of custody.
- Developing protocols that ensure retention and purge periods are maintained in accordance with established records retention schedules.

615.5 USE OF UAS

Only authorized operators who have completed the required training shall be permitted to operate the UAS.

Use of vision enhancement technology (e.g., thermal and other imaging equipment not generally available to the public) is permissible in viewing areas only where there is no protectable privacy interest or when in compliance with a search warrant or court order. In all other instances, legal counsel should be consulted.

UAS operations should only be conducted consistent with FAA regulations.

615.6 PROHIBITED USE

The UAS video surveillance equipment shall not be used:

Data collected by the UAS shall be retained as provided in the established records retention schedule.

615.8 JOINT OPERATIONS
In the event another agency’s UAS operators assist the police department with operating a UAS at a crime scene, any data/evidence obtained from the UAS will be requested via the assisting agency's records request procedure. Chapter 7 - Equipment
Department-Owned and Personal Property

700.1 PURPOSE AND SCOPE
Department employees are expected to properly care for Department property assigned or entrusted to them. Employees may also suffer occasional loss or damage to personal or Department property while performing their assigned duties. Certain procedures are required depending on the loss and ownership of the item.

700.2 DOCUMENTATION OF ISSUED PROPERTY
All property issued shall be documented in the appropriate property sheet or equipment log and receipt acknowledged by signature. Upon an employee’s separation from the Department, all issued equipment shall be returned and documentation of the return signed by a supervisor.

700.2.1 CARE OF DEPARTMENT PROPERTY
Employees shall be responsible for the safekeeping, serviceable condition, proper care, use and replacement of Department property assigned or entrusted to them. An employee’s intentional or negligent abuse or misuse of Department property may lead to discipline including, but not limited to, the cost of repair or replacement.

(a) Employees shall promptly report, through the chain of command, any loss, damage to or unserviceable condition of any department-issued property or equipment assigned for their use.

1. A supervisor receiving such a report shall conduct an appropriate investigation and direct a memo to the appropriate Bureau Commander that shall include the result of his/her investigation and whether the employee followed proper procedures. The supervisor’s report shall address whether reasonable care was taken to prevent the loss, damage or unserviceable condition.

2. A review by the staff to determine whether misconduct or negligence was involved should be completed.

(b) The use of damaged or unserviceable Department property should be discontinued as soon as practicable and, if appropriate and approved by the staff, replaced with comparable Department property as soon as available and following notice to a supervisor.

(c) Except when otherwise directed by competent authority or required by exigent circumstances, Department property shall only be used by those to whom it was assigned. Use should be limited to official purposes and in the capacity for which it was designed.

(d) Department property shall not be thrown away, sold, traded, donated, destroyed or otherwise disposed of without proper authority.
Department-Owned and Personal Property

(e) In the event that any Department property becomes damaged or unserviceable, no employee shall attempt to repair the property without prior approval of a supervisor.

700.3 USE OF PERSONAL PROPERTY
The carrying of personal equipment on-duty or its use in the performance of duties requires prior written approval by the Police Chief, Deputy Chief, or appropriate Bureau Commander. The employee should submit for approval the description of personal property that the employee has requested to carry, the reason for its use, the period of its use and the terms of its use. Personal property of the type routinely carried by persons not performing law enforcement duties, and that is not a weapon, is excluded from this requirement.

700.3.1 DEFINITIONS
Definitions related to this policy include:

Personal property - Items or equipment owned by, provided by or purchased totally at the expense of the employee. This definition includes optional equipment items identified in the Police Uniform Regulations Policy.

700.3.2 FILING CLAIMS FOR PERSONAL PROPERTY
Claims for reimbursement for damage or loss of personal property must be made on the proper form. This form is submitted to the employee's immediate supervisor. The supervisor may require a separate written report of the loss or damage.

The supervisor receiving such a report shall make an appropriate investigation and direct a memo to the appropriate Bureau Commander that shall include the result of his/her investigation and whether reasonable care was taken to prevent the loss, damage or unserviceable condition.

Upon review by the staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Police Chief or authorized designee, who will then forward the claim to the finance department.

The Department will not replace or repair costly items (e.g., jewelry, exotic equipment) that are not reasonably required as a part of work.

700.3.3 REPORTING REQUIREMENT
A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.

A written report shall be submitted before the employee goes off-duty or within the time frame directed by the supervisor to whom the verbal report is made.

700.4 LOSS OR DAMAGE OF PROPERTY OF ANOTHER
Officers and other employees intentionally or unintentionally may cause damage to the real or personal property of another while performing their duties. Any employee who damages or causes to be damaged any real or personal property of another while performing any law enforcement function shall report it as provided below.
Department-Owned and Personal Property

(a) A verbal report shall be made to the employee's immediate supervisor as reasonably soon as circumstances permit.

(b) A written report shall be submitted before the employee goes off-duty or within the time frame directed by the supervisor to whom the verbal report was made.

700.4.1 DAMAGE BY PERSON OF ANOTHER AGENCY
If employees of another jurisdiction cause damage to personal property or property belonging to the City of Durango, it shall be the responsibility of the employee present or the employee responsible for the property to make a verbal report to his/her immediate supervisor as reasonably soon as circumstances permit. The employee shall submit a written report before going off-duty or as otherwise directed by the supervisor.

These written reports, accompanied by the supervisor's written report, shall promptly be forwarded to the appropriate Bureau Commander.
Personal Communication Devices

702.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCD) but is intended to include all mobile telephones, personal digital assistants (PDA) and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, e-mailing, using video or camera features, playing games and accessing sites or services on the Internet.

702.2 POLICY
The Durango Police Department allows employees to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, employees are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the employee and the employee's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Employees who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

702.3 PRIVACY POLICY
Employees shall have no expectation of privacy with regard to any communication made with or stored in or through PCDs issued by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities. The use of any department-provided or -funded PCD, computer, Internet service, telephone service or other wireless service while on-duty is without any expectation of privacy that the employee might otherwise have in any communication, including the content of any such communication. Communications or data reception on personal, password-protected, web-based e-mail accounts and any other services are subject to monitoring if department equipment is used.

In accordance with this policy, supervisors are authorized to conduct a limited administrative search of electronic files, without prior notice, consent or a search warrant, on department-issued or personally owned PCDs that have been used to conduct department-related business. Administrative searches can take place for work-related purposes that may be unrelated to investigations of employee misconduct and, as practicable, will be done in the presence of the affected employee. Prior to conducting any search of personally owned devices, supervisors shall
consult with the Police Chief or authorized designee. All such searches shall be fully documented in a written report.

702.4 DEPARTMENT-ISSUED PCD
Depending on an employee’s assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD. Department-issued or funded PCDs are provided as a convenience to facilitate on-duty performance only. Such devices and the associated telephone number shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Unless an employee is expressly authorized by the Police Chief or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

702.5 PERSONALLY OWNED PCD
Employees may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

(a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.

(b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.

(c) The PCD and any associated services shall be purchased, used and maintained solely at the employee’s expense.

(d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications). Employees will have a reduced expectation of privacy when using a personally owned PCD in the workplace and have no expectation of privacy with regard to any department business-related communication.

(a) Members may use personally owned PCDs on-duty for routine administrative work as authorized by the Police Chief or authorized designee.

(e) The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Department, without the express authorization of the Police Chief or the authorized designee.

(f) Use of a personally owned PCD constitutes consent for the Department to access the PCD to inspect and copy data to meet the needs of the Department, which may include litigation, public records retention and release obligations and internal investigations. If the PCD is carried on-duty, employees will provide the Department with all telephone access numbers for the device.

(g) All work-related documents, emails, photographs, recordings or other public records created or received on a member’s personally owned PCD should be transferred to the Durango Police Department and deleted from the member’s PCD as soon as reasonably practicable but no later than the end of the member’s shift.
Personal Communication Devices

Except with prior express authorization from their supervisor, employees are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If an employee is in an authorized status that allows for appropriate compensation consistent with policy or if the employee has prior express authorization from his/her supervisor, the employee may engage in business-related communications. Should employees engage in such approved off-duty communications or work, employees entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Employees who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate record keeping.

702.6 USE OF PERSONAL COMMUNICATION DEVICES
The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

(a) A PCD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.

(b) All PCDs in the workplace should be set to silent or vibrate mode.

(c) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Employees shall endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.

(d) Employees may use a PCD to communicate with other personnel in situations where the use of the radio is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid or in lieu of regular radio communications.

(e) Officers are prohibited from taking pictures, video or making audio recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Police Chief or the authorized designee, may result in discipline.

(f) Employees will not access social networking sites for any purpose that is not official department business.

(g) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any employee having knowledge of such conduct shall promptly notify a supervisor.

702.7 SUPERVISORY RESPONSIBILITIES
Supervisors should ensure that members under their command are provided appropriate training on the use of PCDs consistent with this policy. Supervisors should monitor, to the extent practicable, PCD use in the workplace and take prompt corrective action if an employee is
Personal Communication Devices

observed or reported to be improperly using a PCD. An investigation into improper conduct should be promptly initiated when circumstances warrant.

If, when carrying out any provision of this policy, the need to contact an employee who is off-duty arises, supervisors should consider delaying the contact, if practicable, until the employee is on-duty as such contact may be compensable.

702.8 USE WHILE DRIVING
The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, employees who are operating non-emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (CRS § 42-4-239). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

702.9 OFFICIAL USE
Employees are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, employees shall conduct sensitive or private communications on a land-based or other department communications network.

The following situations are examples of when the use of a PCD may be appropriate:

(a) Barricaded suspects
(b) Hostage situations
(c) Mobile Command Post
(d) Catastrophic disasters, such as plane crashes, earthquakes, floods, etc.
(e) Major political or community events
(f) Investigative stakeouts
(g) Emergency contact with an allied agency or allied agency field unit
(h) When immediate communication is needed and the use of the radio is not available or appropriate and other means are not readily available
Vehicle Maintenance

704.1 PURPOSE AND SCOPE
Employees are responsible for assisting in maintaining department vehicles so that they are properly equipped, maintained, refueled and present a clean appearance.

704.2 DEFECTIVE VEHICLES
When a department vehicle becomes inoperative or in need of a repair that affects the safety of the vehicle, that vehicle shall be removed from service for repair. Proper documentation shall be promptly completed by the employee who becomes aware of the defective condition. Documentation describing the correction needed, shall be promptly forwarded to vehicle maintenance for repair.

The employee’s supervisor should be notified when an assigned vehicle becomes inoperative or needs of repair.

704.2.1 SUSPECTED DAMAGE OR POOR PERFORMANCE
Vehicles that may have suffered damage, perform poorly or whose control or safety features has been diminished shall be immediately removed from service for inspection and repair.

704.2.2 SEVERE USE INSPECTION
Vehicles operated under severe use conditions, which include operations for which the vehicle is not designed or that exceeds the manufacturer's use parameters, should be removed from service and subjected to a safety inspection as soon as practicable. Severe conditions may include rough roadway or off-road operation, hard or extended braking, pursuits or prolonged high-speed operation.

704.2.3 REMOVAL OF WEAPONS
All firearms, weapons and kinetic impact weapons shall be removed from a vehicle and properly secured prior to the vehicle being released for maintenance, service or repair.

704.3 VEHICLE EQUIPMENT
Certain items shall be maintained in all department vehicles for emergency purposes and to perform routine duties.

704.3.1 PATROL VEHICLES
Officers shall inspect the patrol vehicle at the beginning of the shift and ensure that the following equipment, at a minimum, is in the vehicle:

- Set of tire chains (seasonal)

704.3.2 UNMARKED VEHICLES
An employee driving an unmarked department vehicle shall ensure that, at minimum, the equipment listed below is in the vehicle:

- Set of tire chains (seasonal)

704.4 VEHICLE REFUELING
Absent emergency conditions or supervisor approval, officers driving patrol vehicles shall not place a vehicle in service that has less than one-half tank of fuel. Whenever practicable, vehicles should be fully fueled when placed into service and refueled before the level falls below one-half tank. Vehicles shall only be refueled at an authorized location.

704.5 WASHING OF VEHICLES
All units shall be kept clean at all times and, weather conditions permitting, shall be washed as necessary to enhance their appearance.
Vehicle Maintenance

Only one marked unit should be at the car wash at a time unless otherwise approved by a supervisor.

Employees using a vehicle shall remove any trash, debris, and confidential documents at the end of the shift.

704.6 CIVILIAN EMPLOYEE USE
Non-sworn employees using marked vehicles shall ensure all weapons are removed from the vehicle before going into service. Non-sworn employees shall also prominently display the "out of service" placards or light bar covers at all times. Non-sworn employees shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.
Vehicle Use

706.1 PURPOSE AND SCOPE
The purpose of this policy is to establish a system of accountability to ensure department-owned vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the City of Durango to provide assigned take-home vehicles.

706.2 POLICY
The Durango Police Department provides vehicles for department-related business use and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments and other considerations.

706.3 USE OF VEHICLES

706.3.1 SHIFT ASSIGNED VEHICLES
The Shift Supervisor shall ensure a copy of the shift assignment roster, indicating member assignments and vehicle numbers, is completed for each shift and retained in accordance with the established records retention schedule. If a member exchanges vehicles during his/her shift, the new vehicle number shall be documented on the roster.

706.3.2 OTHER USE OF VEHICLES
Members utilizing a vehicle for any purpose other than their normally assigned duties or normal vehicle assignment (e.g., transportation to training, community event) shall first notify the Shift Supervisor. A notation will be made on the shift assignment roster indicating the member's name and vehicle number.

This subsection does not apply to those who are assigned to transport vehicles to and from the maintenance yard or car wash.

706.3.3 INSPECTIONS
Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shifts. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

The interior of any vehicle that has been used to transport any person other than a member of this department should be inspected prior to placing another person in the vehicle and again after the person is removed. This is to ensure that unauthorized or personal items have not been left in the vehicle.

When transporting any suspect, prisoner or arrestee, the transporting member shall search all areas of the vehicle that are accessible by the person before and after that person is transported.
All department vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

706.3.4 SECURITY AND UNATTENDED VEHICLES
Unattended vehicles should be locked and secured at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging). Officers who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Members shall ensure all weapons are secured while the vehicle is unattended.

706.3.5 MOBILE DATA COMPUTER
Members assigned to vehicles equipped with a Mobile Data Computer (MDC) shall log onto the MDC with the required information when going on-duty. Use of the MDC is governed by the Mobile Data Computer Use Policy.

706.3.6 VEHICLE LOCATION SYSTEM
Patrol and other vehicles, at the discretion of the Police Chief, may be equipped with a system designed to track the vehicle’s location. While the system may provide vehicle location and other information, members are not relieved of their responsibility to use required communication practices to report their location and status.

Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available.

System data may be accessed by supervisors at any time. However, access to historical data by personnel other than supervisors will require Bureau Commander approval.

All data captured by the system shall be retained in accordance with the established records retention schedule.

706.3.7 KEYS
Members approved to operate marked patrol vehicles should be issued a copy of the key as part of their initial equipment distribution. Members who are assigned a specific vehicle should be issued keys for that vehicle.

Members shall not duplicate keys. The loss of a key shall be promptly reported in writing through the member’s chain of command.
Vehicle Use

706.3.8 AUTHORIZED PASSENGERS
Members operating department vehicles shall not permit persons other than City personnel or persons required to be conveyed in the performance of duty, or as otherwise authorized, to ride as passengers in the vehicle, except as stated in the Ride-Along Policy.

706.3.9 ALCOHOL
Members who have consumed alcohol are prohibited from operating any department vehicle unless it is required by the duty assignment (e.g., task force, undercover work). Regardless of assignment, members may not violate state law regarding vehicle operation while intoxicated.

706.3.10 PARKING
Except when responding to an emergency or when urgent department-related business requires otherwise, members driving department vehicles should obey all parking regulations at all times.

Department vehicles should be parked in assigned stalls. Members shall not park privately owned vehicles in stalls assigned to department vehicles or in other areas of the parking lot that are not so designated unless authorized by a supervisor. Privately owned motorcycles shall be parked in designated areas.

706.3.11 ACCESSORIES AND/OR MODIFICATIONS
There shall be no modifications, additions or removal of any equipment or accessories without written permission from the assigned vehicle program manager.

706.3.12 NON-SWORN MEMBER USE
Non-sworn members using marked emergency vehicles shall ensure that all weapons have been removed before going into service. Non-sworn members shall prominently display the "out of service" placards or light bar covers at all times. Non-sworn members shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.

706.4 INDIVIDUAL MEMBER ASSIGNMENT TO VEHICLES
Department vehicles may be assigned to individual members at the discretion of the Police Chief or authorized designee. Vehicles may be assigned for on-duty and/or take-home use. Assigned vehicles may be changed at any time. Permission to take home a vehicle may be withdrawn at any time.

The assignment of vehicles may be suspended when the member is unable to perform his/her regular assignment.

706.4.1 ON-DUTY USE
Vehicle assignments shall be based on the nature of the member's duties, job description and essential functions, and employment or appointment status. Vehicles may be reassigned or utilized by other department members at the discretion of the Police Chief or the authorized designee.
Vehicle Use

706.4.2 UNSCHEDULED TAKE-HOME USE
Circumstances may arise where department vehicles must be used by members to commute to and from a work assignment. Members may take home department vehicles only with prior approval of a supervisor and shall meet the following criteria:

(a) The circumstances are unplanned and were created by the needs of the Department.
(b) Other reasonable transportation options are not available.
(c) The member lives within a reasonable distance (generally not to exceed a 60-minute drive time) of the Durango City limits.
(d) Off-street parking will be available at the member’s residence.
(e) Vehicles will be locked when not attended.
(f) All firearms, weapons and control devices will be removed from the interior of the vehicle and properly secured in the residence when the vehicle is not attended, unless the vehicle is parked in a locked garage or the weapon is locked and secured in the vehicle.

706.4.3 ASSIGNED VEHICLES
Assignment of take-home vehicles shall be based on the location of the member’s residence, the nature of the member’s duties, job description and essential functions, and employment or appointment status. Residence in the City of Durango is a prime consideration for assignment of a take-home vehicle. Members who reside outside the City of Durango may be required to secure the vehicle at a designated location or the Department at the discretion of the Police Chief or authorized designee.

Department members shall sign a take-home vehicle agreement that outlines certain standards, including, but not limited to, how the vehicle shall be used, where it shall be parked when the member is not on-duty, vehicle maintenance responsibilities and member enforcement actions.

Members are cautioned that under federal and local tax rules, personal use of a City vehicle may create an income tax liability for the member. Questions regarding tax rules should be directed to the member’s tax adviser.

Criteria for use of take-home vehicles include the following:

(a) Vehicles shall only be used for work-related purposes and shall not be used for personal errands or transports, unless special circumstances exist and the Police Chief, Deputy Chief, or a Bureau Commander gives authorization.

(b) Vehicles may be used to transport the member to and from the member’s residence for work-related purposes.

(c) Vehicles will not be used when off-duty except:

1. In circumstances when a member has been placed on call by the Police Chief, Deputy Chief, or Bureau Commanders and there is a high probability that the member will be called back to duty.
Vehicle Use

2. When the member is performing a work-related function during what normally would be an off-duty period, including vehicle maintenance or traveling to or from a work-related activity or function.

3. When the member has received permission from the Police Chief, Deputy Chief, or Bureau Commanders.

4. When the vehicle is being used by the Police Chief, Deputy Chief, or Bureau Commanders or members who are in on-call administrative positions.

5. When the vehicle is being used by on-call investigators.

(d) While operating the vehicle, authorized members will carry and have accessible their duty firearms and be prepared to perform any function they would be expected to perform while on-duty.

(e) The two-way communications radio, MDC and global positioning satellite device, if equipped, must be on and set to an audible volume when the vehicle is in operation.

(f) Unattended vehicles are to be locked and secured at all times.

1. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging).

2. All weapons shall be secured while the vehicle is unattended.

3. All department identification, portable radios and equipment should be secured.

(g) Vehicles are to be parked off-street at the member’s residence unless prior arrangements have been made with the Police Chief or the authorized designee. If the vehicle is not secured inside a locked garage, all firearms and kinetic impact weapons shall be removed and properly secured in the residence, or properly secured inside the vehicle (see the Firearms Policy regarding safe storage of firearms at home).

(h) Vehicles are to be secured at the member’s residence or the appropriate department facility, at the discretion of the Department when a member will be away (e.g., on vacation) for periods exceeding one week.

1. If the vehicle remains at the residence of the member, the Department shall have access to the vehicle.

2. If the member is unable to provide access to the vehicle, it shall be parked at the Department.

(i) The member is responsible for the care and maintenance of the vehicle.

706.4.4 ENFORCEMENT ACTIONS

706.4.5 MAINTENANCE

Members are responsible for the cleanliness (exterior and interior) and overall maintenance of their assigned vehicles. Cleaning and maintenance supplies will be provided by the Department. Failure to adhere to these requirements may result in discipline and loss of vehicle assignment. The following should be performed as outlined below:
Vehicle Use

(a) Members shall make daily inspections of their assigned vehicles for service/maintenance requirements and damage.
(b) It is the member’s responsibility to ensure that his/her assigned vehicle is maintained according to the established service and maintenance schedule.
(c) All scheduled vehicle maintenance and car washes shall be performed as necessary at a facility approved by the department supervisor in charge of vehicle maintenance.
(d) The Department shall be notified of problems with the vehicle and approve any major repairs before they are performed.
(e) When leaving the vehicle at the maintenance facility, the member or supervisor will inform them of the service or repair.
(f) All weapons shall be removed from any vehicle left for maintenance.
(g) Supervisors shall make, at a minimum, monthly inspections of vehicles assigned to members under their command to ensure the vehicles are being maintained in accordance with this policy.

706.5 UNMARKED VEHICLES
Unmarked vehicles are assigned to various bureaus and their use is restricted to the respective bureau and the assigned member, unless otherwise approved by a supervisor. Any member operating an unmarked vehicle shall record vehicle usage on the sign-out log maintained in the bureau for that purpose. Any use of unmarked vehicles by those who are not assigned to the bureau to which the vehicle is assigned shall also be recorded with the Shift Supervisor on the shift assignment roster.

706.6 DAMAGE, ABUSE AND MISUSE
When any department vehicle is involved in a traffic accident or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any traffic accident report shall be filed with the agency having jurisdiction (see the Traffic Accident Response And Reporting Policy).

Damage to any department vehicle that was not caused by a traffic accident shall be immediately reported during the shift in which the damage was discovered, documented in memorandum format and forwarded to the Shift Supervisor. An administrative investigation should be initiated to determine if there has been any vehicle abuse or misuse.

706.7 ATTIRE AND APPEARANCE
When operating any department vehicle while off-duty, members may dress in a manner appropriate for their intended activity. Whenever in view of or in contact with the public, attire and appearance, regardless of the activity, should be suitable to reflect positively upon the Department.

706.8 TOLL ROAD USAGE
Law enforcement vehicles are not routinely exempted from incurring toll road charges.

To avoid unnecessary toll road charges, all members operating department-owned vehicle on a toll road shall adhere to the following:
Vehicle Use

(a) Members operating a department-owned vehicle for any reason other than in response to an emergency shall pay the appropriate toll charge or utilize the appropriate toll way transponder. Members may submit for reimbursement from the City for any toll fees incurred in the course of official business.

(b) Members passing through a toll plaza or booth during a response to an emergency shall notify, in writing, the appropriate Bureau Commander within five working days explaining the circumstances.
Cash Handling, Security and Management

710.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure department members handle cash appropriately in the performance of their duties.

This policy does not address cash-handling issues specific to the Property and Evidence and Informants policies.

710.2 POLICY
It is the policy of the Durango Police Department to properly handle and document cash transactions and to maintain accurate records of cash transactions in order to protect the integrity of department operations and ensure the public trust.

710.3 PETTY CASH FUNDS
The Police Chief shall designate a person as the fund manager responsible for maintaining and managing the petty cash fund.

Each petty cash fund requires the creation and maintenance of an accurate and current transaction ledger and the filing of invoices, receipts, cash transfer forms and expense reports by the fund manager.

710.4 PETTY CASH TRANSACTIONS
The fund manager shall document all transactions on the ledger and other appropriate forms. Each person participating in the transaction shall sign or otherwise validate the ledger, attesting to the accuracy of the entry. Transactions should include the filing of an appropriate receipt, invoice or cash transfer form. Transactions that are not documented by a receipt, invoice or cash transfer form require an expense report.

710.5 PETTY CASH AUDITS
The fund manager shall perform an audit no less than once every six months. This audit requires that the manager and at least one other command staff member, selected by the Police Chief or authorized designee, review the ledger and verify the accuracy of the accounting. The fund manager and the participating member shall sign or otherwise validate the ledger attesting to the accuracy of all documentation and fund accounting. A discrepancy in the audit requires documentation by those performing the audit and immediate reporting of the discrepancy to the Police Chief or authorized designee.

Transference of fund management to another member shall require a separate petty cash audit and involve a command staff member.

A separate audit of each petty cash fund should be completed on a random date, approximately once each year by the Police Chief, the authorized designee, or the City.

Cash in excess of $1,000 requires immediate notification of a supervisor, special handling, verification and accounting by the supervisor. Each member involved in this process shall complete an appropriate report or record entry.
Personal Protective Equipment

711.1 PURPOSE AND SCOPE
This policy identifies the different types of personal protective equipment (PPE) provided by the Department as well the requirements and guidelines for the use of PPE.

This policy does not address ballistic vests or protection from communicable disease, as those issues are addressed in the Body Armor and Communicable Diseases policies.

711.1.1 DEFINITIONS
Definitions related to this policy include:

**Personal protective equipment (PPE)** - Equipment that protects a person from serious workplace injuries or illnesses resulting from contact with chemical, radiological, physical, electrical, mechanical or other workplace hazards.

**Respiratory PPE** - Any device that is worn by the user to protect from exposure to atmospheres where there is smoke, low levels of oxygen, high levels of carbon monoxide, or the presence of toxic gases or other respiratory hazards. For purposes of this policy, respiratory personal protection equipment does not include particulate-filtering masks such as N95 or N100 masks.

711.2 POLICY
The Durango Police Department endeavors to protect members by supplying certain PPE to members as provided in this policy.

711.3 OFFICER RESPONSIBILITIES
Members are required to use PPE as provided in this policy and pursuant to their training.

Members are responsible for proper maintenance and storage of issued PPE. PPE should be stored in an appropriate location so that it is available when needed.

Any member who identifies hazards in the workplace is encouraged to utilize the procedures in the Illness and Injury Prevention Policy to recommend new or improved PPE or additional needs for PPE.

711.4 HEARING PROTECTION
Approved hearing protection shall be used by members during firearms training.

Hearing protection should meet or exceed industry standards for use at firing ranges (29 CFR 1910.95).

711.5 EYE PROTECTION
Approved eye protection, including side protection, shall be used by members during firearms training. Eye protection for members who wear prescription lenses shall incorporate the prescription (e.g., eye protection that can be worn over prescription lenses). Members shall ensure their eye protection does not interfere with the fit of their hearing protection.
**Personal Protective Equipment**

The Rangemaster should ensure eye protection meets or exceeds consensus standards set by the American National Standards Institute (29 CFR 1910.133).

**711.6 HEAD AND BODY PROTECTION**

Members who make arrests or control crowds should be provided ballistic head protection with an attachable face shield.

**711.7 RESPIRATORY PROTECTION**

The Administration Support Bureau Commander is responsible for ensuring a respiratory protection plan is developed and maintained by a trained and qualified member. The plan should include procedures for (29 CFR 1910.134):

(a) Selecting appropriate respiratory PPE based on hazards and risks associated with functions or positions.

(b) Fit testing, including identification of members or contractors qualified to conduct fit testing.

(c) Medical evaluations.

(d) PPE inventory control.

(e) PPE issuance and replacement.

(f) Cleaning, disinfecting, storing, inspecting, repairing, discarding, and otherwise maintaining respiratory PPE, including schedules for these activities.

(g) Regularly reviewing the PPE plan.

**711.7.1 RESPIRATORY PROTECTION USE**

Designated members may be issued respiratory PPE based on the member’s assignment (e.g., a narcotics investigator who is involved in clandestine lab investigations).

Respiratory PPE may be worn when authorized by a scene commander who will determine the type and level of protection appropriate at a scene based upon an evaluation of the hazards present.

Scene commanders are responsible for monitoring members using respiratory PPE and their degree of exposure or stress. When there is a change in work area conditions or when a member’s degree of exposure or stress may affect respirator effectiveness, the scene commander should reevaluate the continued effectiveness of the respirator and direct the member to leave the respirator use area when the scene commander reasonably believes (29 CFR 1910.134):
Personal Protective Equipment

(a) It is necessary for the member to wash his/her face and the respirator facepiece to prevent eye or skin irritation associated with respirator use.

(b) The member detects vapor or gas breakthrough, or there is a change in breathing resistance or leakage of the facepiece.

(c) The member needs to replace the respirator, filter, cartridge or canister.

711.7.2 MEMBER RESPONSIBILITIES FOR RESPIRATORY PROTECTION

Members shall not use self-contained breathing apparatus (SCBA), full-face respirators or cartridge respirators unless they have completed training requirements for the equipment.

Members exposed to environments that are reasonably known to be harmful due to gases, smoke or vapors shall use respiratory PPE.

Members using respiratory PPE shall (29 CFR 1910.134):

(a) Ensure that they have no facial hair between the sealing surface of the facepiece and the face that could interfere with the seal or the valve function. Members also shall ensure that they have no other condition that will interfere with the face-to-facepiece seal or the valve function.

(b) Not wear corrective glasses, goggles or other PPE that interferes with the seal of the facepiece to the face, or that has not been previously tested for use with that respiratory equipment.

(c) Perform a user seal check per department-approved procedures recommended by the respirator manufacturer each time they put on a tight-fitting respirator.

(d) Leave a respiratory use area whenever they detect vapor or gas breakthrough, changes in breathing resistance or leakage of their facepiece and ensure that the respirator is replaced or repaired before returning to the affected area.

711.7.3 GAS MASK

Full-face air-purifying respirators, commonly referred to as gas masks, may be fitted with mechanical pre-filters or combination cartridge/filter assemblies for use in areas where gases, vapors, dusts, fumes or mists are present. Members must identify and use the correct cartridge based on the circumstances (29 CFR 1910.134).

A scene commander may order the use of gas masks in situations where the use of a SCBA is not necessary. These incidents may include areas where tear gas has or will be used or where a vegetation fire is burning. Gas masks shall not be used if there is a potential for an oxygen-deficient atmosphere.

Members shall ensure their gas mask filters are replaced whenever:

(a) They smell, taste or are irritated by a contaminant.

(b) They experience difficulty breathing due to filter loading.

(c) The cartridges or filters become wet.

(d) The expiration date on the cartridges or canisters has been reached.
**Personal Protective Equipment**

711.7.4 SELF-CONTAINED BREATHING APPARATUS

Scene commanders may direct members to use SCBA when entering an atmosphere that may pose an immediate threat to life, would cause irreversible adverse health effects or would impair an individual's ability to escape from a dangerous atmosphere. These situations may include, but are not limited to:

(a) Entering the hot zone of a hazardous materials incident.

(b) Entering any area where contaminant levels may become unsafe without warning, or any situation where exposures cannot be identified or reasonably estimated.

(c) Entering a smoke- or chemical-filled area.

The use of SCBA should not cease until approved by a scene commander.

711.7.5 RESPIRATOR FIT TESTING

No member should be issued respiratory PPE until a proper fit testing has been completed by a designated member or contractor (29 CFR 1910.134).

After initial testing, fit testing for respiratory PPE should be repeated (29 CFR 1910.134):

(a) At least once every 12 months.

(b) Whenever there are changes in the type of SCBA or facepiece used.

(c) Whenever there are significant physical changes in the user (e.g., obvious change in body weight, scarring of the face seal area, dental changes, cosmetic surgery or any other condition that may affect the fit of the facepiece seal).

All respirator fit testing shall be conducted in negative-pressure mode.

711.7.6 RESPIRATOR MEDICAL EVALUATION QUESTIONNAIRE

No member should be issued respiratory protection that forms a complete seal around the face until (29 CFR 1910.134):

(a) The member has completed a medical evaluation that includes a medical evaluation questionnaire.

**711.9 TRAINING**

Members should be trained in the respiratory and other hazards to which they may be potentially exposed during routine and emergency situations.

All members should be trained in the proper use and maintenance of PPE issued to them, including when the use is appropriate; how to put on, remove and adjust PPE; how to care for the PPE; and the limitations (29 CFR 1910.132).

Members issued respiratory PPE should attend annual training on the proper use of respiratory protection devices (29 CFR 1910.134).

(e) A receipt for the property is obtained from the owner upon delivery.

### 804.6.7 DISPUTED CLAIMS TO PROPERTY
Occasionally more than one party may claim an interest in property being held by the department, and the legal rights of the parties cannot be clearly established. Such property shall not be released until one party has obtained a court order or other proof of the undisputed right to the involved property.

### 804.7 DISPOSITION OF PROPERTY
All property not held for evidence in a pending criminal investigation or proceeding, and held for 90 days or longer where the owner has not been located or fails to claim the property, may be sold at a public auction in compliance with existing laws, upon receipt of proper authorization for disposal. The property control technician shall request a disposition or status on all property which has been held in excess of 120 days and for which no disposition has been received from an officer.

Upon any release or sale of any property, the proper notation shall be made on the property control report. Proceeds from the sale of unclaimed property shall be deposited into the General Fund, minus reimbursement for department expenses, if applicable.

Abandoned motor vehicles impounded by the Department may be sold at a public or private sale following notice pursuant to CRS § 42-4-1805.

(a) The defendant
(b) The defendant's attorney
(c) The appropriate prosecutor
(d) Any sexual assault victim
(e) The Operations Bureau supervisor

Biological evidence shall be retained for a minimum period established by law or the expiration of any sentence imposed related to the evidence, whichever time period is greater. Following the retention period, notifications should be made by certified mail and should inform the recipient that the evidence will be destroyed after a date specified in the notice unless a motion seeking an order to retain the sample is filed and served on the Department within 90 days of the date of the notification. A record of all certified mail receipts shall be retained in the appropriate file and a copy forwarded to the Operations Bureau Commander.

Biological evidence related to a homicide shall be retained indefinitely and may only be destroyed with the written approval of the Police Chief and the head of the applicable prosecutor’s office.
Biological evidence from an unsolved sexual assault should not be disposed of prior to expiration of the statute of limitations. Even after expiration of the applicable statute of limitations, the Operations Bureau Commander should be consulted and the sexual assault victim should be notified at least 60 days prior to the disposition of the evidence. The evidence shall be retained for an additional ten years upon objection by the victim to destruction (CRS § 24-4.1-303; CRS § 18-3-407.5).

804.8.1 SUFFICIENT SAMPLE PRESERVATION
DNA evidence that is subject to preservation pursuant to CRS § 18-1-1103 shall be preserved in an amount and manner sufficient to develop a DNA profile, based on the best scientific practices at the time of collection, from the biological material contained in or included on the evidence (CRS § 18-1-1104(2)).

If DNA evidence is of such a size, bulk or physical character as to render retention impracticable, the property control technician or their designee shall remove and preserve portions of the evidence likely to contain DNA related to the offense in a quantity sufficient, based on the best scientific practices at the time of collection, to permit future DNA testing.

The preserved DNA evidence shall, whenever possible, include a sample sufficient to allow for independent testing by the defendant. After preserving the necessary amount of the DNA evidence, the remainder of the evidence may be properly destroyed as allowed by law.

804.8.2 RECORDS RETENTION AND PRESERVATION
The Department shall maintain a DNA record for the statutory period of a DNA specimen collection from an eligible individual from the date of collection.

(a) DNA evidence collected in reference to a criminal investigation of a felony that does not result in or has not resulted in charges being filed shall be preserved for the length of the statute of limitations for the felony crime that was investigated (CRS § 18-1-1103(1)).

(b) Except as provided by law (CRS § 18-1-1105; CRS § 18-1-1106; CRS § 18-1-1107), the Department shall preserve the DNA evidence for the life of a defendant who is convicted, if the sample was collected in a criminal investigation that resulted in a conviction listed in CRS § 18-1-1102(1) and CRS § 18-1-1103(2).

Property and Evidence

804.8.4 DISPOSITION OF DNA EVIDENCE
In cases described in state law (CRS § 18-1-1102(1)(c); CRS § 18-1-1102(1)(d)), the Department may seek to dispose of DNA evidence by providing notice to the District Attorney who prosecuted the charges (CRS § 18-1-1105(2)).

If the District Attorney determines that the DNA evidence should not be disposed of, the District Attorney will provide notice. Upon receipt of the notice, the Department shall preserve the DNA evidence until such time that a court order is obtained to dispose of the DNA evidence (CRS § 18-1-1105(4)).

If the Department does not receive notice from the District Attorney within a reasonable amount of time, the Department may file a motion with the court that entered the conviction in the case, asking for a court order to dispose of the DNA evidence.

The Department may not request permission to dispose of DNA evidence in cases described in state law (CRS § 18-1-1102(1)(a); CRS § 18-1-1102(1)(b); CRS § 18-1-1105(1)).

804.8.5 DISPOSITION OF VICTIM DNA EVIDENCE
If DNA evidence is being held that is the property of the victim, the victim may request the District Attorney to review whether the DNA evidence may be returned. If the District Attorney determines the DNA evidence may be returned, the District Attorney may file a petition with the court for the return of the DNA evidence. Upon proper receipt, the Department will release DNA evidence belonging to the victim (CRS § 18-1-1107).

804.9 REPORT OF ABANDONED PROPERTY (MONEY)
The Property Unit supervisor shall complete and file a report of presumed abandoned property to the State Treasurer each year (CRS § 38-13-401). (b) An annual audit of property and evidence held by the Department shall be conducted by a Bureau Commander who is not routinely or directly connected with property and evidence control, as assigned by the Police Chief or authorized designee.

(c) Whenever a change is made in personnel who have access to the Property Unit, an inventory of all firearms, drugs, money and other items of significant value shall be made by an individual not associated with the Property Unit or function to ensure that records are correct and all evidence and property is accounted for.

The date and results of all inspections and audits shall be documented and forwarded to the Police Chief or authorized designee.

804.11 RELEASE AND DISPOSAL OF FIREARMS
A firearm may not be released until it has been verified that the person receiving the weapon is not prohibited from receiving or possessing the weapon (18 USC § 922 (d); CRS § 13-14-105.5; CRS § 18-1-1001; CRS § 18-6-801; CRS § 24-33.5-424).

804.11.1 RELEASE OF FIREARMS IN RISK PROTECTION ORDER MATTERS
Upon notice from the Records Supervisor that an extreme risk protection order has been terminated or not renewed, notice should be provided to the respondent of the process for the return of firearms (CRS § 13-14.5-109).

Additionally, prior to the release of firearms or a permit the Department should:

(b) Provide notice to any family or household member of the person that the firearms or ammunition are going to be returned.

If a person other than the person named in the risk protection order claims ownership of any seized firearms, the Department shall follow the procedures outlined in CRS § 13-14.5-108.

If a person who has surrendered firearms pursuant to a risk protection order elects to transfer ownership of the firearms to another person, the Department shall follow the procedures outlined in CRS § 13-14.5-108 prior to releasing any firearm.

If a firearm remains unclaimed for at least one year from the date that an extreme risk protection order expired, the firearm should be disposed of according to department procedures (CRS § 13-14.5-109).

All original reports to be removed from the Records Unit shall be photocopied and the photocopy retained in the report file location of the original report until the original is returned to the Records Unit. The photocopied report shall be shredded upon return of the original report to the file.

Records Maintenance and Release

810.6 SUBPOENAS AND DISCOVERY REQUESTS
Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Custodian of Records for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the District Attorney, City Attorney or the courts.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the Department so that a timely response can be prepared.

810.7 RELEASED RECORDS TO BE MARKED
Each page of any written record released pursuant to this policy should be stamped in a colored ink or otherwise marked to indicate the department name and to whom the record was released.

Each audio/video recording released should include the department name and to whom the record was released.

810.8 SECURITY BREACHES
Members who become aware that any Durango Police Department system containing personal information may have been breached should notify the Custodian of Records as soon as practicable.

The Custodian of Records shall ensure the required notice is given to any resident of this state whose unsecured personal information is reasonably believed to have been acquired by an unauthorized person. If the security breach is reasonably believed to affect 500 or more Colorado residents, the Custodian of Records shall also notify the Colorado attorney general. Notice may not be required if the Custodian of Records, after a reasonable investigation, makes a determination that misuse of the individual’s information has not occurred and is not reasonably likely to occur.

Additional notices to consumer reporting agencies may be required if the security breach requires notification to more than 1,000 Colorado residents (CRS § 24-73-103).

Notice shall be given in the most expedient time possible and without unreasonable delay, and not later than 30 days from the discovery of the breach, consistent with the needs of the department and any measures necessary to determine the scope of the breach, prevent further disclosures, and restore the reasonable integrity of the data system. Notice may be delayed if notification will impede a criminal investigation. In such cases, notice shall be made not later than 30 days after a determination is made that notification will no longer impede the investigation (CRS § 24-73-103).

For the purposes of the notice requirement, personal information includes an individual’s first name or first initial and last name in combination with any one or more of the following when not encrypted, redacted, or secured by any other method that renders the information unreadable or unusable (CRS § 24-73-103):
Records Maintenance and Release

(a) Social Security number
(b) Driver's license number or identification card number
(c) Student, military, passport, or health insurance identification number
(d) Medical information
(e) Biometric data
(f) Username or email address, in combination with a password or security questions and answers, that would permit access to an online account
(g) Full account number or credit or debit card number, in combination with any required security code, access code, or password that would permit access to the individual's account

If the breach reasonably appears to have been made to protected information covered in the Protected Information Policy, the Custodian of Records should promptly notify the appropriate member designated to oversee the security of protected information (see the Protected Information Policy).

810.9 EXPUNGEMENT OR SEALED RECORDS
Expungement orders or orders to seal criminal records received by the Department shall be reviewed for appropriate action by the Custodian of Records. The Custodian of Records shall expunge or seal such records as ordered by the court. Records may include but are not limited to a record of arrest, investigation, detention, or conviction. Once the record is expunged or sealed, members shall respond to any inquiry as though the record did not exist (CRS § 24-72-702; CRS § 24-72-703).

810.9.1 EXPUNGEMENT OF ARREST RECORDS RESULTING FROM MISTAKEN IDENTITY
If the Detective Unit supervisor determines that a person was arrested based on mistaken identity and no charges were filed following the arrest, the Custodian of Records shall file a petition for an order to expunge any arrest or criminal records resulting from the mistaken identity. The petition must be filed no later than 90 days after the investigation determines the mistaken identity, in the judicial district where the arrest occurred (CRS § 24-72-702).

810.9.2 EXPUNGEMENT OF CERTAIN JUVENILE RECORDS WITHOUT COURT ORDER
The Custodian of Records shall acknowledge receipt of a notice issued by the district attorney or other diversion provider that a juvenile has successfully completed a prefiling diversion. Upon receipt of the notice, the Custodian of Records shall treat the records as expunged within 35 days and without need of a court order (CRS § 19-1-306).
810.10   RELEASE OF AUDIO OR VIDEO RECORDINGS RELATED TO ALLEGED MISCONDUCT

Unedited video and audio recordings related to an incident where a peace officer, civilian, or nonprofit organization has made a complaint of officer misconduct shall be released upon a proper public record request within 21 days of the request (CRS § 24-31-902).

The Custodian of Records should work as appropriate with the Police Chief or the Internal Affairs Unit supervisor in determining what recordings may qualify for disclosure when a request for a recording is received.

810.10.1   RELEASE OF AUDIO OR VIDEO RECORDINGS DEPICTING A DEATH

Upon request, the Custodian of Records shall release unedited video and audio recordings depicting a death to the victim’s spouse, parent, legal guardian, child, sibling, grandparent, grandchild, significant other, or other lawful representative, and inform the requesting party of the requesting party’s right to receive and review the recording at least 72 hours prior to public release (CRS § 24-31-902).

810.10.2   RESTRICTIONS RELATED TO PRIVACY

If the Custodian of Records, in consultation with the Police Chief or the authorized designee, determines that specific portions of a recording may raise substantial privacy concerns for a person depicted in the recording, the Department should use technology to blur portions of a recording made available for release. In such cases, unblurred footage shall not be released without the written authorization of the victim or the victim’s next of kin (CRS § 24-31-902).

If blurring is insufficient to protect the substantial privacy interest of a person, the Custodian of Records should, within 20 days of receipt of the complaint of alleged misconduct (CRS § 24-31-902):

(a)  Provide a copy of the recording upon request to the victim or the victim’s next of kin.
(b)  Inform the person whose privacy interest is implicated of the right to waive the interest in writing and allow release of the unedited recording.

810.10.3   DELAY OF RELEASE

Disclosure of recordings related to alleged misconduct during active criminal or administrative investigations may be delayed up to 45 days from the date the Department knew or reasonably should have known about the incident if disclosure would substantially interfere with or jeopardize the investigation. The Police Chief or the authorized designee should work as appropriate with the prosecuting attorney so that the prosecuting attorney may produce the required notice (CRS § 24-31-902).
Protected Information

812.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the access, transmission, release and security of protected information by members of the Durango Police Department. Only those members who have completed applicable training and met any applicable requirements, such as a background check, may access protected information, and only when the member has a legitimate work-related reason for such access.

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

812.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION
Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Records Supervisor for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Unit to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

Protected information, such as Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should generally not be transmitted by radio, cellular telephone or any other type of wireless transmission to members in the field or in vehicles through any computer or electronic device, except in cases where there is an immediate need for the information to further an investigation or where circumstances reasonably indicate that the immediate safety of officers, other department members or the public is at risk.

Nothing in this policy is intended to prohibit broadcasting warrant information.

812.6 SECURITY OF PROTECTED INFORMATION
The Police Chief will select a member of the Department to oversee the security of protected information.

The responsibilities of this position include, but are not limited to:

(a) Developing and maintaining security practices, procedures and training.

(b) Ensuring federal and state compliance with the CJIS Security Policy and the requirements of any state or local criminal history records systems.
Establishing procedures to provide for the preparation, prevention, detection, analysis and containment of security incidents including computer attacks.

Tracking, documenting and reporting all breach of security incidents to the Police Chief or authorized designee, and appropriate authorities.

812.6.1 MEMBER RESPONSIBILITIES
Members accessing or receiving protected information shall ensure the information is not accessed or received by persons who are not authorized to access or receive it. This includes leaving protected information, such as documents or computer databases, accessible to others when it is reasonably foreseeable that unauthorized access may occur (e.g., on an unattended table or desk; in or on an unattended vehicle; in an unlocked desk drawer or file cabinet; on an unattended computer terminal).

812.7 CHALLENGE TO CRIMINAL OFFENDER RECORD
Any person has the right to challenge the accuracy and completeness of criminal justice records pertaining to him/her and to request that said records be corrected (CRS § 24-72-307). Any such requests shall be forwarded to the Records Supervisor.

Upon receipt of a request to correct the record, the Records Supervisor will evaluate the request as follows:

(a) The Records Supervisor will review the request for correction and make a determination of whether to grant or refuse the request, in whole or in part.

(b) In the event that the Records Supervisor requires additional time to evaluate the merit of the request for correction, the Records Supervisor shall notify the applicant in writing.
   1. The Records Supervisor shall then have 30 days from the date of receipt of the request for correction to evaluate the request and to make a determination of whether to grant or refuse the request, in whole or in part.
   2. The Records Supervisor will communicate that decision to the applicant in writing.

(c) If the Records Supervisor refuses to make the requested correction and the person requests a written statement of the grounds for the refusal, the Records Supervisor shall promptly provide such a written statement.

(d) If the Records Supervisor decides to make the correction, the Records Supervisor will ensure the change is made in the records of the Durango Police Department and communicate the correction to the Colorado Bureau of Investigation.

812.8 TRAINING
All members authorized to access or release protected information shall complete a training program that complies with any protected information system requirements and identifies
protected information - 517

authorized access and use of protected information, as well as its proper handling and dissemination.
Computers and Digital Evidence

814.1 PURPOSE AND SCOPE
This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information. This policy also establishes procedures for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

814.2 SEIZING COMPUTERS AND RELATED EVIDENCE
Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

(a) Photograph each item, front, back and surrounding desktop or office setup, specifically including cable connections to other items. Look for a telephone line or cable to a modem for Internet access.

(b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation, such as fingerprints, biological or trace evidence and/or documents.

(c) If the computer is off, do not turn it on.

(d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
   1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
   2. Disconnect the power cable from the back of the computer box. If the computer is a portable notebook style, disconnect any power cable from the case and remove the battery.

(e) Label each item with the incident number, evidence sheet number and item number.

(f) Handle and transport the computer and storage media (e.g., tape, disks, memory cards, flash memory, external drives) with care so that potential evidence is not lost.

(g) Lodge all computer items into the Property Unit. Do not store computers where normal room temperature and humidity is not maintained.

(h) At minimum, officers should document the following in related reports:
   1. Where the computer was located and whether it was in operation
   2. Who was using it at the time
Computers and Digital Evidence

3. Who claimed ownership
4. If it can be determined, how it was being used

(i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (e.g., printers, remote drives, hard drives, tape drives and disk drives) should be seized along with all media. Accessories (e.g., printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture or the equipment is proprietary (e.g. Apple keyboard and mouse) and necessary for examination of the associated media.

814.2.1 BUSINESS OR NETWORKED COMPUTERS
If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Until properly secured, networked computers can be accessed remotely to alter critical hard drive data. Therefore, cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner as soon as practicable for instructions or a response to the scene. It may be possible to perform an on-site inspection or to image the hard drive only of the involved computer. This should be done by someone specifically trained in processing computers for evidence. The forensic copy of the image of the hard drive shall be marked and maintained as primary evidence.

814.2.2 FORENSIC EXAMINATION OF COMPUTERS
If an examination of the contents of the computer's hard drive, disks or any other storage media is required, forward the following items to a computer forensic examiner:

(a) A copy of reports involving the computer, including the evidence/property sheet
(b) A copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to the investigation or other legal authority for examination
(c) A list of the items to search for (e.g., photographs, financial records, e-mail, documents)
(d) A forensic copy of the media will be made; subsequent forensic examination of the copy will be conducted by a trained digital forensic examiner.

814.3 SEIZING DIGITAL STORAGE MEDIA
Digital storage media, including hard drives, floppy disks, CDs, DVDs, tapes, memory cards or flash memory devices, should be seized and stored in a manner that will protect them from damage.

(a) If the media has a write-protection tab or switch, it should be activated.
Computers and Digital Evidence

(b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation, request the Property Unit to copy the contents to an appropriate form of storage media.

(c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.

(d) Do not leave storage media where it would be subject to excessive heat, such as in a parked vehicle on a hot day.

(e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

814.4 SEIZING PERSONAL COMMUNICATION DEVICES
Personal communication devices (PCD), such as cellular phones, Personal Data Assistants (PDA) or other handheld devices connected to any communication network must be handled with care to preserve evidence that may be on the device, including messages, stored data and/or images.

(a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.

(b) Do not turn the device on or off. The device should be wrapped in no less than six sheets of heavy duty aluminum foil, or placed in a solid metal container, such as a paint can or in a Faraday bag, to prevent the device from sending or receiving information from its host network.

(c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead, all the data may be lost.

814.5 DIGITAL EVIDENCE RECORDED BY OFFICERS
Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of the evidence.

814.5.1 COLLECTION OF DIGITAL EVIDENCE
Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

814.5.2 SUBMISSION OF DIGITAL MEDIA
The following are required procedures for the submission of digital media used by cameras or other recorders:
Computers and Digital Evidence

(a) The recording media (e.g., smart card, compact flash card or any other media) shall be placed on CD\DVD, on a hard storage drive, or in the department RMS (Records Management System) by the officer. The following criteria must be met.

(b) On all felon incidents, the officer will place their digital media on a CD\DVD and book into Property\Evidence.

(c) Large amount of photos (more then 5) or audio must be placed on a CD\DVD and booked into Property\Evidence.

(d) All photos should be 1.2 pixels before it is put into RMS, keeping the amount of photos to 5 per incident. For example, minor accident photos = 5 photos, major accident photo = CD\DVD.

(e) All audio will be placed on a CD\DVD. No audio will be placed on the RMS.

(f) Traffic officers will place the flash card from their pocket video recorder into Property \Evidence. The Property Control Technician, as soon as possible, will transfer the video to the pd\video hard drive for evidence. Once they have verified that the images have transferred, the Property Control Technician will then erase the videos off the flash card and place it back into the traffic officer's mailbox for reuse.

(g) All mug photos should be attached to the named individual in the RMS.

(h) Anyone requiring a copy of the digital files must request a copy on a records request form and submit it to a Property Control Technician.

814.5.3 DOWNLOADING OF DIGITAL FILES
Digital information, such as video or audio files recorded on devices using internal memory, must be downloaded to storage media. The following procedures are to be followed:

(a) Files should not be opened or reviewed prior to downloading and storage.

(b) Where reasonably possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

814.5.4 PRESERVATION OF DIGITAL EVIDENCE

(a) Only evidence technicians are authorized to copy original digital media that is related to case documentation and held as evidence. Only digital forensic examiners are authorized to copy original media seized as evidence. The original digital media shall remain in evidence and shall remain unaltered.

(b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.
Computers and Digital Evidence

(c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.
Animal Protection Procedures

819.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals.

819.2 MEMBER RESPONSIBILITIES
Members who respond to or assist with animal-related calls for service should evaluate the situation to determine appropriate actions to control the situation.

Due to the hazards of handling animals without proper training and equipment, responding members generally should not attempt to capture and pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

(a) There is a threat to public safety.
(b) An animal has bitten someone. Members should take measures to confine the animal and prevent further injury.
(c) An animal is creating a traffic hazard.
(d) An animal is seriously injured.
(e) The owner/handler of an animal has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal.
   1. This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.
   2. With the owner’s consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.
   3. If no person can be found or the owner does not or cannot give consent, the animal should be taken to a designated animal care facility.

819.3 DECEASED ANIMALS
When a member becomes aware of a deceased animal, all reasonable attempts should be made to preliminarily determine if the death of the animal is related to criminal activity.

Deceased animals on public property should be removed, sealed in a plastic bag and properly disposed of by the responding member.

Members should not climb onto or under any privately owned structure for the purpose of removing a deceased animal.
Animal Protection Procedures

819.4 INJURED ANIMALS
When a member becomes aware of an injured domesticated animal, all reasonable attempts shall be made to contact the owner or responsible handler. If an owner or responsible handler cannot be located, the animal should be taken to a designated animal care facility.

819.5 POLICY
It is the policy of the Durango Police Department to be responsive to the needs of the community regarding animal-related issues. This includes enforcing local, state and federal laws relating to animals and appropriately resolving or referring animal-related problems, as outlined in this policy.

819.6 ANIMAL CRUELTY COMPLAINTS
Laws relating to the cruelty to animals should be enforced, including but not limited to CRS § 18-9-202 et seq.
(a) An investigation should be conducted on all reports of animal cruelty.
(b) Legal steps should be taken to protect an animal that is in need of immediate care or protection from acts of cruelty.

819.7 ANIMAL BITE REPORTS
Members investigating an animal bite should obtain as much information as possible for follow-up with the appropriate health or animal authorities. Efforts should be made to capture or otherwise have the animal placed under control. Members should attempt to identify and notify the owner of the final disposition of the animal.

If a biting dog has been killed (see Destruction of Animals section) in order to prevent further injury or death, the local board of health shall be notified of the facts related to the bite and the killing, and the body of the dog shall be held for release to the board of health (6 CCR 1009-1:1).

819.8 STRAY DOGS
If the dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued, if appropriate. If a dog is taken into custody, it shall be transported to the appropriate shelter/holding pen.

Members shall provide reasonable treatment to animals in their care (e.g., food, water, shelter).

819.9 DANGEROUS ANIMALS
In the event responding members cannot fulfill a request for service because an animal is difficult or dangerous to handle, the Shift Supervisor will be contacted to determine available resources, including requesting the assistance of animal control services from an allied agency.

819.10 PUBLIC NUISANCE CALLS RELATING TO ANIMALS
Members should diligently address calls related to nuisance animals (e.g., barking dogs), because such calls may involve significant quality-of-life issues.
Animal Protection Procedures

819.11 DESTRUCTION OF ANIMALS

When it is necessary to use a firearm to euthanize a badly injured animal or stop an animal that poses an imminent threat to human safety, the Firearms Policy shall be followed. A badly injured animal shall only be euthanized with the approval of a supervisor.
Chapter 9 - Custody
900 Temporary Custody of Adults

900.1 PURPOSE AND SCOPE
This policy provides guidelines to address the health and safety of adults taken into temporary custody by members of the Durango Police Department for processing prior to being released or transferred to a housing or other type of facility.

Temporary custody of juveniles is addressed in the Temporary Custody of Juveniles Policy. Juveniles will not be permitted where adults in custody are being held.

Custodial searches are addressed in the Custodial Searches Policy.

900.1.1 DEFINITIONS
Definitions related to this policy include:

**Holding cell/cell** - Any locked enclosure for the custody of an adult or any other enclosure that prevents the occupants from being directly visually monitored at all times by a member of the Department.

**Safety checks** - Direct, visual observation by a member of this department performed at random intervals, within time frames prescribed in this policy, to provide for the health and welfare of adults in temporary custody.

**Temporary custody** - The time period an adult is in custody at the Durango Police Department prior to being released or transported to a housing or other type of facility.

900.2 POLICY
The Durango Police Department is committed to releasing adults from temporary custody as soon as reasonably practicable, and to keeping adults safe while in temporary custody at the Department. Adults should be in temporary custody only for as long as reasonably necessary for investigation, processing, transfer or release.

900.3 GENERAL CRITERIA AND SUPERVISION
No adult should be in temporary custody for longer than six hours.

900.3.1 INDIVIDUALS WHO SHOULD NOT BE IN TEMPORARY CUSTODY
Individuals who exhibit certain behaviors or conditions should not be in temporary custody at the Durango Police Department, but should be transported to a jail facility, a medical facility or other type of facility as appropriate. These include:

(a) Any individual who is unconscious or has been unconscious while being taken into custody or while being transported.

(b) Any individual who has a medical condition, including pregnancy, or who may require medical attention, supervision or medication while in temporary custody.

(c) Any individual who is seriously injured.

(d) Individuals who are a suspected suicide risk (see the Civil Commitments Policy).
Temporary Custody of Adults

1. If the officer taking custody of an individual believes that he/she may be a suicide risk, the officer shall ensure continuous direct supervision until evaluation, release or a transfer to an appropriate facility is completed.

   (e) Individuals who are obviously in crisis, as defined in the Crisis Intervention Incidents Policy.

   (f) Individuals who are under the influence of alcohol, a controlled substance or any substance to the degree that may require medical attention, or who have ingested any substance that poses a significant risk to their health, whether or not they appear intoxicated.

   (g) Any individual who has exhibited extremely violent or continuously violent behavior.

   (h) Any individual who has claimed, is known to be afflicted with, or displays symptoms of any communicable disease that poses an unreasonable exposure risk.

   (i) Any individual with a prosthetic or orthopedic device where removal of the device would be injurious to his/her health or safety.

Officers taking custody of a person who exhibits any of the above conditions should notify a supervisor of the situation. These individuals should not be in temporary custody at the Department unless they have been evaluated by a qualified medical or mental health professional, as appropriate for the circumstances.

900.3.2 SUPERVISION IN TEMPORARY CUSTODY
An authorized department member capable of supervising shall be present at all times when an individual is held in temporary custody. The member responsible for supervising should not have other duties that could unreasonably conflict with his/her supervision (6 CCR 1010-13:18.0). Any individual in custody must be able to summon the supervising member if needed. If the person in custody is deaf or hard of hearing or cannot speak, accommodations shall be made to provide this ability.

At least one female department member should be present when a female adult is in temporary custody. In the event that none is readily available, the female in custody should be transported to another facility or released pursuant to another lawful process.

Absent exigent circumstances, such as a medical emergency or a violent subject, members should not enter the cell of a person of the opposite sex unless a member of the same sex as the person in custody is present.

No individual in custody shall be permitted to supervise, control or exert any authority over other individuals in custody.

900.3.3 ENTRY RESTRICTIONS
Entry into any location where a person is held in custody should be restricted to:

   (a) Authorized members entering for official business purposes.

   (b) Emergency medical personnel when necessary.
Temporary Custody of Adults

(c) Any other person authorized by the Shift Supervisor.

When practicable, more than one authorized member should be present for entry into a location where a person is held in custody for security purposes and to witness interactions.

900.4 INITIATING TEMPORARY CUSTODY

The officer responsible for an individual in temporary custody should evaluate the person for any apparent chronic illness, disability, vermin infestation, possible communicable disease or any other potential risk to the health or safety of the individual or others (6 CCR 1010-13:14.0). The officer should specifically ask if the individual is contemplating suicide and evaluate him/her for obvious signs or indications of suicidal intent.

The receiving officer should ask the arresting officer if there is any statement, indication, or evidence surrounding the individual's arrest and transportation that would indicate the individual is at risk for suicide or critical medical care. If there is any suspicion that the individual may be suicidal, he/she shall be transported to the jail or other appropriate facility.

The officer should promptly notify the Shift Supervisor of any conditions that may warrant immediate medical attention or other appropriate action. The Shift Supervisor shall determine whether the individual will be placed in a cell, immediately released or transported to the jail or other facility.

900.4.1 SCREENING AND PLACEMENT

The officer responsible for an individual in custody shall:

(a) Advise the Shift Supervisor of any significant risks presented by the individual (e.g., suicide risk, health risk, violence).

(b) Evaluate the following issues against the stated risks in (a) to determine the need for placing the individual in a single cell:

1. Consider whether the individual may be at a high risk of being sexually abused based on all available known information (28 CFR 115.141), or whether the person is facing any other identified risk.

2. Provide any individual identified as being at a high risk for sexual or other victimization with heightened protection. This may include (28 CFR 115.113; 28 CFR 115.141):

   (a) Continuous, direct sight and sound supervision.

   (b) Single-cell placement in a cell that is actively monitored on video by a member who is available to immediately intervene.

3. Ensure individuals are separated according to severity of the crime (e.g., felony or misdemeanor).

4. Ensure males and females are separated by sight and sound when in cells.

5. Ensure restrained individuals are not placed in cells with unrestrained individuals.
Temporary Custody of Adults

(c) Ensure that those confined under civil process or for civil causes are kept separate from those who are in temporary custody pending criminal charges.

(d) Ensure separation, as appropriate, based on other factors, such as age, criminal sophistication, assaultive/non-assaultive behavior, mental state, disabilities and sexual orientation.

900.4.2 CONSULAR NOTIFICATION

Consular notification may be mandatory when certain foreign nationals are arrested. The Operations Bureau Commander will ensure that the U.S. Department of State’s list of countries and jurisdictions that require mandatory notification is readily available to department members. There should also be a published list of foreign embassy and consulate telephone and fax numbers, as well as standardized notification forms that can be transmitted and then retained for documentation. Prominently displayed signs informing foreign nationals of their rights related to consular notification should also be posted in areas used for the temporary custody of adults.

Department members assigned to process a foreign national shall:

(a) Inform the individual, without delay, that he/she may have his/her consular officers notified of the arrest or detention and may communicate with them.
   1. This notification should be documented.

(b) Determine whether the foreign national’s country is on the U.S. Department of State’s mandatory notification list.
   1. If the country is on the mandatory notification list, then:
      (a) Notify the country’s nearest embassy or consulate of the arrest or detention by fax or telephone.
      (b) Tell the individual that this notification has been made and inform him/her without delay that he/she may communicate with consular officers.
      (c) Forward any communication from the individual to his/her consular officers without delay.
      (d) Document all notifications to the embassy or consulate and retain the faxed notification and any fax confirmation for the individual’s file.
   2. If the country is not on the mandatory notification list and the individual requests that his/her consular officers be notified, then:
      (a) Notify the country’s nearest embassy or consulate of the arrest or detention by fax or telephone.
      (b) Forward any communication from the individual to his/her consular officers without delay.

900.5 SAFETY, HEALTH AND OTHER PROVISIONS
900.5.1 TEMPORARY CUSTODY LOGS

Any time an individual is in temporary custody at the Durango Police Department, the custody shall be promptly and properly documented in a custody log, including:

(a) Identifying information about the individual, including his/her name.
(b) Date and time of arrival at the Department.
(c) Any charges for which the individual is in temporary custody and any case number.
(d) Time of all safety checks.
(e) Any medical and other screening requested and completed.
(f) Any emergency situations or unusual incidents.
(g) Any other information that may be required by other authorities, such as compliance inspectors.
(h) Date and time of release from the Durango Police Department.

The Shift Supervisor should initial the log to approve the temporary custody and should also initial the log when the individual is released from custody or transferred to another facility.

The Shift Supervisor should make periodic checks to ensure all log entries and safety and security checks are made on time.

900.5.2 TEMPORARY CUSTODY REQUIREMENTS

Members monitoring or processing anyone in temporary custody shall ensure:

(a) Safety checks and significant incidents/activities are noted on the log.
(b) Individuals in custody are informed that they will be monitored at all times, except when using the toilet.
   1. There shall be no viewing devices, such as peep holes or mirrors, of which the individual is not aware.
   2. This does not apply to surreptitious and legally obtained recorded interrogations.
(c) There is reasonable access to toilets and wash basins (6 CCR 1010-13:10.0).
(d) There is reasonable access to a drinking fountain or water (6 CCR 1010-13:10.0).
(e) There are reasonable opportunities to stand and stretch, particularly if handcuffed or otherwise restrained.
(f) There is privacy during attorney visits.
(g) Those in temporary custody are generally permitted to remain in their personal clothing unless it is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody.
   1. Personal clothing taken shall be cleaned, disinfected or stored so as to control communicable diseases (6 CCR 1010-13:12.0).
(h) Clean blankets are provided as reasonably necessary to ensure the comfort of an individual (6 CCR 1010-13:12.0).
Temporary Custody of Adults

1. The supervisor should ensure that there is an adequate supply of clean blankets.
   (i) Adequate shelter, heat, light and ventilation are provided without compromising security or enabling escape.
   (j) Adequate furnishings are available, including suitable chairs or benches (6 CCR 1010-13:8.0).

900.5.3 MEDICAL CARE
First-aid equipment and basic medical supplies should be available to department members. At least one member who has current certification in basic first aid and CPR should be on-duty at all times (6 CCR 1010-13:14.0).

Should a person in custody be injured or become ill, appropriate medical assistance should be sought. A supervisor should meet with those providing medical aid at the facility to allow access to the person. Members shall comply with the opinion of medical personnel as to whether an individual in temporary custody should be transported to the hospital. If the person is transported while still in custody, he/she will be accompanied by an officer.

Those who require medication while in temporary custody should not be at the Durango Police Department. They should be released or transferred to another facility as appropriate.

900.5.4 ORTHOPEDIC OR PROSTHETIC APPLIANCE
Subject to safety and security concerns, individuals shall be permitted to retain an orthopedic or prosthetic appliance. However, if the appliance presents a risk of bodily harm to any person or is a risk to the security of the facility, the appliance may be removed from the individual unless its removal would be injurious to his/her health or safety.

Whenever a prosthetic or orthopedic appliance is removed, the Shift Supervisor shall be promptly apprised of the reason. It shall be promptly returned when it reasonably appears that any risk no longer exists.

900.5.5 TELEPHONE CALLS
Every individual in temporary custody should be allowed to make a reasonable number of completed telephone calls as soon as possible after arrival (CRS § 16-3-402).

   (a) Telephone calls may be limited to local calls, except that long-distance calls may be made by the individual at his/her own expense.

   1. The Department should pay the cost of any long-distance calls related to arranging for the care of a child or dependent adult (see the Child and Dependent Adult Safety Policy).

   (b) The individual should be given sufficient time to contact whomever he/she desires and to make any necessary arrangements, including child or dependent adult care, or transportation upon release.
Temporary Custody of Adults

1. Telephone calls are not intended to be lengthy conversations. The member assigned to monitor or process the individual may use his/her judgment in determining the duration of the calls.

   (c) Calls between an individual in temporary custody and his/her attorney shall be deemed confidential and shall not be monitored, eavesdropped upon or recorded.

900.5.6 RELIGIOUS ACCOMMODATION

Subject to available resources, safety and security, the religious beliefs and needs of all individuals in custody should be reasonably accommodated. Requests for religious accommodation should generally be granted unless there is a compelling security or safety reason and denying the request is the least restrictive means available to ensure security or safety. The responsible supervisor should be advised any time a request for religious accommodation is denied.

Those who request to wear headscarves or simple head coverings for religious reasons should generally be accommodated absent unusual circumstances. Head coverings shall be searched before being worn.

Individuals wearing headscarves or other approved coverings shall not be required to remove them while in the presence of or while visible to the opposite sex if they so desire. Religious garments that substantially cover the individual's head and face may be temporarily removed during the taking of any photographs.

900.5.7 FOOD SERVICE

Food provided will be purchased from a retail or commercial food provider (6 CCR 1010-13:13.0).

900.5.8 VISITATION

Visitation of individuals in temporary custody is based on space availability, department staffing levels and whether an emergency or other condition justifies a limitation in visitation privileges. The Operations Bureau Commander will establish visitation rules that shall be followed by visitors and individuals in custody.

The Department should provide adequate facilities for visiting that include appropriate space for the screening and searching of persons in custody and visitors and storage of visitors' personal belongings that are not allowed in the visiting area. Visitors with disabilities who request special accommodations shall be referred to a supervisor.

Visitor logs shall be developed and maintained in accordance with established records retention schedules. All visitors must register and produce valid government identification. An official visitor shall present proof of professional capacity (e.g., attorney license/Colorado Bar card, police identification, business card/letterhead of business with the visitor's name). Failure or refusal to provide valid government identification is reason to deny a visit.

Visitors who enter the facility are subject to search if there is reasonable cause to believe the visitor has violated the law, is wanted by a law enforcement agency or is attempting to bring contraband
Temporary Custody of Adults

into the facility. All searches shall be made in accordance with current legal statutes, case law and the Search and Seizure Policy.

An individual in custody may refuse to visit with a particular individual. Visitation may be denied or terminated by a supervisor if the visitor poses a danger to the security of the facility or there is other good cause (e.g., visitor appears to be under the influence of drugs and/or alcoholic beverages, refuses to submit to being searched, violates facility or visitation rules). Any visitation that is denied or terminated early shall have the actions and reasons documented. Copies of the documentation will be provided to the Operations Bureau Commander and placed into the file of the individual in custody.

900.5.9 BAIL OR PRETRIAL RELEASE
Individuals in custody should be allowed to consult with the pretrial release agency or with a bail bondsman as soon as practicable after admission to the facility.

900.5.10 MEDIA ACCESS

Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Durango Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

902.1.1 DEFINITIONS

The amount of money in the envelope should always be totaled and written on the outside of the envelope.

At no time will punitive action be taken against an employee for exercising any rights during the grievance procedure.

1006.5 GRIEVANCE RECORDS
At the conclusion of the grievance process, all documents pertaining to the process shall be forwarded to Administration Support for inclusion into a secure file for all written grievances. A second copy of the written grievance will be maintained by the City Manager's office to monitor the grievance process.

1006.6 GRIEVANCE AUDITS
The Training Manager shall perform an annual audit of all grievances filed the previous calendar year to evaluate whether any policy/procedure changes or training may be appropriate to avoid future filings of grievances. The Training Manager shall record these findings in a memorandum to the Police Chief without including any identifying information from any individual grievance. If the audit identifies any recommended changes or content that may warrant a critical revision to this Policy Manual, the Training Manager should promptly notify the Police Chief.
Anti-Retaliation

1008.1 PURPOSE AND SCOPE
This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members’ access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or collective bargaining agreement.

1008.2 POLICY
The Durango Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1008.3 RETALIATION PROHIBITED
No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.
1008.4 COMPLAINTS OF RETALIATION
Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Police Chief or the City Human Resources Director.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member’s identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1008.4.1 WHISTLE-BLOWING
Colorado law protects public employees who (CRS § 8-3.3-103; CRS § 29-33-104):

- Discuss or express personal views regarding representation and workplace issues, subject to the restrictions in CRS § 8-3.3-101 et seq., if applicable.
- Engage in protected, concerted activity for their mutual aid or protection.
- Participate in the political process while off-duty and not in uniform including:
  - Speaking with members of the [city/county]'s governing body on terms and conditions of employment, or any other matter of public concern.
  - Engaging in other political activities in the same manner as other citizens of Colorado.
- Organize, join, or assist an employee organization or refrain from the same.

Members who believe they have been the subject of retaliation for engaging in protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Internal Affairs Unit for investigation in accordance with the Personnel Complaints Policy.

1008.5 SUPERVISOR RESPONSIBILITIES
Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

(a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
Anti-Retaliation

(b) Receiving all complaints in a fair and impartial manner.
(c) Documenting the complaint and any steps taken to resolve the problem.
(d) Acknowledging receipt of the complaint, notifying the Police Chief via the chain of command and explaining to the member how the complaint will be handled.
(e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
(f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
(g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
(h) Not interfering with or denying the right of a member to make any complaint.
(i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

1008.6 COMMAND STAFF RESPONSIBILITIES
The Police Chief should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

(a) Communicating to all members the prohibition against retaliation.
(b) The timely review of complaint investigations.
(c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
(d) The timely communication of the outcome to the complainant.

1008.7 RECORDS RETENTION AND RELEASE
The Records Supervisor shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

1008.8 TRAINING
The policy shall be reviewed with each new member (CRS § 24-31-906).

All members shall receive periodic refresher training on the requirements of this policy (CRS § 24-31-906).
1010    PURPOSE AND SCOPE
Convictions of certain offenses may restrict or prohibit an employee’s ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions.

1010.2    DOMESTIC VIOLENCE CONVICTIONS AND PROTECTION ORDERS
Colorado and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; CRS § 18-12-108).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1010.3    CRIMINAL CONVICTIONS
Any person convicted of a felony is prohibited from being a peace officer in the State of Colorado (CRS § 24-31-305(1.5)).

If a person is convicted of a misdemeanor crime listed in CRS § 24-31-305(1.5) after July 1, 2001, they may not obtain POST certification without a waiver or may have their POST certification suspended or revoked.

Even when legal restrictions are not imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by a member of this department may prohibit him/her from carrying out law enforcement duties.

1010.3.1    COURT ORDERS
All employees shall promptly notify the department if they are part of any criminal or civil court order. Court orders may prevent peace officers from possessing a firearm or require suspension or revocation of their peace officer POST certificate (see generally CRS § 24-31-303).

1010.4    REPORTING PROCEDURE
All members of this department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Police Chief in the case of retired officers) in writing of any past or current criminal arrest or conviction, regardless of whether the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Police Chief in the case of retired officers) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order.
Reporting of Employee Convictions

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.
Drug- and Alcohol-Free Workplace

1012.1 PURPOSE AND SCOPE
The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace (41 USC § 8103).

1012.2 POLICY
It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1012.3 GENERAL GUIDELINES
Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public.

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Shift Supervisor or appropriate supervisor as soon as the member is aware that the member will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, the member shall be immediately removed and released from work (see the Work Restrictions section in this policy).

1012.3.1 USE OF MEDICATIONS
Members should not use any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to the member's immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair the member's abilities, without a written release from the member's physician.

1012.3.2 MEDICAL CANNABIS AND NATURAL MEDICINE
Possession, use, or being under the influence of medical cannabis or natural medicine, as defined in CRS § 44-50-103, on-duty is prohibited and may lead to disciplinary action.

1012.4 MEMBER RESPONSIBILITIES
Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.
Drug- and Alcohol-Free Workplace

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1012.5 EMPLOYEE ASSISTANCE PROGRAM
There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1012.6 WORK RESTRICTIONS
If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1012.7 SCREENING TESTS
A supervisor may require an employee to submit to a screening test under any of the following circumstances:

(a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing the employee’s ability to perform duties safely and efficiently.

(b) The employee discharges a firearm in the performance of the employee’s duties (excluding training or authorized euthanizing of an animal).

(c) The employee discharges a firearm issued by the Department while off-duty, resulting in injury, death, or substantial property damage.

(d) The employee drives a motor vehicle in the performance of the employee’s duties and becomes involved in an incident that results in bodily injury, death, or substantial damage to property.

1012.7.1 SUPERVISOR RESPONSIBILITIES
The supervisor shall prepare a written record documenting the specific facts that led to the decision to require the test, and shall inform the employee in writing of the following:

(a) The test will be given to detect alcohol or drugs, or both.
Drug- and Alcohol-Free Workplace

(b) The result of the test is not admissible in any criminal proceeding against the employee.
(c) The employee may refuse the test, but that refusal may result in dismissal or other disciplinary action.

1012.7.2 DISCIPLINE
An employee may be subject to disciplinary action if the employee:

(a) Fails or refuses to submit to a screening test as requested.
(b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that the employee took the controlled substance as directed, pursuant to a current and lawful prescription issued in the employee's name.

1012.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT
No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1012.9 CONFIDENTIALITY
The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained in the member's confidential medical file in accordance with the Personnel Records Policy.
Personal Time Off (PTO)

1014.1 PURPOSE AND SCOPE
This policy provides general guidance regarding the use and processing of personal time off (PTO) and prior sick leave. The accrual and terms of use of PTO and prior sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement. Nothing in this policy will supersede the policy information detailed in the City of Durango employee handbook.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.).

1014.2 POLICY
It is the policy of the Durango Police Department to provide eligible employees with a PTO and sick leave benefit.

1014.2.1 NOTIFICATION
Employees are encouraged to notify an immediate supervisor, the Shift Supervisor or other appropriate supervisor as soon as they are aware that they will not be able to report to work. At a minimum, employees shall make such notification no less than two hours before the start of their scheduled shift. If an employee is unable to contact the supervisor in the case of an emergency, every reasonable effort should be made to have a representative contact the supervisor.

When the necessity for leave is foreseeable, such as an expected birth or planned medical treatment, the employee shall, whenever reasonably possible, provide notice to the Department as soon as reasonably possible and with no less than 30-days notice of the intent to take leave.

Upon return to work, employees shall complete and submit a leave request describing the specific amount of time taken.

1014.3 USE OF PTO AND PRIOR SICK LEAVE
Prior sick leave, if available to the employee, is intended to be used for qualified absences (CRS § 8-13.3-404; CRS § 8-13.3-405). If no prior sick leave is available to the employee, then five days of PTO must be used, if available, for the first 40 hours of a qualifying event. Use of prior sick leave or PTO in this circumstance is not considered vacation. Abuse of this benefit may result in discipline, denial of sick leave benefits, or both (CRS § 8-13.3-418).

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity, or other activity that may impede recovery from the injury or illness (see Outside Employment Policy).

Qualified appointments should be scheduled during a member’s non-working hours when it is reasonable to do so.
Personal Time Off (PTO)

1014.3.1 NOTIFICATION
All members should notify the Shift Supervisor or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (CRS § 8-13.3-404).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 30 days' notice of the impending absence.

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

1014.3.2 MANNER OF NOTIFICATION
Notice may be made orally or in writing and should include the expected duration of the absence (CRS § 8-13.3-404). Members are not required to disclose details related to domestic violence, sexual assault, stalking, or health information details (CRS § 8-13.3-412).

1014.4 SUPERVISOR RESPONSIBILITIES
The responsibilities of supervisors include, but are not limited to:

(a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of leave and absences is consistent with this policy.

(b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Human Resources as appropriate.

(c) Addressing absences and sick leave use in the member's performance evaluation when excessive or unusual use has:
   1. Negatively affected the member's performance or ability to complete assigned duties.
   2. Negatively affected department operations.

(d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.

(e) Referring eligible members to an available employee assistance program when appropriate.
Communicable Diseases

1016.1 PURPOSE AND SCOPE
This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1016.1.1 DEFINITIONS
Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member’s position at the Durango Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1016.2 POLICY
The Durango Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1016.3 EXPOSURE CONTROL OFFICER
The Police Chief will assign a person as the Exposure Control Officer (ECO). The ECO for the police department will be the City of Durango Safety Officer/Risk Manager. The ECO shall develop an exposure control plan that includes:

(a) Exposure-prevention and decontamination procedures.

(b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.

(c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member’s position and risk of exposure.

(d) Evaluation of persons in custody for any exposure risk and measures to separate them.

(e) Compliance with all relevant laws or regulations related to communicable diseases, including:

1. Providing baseline testing for members who are exposed to known or possible sources of hepatitis C during the course and within the scope of employment (CRS § 8-42-101).
Communicable Diseases

2. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).

3. Reporting of diseases (6 CCR 1009-1:1 et seq.; 6 CCR 1009-7:1 et seq.).

4. Reporting cases of active or suspected tuberculosis to the Colorado Department of Public Health and Environment (CRS § 25-4-502; 6 CCR 1009-1:4).

The ECO should periodically review and update the exposure control plan and review implementation of the plan.

1016.4 EXPOSURE PREVENTION AND MITIGATION

1016.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to:

(a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicles, as applicable.

(b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.

(c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.

(d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.

(e) Using an appropriate barrier device when providing CPR.

(f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.

(g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.

1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.

(h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.

(i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.

(j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.
Communicable Diseases

1016.4.2 IMMUNIZATIONS
Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost.

1016.5 POST EXPOSURE

1016.5.1 INITIAL POST-EXPOSURE STEPS
Members who experience an exposure or suspected exposure shall:

(a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
(b) Obtain medical attention as appropriate.
(c) Notify a supervisor as soon as practicable.

1016.5.2 REPORTING REQUIREMENTS
The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented:

(a) Name of the member exposed
(b) Date and time of the incident
(c) Location of the incident
(d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
(e) Work being done during exposure
(f) How the incident occurred or was caused
(g) PPE in use at the time of the incident
(h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury and Death Reporting and Illness and Injury Prevention policies).

1016.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT
Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary.

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

(a) Whether the member has been informed of the results of the evaluation.
Communicable Diseases

(b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1016.5.4 COUNSELING
The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure.

1016.5.5 SOURCE TESTING
Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member’s supervisor to ensure testing is sought.

Source testing may be achieved by:

(a) Obtaining consent from the individual.

(b) Working with the Colorado Department of Public Health and Environment or local health officers through their authority to investigate and control communicable diseases (CRS § 25-1.5-102; CRS § 25-4-506; CRS § 25-4-408; CRS § 25-4-412; CRS § 25-4-413).

(c) Obtaining a court order for exposures related to assault offenses (CRS § 16-3-303.8; CRS § 18-3-202; CRS § 18-3-203; CRS § 18-3-204; CRS § 18-3-415).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1016.6 CONFIDENTIALITY OF REPORTS
Medical information shall remain in confidential files and shall not be disclosed to anyone without the member’s written consent (except as required by law).

Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1016.7 TRAINING
All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training:

(a) Should be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.
Communicable Diseases

(b) Should be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.

(c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.
Smoking and Tobacco Use

1018.1 PURPOSE AND SCOPE
This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Durango Police Department facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1018.2 POLICY
The Durango Police Department recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all department facilities, buildings and vehicles, and as is further outlined in this policy.

1018.3 SMOKING AND TOBACCO USE
Smoking and tobacco use by members is prohibited anytime members are in public view representing the Durango Police Department.

It shall be the responsibility of each member to ensure that no person under his/her supervision smokes or uses any tobacco product inside City facilities and vehicles.

1018.4 ADDITIONAL PROHIBITIONS
No member shall smoke or use any tobacco product inside department facilities or smoke tobacco products within 25 feet of an entryway of any department building (CRS § 25-14-204). Smoking includes the use of an electronic smoking device as defined in CRS § 25-14-203.
Personnel Complaints

1020.1 PURPOSE AND SCOPE
This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Durango Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1020.2 POLICY
The Durango Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state, and local law, municipal and county rules, and the requirements of any collective bargaining agreements (CRS § 24-31-305).

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

1020.3 PERSONNEL COMPLAINTS
Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Department.

1020.3.1 COMPLAINT CLASSIFICATIONS
Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the Shift Supervisor is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Internal Affairs Unit, depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Internal Affairs Unit, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.
Personnel Complaints

1020.3.2 SOURCES OF COMPLAINTS
The following applies to the source of complaints:

(a) Individuals from the public may make complaints in any form, including in writing, by email, in person or by telephone.

(b) Any department member becoming aware of alleged misconduct shall immediately notify a supervisor.

(c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.

(d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.

(e) Tort claims and lawsuits may generate a personnel complaint.

1020.3.3 REPORTING AUTHORITY
The person responsible for the Internal Affairs Unit has the authority to report matters directly to the Police Chief or authorized designee when necessary.

1020.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1020.4.1 COMPLAINT FORMS
Personnel complaint forms will be maintained in a clearly visible location in the public area of the police facility and be accessible through the department website. Forms may also be available at other City facilities.

Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

1020.4.2 ACCEPTANCE
All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

1020.5 DOCUMENTATION
Supervisors shall ensure that all formal and informal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint.
Personnel Complaints

On an annual basis, the Department should audit the log and send an audit report to the Police Chief or the authorized designee.

1020.6 ADMINISTRATIVE INVESTIGATIONS
Allegations of misconduct will be administratively investigated as follows.

1020.6.1 SUPERVISOR RESPONSIBILITIES
In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Police Chief or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include, but are not limited to:

(a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
   (a) The original complaint form will be directed to the Shift Supervisor of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.

   (b) In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Bureau Commander, Deputy Chief, or the Police Chief, who will initiate appropriate action.

(b) Responding to all complaints in a courteous and professional manner.

(c) Resolving those personnel complaints that can be resolved immediately.
   1. Follow-up contact with the complainant should be made within 24 hours of the Department receiving the complaint.
   2. If the matter is resolved and no further action is required, the supervisor will note the resolution on a complaint form and forward the form to the Shift Supervisor.

(d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Shift Supervisor and Police Chief are notified via the chain of command as soon as practicable.

(e) Promptly contacting the Human Resources and the Shift Supervisor for direction regarding their roles in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.

(f) Forwarding unresolved personnel complaints to the Shift Supervisor, who will determine whether to contact the complainant or assign the complaint for investigation.
1020.6.2 ADMINISTRATIVE INVESTIGATION PROCEDURES

Whether conducted by a supervisor or a member of the Internal Affairs Unit, the following applies to employees:

(a) Interviews of an accused employee shall be conducted during reasonable hours and preferably when the employee is on-duty. If the employee is off-duty, he/she shall be compensated.

(b) Unless waived by the employee, interviews of an accused employee shall be at the Durango Police Department or other reasonable and appropriate place.

(c) No more than two interviewers should ask questions of an accused employee.

(d) Prior to any interview, an employee should be informed of the nature of the investigation.
   1. This should be provided in written form and include the employee’s rights and responsibilities relative to the investigation.
   2. The employee should be informed of the ranks, names and commands of the person in charge of the interview and of all other persons to be present during the interview.

(e) All interviews should be for a reasonable period and the employee’s personal needs should be accommodated.

(f) No employee should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers.

(g) Any employee refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.
   1. An employee should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a *Garrity* advisement. Administrative investigators should consider the impact that compelling a statement from the employee may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related
Personnel Complaints

investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).

2. No information or evidence administratively coerced from an employee may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.

(h) The interviewer should record all interviews of employees and witnesses. The employee may also record the interview. If the employee has been previously interviewed, a copy of that recorded interview should be provided to the employee prior to any subsequent interview.

1. Upon request, the employee shall be provided copies of recordings, transcriptions and reports made of an interview session.

(i) All employees subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual’s statement, involved employees shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

1. Uninvolved attorneys or representatives present during interviews shall not be required to disclose any information received from the employee during the administrative investigation.

(j) All employees shall provide complete and truthful responses to questions posed during interviews.

(k) No employee may be compelled to submit to a deception detection device examination, nor shall any refusal to submit to such examination be mentioned in any investigation.

Information concerning administrative interviews shall not be released to the public unless approved by the Police Chief or the authorized designee.

1020.6.3 ADMINISTRATIVE INVESTIGATION FORMAT
Formal investigations of personnel complaints shall be thorough, complete and essentially follow this format:

Introduction - Include the identity of the members, the identity of the assigned investigators, the initial date and source of the complaint.

Synopsis - Provide a brief summary of the facts giving rise to the investigation.

Summary - List the allegations separately, including applicable policy sections, with a brief summary of the evidence relevant to each allegation. A separate recommended finding should be provided for each allegation.

Evidence - Each allegation should be set forth with the details of the evidence applicable to each allegation provided, including comprehensive summaries of member and witness statements. Other evidence related to each allegation should also be detailed in this section.

Conclusion - A recommendation regarding further action or disposition should be provided.
Personnel Complaints

Exhibits - A separate list of exhibits (e.g., recordings, photos, documents) should be attached to the report.

1020.6.4 DISPOSITIONS
Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve department members. Complaints that are determined to be frivolous will fall within the classification of unfounded.

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

Sustained - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct.

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

1020.6.5 COMPLETION OF INVESTIGATIONS
Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation.

1020.6.6 NOTIFICATION TO COMPLAINANT
Supervisors should periodically communicate the status of an investigation to the complainant. Upon final disposition of a formal Internal Affairs Unit investigation and after taking into account any restrictions provided in applicable collective bargaining agreements and by Colorado law, the complaining party should be provided written notification of the outcome of the investigation.

1020.7 ADMINISTRATIVE SEARCHES
Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

1020.8 ADMINISTRATIVE LEAVE
When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Police Chief or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:
Personnel Complaints

(a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.

(b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.

(c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.

1020.9 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Police Chief or authorized designee shall be notified as soon as practicable when a member is accused of criminal conduct. The Police Chief may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be provided with all rights afforded to a civilian. The member should not be administratively ordered to provide any information in the criminal investigation.

The Durango Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction.

No disciplinary action should be taken until an independent administrative investigation is conducted.

1020.10 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES

Upon completion of a formal investigation, an investigation report should be forwarded to the Police Chief through the chain of command. Each level of command should review and include their comments in writing before forwarding the report. The Police Chief or authorized designee may accept or modify any classification or recommendation for disciplinary action.

1020.10.1 BUREAU COMMANDER RESPONSIBILITIES

Upon receipt of any completed personnel investigation, the Bureau Commander of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Bureau Commander may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Police Chief or authorized designee, the Bureau Commander may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Police Chief or authorized designee, the Bureau Commander shall include all relevant materials supporting the recommendation. Actual
Personnel Complaints

copies of a member's existing personnel file need not be provided and may be incorporated by reference.

1020.10.2 POLICE CHIEF RESPONSIBILITIES
Upon receipt of any written recommendation for disciplinary action, the Police Chief shall review the recommendation and all accompanying materials. The Police Chief may modify any recommendation and/or may return the file to the Bureau Commander for further investigation or action.

Once the Police Chief is satisfied that no further investigation or action is required by staff, the Police Chief shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed, the Police Chief shall provide the member with a written notice and the following:

(a) Access to all of the materials considered by the Police Chief in recommending the proposed discipline.
(b) An opportunity to respond orally or in writing to the Police Chief within five days of receiving the notice.
   (a) Upon a showing of good cause by the member, the Police Chief may grant a reasonable extension of time for the member to respond.
   (b) If the member elects to respond orally, the presentation shall be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

Once the member has completed his/her response or if the member has elected to waive any such response, the Police Chief shall consider all information received in regard to the recommended discipline. The Police Chief shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Police Chief has issued a written decision, the discipline shall become effective.

1020.10.3 FORMS OF DISCIPLINE
The following methods may be considered for correcting poor job performance or misconduct:

(a) Training
(b) Counseling
   1. Counseling may be administered by the Police Chief, Deputy Chief, Bureau Commander or other supervisor depending on the severity of the matter.
   2. The supervisor or staff member administering the counseling shall document the purpose and effect of the counseling.
(c) Verbal reprimand
(d) Written reprimand
(e) Loss of leave
(f) Suspension without pay
Personnel Complaints

(g) Punitive transfer
(h) Demotion
(i) Reduction in pay or step
(j) Termination

The order of the above listed methods does not imply a required sequence. The Police Chief should determine the method of correction by considering the actions of the member.

1020.11 PRE-DISCIPLINE EMPLOYEE RESPONSE
The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Police Chief after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

(a) The response is not intended to be an adversarial or formal hearing.
(b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
(c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Police Chief to consider.
(d) In the event that the Police Chief elects to cause further investigation to be conducted, the employee shall be provided with the results prior to the imposition of any discipline.
(e) The employee may thereafter have the opportunity to further respond orally or in writing to the Police Chief on the limited issues of information raised in any subsequent materials.

1020.12 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE
In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.

The Police Chief or the authorized designee shall notify the Division of Criminal Justice when an officer resigned while under investigation for violating department policy (CRS § 24-31-903).

1020.13 POST-DISCIPLINE APPEAL RIGHTS
Employees have the right to appeal discipline using the procedures established by any collective bargaining agreement and/or personnel rules.

1020.14 RETENTION OF PERSONNEL INVESTIGATION FILES
All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Records Policy.
Personnel Complaints

1020.15 NOTIFICATION OF POST
The Police Chief or the authorized designee shall notify POST of any sustained findings of use or threatened use of unlawful force or failure to intervene by any officer currently employed by this department (CRS § 18-1-707; CRS § 24-31-904).

The Police Chief or the authorized designee shall provide information regarding officer misconduct (e.g., knowingly making an untruthful statement, termination for cause, resignation or retirement pending investigation, resignation in lieu of termination for cause, conduct that subjects the officer to criminal investigation) to the POST Board misconduct database as required (CRS § 24-31-303; 4 CCR 901-1:17; 4 CCR 901-1:32).
Seat Belts

1022.1 PURPOSE AND SCOPE
This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles.

1022.1.1 DEFINITIONS
Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213 (CRS § 42-4-236).

1022.2 POLICY
It is the policy of the Durango Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle accident.

1022.3 WEARING OF SAFETY RESTRAINTS
All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty or when in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained (CRS § 42-4-236; CRS § 42-4-237).

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

1022.4 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES
Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1022.5 VEHICLES MANUFACTURED WITHOUT SEAT BELTS
Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer’s operating requirements for safe use.

1022.6 TRANSPORTING CHILDREN
All children younger than 8 years of age shall be restrained in a child restraint system (CRS § 42-4-236).
Seat Belts

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer’s design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

1022.7 VEHICLE AIRBAGS
In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.
Body Armor

1024.1 PURPOSE AND SCOPE
The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1024.2 POLICY
It is the policy of the Durango Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1024.3 ISSUANCE OF BODY ARMOR
The Administration Support Bureau Commander or their designee shall ensure that body armor is issued to all officers when the officer begins service at the Durango Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Administration Support Bureau Commander or their designee shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1024.3.1 USE OF SOFT BODY ARMOR
Generally, the use of body armor is required subject to the following:

(a) Officers shall only wear agency-approved body armor.

(b) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.

(c) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.

(d) Body armor shall be worn when an officer is working in uniform or taking part in department range training.

(e) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1024.3.2 INSPECTIONS OF BODY ARMOR
Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body armor should be conducted by an authorized designee for fit, cleanliness and signs of damage, abuse and wear.
Body Armor

1024.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR
Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

1024.4 RANGEMASTER RESPONSIBILITIES
The Rangemaster should:

(a) Monitor technological advances in the body armor industry for any appropriate changes to department approved body armor.

(b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.

(c) Provide training that educates officers about the safety benefits of wearing body armor.

(g) Commendations and awards.
(h) Any other information, the disclosure of which would constitute an unwarranted invasion of personal privacy.

1026.4 BUREAU FILE

Personnel records should be maintained in a secured location and locked either in a cabinet or access-controlled room. Personnel records maintained in an electronic format should have adequate password protection.

Personnel records are subject to disclosure only as provided in this policy, the Records Maintenance and Release Policy or according to applicable discovery procedures.

Nothing in this policy is intended to preclude review of personnel records by the City Manager, City Attorney or other attorneys or representatives of the City in connection with official business.

1032.2 MEMBER RESPONSIBILITIES
It shall be the responsibility of each member of this department to maintain physical stamina and psychological stability sufficient to safely and effectively perform the essential duties of the position.

During working hours, all members are required to be alert, attentive, and capable of performing their assigned responsibilities.

Members who feel unable to perform their duties shall promptly notify a supervisor. In the event that a member believes that another department member is unable to perform the member's duties, such observations shall be promptly reported to a supervisor.

1032.3 SUPERVISOR RESPONSIBILITIES
All supervisors should be alert to any indication that a member may be unable to safely perform the member's duties due to an underlying physical or psychological impairment or condition.

Such indications may include:
(a) An abrupt and negative change in the member's normal behavior.

Supervisors shall maintain the confidentiality of any information consistent with this policy.

1032.3.1 REPORTING
A supervisor observing a member, or receiving a report of a member, who is perceived to be unable to safely or effectively perform the member's duties shall promptly document all objective information and/or observations.

The supervisor should attempt to meet with the member to inquire about the conduct or behavior giving rise to the concerns.
Fitness for Duty

If a meeting does not resolve the supervisor’s concerns or does not take place, the supervisor shall promptly document the supervisor’s observations and actions in a written report and inform the Shift Supervisor or the member’s Bureau Commander.

1032.3.2 DUTY STATUS
In conjunction with the Shift Supervisor or the member’s Bureau Commander, the supervisor should make a preliminary determination regarding the member’s duty status.

If a determination is made that the member can safely and effectively perform the essential functions of the member’s job, the member should be returned to duty and arrangements made for appropriate follow-up.

If a preliminary determination is made that the member’s conduct or behavior represents an inability to safely and effectively perform the essential functions of the member’s job, the Shift Supervisor or the member’s Bureau Commander should immediately relieve the member of duty pending further evaluation.

Employees relieved of duty shall comply with the administrative leave provisions of the Personnel Complaints Policy.

The Police Chief shall be promptly notified in the event that any member is relieved of duty.

1032.4 LIMITATION ON HOURS WORKED

1032.6 POLICY

Under limited circumstances, the Department may require a professional evaluation of a member’s physical and/or mental capabilities to determine the member’s ability to perform essential functions.
Fitness for Duty

1032.7 FITNESS-FOR-DUTY EVALUATIONS
A fitness-for-duty evaluation may be ordered whenever circumstances reasonably indicate that a member is unfit for duty or following an officer-involved shooting or death-in-custody incident.

1032.7.1 PROCESS
The Police Chief, in cooperation with the Human Resources, may order the member to undergo a fitness-for-duty evaluation.

The examining practitioner will provide the Department with a report indicating whether the member is fit for duty. If the member is not fit for duty, the practitioner will include the existing restrictions or conditions in the report.

In order to facilitate the evaluation of any member, the Department will provide all appropriate documents and available information.

All reports and evaluations submitted by the examining practitioner shall be part of the member's confidential medical file.

Any member ordered to undergo a fitness-for-duty evaluation shall comply with the terms of the order and cooperate fully with the examining practitioner. Any failure to comply with such an order and any failure to cooperate with the practitioner may be deemed insubordination and shall subject the member to discipline, up to and including termination.

Determinations regarding duty status of members who are found to be unfit for duty or fit for duty with limitations will be made in cooperation with the Human Resources.
Peer Support Program

1033.1 PURPOSE AND SCOPE
This section defines the policies, formation, maintenance and uses of the Durango Police Department Peer Support Team.

It is recognized that employees may face stressful or traumatic incidents. The Peer Support Program will be a resource to support and encourage members of the Department, and refer them to outside resources as necessary.

1033.2 POLICY
It shall be the policy of the Durango Police Department to place the highest priority on the general well-being of department employees. The Durango Police Department will maintain an active Peer Support Program comprised of department employees who will offer pre-incident education on a variety of topics, provide confidential and nonjudgmental support by specially trained peer support members and when necessary, suggest appropriate referrals. Employee participation in the program is voluntary. No employee shall be directed to participate in the program.

1033.3 PROCEDURES
The Peer Support Program shall have a program coordinator(s) who acts as a liaison between Administration and the Peer Support members. The program coordinator(s) shall be responsible for maintaining the program's integrity, providing training, and monitoring/evaluating the programs' overall effectiveness.

1033.3.1 CONFIDENTIALITY
The most important responsibility of a Peer Support member is the promotion of trust, anonymity, and confidentiality for employees who seek assistance from the program.

Communication between a team member and an employee is considered "confidential" by the department and the team member must maintain the confidentiality entrusted to him/her and not discuss any information developed in a Peer Support session except under the following circumstances:

(a) Where the information received by a Peer Support member must be revealed by law.

(b) Where the Peer Support member is involved as a participant or witness.

(c) Where there is reason to believe that the employee intends to injure himself/herself or another person. In the case of a threatened serious injury, a reasonable attempt shall be made to warn the intended victim(s).

(d) When, due to substance abuse, the employee is a danger to themselves, citizens, or fellow employees.
Peer Support Program

(e) When a Peer Support member has determined that a situation requires specialized assistance, he/she shall obtain the employee's approval to discuss the situation with the program coordinator or a professional referral. Again, it cannot be overemphasized that confidentiality shall and must be maintained by the support member.

1033.3.2 INTERNAL AFFAIRS
It may occur that a Peer Support member is supporting an individual who becomes the subject of an internal affairs investigation. A Peer Support member will be guided by the confidentiality policy of the Peer Support Program. A Peer Support member may not hamper or impede the actual investigation nor may they attempt to shelter the individual from the department.

The Peer Support member's role in disciplinary situations will be one of support in dealing with the understanding and expression of emotions faced by the person in the disciplinary process. If at any time the Peer Support member finds it necessary to invoke the confidentiality provisions of the program, he/she should consult the Peer Support Program Coordinator for guidance and assistance.

Supervisors and representatives responsible for the investigation into an internal affairs issue will not ask the employee under investigation to divulge any conversations they may have had with a Peer Support member. In turn, Peer Support members will not be mandated to confirm an employee's participation in the program or divulge the nature or content of a session.

1033.4 PARTICIPATION IN PEER SUPPORT
When there is to be an opening within a unit, the Police Chief or authorized designee will issue a memorandum giving the title of the position to be filled and the anticipated vacancy date. The memorandum will be posted in a manner that gives reasonable notice to all eligible personnel.

The closing date will not be less than ten (10) calendar days from date of the announcement.

Interested personnel will send written requests for the assignment to the Police Chief or authorized designee on or before the closing date.

1033.4.1
Peer Support member selection will be made by a selection panel with approval of the Chief.

Member selection will be based, in part, on the current and projected needs of the program, group dynamics, and the following:

(a) Willingness to donate time without compensation when approached or requested on off-duty time.

(b) Willingness to commit to a minimum of 2 years participation in the program unless otherwise approved by the Police Chief or his Designee.

(c) Willingness to attend regular scheduled meetings and training sessions.

(d) Willingness to comprise and forward statistics to the Peer Support Program Coordinator on a monthly basis.
Peer Support Program

(e) Have an understanding of confidentiality and nonjudgmental thinking.

(f) Have the sensitivity to work with all people regardless of race, religion, gender, or sexual orientation.

(g) General work performance.

1033.4.2 Continued active status as a Peer Support member is dependent upon participation and compliance with the following:

(a) maintain confidentiality

(b) complete monthly statistical sheets

(c) attend scheduled meetings and annual update training

(d) adhere to the rules and procedures of the Peer Support Program as listed in these orders

(e) observe the Peer Support Program guidelines

(f) satisfactory work performance

1033.4.3 Rejection of potential Peer Support member candidates and removal of current members will be made by the program coordinator with approval of the Chief.

No employee shall be accepted into the Peer Support Program if they are currently the subject of serious discipline, fitness for duty, or any other difficulty which would interfere with their ability to perform Peer Support duties as determined by the program coordinator.

If a candidate fails to fulfill the selection criteria, the request for membership shall be denied.

1033.5 STATISTICAL ACTIVITY SHEET
In order to properly evaluate the Peer Support Program, its effectiveness, and identify areas of concern for pre-incident education, all Peer Support members shall complete monthly statistical sheets. The data will include the number of contacts, time spent, topics discussed and referrals made.

Monthly statistical sheets will be provided to each member by the program coordinator. All Peer Support members shall complete and forward the statistical sheet to the program coordinator or designated representative by the first day of each month. Completion of the form is mandatory for maintaining active status.

1033.6 TRAINING
• Initial - Approved Certified Basic Course.
• Advanced- Peer Support-related training as approved by the program coordinator(s).
Peer Support Program

1033.7 USE OF DEPARTMENT EQUIPMENT AND FACILITIES
Peer Support members may seek the use of available department resources, including facilities and vehicles while they are assisting fellow employees. These facilities will be used with the knowledge and approval of the immediate supervisor responsible for the involved equipment or facility.

1033.8 ROLE MANAGEMENT AND SUPERVISORY PERSONNEL
Management and supervisory personnel are encouraged to view the Peer Support Program as a support mechanism for their personnel. Peer Support members will be involved in helping their fellow employees on and off duty. The Peer Support member and the employee seeking assistance will need the support and understanding of management and supervisory personnel during this process. Should any conflict arise, the program coordinator shall be contacted.

1033.9 COMPENSATION
Peer Support members agree to volunteer their time. Monetary compensation or flex time will be granted under the following circumstances:

   (a) Appropriate monetary compensation shall be granted for all training related to peer support with approval of the Peer Support coordinator(s).

   (b) Compensation shall be granted when a Peer Support member is off duty and is called in by the Peer Support coordinator or a supervisor for the sole purpose of rendering support to an employee or their immediate family member(s).

   (c) Flex time, or overtime, shall be granted to compensate those that are off duty and attending a routine peer support meeting. The employee can flex their hours in accordance with time spent in the meeting. For instance, one (1) hour of meeting time would be the equivalent to one (1) hour of time off. All use of flex time must be approved by the member's immediate supervisor.

1033.10 PEER SUPPORT DEBRIEFING GUIDELINES
The Department recognizes that there are varying circumstances that could lead to the need for Peer Support resources to assist employees. Following is a general guideline for when Peer Support resources may be utilized to assist employees:

   (a) Peer Support contact

There may be situations where the type of incident itself indicates that it may cause stress for the employee. In this type of situation, a Peer Support member may be contacted by a supervisor, the employee, or other Department member indicating that the employee may have been involved in a high stress incident. A Peer Support team member would make contact with the employee to provide assistance as necessary. The involved employee is not required to discuss the event with the Peer Support team member, rather it is an offer of assistance.
Peer Support Program

Some examples of events that may lead to informal Peer Support contact would include fatal collisions, severe injury/neglect incidents involving children, employee performs CPR in the field, employee witness to graphic crime scene, death of employee family member, employee in the hospital, or any incident a supervisor or fellow employee feels that the involved employee is having a difficult time processing.

(b) Critical Incident Stress Debriefing

There are situations where a Critical Incident Stress Debriefing is necessary to provide resources and assistance to employees. These debriefings may be initiated by the involved employee, supervisors, or Department management based on the incident. The purpose of this debriefing is to support the employee and provide additional resources as may be requested. Attendance is mandatory for a department-initiated critical incident stress debriefing.

Some examples of events that would lead to a critical incident stress debriefing would be officer involved shootings, department member death, Department member major injury, Department member witnesses a suicide, or child fatality.
Meal Periods and Breaks

1034.1 PURPOSE AND SCOPE
This policy regarding meals and breaks, insofar as reasonably possible, shall conform to the policy governing all City employees.

1034.1.1 MEAL PERIODS
Patrol officers shall remain on-duty subject to call during meal breaks. All other employees are not on-call during meal breaks unless directed otherwise by a supervisor.

Patrol officers should request clearance from the Shift Supervisor prior to taking a meal period. Patrol officers shall take their breaks within the City limits and shall monitor their radios unless on assignment outside of the City.

The time spent for the meal period shall not exceed the authorized time allowed.

1034.1.2 15-MINUTE BREAKS
Each employee is entitled to a 15-minute break, near the midpoint, for each four-hour work period. Only one 15-minute break shall be taken during each four hours of duty. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor.

Patrol officers will take their breaks in their assigned areas, subject to call, and shall monitor their radios. When patrol officers take their breaks away from their vehicles, they shall do so only with the knowledge and clearance of the Shift Supervisor.
Lactation Break Policy

1035.1 PURPOSE AND SCOPE
The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee's infant child.

1035.2 POLICY
It is the policy of this department to provide, in compliance with the Fair Labor and Standards Act and the Colorado Workplace Accommodations for Nursing Mothers Act, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing child for up to two years after a child's birth (29 USC § 207, CRS § 8-13.5-101 and CRS § 8-13.5-104(1)).

1035.3 LACTATION BREAK TIME
Employees wishing to express breast milk for their nursing child shall be permitted to do so during any authorized break. A break period should be permitted each time the employee has the need to express breast milk (29 USC § 207). Such breaks, if feasible, should be taken at the same time as the employee’s regularly scheduled break or meal periods. In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period are reasonable.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled break time will be considered unpaid.

A reasonable period for such break should be consistent with existing law regulating work breaks under the FLSA, which are generally 5 to 20 minutes in duration (29 CFR § 785.18).

Employees desiring to take a lactation break shall notify the Communications Center or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations.

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1035.4 PRIVATE LOCATION
The Department will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207).

The area assigned for this purpose should not be used for storage of any devices, supplies or expressed milk and should be returned to its original state after each use.

Employees occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other employees should avoid
interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for employees assigned to the field may be taken at the nearest appropriate private area.

1035.5 STORAGE OF EXPRESSED MILK
Any employee storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such. No expressed milk shall be stored at the Department beyond the employee's shift.
Payroll Records

1036.1 PURPOSE AND SCOPE
This policy provides the guidelines for completing and submitting payroll records of department members who are eligible for the payment of wages.

1036.2 POLICY
The Durango Police Department maintains timely and accurate payroll records.

1036.3 RESPONSIBILITIES
Members are responsible for the accurate completion and timely submission of their payroll records for the payment of wages.

Supervisors are responsible for approving the payroll records for those under their commands.

1036.4 TIME REQUIREMENTS
Members who are eligible for the payment of wages are paid on a scheduled, periodic basis, generally on the same day or date each period, with certain exceptions, such as holidays. Payroll records shall be completed and submitted to Administration Support as established by the City payroll procedures.
Overtime Compensation Requests

1038.1 PURPOSE AND SCOPE
It is the policy of the Department to compensate nonexempt salaried employees who work authorized overtime. In order to qualify for overtime, the employee must complete and submit a Request for Overtime Payment as soon as practicable after overtime is worked.

1038.1.1 DEPARTMENT POLICY
Because of the nature of law enforcement work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Nonexempt employees are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, approval shall be sought as soon as practicable during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled unofficially between the supervisor and the employee by flexing a subsequent shift schedule to compensate for the time worked, rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the employee to complete a request for such a period, the employee shall comply.

1038.2 REQUEST FOR OVERTIME COMPENSATION
Employees shall submit all overtime compensation requests to their immediate supervisors as soon as practicable for verification and forwarding to the administrative assistants.

Failure to submit a request for overtime compensation in a timely manner may result in discipline.

1038.2.1 EMPLOYEE RESPONSIBILITY
Employees shall complete the request immediately after working the overtime and submit it to their immediate supervisor or the Shift Supervisor. Employees submitting an overtime request for on-call pay when off-duty shall submit it to the Shift Supervisor the first day after returning to work.

1038.2.2 SUPERVISOR RESPONSIBILITIES
The supervisor who verifies the overtime earned shall verify that the overtime was worked before approving the request.

After the entry has been made in the employee's payroll record, the overtime payment request will be forwarded to the employee's Bureau Commander for final approval.

1038.2.3 DIVISION COMMANDER RESPONSIBILITIES
Bureau Commanders, after approving payment, will then forward the request to the Police Chief or authorized designee for review.
Overtime Compensation Requests

1038.3 ACCOUNTING FOR OVERTIME WORKED
Employees are to record the actual time worked in an overtime status. The supervisor will enter the actual time worked.

1038.3.1 ACCOUNTING FOR PORTIONS OF AN HOUR
When accounting for less than a full hour, time worked shall be rounded up to the nearest quarter of an hour as indicated by the following chart:

<table>
<thead>
<tr>
<th>TIME WORKED</th>
<th>INDICATE ON CARD</th>
</tr>
</thead>
<tbody>
<tr>
<td>Up to 15 minutes</td>
<td>.25 hour</td>

<td>.75 hour</td>
</tr>
<tr>

<td>1.0 hour</td>
</tr>
</tbody>
</table>

1038.3.2 VARIATION IN TIME REPORTED
Where two or more employees are assigned to the same activity, incident or court trial, and the amount of time for which payment is requested varies between the two, the Shift Supervisor or other approving supervisor may require each employee to include the reason for the variation.
Outside Employment

1040.1 PURPOSE AND SCOPE
To avoid actual or perceived conflicts of interest for Department employees engaging in outside employment, all employees shall initially obtain written approval from the Police Chief or authorized designee prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Police Chief or authorized designee in accordance with the provisions of this policy.

1040.1.1 DEFINITIONS
Definitions related to this policy include:

**Outside employment** - The employment of any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, products or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, products or benefits rendered.

**Contract pay** - additional pay involving any member of this department who performs duties or services on behalf of an outside organization, company or individual within this jurisdiction on behalf of the Department. Such outside pay shall be requested and scheduled directly through this department so that the Department may be reimbursed for the cost of wages and benefits.

1040.2 OBTAINING APPROVAL
No member of this department may engage in any outside employment without first obtaining prior written approval of the Police Chief or authorized designee. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy is grounds for disciplinary action.

To obtain approval for outside employment, the employee must complete an application that shall be submitted to the employee’s immediate supervisor. The application will then be forwarded through the appropriate chain of command to the Police Chief or authorized designee for consideration.

If approved, the employee will be provided with a copy of the approved application. Unless otherwise indicated in writing on the approved application, an approved application will be valid through the end of the calendar year in which it is approved. Any employee seeking to continue outside employment shall submit a new application in a timely manner.

Any employee seeking approval of outside employment whose application has been denied shall be provided with a written reason for the denial of the application at the time of the denial and within 30 days of the application.
Outside Employment

1040.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT
If an employee's application is denied or rescinded by the Department, the employee may file a written notice of appeal to the Police Chief or authorized designee within 10 days of the date of denial.

If the employee's appeal is denied, the employee may file a grievance pursuant to the Grievance Procedure Policy.

1040.2.2 REVOCATION/SUSPENSION OF AN APPROVED OUTSIDE EMPLOYMENT APPLICATION
Any approved outside employment application may be revoked or suspended after the employee has received written notification of the reasons for revocation or suspension. Additionally, revocation or suspension will only be implemented after the employee has exhausted the appeal process.

The outside employment may be revoked:

(a) If an employee's performance declines to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of minimum acceptable competency, and the outside employment may be related to the employee's performance. The Police Chief or authorized designee may, at his/her discretion, notify the employee of the intent to revoke any previously approved outside employment application. After the appeal process has concluded, the revocation will remain in force until the employee's performance directly related to the outside employment has been re-established to the minimum level of acceptable competency.

(b) If, at any time during the term of an approved outside employment application, an employee's conduct or outside employment conflicts with the provisions of Department policy, or any law.

(c) The outside employment creates an actual or apparent conflict of interest with the Department or City.

1040.3 PROHIBITED OUTSIDE EMPLOYMENT
The Department expressly reserves the right to deny any application submitted by an employee seeking to engage in any activity that:

(a) Involves the employee's use of Department time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage.

(b) Involves the employee's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act that the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this department.
Outside Employment

(c) Involves the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department.

(d) Involves time demands that would render performance of the employee's duties for this department below minimum standards or would render the employee unavailable for reasonably anticipated overtime assignments and other job-related demands that occur outside regular working hours.

1040.3.1 OUTSIDE SECURITY EMPLOYMENT
Due to the potential conflict of interest, no member of this department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Police Chief or authorized designee in advance of the desired service. Such contract pay will be monitored by the patrol supervisor.

(a) The applicant will be required to enter into a written indemnification agreement prior to approval.

(b) The applicant will be required to provide for the compensation and full benefits of all employees requested for such outside security services.

(c) If such a request is approved, any employee working contract pay shall be subject to the following conditions:

1. The officer shall wear the department uniform/identification.
2. The officer shall be subject to all the rules and regulations of this department.
3. No officer may engage in such outside employment during or at the site of a strike, lockout, picket or other physical demonstration of a labor dispute.
4. Compensation for such approved outside security services shall be pursuant to normal contract pay procedures.
5. No officer may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Police Chief or authorized designee.

1040.3.2 OUTSIDE OVERTIME ARREST AND REPORTING PROCEDURE
Any employee making an arrest or taking other official law enforcement action while working in an approved contract pay assignment shall be required to complete all related reports in a timely manner pursuant to department policy. Time spent on the completion of such reports shall be considered incidental to the contract pay assignment.
Outside Employment

1040.3.3 SPECIAL RESTRICTIONS
Except for emergency situations or with prior authorization from the Bureau Commander, undercover officers or officers assigned to covert operations shall not be eligible to work overtime or other assignments in a uniformed or other capacity that might reasonably disclose the officer's law enforcement status.

1040.4 DEPARTMENT RESOURCES
Employees are prohibited from using any Department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department.

1040.4.1 REVIEW OF FINANCIAL RECORDS
Prior to providing written approval for an outside employment position, the Department may request that an employee provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists.

Failure of the employee to provide the requested personal financial records could result in revocation of the outside employment application. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his/her personal financial records for review/audit. If the employee elects not to provide the requested records, his/her outside employment application may be revoked pursuant to this policy.

1040.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS
If an employee terminates his/her outside employment during the period of an approved application, the employee shall promptly submit written notification of such termination to the Police Chief through the appropriate chain of command. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Police Chief or authorized designee any material changes in outside employment including any change in the number of hours, type of duties or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material shall report the change.

1040.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY OR ADMINISTRATIVE LEAVE
Department members engaged in outside employment who are placed on disability or administrative leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether they intend to continue to engage in outside employment while on such leave or modified/light-duty status. The immediate supervisor shall review the duties of the outside employment along with any work-related doctor's orders and make a recommendation, through the chain of command, to the Police Chief whether such outside employment should continue or the approved application be suspended or revoked.
Outside Employment

In the event the Police Chief or authorized designee determines that the outside employment should be discontinued or if the employee fails to promptly notify the supervisor of his/her intentions regarding the employment application, a notice of intent to revoke the employee's application will be forwarded to the involved employee and a copy attached to the original employment application. The revocation process outlined in this policy shall be followed.

Criteria for revoking or suspending an approved outside employment application while on disability status or administrative leave includes, but is not limited to, the following:

Occupational Disease and Work-Related Injury and Death Reporting

1042.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance regarding the timely reporting of occupational diseases and work-related injuries and deaths.

1042.1.1 DEFINITIONS
Definitions related to this policy include (CRS § 8-40-201):

**Accident** - Any unforeseen event occurring without the will or design of the member whose mere act caused it. An accident or injury includes disability or death resulting from accident or occupational disease.

**Occupational disease** - Any disease resulting directly from employment or work conditions that is a natural incident of the work and a result of the exposure occasioned, and that can be fairly traced to the employment as a proximate cause and not from a hazard to which the member would have been equally exposed outside of his/her employment.

1042.2 POLICY
The Durango Police Department will address occupational diseases and work-related injuries and deaths appropriately, and will comply with applicable state workers’ compensation requirements (CRS § 8-43-101 et seq.).

1042.3 RESPONSIBILITIES

1042.3.1 MEMBER RESPONSIBILITIES
Any member sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but within 24 hours to a supervisor, and shall seek medical care when appropriate.

1042.3.2 SUPERVISOR RESPONSIBILITIES
A supervisor learning of any occupational disease or work-related injury should ensure the member receives medical care as appropriate.

Supervisors shall ensure that required documents regarding workers' compensation are completed and forwarded promptly. Any related Citywide disease- or injury-reporting protocol shall also be followed.

Supervisors shall determine whether the Major Incident Notification and Illness and Injury Prevention policies apply and take additional action as required.

If an employee is physically or mentally unable to provide notice of an occupational disease or work-related injury, his/her supervisor shall report such disease or injury in writing as soon as practicable (CRS § 8-43-102).

**Occupational Disease and Work-Related Injury and Death Reporting**

1042.3.3 BUREAU COMMANDER RESPONSIBILITIES
The Bureau Commander who receives a report of an occupational disease or work-related injury or death should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Police Chief, the authorized designee, the City’s risk management entity and the Administration Support Bureau Commander.

1042.3.4 POLICE CHIEF RESPONSIBILITIES
The Police Chief shall review and forward copies of the report to the Human Resources. Copies of the report and related documents retained by the Department shall be filed in the member’s confidential medical file.

The Police Chief or the authorized designee shall ensure that a printed card notifying employees of their responsibility to report a workplace injury is displayed at all times in a prominent place in the workplace pursuant to CRS § 8-43-102.

1042.4 OTHER DISEASE OR INJURY
Diseases, injuries or deaths caused or occurring on-duty that do not qualify for workers’ compensation reporting shall be documented on the designated report of injury form, which shall be signed by a supervisor. A copy of the completed form shall be forwarded to the appropriate Bureau Commander through the chain of command and a copy sent to the Police Chief or authorized designee.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1042.5 SETTLEMENT OFFERS
When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

1042.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL
No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or work-related injury, the member shall provide the Police Chief with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Police Chief. The purpose of such notice is to permit the City to determine whether the offered settlement will affect any claim the City may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the City’s right of subrogation, while ensuring that the member's right to receive compensation is not affected.

Temporary Modified-Duty Assignments

1054.1 PURPOSE AND SCOPE
This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law or City rules. For example, nothing in this policy affects the obligation of the Department to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability that is protected under federal or state law.

1054.2 POLICY
Subject to operational considerations, the Durango Police Department may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

1054.3 GENERAL CONSIDERATIONS
Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the Colorado Anti-Discrimination Act (CADA) shall be treated equally, without regard to any preference for a work-related injury (CRS § 24-34-401 et seq.).

No position in the Durango Police Department shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee’s ability to perform in a modified-duty assignment.

The Police Chief or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, engaging in outside employment, or being otherwise limited in employing their peace officer powers.

Temporary modified-duty assignments shall generally not exceed a cumulative total of 1,040 hours in any one-year period.

1054.4 PROCEDURE
Employees may request a temporary modified-duty assignment for short-term injuries or illnesses.

Employees seeking a temporary modified-duty assignment should submit a written request to their Bureau Commanders or the authorized designees. The request should, as applicable, include a certification from the treating medical professional containing:
Temporary Modified-Duty Assignments

(a) An assessment of the nature and probable duration of the illness or injury.
(b) The prognosis for recovery.
(c) The nature and scope of limitations and/or work restrictions.
(d) A statement regarding any required workplace accommodations, mobility aids or medical devices.
(e) A statement that the employee can safely perform the duties of the temporary modified-duty assignment.

The Bureau Commander will make a recommendation through the chain of command to the Police Chief regarding temporary modified-duty assignments that may be available based on the needs of the Department and the limitations of the employee. The Police Chief or the authorized designee shall confer with the Human Resources or the City Attorney as appropriate.

Requests for a temporary modified-duty assignment over 30 days must be approved by the City Manager.

1054.5 ACCOUNTABILITY
Written notification of assignments, work schedules and any restrictions should be provided to employees assigned to temporary modified-duty assignments and their supervisors. Those assignments and schedules may be adjusted to accommodate department operations and the employee’s medical appointments, as mutually agreed upon with the Bureau Commander.

1054.5.1 EMPLOYEE RESPONSIBILITIES
The responsibilities of employees assigned to temporary modified duty shall include, but not be limited to:

(a) Communicating and coordinating any required medical and physical therapy appointments in advance with their supervisors.
(b) Promptly notifying their supervisors of any change in restrictions or limitations after each appointment with their treating medical professionals.
(c) Communicating a status update to their supervisors no less than once every 30 days while assigned to temporary modified duty.
(d) Submitting a written status report to the Bureau Commander that contains a status update and anticipated date of return to full-duty when a temporary modified-duty assignment extends beyond 60 days.

1054.5.2 SUPERVISOR RESPONSIBILITIES
The employee’s immediate supervisor shall monitor and manage the work schedule of those assigned to temporary modified duty.

The responsibilities of supervisors shall include, but not be limited to:
Temporary Modified-Duty Assignments

(a) Periodically apprising the Bureau Commander of the status and performance of employees assigned to temporary modified duty.

(b) Notifying the Bureau Commander and ensuring that the required documentation facilitating a return to full duty is received from the employee.

(c) Ensuring that employees returning to full duty have completed any required training and certification.

1054.6 MEDICAL EXAMINATIONS
Prior to returning to full-duty status, employees shall be required to provide certification from their treating medical professionals stating that they are medically cleared to perform the essential functions of their jobs without restrictions or limitations.

The Department may require a fitness-for-duty examination prior to returning an employee to full-duty status, in accordance with the Fitness for Duty Policy.

1054.7 PREGNANCY
If an employee is temporarily unable to perform regular duties due to a pregnancy, childbirth or a related medical condition, the employee will be treated the same as any other temporarily disabled employee (42 USC § 2000e(k); CRS § 24-34-401 et seq.). A pregnant employee shall not be involuntarily transferred to a temporary modified-duty assignment.

1054.7.1 PREGNANT WORKERS FAIRNESS ACT
The Pregnant Workers Fairness Act makes it a discriminatory or unfair employment practice if an employer fails to provide reasonable accommodations to an applicant or employee who is pregnant, physically recovering from childbirth, or a related condition.

1054.7.2 NOTIFICATION
Pregnant employees should notify their immediate supervisors as soon as practicable and provide a statement from their medical providers identifying any pregnancy-related job restrictions or limitations. If at any point during the pregnancy it becomes necessary for the employee to take a leave of absence, such leave shall be granted in accordance with the City’s personnel rules and regulations regarding family and medical care leave.

1054.8 MAINTENANCE OF CERTIFICATION AND TRAINING
Employees assigned to temporary modified duty shall maintain all certification, training and qualifications appropriate to both their regular and temporary duties, provided that the certification, training or qualifications are not in conflict with any medical limitations or restrictions. Employees who are assigned to temporary modified duty shall inform their supervisors of any inability to maintain any certification, training or qualifications.
Employee Speech, Expression and Social Networking

1058.1 PURPOSE AND SCOPE
This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balance of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1058.1.1 APPLICABILITY
This policy applies to all forms of communication including, but not limited to film, video, print media or public speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, wikis, video and other file sharing sites.

1058.2 POLICY
Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Durango Police Department will carefully balance the individual employee's rights against the organization's needs and interests when exercising a reasonable degree of control over employee speech and expression.

1058.3 SAFETY
Employees should carefully consider the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of Durango Police Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be expected to compromise the safety of any employee, an employee's family or associates. Examples of the type of information that could reasonably be expected to compromise safety include:
Employee Speech, Expression and Social Networking

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow officer.
- Otherwise disclosing where another officer can be located off-duty.

1058.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT
To meet the department’s safety, performance and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of officer associations, on a matter of public concern):

(a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Durango Police Department or its employees.

(b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to or related to the Durango Police Department and tends to compromise or damage the mission, function, reputation or professionalism of the Durango Police Department or its employees. Examples include statements that indicate disregard for the law or the state or U.S. Constitution; expression that demonstrates support for criminal activity; participating in sexually explicit photographs or videos for compensation or distribution.

(d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportsations are made could reasonably be foreseen to jeopardize employees by informing criminals of details that could facilitate an escape or attempted escape.

(e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Durango Police Department.

1. When brief personal communications may be warranted by the circumstances (e.g., informing family of extended hours).

2. During authorized breaks; such usage should be limited as much as practicable to areas out of the sight and sound of the public and shall not be disruptive to the work environment.

In addition, an employee is required to take reasonable and prompt action to remove any content that is in violation of this policy, whether posted by the employee and/or others, from any web page or website maintained by the employee (e.g., social or personal website).

1058.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS
While employees are not restricted from engaging in the following activities as private citizens or as authorized members of officer associations, employees may not represent the Durango Police Department or identify themselves in any way that could be reasonably perceived as representing the Durango Police Department in order to do any of the following, unless specifically authorized by the Police Chief or authorized designee:

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of officer associations, on political subjects and candidates at all times while off-duty. However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Police Chief or authorized designee should consider include:

(a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.

(b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.

1059.1 PURPOSE AND SCOPE
The purpose of this policy is to establish an ongoing and effective plan to reduce the incidence of illness and injury for members of the Durango Police Department.

This policy specifically applies to illness and injury that results in lost time or that requires medical treatment beyond first aid. Although this policy provides the essential guidelines for a plan that reduces illness and injury, it may be supplemented by procedures outside the Policy Manual.

This policy does not supersede, but supplements any related Citywide safety efforts.

1059.2 POLICY
The Durango Police Department is committed to providing a safe environment for its members and visitors and to minimizing the incidence of work-related illness and injuries. 8. Assess the effectiveness of efforts made by the Department to meet applicable standards.
1059.4 ADMINISTRATION SUPPORT BUREAU COMMANDER RESPONSIBILITIES
The responsibilities of the Administration Support Bureau Commander include, but are not limited to:

(a) Managing and implementing a plan to reduce the incidence of member illness and injury.

(b) Ensuring that a system of communication is in place that facilitates a continuous flow of safety and health information between supervisors and members. This system shall include:

   2. Regular member review of the illness and injury prevention plan.

(c) Ensuring that all safety and health policies and procedures are clearly communicated and understood by all members.

(d) Taking reasonable steps to ensure that all members comply with safety rules in order to maintain a safe work environment. This includes, but is not limited to:
   1. Informing members of the illness and injury prevention guidelines.
   2. Recognizing members who perform safe work practices.
   3. Ensuring that the member evaluation process includes member safety performance.

(e) Making available a form to document inspections, unsafe conditions or work practices, and actions taken to correct unsafe conditions and work practices.

(f) Making available a form to document individual incidents or accidents.

1059.5 SUPERVISOR RESPONSIBILITIES
Supervisor responsibilities include, but are not limited to:

(a) Ensuring member compliance with illness and injury prevention guidelines and answering questions from members about this policy.

(b) Training, counseling, instructing or making informal verbal admonishments any time safety performance is deficient. Supervisors may also initiate discipline when it is reasonable and appropriate under the Standards of Conduct Policy.
Illness and Injury Prevention

(c) Establishing and maintaining communication with members on health and safety issues. This is essential for an injury-free, productive workplace.

(d) Completing required forms and reports relating to illness and injury prevention; such forms and reports shall be submitted to the Assistant Administration Support Bureau Commander.

(e) Notifying the Administration Support Bureau Commander when:

   4. New and/or permanent or intermittent members are hired or reassigned to processes, operations or tasks for which a hazard evaluation has not been previously conducted.
   5. Workplace conditions warrant an inspection.

1059.6 HAZARDS
All members should report and/or take reasonable steps to correct unsafe or unhealthy work conditions, practices or procedures in a timely manner. Members should make their reports to a supervisor (as a general rule, their own supervisors).

Supervisors should make reasonable efforts to correct unsafe or unhealthy work conditions in a timely manner, based on the severity of the hazard. These hazards should be corrected when observed or discovered, when it is reasonable to do so. When a hazard exists that cannot be immediately abated without endangering members or property, supervisors should protect or remove all exposed members from the area or item, except those necessary to correct the existing condition.

Members who are necessary to correct the hazardous condition shall be provided with the necessary protection.

All significant actions taken and dates they are completed shall be documented on the appropriate form. This form should be forwarded to the Administration Support Bureau Commander via the chain of command.

The Administration Support Bureau Commander will take appropriate action to ensure the illness and injury prevention plan addresses potential hazards upon such notification.

1059.7 INSPECTIONS
Safety inspections are crucial to a safe work environment. These inspections identify and evaluate workplace hazards and permit mitigation of those hazards. A hazard assessment checklist should be used for documentation and to ensure a thorough assessment of the work environment.

The Administration Support Bureau Commander shall ensure that the appropriate documentation is completed for each inspection.
Illness and Injury Prevention

1059.7.1 EQUIPMENT
Members are charged with daily vehicle inspections of their assigned vehicles and of their PPE prior to working in the field. Members shall complete the appropriate form if an unsafe condition cannot be immediately corrected. Members should forward this form to their supervisors.

1059.8 INVESTIGATIONS
Any member sustaining any work-related illness or injury, as well as any member who is involved in any accident or hazardous substance exposure while on-duty shall report such event as soon as practicable to a supervisor. Members observing or learning of a potentially hazardous condition are to promptly report the condition to their immediate supervisors.

A supervisor receiving such a report should personally investigate the incident or ensure that an investigation is conducted. Investigative procedures for workplace accidents and hazardous substance exposures should include:

(a) A visit to the accident scene as soon as possible.
(b) An interview of the injured member and witnesses.
(c) An examination of the workplace for factors associated with the accident/exposure.
(d) Determination of the cause of the accident/exposure.

Additionally, the supervisor should proceed with the steps to report an on-duty injury, as required under the Occupational Disease and Work-Related Injury and Death Reporting Policy, in conjunction with this investigation to avoid duplication and ensure timely reporting.

1059.9 TRAINING
The Administration Support Bureau Commander should work with the Training Manager to provide all members, including supervisors, with training on general and job-specific workplace safety and health practices. Training shall be provided:

Line-of-Duty Deaths

1060.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance to members of the Durango Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member's survivors.

The Police Chief may also apply some or all of this policy for a non-line-of-duty death, or in situations where members are injured in the line of duty and the injuries are life-threatening.

1060.1.1 DEFINITIONS
Definitions related to this policy include:

**Line-of-duty death** - The death of an officer during the course of performing law enforcement-related functions while on- or off-duty, or a non-sworn member during the course of performing assigned duties.

For an officer, a line-of-duty death includes death that is the direct and proximate result of a personal injury sustained in the line of duty (34 USC § 10281).

**Survivors** - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin, or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

1060.2 POLICY
It is the policy of the Durango Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1060.3 INITIAL ACTIONS BY COMMAND STAFF
(a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Shift Supervisor and the Communications Center.

   1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).

(b) The Shift Supervisor should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.
Line-of-Duty Deaths

(c) If the member has been transported to the hospital, the Shift Supervisor or the authorized designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.

(d) The Police Chief or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1060.4 NOTIFYING SURVIVORS
Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Police Chief or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Police Chief, Shift Supervisor, or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department chaplain.

Notifying members should:

(a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.

(b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity, and current location (e.g., small children at home, children in school).

(c) Plan for concerns such as known health concerns of survivors or language barriers.

(d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital. Notifying members should remain at the hospital while the survivors are present.

(e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities, and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.

(f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.
Line-of-Duty Deaths

(g) Offer to call other survivors, friends, or clergy to support the survivors and to avoid leaving survivors alone after notification.

(h) Assist the survivors with meeting child care or other immediate needs.

(i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes, and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.

(j) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Department Liaison.

(k) Provide their contact information to the survivors before departing.

(l) Document the survivor's names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.

(m) Inform the Police Chief or the authorized designee once survivor notifications have been made so that other Durango Police Department members may be apprised that survivor notifications are complete.

1060.4.1 OUT-OF-AREA NOTIFICATIONS
The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

(a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.

(b) The Department Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Department to pay travel expenses without the authorization of the Police Chief.

1060.5 NOTIFYING DEPARTMENT MEMBERS
Supervisors or members designated by the Police Chief are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shifts. Members reporting for duty from their residences should be instructed to contact their supervisors as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.
Line-of-Duty Deaths

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.

1060.6 LIAISONS AND COORDINATORS

The Department Liaison may assign separate liaisons and coordinators to accommodate multiple family units, if needed. The Department should consider seeking assistance from surrounding law enforcement agencies to fill liaison and coordinator positions, as appropriate.

1060.6.1 DEPARTMENT LIAISON
The Department Liaison should be a Bureau Commander or of sufficient rank to effectively coordinate department resources, and should serve as a facilitator between the deceased member's survivors and the Department. The Department Liaison reports directly to the Police Chief. The Department Liaison’s responsibilities include but are not limited to:

(f) Stay with survivors and provide them with other assistance as needed at the hospital.

(g) If applicable, explain to the survivors why an autopsy may be needed.

(h) Make arrangements for hospital bills to be directed to the Department, that the survivors are not asked to sign as guarantor of payment for any hospital treatment, and that the member's residence address, insurance information, and next of kin are not included on hospital paperwork.

Other responsibilities of the Hospital Liaison include but are not limited to:

- Arranging transportation for the survivors back to their residence.

The Survivor Support Liaison should be selected by the deceased member’s Bureau Commander. The following should be considered when selecting the Survivor Support Liaison:

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- The selection may be made from names recommended by the deceased member’s supervisor and/or coworkers. The deceased member’s partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include but are not limited to:

(a) Arranging for transportation of survivors to hospitals, places of worship, funeral homes, and other locations, as appropriate.
(b) Communicating with the Department Liaison regarding appropriate security measures for the family residence, as needed.

(d) Providing assistance with travel and lodging arrangements for out-of-town survivors.
(e) Returning the deceased member’s personal effects from the Department and the hospital to the survivors. The following should be considered when returning the personal effects:
   1. Items should not be delivered to the survivors until they are ready to receive the items.
   2. Items not retained as evidence should be delivered in a clean, unmarked box.
   3. All clothing not retained as evidence should be cleaned and made presentable (e.g., items should be free of blood or other signs of the incident).
   4. The return of some personal effects may be delayed due to ongoing investigations.
(f) Assisting with the return of department-issued equipment that may be at the deceased member’s residence.
**Line-of-Duty Deaths**

   (m) Inviting survivors to department activities, memorial services (e.g., as applicable, the Annual Candlelight Vigil at the National Law Enforcement Officers Memorial), or other functions as appropriate.

Survivor Support Liaisons providing services after an incident resulting in multiple members being killed should coordinate with and support each other through conference calls or meetings as necessary.

The Department recognizes that the duties of a Survivor Support Liaison will often affect regular assignments over many years, and is committed to supporting members in the assignment.

If needed, the Survivor Support Liaison should be issued a personal communication device (PCD) owned by the Department to facilitate communications necessary to the assignment. The department-issued PCD shall be used in accordance with the Personal Communication Devices Policy.

1060.6.4 WELLNESS SUPPORT LIAISON
